LOW INCOME ASSISTANCE PROGRAMS MONTHLY REPORT

1. LIEE Executive Summary

1.1. Low Income Energy Efficiency Program Overview

1.1.1. Provide a summary of the LIEE Program elements as approved in Decision 08-11-031:

Program Summary for Month			
2009	Authorized / Planning Assumptions	Year-to-Date Actual	%
Budget	\$55,742,000	\$30,776,134	55%
Homes Treated	83,445	39,572	47%
kWh Saved	29,723,678	15,518,258	52%
kW Demand Reduced	9,572	4,198	43%
Therms Saved	N/A	N/A	N/A

1.2. Whole Neighborhood Approach Evaluation

1.2.1. Provide a summary of the geographic and customer segmentation strategy employed, (i.e. tools and analysis used to segment "neighborhoods," how neighborhoods are segmented and how this information is communicated to the contractor/CBO).

SCE partnered with the City of Redlands and its Neighborhood Revitalization Program (NRP) with a city letter that was mailed on September 15, 2009. NRP is designed to assist owners of single-family residences, who meet income criteria, with \$10,000 grants to make exterior improvements to their homes. The program preserves and enhances single-family dwellings to improve the overall appearances of the homes and neighborhoods. SCE leveraged its efforts and targeted roughly 277 potential customers who received NRP services and who were identified as CARE enrolled. Through the help of the City of Redlands, the Energy Management Assistance (EMA) program was promoted through local cable channels, newspapers, and mailings on city letterheads. The city letter thanked the residents for participating in the NRP program and provided information on how to qualify for the EMA program. The letter instructed residents to call their local SCE-approved contractor to complete the enrollment process. Through these efforts, a 14% response rate was generated.

SCE partnered with Organizational Support Services (OSS), Southern California Gas Company (SoCalGas), and the City of Westminster on September 19-20, 2009 for SCE's Operation Lamp Exchange (OLE) Program. The two-day event targeted the Korean and Vietnamese communities of Westminster and over 5,700 customers participated. Customers had the opportunity to exchange their old lamps for energy-

efficient ones through SCE's OLE Program. SCE leveraged the event with Vo Vi Friendship Association, a local service provider, to promote the LIEE program and begin the enrollment process for eligible customers. SCE worked with OSS, who received a significant amount of advertising support through the Westminster Mall, Asian/English newspapers, and other partnerships. California Senator Lou Correa and District Representative Julie Nguyen also supported the event. The two-day event produced over 170 leads for Vo Vi Friendship Association which resulted in an over 7% enrollment rate over the 2,278 customer records that received OLE services.

SCE coordinated with our internal partnerships team, Pacific Gas and Electric (PG&E), and the City of Ridgecrest for the Home Improvement Show at the Desert Empire Fairgrounds on September 12-13, 2009. The two-day event offered information on all SCE residential programs and LIEE services. SCE, PG&E and the City of Ridgecrest composed a city letter that targeted approximately 3,000 CARE-enrolled customers to promote the event. Customers were encouraged to visit SCE's booths where Assert Inc., a community-based organization, created leads and enrolled customers for LIEE services. Over 150 leads were generated through this effort.

Whole Neighborhood Approach (WNA) efforts are scheduled for the cities of Tulare, Westminster, Perris, and Moreno Valley. As the summer heat wave subsides, SCE will conduct two upcoming WNA efforts incorporating its Cool Centers during October 2009.

1.3. LIEE Customer Outreach and Enrollment Update

1.3.1. Provide a summary of the LIEE Program outreach and enrollment strategies deployed this month.

SCE continues to target customers in areas of its service territory where 80% of customers are at or below 200% of the federal poverty guideline and who could enroll in the LIEE program through the CPUC authorized self-certification process. Through this effort, SCE has identified over 15,000 customers who fall under this category. As part of its implementation strategy, SCE plans to send targeted direct mailers to these customers in October 2009. SCE will provide a listing of customer addresses in the targeted areas to service providers assigned to those specific areas.

In an effort to continue the program momentum through year-end and into 2010, SCE sent out 200,000 mailers in mid-September 2009 to CARE/FERA customers within Los Angeles, Orange, and Riverside counties. SCE is also preparing to send out 400,000 direct mailers through the end of the 2009 program year. SCE continues to target high potential, low penetrated areas in concentrated ZIP7 data for those who are permanently disabled, under Medical Baseline, and high energy users. Future mailers will continue to focus on The Energy Management Assistance Partnership Systems (EMAPS) database which continues to assign the leads of the direct mailers to service providers in bulk. This process ensures assessors contain a full-day's worth of work in condensed areas designated by the EMAPS database.

On October 13, 2009, SCE will partner and leverage an opportunity with Univision's "A Su Lado" ("By Your Side"). The segment, which runs within Univision's KMEX morning

live newscast from 5:00 a.m. to 8:00 a.m., provides information to the Latino community. SCE's strategy for this opportunity will include a joint effort with SoCalGas to promote EMA/CARE/FERA programs. SCE and SoCalGas representatives will be in attendance to answer questions over the phone, and help promote and enroll customers in EMA/CARE/FERA programs as a way to raise awareness about programs that help income-qualified customers save money on their bills during difficult times.

SCE conducted an Outbound Calling Pilot beginning early August 2009. The pilot targeted customers who had been previously cancelled during the enrollment process for various reasons. The intent of this pilot was to continue to communicate with all possible customers who may have been previously interested in the EMA Program and reinstate those leads. Over 500 leads have been created through the Outbound Calling Pilot.

1.4. Leveraging Success Evaluation, Including CSD

- 1.4.1.** Please provide a status of the leveraging effort with CSD.
What new steps or programs have been implemented?
What was the result in terms of new enrollments?

For the past several years, SCE has provided refrigerators to contractors at no cost to the LIHEAP program for installation through the LIHEAP program. SCE is expanding this practice to all appliances offered through its EMA program. SCE believes this approach will enable contractors to utilize measures and services from both the LIHEAP and EMA programs to serve our customers. SCE continues to work with DCSD, service contractors, and the Commission in efforts to successfully leverage EMA and LIHEAP services.

1.5. Workforce Education & Training

- 1.5.1.** Please summarize efforts to improve and expand LIEE workforce education and training. Describe steps taken to hire and train low income workers and how such efforts differ from prior program years.

In Decision 07-12-051, the Commission stated that "(t)he LIEE portion of the statewide strategic plan should include specific training strategies for reaching disadvantaged communities." SCE's contractors, and particularly community-based organizations (CBOs), are situated in low-income and disadvantaged communities and provide jobs within these communities. Currently, these organizations provide over 700 jobs that support SCE's LIEE Program.

SCE is working to expand its training curriculum to include computer-based training for its existing network of CBOs and private contractors. This training will include, but may not be limited to, basic computer skills, Microsoft Word, Excel and PowerPoint. SCE conducted its first interactive training class on October 8, 2009.

Through September 2009, SCE conducted 16 Home Assessment Training workshops, which provide training to agency outreach staff on the policies and procedures related to home assessment. The training workshops include comprehensive instruction on income documentation, customer and measure eligibility and customer service. As a result of the Home Assessment Training workshops, 267 new jobs for assessors have been created to support SCE's LIEE program.

As part of its efforts to meet the demand for program services, SCE contracted with five new agencies. These new agencies have received training for the services they will be providing to EMA customers. In order to ensure a smooth start-up for these agencies, on-site coaching and mentoring sessions have been conducted with agency personnel as it relates to documentation, back office and program policies and procedures.

2. CARE Executive Summary -

2.1. CARE Program Summary

2.1.1. Please provide CARE program summary costs

CARE Budget Categories	Authorized Budget	Actual Expenses Year-to-Date	% of Budget Spent
Outreach (includes automatic enrollment)	\$2,430,000	\$2,581,238	106%
Proc., Certification and Verification	\$850,000	\$679,884	80%
Information Tech./Programming (1)	\$1,000,000	\$885,101	88%
Pilots (2)	N/A	N/A	N/A
Measurement and Evaluation	\$56,000	\$6,651	12%
Regulatory Compliance	\$167,500	\$101,417	60%
General Administration	\$831,500	\$259,209	31%
CPUC Energy Division Staff	\$206,000	\$77,693	38%
Cooling Centers (3)	N/A	N/A	N/A
Total Expenses	\$5,541,000	\$4,591,193	83%
Subsidies and Benefits (4)	\$203,000,000	\$168,752,754	83%
Total Program Costs and Discounts	\$208,541,000	\$173,343,947	83%

2.1.2. Please provide the CARE program penetration rate to date

CARE Penetration		
Participants	Estimated Eligible Participants	Year-to-Date Penetration Rate
1,205,516	1,388,356	87%

2.2. Outreach

2.2.1. Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

In order to reach each new customer as penetration rates reach higher levels, SCE has significantly increased outreach efforts, including, but not limited to, aggressive recruitment of new CARE Capitation agencies, multilingual outreach, and ethnic and general market media. Due to these increased outreach efforts and We CARE expenses during the current economic crisis, SCE will exceed the authorized CARE Outreach budget for 2009.¹

SCE's CARE/FERA programs participated in over 100 customer outreach events year-to-date through partnerships with internal and external organizations, wherein thousands of CARE applications were distributed to low-income customers as a part of the sustained efforts related to SCE's first quarter Economic Assistance campaign. The Economic Assistance campaign launched in mid-February 2009 focused efforts on educating and encouraging income-qualified and newly eligible customers due to the economic crisis to enroll in SCE's income-qualified programs. Customers responded to various tactics, including targeted direct mail efforts, ethnic and community advertising (print, radio, and posters), media outreach and community events. As part of this campaign, in March 2009, SCE also sent out approximately 300,000 bilingual direct mailers to targeted customers not on the CARE rate. As of September 30, 2009, 17,334 applications have been received, resulting in 13,155 new enrollments and 2,053 recertifications in 2009. New brochures were developed in ethnic languages and were distributed at numerous community events.

CARE and FERA outreach efforts and communications to SCE's in-language and under-penetrated areas continue to be a priority. SCE's CARE/FERA programs partner with internal departments such as Equal Opportunity, Public Affairs, Consumer Affairs, Customer Experience Management, employee volunteer-based affinity groups, as well as external organizations such as the Long Beach Housing Authority, the City of Long Beach's Neighborhood Services Bureau and various chambers, foundations, faith-based and community-based organizations in outreach activities that target SCE's hard-

¹ SCE is not reporting a fund-shift at this time from another CARE budget category to Outreach. SBX2 2, Chaptered in 2001, reads in part, "The commission shall authorize recovery of all administrative costs associated with the implementation of the CARE program that the commission determines to be reasonable, through a balancing account mechanism. Administrative costs shall include, but are not limited to, outreach, marketing, regulatory compliance, certification and verification, billing, measurement and evaluation, and capital improvements and upgrades to communications and processing equipment." Decision (D.)02-09-021 implemented balancing account treatment for SCE in compliance with SBX2 2. Conclusion of Law 1 and page 15 of D.02-09-021 state that the CARE budget does not cap allowable expenses for each budget category or for CARE administrative costs as a whole. The budgets represent a level of CARE revenues to be collected in the CARE balancing account, subject to our ex post review of actual CARE expenditures. After year-end, SCE will determine if there are available funds from another budget category that can be shifted to Outreach, or whether 2009 expenses will exceed the 2009 authorized CARE budget.

to-reach customer base. During September 2009, SCE's CARE/FERA programs had a presence at 33 customer outreach events through these partnerships, wherein thousands of CARE applications were distributed to potentially eligible customer populations throughout SCE's service area (see table below). At many of these events, eligible customers had the opportunity to enroll or recertify for CARE via the real time online enrollment form at www.sce.com and learn about the programs directly from a CARE/FERA subject matter expert. Such events provide SCE with the opportunity to uphold a presence in the community, continue to educate the public about the programs, and enroll eligible customers. Upholding this presence in the community is hugely important as the economic climate continues to impact SCE's customers—bringing a newly eligible customer base.

In an effort to sustain and expand partnerships within internal departments, SCE's Income Qualified Programs initiated a biannual "Outreach Summit." The inaugural Summit was held on September 16, 2009, and several SCE departments who engage in outreach participated in this historical event. The purpose was to share current outreach activities and future plans to leverage resources and integrate messages to ensure that SCE's economic assistance message and programs reach all who can benefit from them.

Additionally, in July 2009, SCE included the CARE enrollment application in non-CARE customers' bills as part of the annual CARE solicitation. As a result of this effort, 28,058 applications have been received resulting in 21,986 new enrollments and 2,889 recertifications.

SCE continues to include a CARE enrollment application in the Welcome Kit that is sent to residents requesting new service or transfers of service. As of September 30, 2009, 21,647 customers were enrolled in CARE as a result of this Welcome Kit.

From July 15, 2009 through September 30, 2009, SCE's Customer Communications Organization piloted the use of the online form at www.sce.com in the call centers to enroll customers on the CARE Program directly over the phone. As of September 30, 2009, 2,482 customers were enrolled.

During the month of September 2009, CARE Management completed several system enhancements designed to increase enrollments as well as decrease the number of customers falling off the CARE rate. For example, SCE and SoCalGas enhanced their data sharing agreement to include recertification records. Now shared SoCalGas customers recertified on CARE will be automatically recertified by SCE's CARE Program and vice versa. SCE also implemented a probability model to automatically recertify and verify CARE customers. Four new public assistance programs were added to the program (Tribal TANF and National School Lunch, for example).

CARE Management contracted with Soundbite, a third-party vendor, to pilot outbound phone enrollments. The pilot ran for one week in early September 2009 and targeted SCE customers who in 2008 had a perfect payment history but have recently faltered. This pilot was an attempt to reach out to the population that has been impacted by the

current economic crisis, and has been a success with approximately 4,500 customers enrolled.

During the summer months, from June 1, 2009 through September 30, 2009, SCE initiated a small campaign wherein SCE summer interns assisted low income customers in completing CARE/FERA applications at Authorized Payment Agencies. SCE also inserted CARE/FERA applications into Summer Discount Plan door hangers left behind by SCE contractors after installations of A/C cycling devices at the homes of residential customers participating in the Summer Discount Plan.

SCE also partners with East West Bank to display and disseminate CARE applications to eligible customers in East West Bank and Desert Community Bank branches. CARE applications are currently available in 53 branches throughout the counties of San Bernardino, Los Angeles, and Orange. In conjunction with this partnership, the CARE Program is currently participating in "CARE Day" fairs at all 9 of the Desert Community Bank branches where CARE and EMA program information is shared with the public and applications are disseminated. Eligible SCE customers attending the fair also have the opportunity to enroll or recertify for CARE via the real time online enrollment form at www.sce.com.

The CARE/FERA Capitation Fee Project team is continuing its efforts to re-engage existing Capitation partners while strategically registering additional contractors to overcome enrollment barriers, including language, culture, and special needs, as a means of enrolling the hardest to reach customers. Due to these efforts, the Capitation Fee Project continues to show increased enrollments from agencies that had been previously inactive.

Due to the continuing negative impacts of unemployment and underemployment, as well as customer unfamiliarity with public assistance and support programs, capitation agencies continue to focus on making customers aware of the benefits and requirements of the CARE and FERA programs in order to maximize enrollments.

CARE/FERA management is working with agencies to develop creative outreach approaches. Capitation agencies are being provided information and support to pursue alternative outreach activities that leverage their existing business strengths, including partnering with businesses and organizations in key locations, developing public forums in which to conduct outreach, and conducting outreach in conjunction with community events that have a high probability of attracting new eligible customer populations.

Current campaign strategies and efforts include the following:

- Partner with SCE personnel to leverage existing SCE partnerships with faith-based organizations (FBOs), community-based organizations (CBOs), and local governments.
- Partner with public entities to leverage existing relationships with businesses, FBOs, and CBOs to reach eligible customers through existing municipal channels.

- Leverage existing channels to develop creative approaches for contractors to conduct CARE/FERA outreach, including food and clothing distribution events, employment information workshops, farmers' markets, faith and community-based publications, school events, and community fairs.
- In support of its initiative to enroll hard-to-reach SCE customers and to leverage partnerships with agencies that have built trusting relationships with customers in their neighborhoods, CARE Program Management has registered the City of Beaumont Senior Center, Chino Neighborhood House, and Chinese Christian Herald Crusades, as new CARE Capitation contractors.
- In conjunction with an Energy Efficiency integrated project, CARE Program Management has completed implementation of CARE program outreach at six retail stores through which CARE/FERA program information is being provided to customers by the sales associates.
- As an ongoing effort with the CARE Capitation Agency California Council of the Blind (CCOTB), the CARE and FERA programs are promoted to CCOTB members through the California Connection, a weekly news service provided in English and Spanish, as well as in an upcoming article in the quarterly magazine The Blind Californian, and through its monthly email list services.

2.2.2. Describe the efforts taken to reach and coordinate the CARE program with other related low income programs to reach eligible customers.

SCE utilizes the Capitation Fee Project as a channel to coordinate with service providers of related low income programs to reach out and provide one-on-one assistance to SCE's hardest-to-reach customer base. A new focus is being placed on holding collaborative outreach events with SCE and other low income services available through the Capitation Agencies.

SCE also enrolls new CARE customers through the Energy Assistance Fund program, a program which provides utility payment assistance through voluntary customer and employee donations.

The CARE program is coordinated with other low income programs such as LIEE and LIHEAP. Each month, LIEE measure recipients are automatically enrolled in CARE and LIHEAP payment recipients are automatically enrolled in CARE quarterly. In the month of September 2009, 232 LIEE measure recipients were enrolled in CARE. In the month of June 2009, 621 customers who received a payment through the LIHEAP were enrolled in CARE.

The CARE Program continuously integrates its efforts and messaging with the EMA program at all outreach events, communications, and marketing campaigns.

2.2.3. Recertification Complaints

One written recertification complaint was received in the month of September 2009. SCE did not receive a customer's recertification form on time and the customer fell off

the CARE rate. The form was later received and the discount reinstated before SCE received the CPUC complaint. The customer could not be retroactively credited for time lost because SCE did not receive the recertification on time.

30	^[1] - Per D.08-11-031, Ordering Paragraph 85, SCE reported a fund shift of \$4.5 million in November 2008 from the "Electric Appliances" subcategory in the 2009 - 2011 program cycle in order to "carry back" funds into the 2008 program to allow the program to continue seamless operation and meet demand through year-end 2008. The entire \$4.5 million was carried back from the "Electric Appliances" 2009 budget subcategory.

[1] Enrollments via data sharing between the IOUs.

[2] Enrollments via data sharing between departments and/or programs within the utility. Includes HEAP payment data file from Accounts Payable Dept.

[3] Enrollments via data sharing with programs outside the IOU that serve low-income customers.

[4] One-E-App is a pilot program set up by The Center to Promote Healthcare Access (the Center) and PG&E. The pilot will occur within two PG&E counties and looks to implement a strategy of automatic enrollment for low-income customers into the CARE program based on the customer's application or reapplication for related low income health and social welfare services e.g. MediCAL, Healthy Families, CALKids, etc) The goal is to develop another means by which low income families can be introduced into the CARE program and depending on the success of the pilot to other counties within PG&E's territory as well as other IOUs.

[5] Not including Recertification.

[6] Recertification results are tied to the month initiated. Therefore, recertification results may be pending due to the time permitted for a participant to respond.

234	^[1] All capitation contractors with current contracts are listed regardless of whether they have signed up customers or submitted invoices this year.							
235	^[2] Numbers reflect customers that have been placed on the rate YTD. Capitation payments may lag by a month or more depending on when SCE is invoiced by the contractors. Some January capitation expenditures are for customers who were enrolled in 2008.

CERTIFICATE OF SERVICE

I hereby certify that, pursuant to the Commission's Rules of Practice and Procedure, I have this day served a true copy of MONTHLY REPORT OF SOUTHERN CALIFORNIA EDISON COMPANY (U 338-E) ON LOW INCOME ASSISTANCE PROGRAMS FOR September 2009 on all parties identified on the attached service list(s). Service was effected by one or more means indicated below:

Transmitting the copies via e-mail to all parties who have provided an e-mail address.
First class mail will be used if electronic service cannot be effectuated.

Executed this **21st day of October, 2009**, at Rosemead, California.

/s/ CHRISTINE M. SANCHEZ
