PACIFIC GAS AND ELECTRIC COMPANY

Energy Savings Assistance Program and
California Alternate Rates for Energy Program
Monthly Report for April 2020

This Monthly Report complies with low income reporting requirements established in Decision (D.) 16-12-022 as modified by D.17-12-009, and with all reporting and program evaluation requirements previously established for the California Alternate Rates for Energy (CARE) and Energy Savings Assistance (ESA) Programs. The investor owned utilities worked with Energy Division staff to revise reporting tables and formats in compliance with the mandates of D. 16-12-022 and now use the resulting Energy Division-approved monthly reporting format for 2017-2020 ESA and CARE programs, beginning with the report for January 2018.

1. Energy Savings Assistance (ESA) Program Summary

The ESA Program provides free home weatherization, energy-efficient appliances and energy education services to income-qualified PG&E customers[1] throughout Pacific Gas & Electric Company's (PG&E or the Company) service. The 2017-2020 ESA Program[2] continues as a resource program emphasizing long-term and enduring energy savings, serving all willing and eligible low income customer populations by providing all feasible ESA Program measures at no cost to the customer through a direct-install approach. All housing types are eligible to participate, and the ESA Program is available to both homeowners and renters.

1.1 Energy Savings Assistance Program Overview

1.1.1 Provide a summary of the Energy Savings Assistance Program elements:

Energy Savings Assistance Program Summary			
2020	**Authorized / Planning Assumptions**	**Year-to-Date Actual**	**YTD %**
Budget[a]	$185,123,470	$43,774,783	24%
Homes Treated[b]	104,222	34,466	33%
kWh Saved[c]	N/A	21,895,471	
kW Demand Reduced[c]	N/A	2,795	
Therms Saved[c]	N/A	(53,258)	

[1] To qualify for the ESA Program, a residential customer's household income must be at or below 200 percent of Federal Poverty Guidelines, as required in D.05-10-044.
[2] Authorized in D.16-12-022 as modified by D.17-12-009. The 2017-2020 ESA Program continues to follow the policy and guidance outlined in D.07-12-051, which required the IOUs to offer all eligible customers the opportunity to participate in the Program, and to offer participants all cost-effective energy efficiency measures by 2020.

[a]Authorized budget has been updated with midcycle request as per approval from AL 3990-G/5329-E A/B.
[b]Adopted Number of Homes to be Treated as per D.17-12-009. Total includes both First Touch and Re-Treated homes. First Touch Homes are homes that have not participated in the ESA Program since 2002. Retreated Homes are homes that were previously treated since 2002. Only First Touch Homes count toward the programmatic goal of treating all willing and eligible customers by the end of 2020. These are shown on ESA Table 2.
[c]YTD savings have been updated to reflect new ex ante savings from the 2019 Impact Evaluation.

Due to the COVID-19 local and state shelter-in-place orders, PG&E enacted changes to its ESA program activities across its service territory. PG&E suspended all face-to-face interaction including customer outreach, enrollment, and installations, except as noted below:

- Repair and replacement of water heaters and furnaces, which are critical to customer health and safety
- Mandatory post-installation safety inspections stemming from furnace replacements
- Warranty issues pertaining to certain appliances (e.g., refrigerators)
- Follow-up visits to mitigate hazardous inspection fails.

PG&E coordinated closely with its ESA program implementers and contractors, and California Public Utilities Commission (CPUC) Energy Division to institute these program changes. PG&E will continue to coordinate with its implementers, contractors, Energy Division and other stakeholders to revisit this suspension as the COVID-19 emergency progresses.

As a way to continue momentum of the ESA program and help its income qualified customers throughout the COVID-19 emergency, PG&E worked with its ESA program implementers to test a virtual enrollment process designed to identify potential customers, conduct enrollments, and provide energy education. PG&E plans to continue testing the virtual enrollment process throughout the shelter in place period.

PG&E is allowing contractors to bill for enrollments before full weatherization is complete as a result of COVID-19. As of October 2019, PG&E has required Energy Specialists to install simple measures. Many of these jobs have been pushed through for payment with the understanding that all feasible measures will be installed at a later date.

1.2 ESA Program Customer Outreach and Enrollment Update

1.2.1 Provide a summary of the Energy Savings Assistance Program outreach and enrollment strategies deployed this month.

In April 2020, PG&E continued to receive responses to a direct marketing campaign deployed on December 28, 2019 to 100,000 CARE-enrolled customers whose homes have not yet been treated by the ESA Program. Through April 30, 2020 the campaign has generated 13,113 leads. This campaign used the same creative from the fourth quarter of 2019 as shown below.

(double-sided English/Spanish)

PG&E continued to deploy the CARE welcome kit to customers who are newly enrolled in the CARE program. Since January 2018, PG&E has included a personalized pre-filled response form for the ESA Program. Customers who wish to participate have completed the form and returned it to PG&E.

PG&E received 647 ESA applications from the welcome kit in April 2020.

PG&E continued the monthly digital newsletter targeting customers with a high propensity for eligibility in CARE and ESA Program with the purpose of building awareness for both programs.

1.2.2 Additional Activities

CARE Discounts Removed: The ESA program systematically removes CARE customers who apply for ESA and are proven to be over income. This excludes customers who have qualified for CARE due to the COVID-19 pandemic. The table below is a summary CARE discounts removed as of April 2020. Of these 98, PG&E believes one was income verified after March 19, 2020. Should PG&E determine any of removed customers be reinstated, PG&E will update this information in subsequent monthly reports

CARE Discounts Removed
2020 Year-to-Date Actual
98

New Contractors and Community-Based Organizations (CBOs): In April 2020, PG&E had no new contractors or CBOs join the ESA program due to the COVID-19 pandemic.

1.3 Leveraging Success Evaluation, Including California State Department of Community Services and Development (CSD)

1.3.1 Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What was the result in terms of new enrollments?

LIHEAP Energy Star® Refrigerator Installations: Due to the COVID-19 pandemic and local and state shelter-in-place orders, PG&E has suspended all face to face interactions. As such, there were no refrigerators installed through LIHEAP leveraging during the month of April 2020. Two refrigerators have been installed YTD.

CSD Data Sharing: PG&E will continue to share data with CSD, as requests are made.

Low Income Weatherization Program (LIWP) (MF) Leveraging: There was no measure installed through LIWP (MF) leveraging through April 2020.

1.4 Workforce Education & Training

1.4.1 Please summarize efforts to improve and expand the ESA Program workforce education and training. Describe steps taken to hire and train low income workers and how such efforts differ from prior program years.

To help protect the health and well-being of trainees, instructors and PG&E team members during COVID-19, and in observance of federal, state and local shelter-in-place guidelines, the PG&E Workforce Education and Training Program closed the Energy Centers to the public and will re-open at a later date to be determined. All

in-person training was canceled during this time. As a result, no ESA contractor training was conducted by PG&E during the month of April 2020.

1.5 Miscellaneous

Energy Education-Only to ESA Qualifying Customers

To date in 2020, PG&E has provided energy education-only to 3,940 households.

Water-Energy Coordination Program

As of April 2020, the program had 10 water agency districts participating in the Water-Energy Coordination Program. The program is on track to meet a goal of 14 agencies under contract by end of year.

In March 2020, PG&E suspended face-to-face interactions, and thus installations, due to the COVID-19 shelter-in-place orders. Program activities will resume as soon as shelter-in-place orders are lifted.

The City of Fresno Water Division has agreed to partner on the collaborative toilet direct install program and their contract was scheduled to be fully executed by March of 2020. However, due to COVID-19, it has not yet been approved by the City Council. The project is currently scheduled to be added to the City Council's agenda for review in June. East Bay Municipal Utilities District (EBMUD) pilot program ended, and a proposal for a full-scale program was provided. Contract negotiations are also currently on hold.

Tribal Penetration and Consultation Plans Status

During April 2020, tribal outreach was stalled due to COVID-19. However, work behind the scenes continued with the development of tribal-specific language on documents such as the Property Owner Waiver and Property Owner Authorization. Given the various property ownership scenarios on tribal lands, PG&E has modified the two documents and is awaiting legal approval.

PG&E and the Tribal Program Facilitator also developed a plan for conducting eligibility and enrollments virtually while the shelter-in-place is still in effect. This virtual work is similar to what is being done with customers through the standard ESA Program Implementers.

In addition, PG&E approved the customized materials (letters, postcards, flyers, Facebook posts) that will be used in partnership and co-branded with tribal communities for outreach to their members. The materials promote both ESA and CARE programs, and should be available to Tribes in June.

See table below for summary of outreach and list of all tribes.

Table 1: Summary of outreach as of April 2020. [a]

TRIBAL OUTREACH STATUS	In Person Meeting	Webinar 2020	Materials Sent	Email Outreach 2020
Berry Creek Rancheria of the Tyme-Maiou Tribe	(NC) 2019	March		February
Big Lagoon				February
Big Sandy Rancheria of Western Mono Indians of California	(SF) 2019			February

Table Mountain Rancheria				February
Trinidad Rancheria				February
Tuolumne Me-Wuk Tribe	2019			February
United Auburn Indian Community/Auburn Rancheria	2019			
Yurok Tribe	2019			

[a]The blue lines in the table above represent the 11 priority tribes. "NC" represents the meeting held by Northern Circle Indian Housing Authority. "SF" represents the Sierra Tribal Forum held in Yosemite.

The wrap-up presentation for the focused project work with the Yurok tribe is complete, but presentation to CPUC has been delayed due to other priorities. PG&E hopes to present the key findings, lessons learned and recommendations in the second quarter (Q2) 2020.

As of March 2020, the penetration rate for homes treated was 57 percent of the estimated number of ESA-eligible customers living on tribal lands in PG&E's service area. PG&E updates the penetration rate every quarter.

ESA Program Pilots

Programmable Communicating Thermostat (PCT) Pilot: For April 2020, PG&E has no updates on the PCT study.

ESA Program Studies

For April 2020, PG&E has no updates on the Low Income Needs Assessment (LINA) study or the Non-Energy Benefits (NEB) study.

Multifamily Common Area Measures (CAM)

In April 2020, ESA CAM implementors completed 0 building audits due to COVID-19 shelter-in-place orders.

From 2017 through April 2020, PG&E's ESA team has spent a total of $4,013,433.86 multifamily activities including CAM implementation and multifamily SPOC initiatives.

PG&E suspended Multifamily CAM activities that involve face-to-face interactions due to the COVID-19 outbreak and the various local and state shelter-in-place orders. PG&E will revisit this suspension as the COVID-19 emergency progresses. PG&E anticipates that, once shelter-in-place orders are lifted, activity for the rest of the year will include CAM property lead cultivation, engagement, and audits, stakeholder engagement, as well as other program ramp up activities.

Working Groups

The Cost Effectiveness working group, the Mid-Cycle working group and the Multifamily working group[3] have all completed their tasks and no actions are slated for 2020.

[3] All three working groups were authorized in D.16-11-022 for the 2017-2020 cycle.

2. California Alternate Rates for Energy (CARE) Program Summary

The CARE Program provides a monthly discount on energy bills for qualifying households throughout PG&E's service area.[4]

The authorized CARE Program administrative budget for 2020 is $17,955,243. This 2020 budget includes $525,000 for the Community Help and Awareness with Natural Gas and Electricity Services (CHANGES) Program.[5]

The CHANGES Program provides funding to Community Based Organizations (CBOs) to assist Limited English Proficient (LEP) customers with energy education and billing issues.[6]

Due to COVID-19, PG&E has put in place numerous consumer protections, related to the CARE program, to support its customers during this emergency, including:

- Freezing all standard and high-usage post-enrollment verifications (PEV) reviews for the CARE program eligibility for 12 months and potentially longer
- Suspending all CARE and FERA program removals, including discontinuing all recertification and verifications requests, to avoid unintentional loss of the discounted rate
- Promoting customer protections as part of IOU community outreach and public awareness plans
- Contacting all community outreach contractors, the community-based organizations who assist in enrolling hard-to-reach low-income customers into CARE, to help better inform customers of eligibility changes
- Providing an additional $100 in bill payment assistance to income-eligible customers for the next 12 months through the REACH program.

2.1 CARE Program Cost Summary

CARE Budget Categories	Authorized Budget [a]	Actual Expenses Year to Date [b]	% of Budget Spent
Outreach[c]	$9,628,265	$3,127,939	32%
Processing, Certification, Recertification	$1,940,102	$175,701	9%
Post Enrollment Verification	$1,648,407	$278,728	17%
IT Programming	$1,837,500	$491,164	27%
Cooling Centers[d]	$0	$0	0%
CHANGES Program	$525,000	$131,999	25%
Measurement and Evaluation	$159,676	$47,593	30%

[4] To qualify for the CARE discount, a residential customer's household income must be at or below 200 percent of Federal Poverty Guidelines, as required in D.05-10-044 and per Public Utilities Code Section 739.1(b) (1) or someone in the customer's household is an active participant in other qualifying public assistance programs.
[5] The 2017 – 2020 CARE Program was adopted in D.16-11-022 issued on November 10, 2016, and as modified by D.17-12-009 issued on December 14, 2017.
[6] D.12-12-011 required that the utilities report CHANGES activity in the monthly reports beginning in April 2013. D.15-12-047 directed the utilities to continue to report CHANGES activity in the monthly reports until long-term funding is established from the Commission's budget.

Regulatory Compliance	$1,062,517	$153,483	14%
General Administration	$1,025,775	$194,754	19%
CPUC Energy Division Staff	$128,000	$83,783	65%
Total Expenses	$17,955,243	$4,685,145	26%
Subsidies and Benefits	$599,117,991	$229,948,284	38%
Total Program Costs and Discounts	$617,073,234	$234,633,429	38%

[a]Program authorized budget per D.16-11-022 and as modified in D.17-12-009, and updated via PG&E Mid-Cycle Update Advice Letter 3990-G/5329-E, 3990-G-A/5329-E-A, 3990-G-B/5329-E-B.
[b]Actual expenses include employee benefits costs.
[c] Include authorized expenses for incremental CARE/FERA M&O efforts.
[d]CARE balancing account is no longer funding the Cooling Centers program in 2020. As directed in D.16-11-022, as modified by D.17-02-033, PG&E incorporated the cooling center budget request for 2020-2022 into the 2020 GRC Proceeding.

This budget will be updated to include employee benefits costs once PG&E's 2020 GRC Decision approved.

2.1.1 Please provide the CARE Program penetration rate to date

CARE Penetration		
Participants	**Estimated Eligible Participants**	**YTD Penetration Rate**
1,467,034	1,457,418	100.7%

2.2 Outreach

2.2.1 Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

In April, a CARE and FERA acquisition email campaign deployed to approximately 2.1 million residential customers. The target audience consisted of all residential customers who were not currently enrolled. Customers who did not open their emails received a second email a week later.

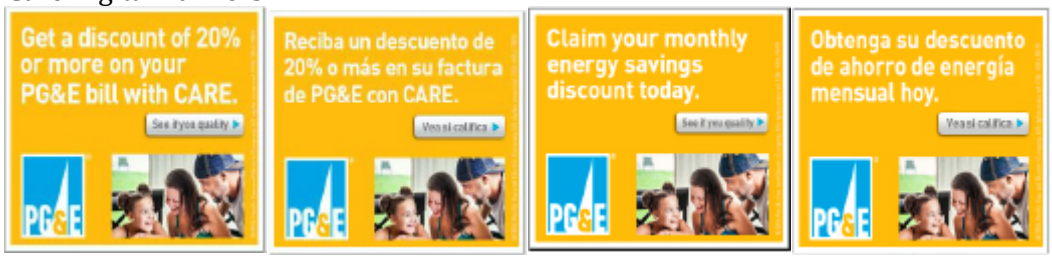
In April, PG&E's CARE online advertising and search marketing campaign continued to focus on income-qualified customers across PG&E's entire service territory. The media buy included additional targeting and increased media placements targeting zip codes with higher estimated potential for eligible customers.

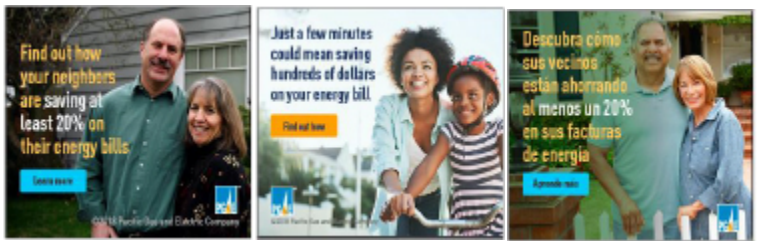
PG&E began delivering Val Pak and "Retail Me Not" print communications to rural and high poverty zip code areas starting in late April.

PG&E also began 60-second Traffic, News and Weather Radio Sponsorships and Digital Radio in seven marketing areas throughout Central Valley, Bakersfield and Fresno.

PG&E included CARE messaging in website banners on pge.com and in broadcast TV ads (https://www.youtube.com/watch?v=PgwWL6JD280). TV ads directed customers to PG&E's Safety Action Center, which helps Californians navigate the current public health crisis at home, provides access to resources, and highlights CARE and FERA programs as part of the COVID-19 customer support and how we can help customers lower bills during this emergency.

Care Digital Banners:





PG&E continued to participate in media interviews to promote CARE, FERA and other programs with the following outlets:

KSFN Radio (Bay Area)

- PG&E Shares Money Saving Tips and Financial Assistance Programs (segment in Chinese)

KRON4 Skylink TV (Bay Area)

- PG&E is Offering Payment Reductions, Climate Credit, and More for Customers During the Pandemic (segment in Chinese)

KIQI Radio (Bay Area)

- PG&E Provides Financial Assistance to Customers During Pandemic

KGRB Radio (Sacramento)

- PG&E Responds to COVID-19 Pandemic With Help for Customers (segment in Spanish)

KUVS Univision (Sacramento)

- PG&E Provides Financial Assistance Programs and Resources During Pandemic (segment in Spanish)

In April 2020, PG&E garnered 3 new CARE enrollments from applications that were previously pending through its local offices prior to shelter-in-place orders. Year to date, PG&E's local offices have enrolled 134 new customers into CARE. PG&E's Community Outreach Contractors (COCs)[7] have supported 48 enrollments in April, totaling 221 new enrollments in CARE, year to date. PG&E has temporarily closed its local offices due to COVID-19 shelter-in-place orders and plans to reopen its local offices once shelter-in-place orders are lifted.

2.2.2 Describe the efforts taken to reach and coordinate the CARE Program with other related low income programs to reach eligible customers.

PG&E automatically enrolls customers in CARE who participate in ESA or receive LIHEAP and Relief for Energy Assistance through Community Help (REACH) payments. The table below shows CARE automatic enrollment for April and year to date.

CARE Automatic Enrollment		
Source	**April**	**YTD**
ESA	1,856	7,341
LIHEAP	278	1,029
REACH	0	0

2.2.3 Recertification Complaints[8]

PG&E received no complaints about CARE recertification in April 2020.

[7] PG&E contracted with 43 COCs throughout its service area. These organizations represent a variety of communities, including African-Americans, Hispanics, Asian Pacific Islander Americans (Chinese, Vietnamese, and Hmong), Native Americans, seniors, rural residents, agricultural workers, sub-metered tenants, and nonprofit living facilities.

[8] D.08-11-031, Ordering Paragraph 90, directed the IOUs to report in their monthly and annual reports the number of customer complaints received regarding CARE recertification efforts and the nature of the complaints beginning with the first report due on or about December 31, 2008.

2.3 Miscellaneous

CARE Program Post-Enrollment Verification Freezes:[9]

Due to the COVID-19 emergency, PG&E has suspended all standard and high usage post-enrollment verification (PEV) requests, as well as the removal of customers with pending requests, through March 4, 2021.

The table below details the CARE program PEV freezes currently in place as of April 2020.

CARE Program Post-Enrollment Verification Freezes			
Date of Proclamation	**Disaster Name**	**Affected Counties**	**Date when Protection Ends**
April 2019	Winter Storms	Butte, Colusa, Mariposa, Napa, Santa Cruz, Solano and Tuolumne	May 2020
July 2019	Ridgecrest Earthquake	Kern and San Bernardino	July 2020
October 2019	Kincade Wildfire	Sonoma	November 2020
March 2020	COVID-19 Pandemic	All PG&E Service Territory	April 2021

[9] CPUC Resolution M-4833 directed IOUs to freeze CARE program post-enrollment verification (PEV) in the counties impacted by the California wildfires. PG&E expanded the CARE PEV freeze to customers in affected counties where a state of emergency proclamation was issued by the Governor of California due to a disaster that resulted in PG&E's inability to deliver utility services to customers and remains in place for one year from the date of the proclamation. D.19-07-015 extends PG&E's Emergency Consumer Protection Plan to include residential and non-residential customers in areas where a state of emergency proclamation is issued by the California Governor's Office or the President of the United States where the disaster has either resulted in the loss or disruption of the delivery or receipt of utility service, and/or resulted in the degradation of the quality of utility service.

35 [*] **Authorized Budget:** Authorized budget includes $48,495,162, carried over from the 2019, also includes fund shift per Advice Letter AI 3977-G/5298-E
36 of $877,047 from 2017 Inspection budget and $905,057 from 2018 Inspection budget to 2018 General Administration.
37 [1] Reflects the 2019 Authorized budget as approved in Mid-Cycle advice letter 3990-G/5329-E and supplemental Advice Letter Nos. 3990-G-A/5329-E-A and 3990-G-B/5329-E-B
38 [2] Reflects a new budget category and includes the primary administrative fee for Implementer(s).
39 [3] Employee benefits costs currently not included. Pending settlement of GRC
40 [4] PG&E previously reported Smart Powerstrips under Appliances. This has been moved to Miscellaneous.
41 Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

1: Add additional categories if relevant to your utility

2: Refers to budget spent supporting CSD's LIWP program

59329897.98 $ 49,480,997

[1] D.16-11-022 directed funding for new initiatives to come from unspent 2009-2016 ESA Program funds, and directed IOUs to update their budgets by Conforming Advice Letter. Resolution G-3531 authorized PG&E's 2017-2020 ESA budget, including the addition of unspent funding reported here. Unspent funds updated 2019 Authorized budget as approved in Mid-Cycle advice letter 3990-G/5329-E and supplemental Advice Letter Nos. 3990-G-A/5329-E-A and 3990-G-B/5329-E-B
[2] Incremental increases in existing energy efficiency measures from new directives (e.g., removal of 3 measure minimum) use authorized funds until depleted, then will use carryover funds.
New measures and activities not included in PG&E' Application use 2009-2016 unspent funds.
[3] Reflects a new budget category and includes the primary administrative fee for Implementer(s), including multifamily SPOC activities.
[4]Authorized Budget: Authorized budget includes $49,480,997 carried over from the 2019; it also includes fund shift per Advice Letter Al 3977-G/5298-E
Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

Standard Notes 1 - 6 (do not delete)

1. Measures are customized by each IOU, see 'Table 2B-1, Eligible Measures List'. Measures list may change based on available information on both costs and benefits and may vary across climate zones. Each IOU should fill out Table 2B as it pertains to their program. Table 2B-1 Column A should match Table 2B Column A for eligible (not canceled) measures.

2. Multifamily properties are sites with at least five (5) or more dwelling units. The properties may have multiple buildings.

3. Multifamily tenant units are the number of dwelling units located within properties treated. This number does not represent the same number of dwellings treated as captured in table 2A.

4. Audit costs may be covered by other programs or projects may utilize previous audits. Not all participants will have an audit cost associated with their project.

5. Applicable to Deed-Restricted, government and non-profit owned multi-family buildings described in D.16-11-022, modified by D.17-12-009, where 65% of tenants are income eligible based (at or below 200% of the Federal Poverty Guidelines).

6. Commissioning costs, as allowable per the Decision, are included in measures total cost unless otherwise noted.

Standard Notes (do not delete)

1. Measures list may change based on available information on both costs and benefits (including energy benefits as well as non-energy benefits) and may vary across climate zones. This is not a list of installed measures, it is a list of eligible measures.

Table 2B-1 Column A should match Table 2B Column A for eligible (not canceled) measures.

2. Only complete if measure is canceled or discontinued
3. Defined as CEC California Building Climate Zones https://www.energy.ca.gov/maps/renewable/building_climate_zones.html

21	[1] D.17-12-009, Attachment 1 (modified D.16-11-022), OP.66 directed electric IOUs to file PCT pilot implementation plans by March 1, 2018. Reflects the 2019 Authorized budget as approved in Mid-Cycle advice letter 3990-G/5329-E and supplemental Advice Letter Nos. 3990-G-A/5329-E-A and 3990-G-B/5329-E-B												
22	[2] PG&E proposed the CDWx pilot in its 2015-2017 ESA Application, authorized in D.16-11-022, OP.144. In December 2017, PG&E requested and was granted an extension to implement this pilot so that CSD could be included in it. This pilot will begin implementation in 2018.												
23	[3] A contract for this statewide study was awarded in January 2018. SCE is the project manager. There has been no cross-billing.												
24	[4] SCG is the contract manager of this co-funded statewide study. Cross-billing from SCG typically occurs quarterly.												
25	[5] This statewide study was bid out on March 23, 2018, and a consultant has not yet been selected. SDG&E is the contract manager.												
26

29	Total Other CARE Rate Benefits				**$ 5,671,243**	**$ 703,009**	**$ 6,374,252**	**$ 22,867,101**	**$ 4,457,938**	**$ 27,325,039**			
30													
31	Indirect Costs												
32													
33													
34	[1] Decision 15-12-047 transitioned from CHANGES pilot to CHANGES program and funding for the effort is captured herein.												
35	[2] Reflects the Annual Eligibility Estimates prepared by Athens Research on behalf of the utilities. This efforts was formerly referenced in Measurement and Evaluation.												
36	[3] Reflects the authorized funding per year in D.16-11-022 and D.17-12-009, and updated via PG&E Mid-Cycle Update Advice Letter 3990-G/5329-E, 3990-G-A/5329-E-A, 3990-G-B/5329-E-B.												
37	[4] Per D.02-09-021, PG&E is authorized to recover the full value of the discount through the CARE two-way balancing account on an automatic pass-through basis.												
38	[5] PPP Exemption - CARE customers are exempt from paying CARE program costs including PPP costs for CARE admin and the CARE surcharge.												
39	[6] Employee benefits costs for 2020 will be added to CARE authorized budget once PG&E's 2020 GRC Decision approved. Actual employee benefit burden costs have been included in the program monthly and YTD expenses.												
40	[7] CARE balancing account is no longer funded Cooling Centers program in 2020. As directed in D.16-11-022, as modified by D.17-02-033, PG&E incorporated the cooling center budget request for 2020-2022 into the 2020 GRC Proceeding.												
41

20
21
22 [1] Enrollments via data sharing between the IOUs.
23 [2] Enrollments via data sharing between departments and/or programs within the utility.
24 [3] Enrollments via data sharing with programs outside the IOU that serve low-income customers.
25 [4] PG&E counts attrition due to no response in the Failed PEV and Failed Recertification columns, respectively.
26 [5] Includes customers who closed their accounts, requested to be removed, or were otherwise ineligible for the program.
27
