505 VAN NESS AVENUE  
SAN FRANCISCO, CA 94102-3298

April 28, 2009

**NOTICE TO INVESTOR OWNED UTILITIES PROVIDING SERVICE UNDER CARE AND LIEE  
(at 200% of the Federal Poverty Guideline Level)**

Energy Division is issuing this notice to establish the income limitations for the California Alternate Rate for Energy Program (CARE) and the Low Income Energy Efficiency Program (LIEE).<sup>1</sup>

In Resolution E-3524, adopted February 19, 1998, the Commission ordered the Director of the Energy Division (Director) to communicate new income levels to carriers by letter no later than May 1 of each year. The Commission further ordered the Director to require energy utilities to file revised tariffs effective June 1 of each year reflecting the new income levels.

In Decision 05-10-044,<sup>2</sup> income guidelines for the CARE and LIEE programs for customers of Pacific Gas and Electric Company (PG&E), Southern California Edison Company (SCE), Southern California Gas Company (SoCalGas), and San Diego Gas & Electric Company (SDG&E) were changed from 175% of Federal Poverty Guidelines (FPG) to at or below 200% of FPG levels. In the same decision, the Commission set income criteria for the CARE and LIEE programs for SouthWest Gas Company (SouthWest) at the same levels. Ordering Paragraph 1 of Decision 06-12-036 later applied the same income guidelines to Sierra Pacific (Sierra) and Ordering Paragraph 14 of Decision 08-12-019 applied 200% of FPG to Golden State Water Company/Bear Valley Electric (Bear Valley).

The process of determining the change in the income limitation for the CARE and LIEE programs is set forth in Appendix A of this letter. Following this process, the Energy Division has determined the income limits for 2009-2010 will be unchanged from the previous year, and shall remain as follows:

**These income limits are effective from June 1, 2009, to May 31, 2010.**

Household Size	CARE & LIEE LIEE: 60+ Years & Handicapped (at 200% FPG)
1 – 2	\$30,500
3	\$35,800
4	\$43,200
5	\$50,600
6	\$58,000
Each Additional	\$7,400

<sup>1</sup> The Commission authorized the Low-Income Rate Assistance Program (LIRA) by Decisions 89-07-062 and 89-09-044. LIRA became CARE, effective January 1, 1995, in accordance with SB 491. Commission Decision 01-06-010, dated June 7, 2001 and Decision 02-01-040, dated January 9, 2002 authorized higher income eligibility guidelines for the CARE and LIEE programs of Southern California Edison Company, Pacific Gas and Electric Company, Southern California Gas Company, and San Diego Gas & Electric Company. The Commission also authorized higher income eligibility guidelines for the CARE and LIEE programs of the small and multi-jurisdictional energy utilities consistent with those adopted for the four large energy utilities in Decision 02-01-040, dated January 9, 2002.

<sup>2</sup> At Ordering Paragraph 1, dated October 27, 2005.

Pursuant to Resolution E-3524, the utilities are requested to file revised tariffs with the Energy Division reflecting the income levels noted above by **May 14, 2009**. In addition, the utilities are requested to include the effective dates of the income levels in the revision of their tariff schedules. The tariffs will become effective **June 1, 2009**. All tariffs, internet sites and printed materials about CARE and/or LIEE are to display the income eligibility guidelines and their effective dates, up through a household of six, as shown in the above table. If you have any questions regarding this notice, please contact **Daniel Olson at (415) 703-2801, e-mail: do2@cpuc.ca.gov**.

Sincerely,

Julie Fitch, Director  
Energy Division

3	1.001	\$35,800	35,836	35,800
4	1.001	\$43,200	43,243	43,200

6	-	\$58,000	-	58,000
Difference between 3 & 4				
Each Additional	-	\$7,400	-	7,400

Rules for Computing Income Levels (As set forth in Resolution E-3524, dated February 19, 1998)

- (1) The prior period income levels are multiplied by a factor of one plus the inflation factor (Column a · b = c).
- (2) The inflation factor to be used is the "final" CPI-U (Consumer Price Index for all Urban Consumers) for the prior year, as published by the U.S. Department of Labor, Bureau of Labor Statistics. The inflation factor is usually available in January of each year.
- (3) The percentage increase factor is two digits to the right of the decimal. Examples: 2.0% = .020; 8.5% = .085.
- (4) All income level amounts are rounded to the nearest \$100. If the raw number ends rounds to 50 or above, the number should be rounded to the next higher \$100. Examples: 19,326 = 19,300; 16,654 = 16,700.
- (5) The amount for "each additional" should be rounded to the difference between 3 and 4 household members. If the rounding differs, the amount for the "each additional" should be set to the difference between 3 and 4 household members.

<sup>3</sup> Column "d" contains rounded data for income levels 1 or 2, 3, and 4. The data in column "d" for income levels 5 and 6 contain the additional household member adder of \$7,400.
