MONTHLY REPORT OF SAN DIEGO GAS & ELECTRIC COMPANY ON RAPID DEPLOYMENT EFFORTS IN LOW-INCOME PROGRAMS FOR AUGUST 2005

I. INTRODUCTION

In D.01-05-033 the Commission directed San Diego Gas & Electric Company (SDG&E) and the other Investor Owned Utilities (IOUs) to provide monthly status reports on the costs and impacts of their Rapid Deployment (RD) efforts on their California Alternate Rates for Energy (CARE) and Low Income Energy Efficiency (LIEE) programs.

On May 22, 2002, the IOUs held a conference call with the Energy Division and the Office of Ratepayer Advocates (ORA) to assess Rapid Deployment Reporting. The parties agreed that the utilities would submit a more thorough monthly RD report to the Commission every three months -- with the first one being the previously-submitted May report and future reports due in August of 2002, November of 2002 and February of 2003, continuing every three months until such time that a change to RD reporting was made. It was also agreed that only certain tables and a brief narrative highlighting RD activities were required from the utilities in other months. This eighth report for PY2005 includes a narrative of August program activities narrative tables containing information on outreach activities, and the following quantitative tables: on year-to-date costs and results.

In April 2004, the utilities met with the Energy Division and ORA to discuss proposed changes to the reports, which would eliminate references to SBX1 5 and combine some information while retaining sufficient information for the programs to be assessed. Starting with the May 21, 2004 report, SDG&E has eliminated the references to SBX1 5 including Tables 3 and 9 as agreed to by the ED and ORA. Table numbering and column and row headings have not been changed to avoid confusion if comparisons are made with earlier reports.

In an Assigned Commissioner's Ruling dated May 5, 2004, the utilities were directed to include in their October report information on the implementation of automatic enrollment with the Department of Community Services and Development (DCSD), and then to continue to report on automatic enrollment on a quarterly basis. Table 10.1 is included in this report, however, there is nothing to report for the month of August because no

information has been received from DCSD despite various efforts to determine the status of SDG&E's automatic enrollment data.

In D.02-07-033, the Commission authorized the IOUs to update their CARE and LIEE eligibility customer estimates using Census 2000 data. In accordance with that Decision, SDG&E has updated its eligibility estimates for PY2005 and have included them in the "Revisions to the Annual Estimates of CARE Eligible Customers and Related Information" filed with the Commission on December 28, 2004, by Southern California Edison, on behalf of the IOUs. Pending Commission action on those filings, SDG&E is using the updated eligibility information to provide information on CARE and LIEE customer participation and penetration for PY2005.

II. LOW INCOME ENERGY EFFICIENCY (LIEE)

AUGUST RESULTS—INSTALLATIONS

During August, SDG&E weatherized 1,164 homes, and replaced 620 refrigerators including only those invoices that are completed and paid. The total of homes weatherized in the SDG&E territory is 5,454 year-to-date.

OUTREACH AND LEVERAGING

In PY2005, SDG&E is continuing to combine its LIEE outreach with CARE outreach activities in order to leverage outreach efforts and to provide customers with knowledge of, and access to, all customer assistance programs offered by SDG&E. During August SDG&E leveraged LIEE outreach with other customer assistance outreach efforts at the community events discussed in the CARE Outreach & Leveraging section below. SDG&E is continuing the following LIEE directed outreach and leveraging efforts in PY2005:

- Identifying, qualifying, and enrolling customers for LIEE services by SDG&E's prime contractor;
- Using the CARE participant database information by the prime contractor when conducting LIEE outreach;
- Employing additional English/Spanish Energy Specialists, an English/Vietnamese Energy Specialist, an Arabic/English Energy Specialist and an English/Farsi Energy Specialist to better serve the diverse population with the San Diego area, and;
- Presetting appointments with potentially qualified customers.

Customer Satisfaction

One quality assurance procedure used in SDG&E's LIEE program asks customers to complete a survey to evaluate the program and the services completed in their homes. Examples of comments received from customers for the month of August 2005 include the following:

- Thank you for providing the service and the refrigerator is great. Thank you so much!
- Really tightened up doors nicely
- Your program is very helpful and informative. Everyone who came to the house knew exactly what they were doing and were very professional.

LIEE AUTHORIZED FUNDING VERSUS ACTUAL EXPENDITURES

SDG&E incurred $1.6 million in program costs during August 2005. Total expenditures to date are 68% of the 2005 LIEE budget

III. CALIFORNIA ALTERNATE RATES FOR ENERGY

AUGUST CARE ENROLLMENT RESULTS

CARE enrollments in SDG&E's electric service CARE program during August totaled 2,591 and enrollments in SDG&E's gas service CARE program during August totaled 1,520. SDG&E's estimated penetration rate at the end of August for CARE electric customers was 69.3% and 70.5% for CARE gas customers.

AUGUST OUTREACH AND LEVERAGING

In July, SDG&E began the annual notification process and inserted approximately 1 million CARE applications in non- participating customer bills. Through August, SDG&E had received 2,110 applications from this effort.

During August 2005, SDG&E representatives made 15 presentations on SDG&E's customer assistance programs and assisted with CARE enrollments at community events or local agency meetings including:

- Vital Aging Conference – 1,800 San Diego Customers
- City Heights National Village Celebration – 1,000 San Diego Customers
- Terrific Tuesdays – 50 San Diego Seniors
- University City Senior Center – 36 San Diego Seniors

CARE AUTHORIZED FUNDING VERSUS ACTUAL EXPENDITURES

In August, SDG&E incurred approximately $35,746 in outreach and administrative expenses. CARE discount charges for August are $2.6 million combined gas and electric discounts. Total expenditures are 51% of the 2005 CARE budget. Actual expenses are compared to budgeted figures for August in Table 6.

IV. CONCLUSION

SDG&E continues to implement its LIEE and CARE program efforts with the goal of providing as many qualified customers as possible with services during PY2005.

Respectfully submitted,

By: Georgetta J. Baker /Lad.
