Southern California Edison Company's (U 338-E) Low Income Assistance Programs Monthly Report
February 2007

Introduction

Southern California Edison Company (SCE) hereby submits its Low Income Assistance Programs Monthly Report for February 2007.[1] This monthly report includes a brief narrative and quantitative tables (attached hereto), which describe the results of program activity during the month of February 2007 for SCE's low income assistance programs – the Low Income Energy Efficiency (LIEE) program and the California Alternate Rates for Energy (CARE) program.

In D.06-12-038, the California Public Utilities Commission (Commission) approved the format of the accompanying tables, which were developed by consensus among the joint utilities (SCE, Pacific Gas and Electric Company (PG&E), Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E)), the Energy Division, and the Division of Ratepayer Advocates. Minor changes have been made to the tables to incorporate input received at the February 21, 2007 workshop on low income reporting conducted by the Energy Division.

All results reported in this monthly report update and supersede data provided in previous reports.

California Alternate Rates for Energy (CARE) Program

As of February 28, 2007, a total of 1,048,346 customers were participating in the CARE program. Based on SCE's revised estimates of CARE-eligible customers and the increased income eligibility to 200% of federal poverty guidelines, SCE's current enrollment equates to a penetration rate of approximately 77%.

Outreach efforts and communications to SCE's in-language customers and under-penetrated areas continue to be a priority. In February 2007, SCE partnered with SCE's Equal Opportunity Department in CARE outreach activities that targeted SCE's hard-to-reach customer base. These efforts included events such as the faith-based outreaches held in conjunction with the Catholic Archdiocese. At each of these events, bilingual volunteers were on hand to inform customers about the CARE program, answer any questions, and assist the customers in filling out CARE applications. Hundreds of applications were collected at these events.

Also in February, SCE ran CARE media advertising in the African-American communities through newspaper ads in local newspapers and radio ads on targeted radio stations KJLH and KDAY. In mid-February, SCE ran Spanish-language advertising in LaOpinion newspaper targeting over 165,000 readers, informing them about the CARE

[1] Pursuant to Administrative Law Judge (ALJ) Kim Malcolm's email dated February 20, 2007, SCE is not filing this monthly report. Instead, SCE is submitting the monthly report to the Energy Division (copy to ALJ Malcolm) and serving it on the service list for A.06-06-032 et al.

program and encouraging them to enroll via the enclosed enrollment application. Radio ads ran on Chinese and Korean language radio stations as well.

SCE will continue bi-lingual (English/Spanish) direct mail campaigns, which includes a mail-back enrollment application to increase overall participation level and penetration rates. SCE will also continue to include a CARE enrollment application in the Welcome Kit that is sent bi-weekly.

Additionally, a new CARE Program video will be completed in March 2007. The video was developed to inform customers who may have difficulty reading about the money-saving programs available through CARE and other low-income assistance programs. Each video includes the information in English, Spanish, Korean, Chinese (Mandarin), and will be distributed to the Public Affairs, Consumer Affairs and Equal Opportunity departments who have direct customer contact and can share the information with customers at outreach events to encourage enrollments.

Finally, SCE, as well as PG&E, SDG&E, and SoCalGas, are working with the Energy Division to assist the Commission in its efforts to comply with SB 580. Through this SB 580 pilot program, the joint utilities will facilitate the enrollment of Women, Infants, Children (WIC) participants onto the CARE rate. This CPUC-established pilot project is tentatively scheduled to be implemented on July 1, 2007.

Low Income Energy Efficiency (LIEE) Program

SCE continues to strengthen delivery of comprehensive services to its low income customers. SCE contracts directly with an experienced and informed network of providers, including Community Based Organizations (CBOs) and private contractors. SCE also continues to implement LIEE as a leveraging vehicle with CBOs who deliver similar services through the Low Income Home Energy Assistance Program (LIHEAP) administered by the California State Department of Community Services. For instance, SCE provides LIHEAP agencies with refrigerators, at no cost, for installation into a joint LIEE/LIHEAP home. This leveraging approach maximizes the budgets of both the LIEE and LIHEAP programs in order effectively to serve as many customers as possible.

SCE also continues to competitively bid the purchase of energy-efficient appliances. By purchasing appliances in bulk, SCE is able to obtain low prices on equipment and exercise a level of control over inventory that may not otherwise be possible.

Finally, SCE is in the process of sending out a direct mailer targeting CARE customers who have not previously participated in the LIEE program. The first phase of that mailer is anticipated to go out beginning late March 2007 and will continue for 3 weeks thereafter. It is expected that 250,000 CARE customers will receive this mailer through this effort by the end of April.

Conclusion

SCE appreciates this opportunity to provide the Commission with updated information about the successes SCE has achieved in its LIEE and CARE programs.

New Measures per D06-12-038

74 [1] Energy savings is based on 1) 2001 Low Income Impact Evaluation Study; 2) Decision 03-11-020 approved the LIEE Measure Cost Effectiveness Study conducted by Itron, Inc. filed on June 2, 2003 for new measure mix effective 1/1/04; 3) Decision 05-12-026 approved the Report on the Assessment of Proposed New Year 2006 LIEE Program Measures conducted by Itron, Inc. filed on May 2, 2005; and 5) the updated Database of Energy Efficient Resources (DEER).

75 [2] kW Estimate = kWh * 0.000217 which represents SCE's average of utility kWh to peak savings as filed in 2004/05 EE applications and included in Table 18 of Decision D04-09-060. This is an estimate of average peak savings, not coincident peak.

76 [3] Weatherization consists of measures in rows 27 - 31

235	[1] All capitation contractors with current contracts are listed regardless of whether they have signed up customers or submitted invoices this year.								
236	[2] Numbers reflect customers that have been placed on the rate YTD. Capitation payments may lag by a month or more depending on when SCE is invoiced by the contractors. Some January capitation expenditures are for customers who were enrolled in 2006.								

CERTIFICATE OF SERVICE

I hereby certify that, pursuant to the Commission's Rules of Practice and Procedure, I have this day served a true copy of SOUTHERN CALIFORNIA EDISON COMPANY'S (U 338-E) LOW INCOME ASSISTANCE PROGRAMS MONTHLY REPORT – FEBRUARY 2007 on all parties identified on the attached service list(s). Service was effected by one or more means indicated below:

Transmitting the copies via e-mail to all parties who have provided and e-mail address. First class mail will be used if electronic service cannot be effectuated.

Executed this **21st day of March, 2007**, at Rosemead, California.
