CUSTOMERS AND RELATED INFORMATION**

Southern California Edison Company (“SCE”), on behalf of itself, Southern California Gas Company, San Diego Gas & Electric Company, and Pacific Gas and Electric Company (collectively, the “Joint Utilities”), hereby submits amended annual estimates of customers eligible for the California Alternate Rates for Energy (“CARE”) program.

These minor amendments to the estimates filed on February 14, 2012 are due to a cleanup of how a particular set of correspondence tables was used on the 0.38 percent of utility households within certain utility ZIP codes, which were not directly assigned through geocoding or ZIP+4 based assignment. There are also slight changes in demographic eligibility rates (5th or 6th digit at the utility level), but the Joint

Utilities believe it is appropriate to update utility reporting going forward to incorporate the amended ZIP level estimates as well as utility/county level estimates of the rural share of households and CARE/ESA eligible households.

In the amended **Attachment A**, the Joint Utilities provide tables showing – by county – total households, demographic eligibility rates for 2012, eligible households for 2012, participating CARE households as of December 31, 2011, and estimated penetration rates based on the 2011 eligibility estimates and December 31, 2011 participation.

Respectfully submitted,
