**ASSIGNED COMMISSIONER'S RULING  
CORRECTING JUNE 4, 2007 NOTICE REQUESTING  
APPLICATIONS FOR APPOINTMENT TO  
THE LOW INCOME OVERSIGHT BOARD**

On June 4, 2007, I issued an Assigned Commissioner's Ruling (ACR) asking for applications for appointment to the Low Income Oversight Board (LIOB). Public Utilities Code § 382.1 establishes the LIOB to advise the California Public Utilities Commission (Commission) on low-income electric, gas, and water customer issues. The June 4 ACR stated that the three LIOB positions opening on September 15, 2006 were for the public positions. By this Ruling, I clarify that two of the positions are for members of the public as defined in Public Utilities Code § 382.1 and the third position is for a private weatherization contractor.

Public Utilities Code § 382.1 requires the inclusion on the LIOB of a representative of a private weatherization contractor. This is a two-year term from the date of appointment by the Commission. As described in Public

Utilities Code § 382.1, the contractor representative has the same responsibilities as the other members of the LIOB and is eligible for compensation in accordance with the state's travel guidelines.

Upon receipt and review of the applications, we will select candidates to be interviewed. The application process for final applicants will include a review of economic interests. We encourage applicants to refer to <http://www.fppc.ca.gov/forms/700-05-06/Form700-05-06.pdf> prior to submitting a letter of interest, to determine if potential conflicts of interest may exist. The nominees must be approved by the full Commission.

Therefore, **IT IS RULED** that:

Individuals interested in being appointed to the Low Income Oversight Board as a representative of private weatherization contractors must submit an original and three copies of a letter of interest and a resumé, including references, by no later than July 15, 2007 to:
