**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

In the Matter of the Application of West Coast Gas Company (U 910 G) For Approval of Program Years 2009-2011) Low-Income Assistance Program Budgets.

Application 08-07-_____
(Filed July 11, 2008)

**APPLICATION OF WEST COAST GAS COMPANY (U 910 G)
FOR APPROVAL OF PROGRAM YEARS 2009 - 2011 LOW-INCOME
ASSISTANCE PROGRAM BUDGETS**

I. INTRODUCTION

In compliance with Ordering Paragraph No. 3 of the California Public Utilities Commission's (CPUC) Decision ("D.") 07-12-051 in Rulemaking ("R.") 17-01-042, and the May 2, 2008 Assigned Commissioner's Ruling Providing Guidance for the Small and Multi-Jurisdictional Utilities, West Coast Gas Company (WCG) respectfully submits this Application for approval of its proposed low income assistance program budgets for 2009 through 2011.

II. OVERVIEW OF WCG

WCG serves approximately 1,500 natural gas customers at Mather Field , in Sacramento County, and at Castle Airport, in Merced County, California. There are 1,271 residential customers.

All of the residential customers are located within WCG's Mather Field service territory. All of WCG's residential customers reside in relatively new single-family residences. There are no multifamily residences. All of the houses were constructed between 2002 and 2005. All residential dwellings were constructed to meet California's Title 24 standards and all major gas using appliances meet Title 20 standards. Therefore, energy efficiency retrofits to the physical structure of the residences, and/or gas-appliance replacement programs, are not currently cost-effective. WCG's low income assistance program is currently limited to CARE activities.

III. SUMMARY OF REQUEST

WCG requests approval of its CARE program costs for 2009, 2010 and 2011 of \$7,060, \$7,560 and \$8,060 respectively for a total of \$22,680 for the three-year cycle. WCG's currently approved annual CARE budget is \$7,100 per year for 2007 and 2008.

WCG also requests that its current LIEE program, which only consists of providing customers with conservation information, be continued as is through the 2009 through 2011 budget period. The proposed budget is contained in Table 1 of Attachment A.

WCG is not requesting a change in customer rates as a result of this Application. Instead, WCG proposes that any changes in rates, related to its low income assistance program, be handled via an advice letter filing.

IV. CARE PROGRAM – OUTREACH AND BUDGET

WCG has offered the CARE program to its qualified residential customers since 2001. The CARE program assists qualified customers by providing a 20% discount on monthly utility bills. Since WCG inaugurated its CARE program, WCG has sent CARE program information to each residential customer on a quarterly basis. Every customers who calls our office and is put on hold receives our CARE information message. Every new residential customer receives a CARE brochure and application form in WCG's application-for-service package.

All CARE related activities are conducted in-house. Customer notices, certifications and re-certifications, and responding to CARE related customer inquires are handled by WCG employees. Our goal is to inform every eligible customer of our CARE program and at the same time perform the CARE function at the lowest possible cost.

WCG's CARE budget is primarily composed of the 20% bill discount for CARE eligible residential customers. Nearly 85% of WCG's total CARE expenditures in 2007 were billing discounts. Increasing natural gas prices, forecasted for the 2009 through 2011 budget period, will inflate total CARE costs even though WCG anticipates only a modest increase in the number of customers participating in the CARE program. WCG's proposed budget for all other CARE activities during the 2009 through 2011 period is held constant at 2007 recorded levels.

V. PROGRAM ADMINISTRATION

As stated above, WCG's performs all CARE program administration in-house. WCG's approved budget for program administration for the 2007 and 2008 time period is \$850.00 per year and is composed of \$350.00 for processing, certification and verification and \$500.00 for general expenses such as regulatory filings. WCG is proposing that its 2009 through 2011 budget, for processing, certification and verification, be reduced to \$280.00 per year and that general expenses be held constant at \$500.00 per year (see Table 1 of Attachment A).

VI. OUTREACH

As stated in the summary above, WCG continuously provides its customers with CARE information via quarterly billing inserts, on-hold phone message and CARE application form at time a new customer signs-up for service. WCG believes that every residential customer is aware of the CARE program and that 100% of CARE eligible customers have the opportunity to sign-up for the program.

WCG is requesting that its outreach budget be held constant at \$280.00 per year for the 2009 through 2011 budget period. WCG currently authorized budget for 2007 and 2008 is \$250.00 per year. Recorded outreach expenses for 2007 totaled \$272.00.

VIII. REVENUE REQUIREMENTS AND RATE IMPACTS

Given the relatively small change in the annual CARE budget requested by WCG, there will be a small change in the PPP rate. WCG's currently effective PPP rate is

\$0.00232 per therm for CARE customers and \$0.00807 per therm for non-CARE customers. These rates include recovery of WCG's allocated portion of RD&D and BOE administrative costs which total \$0.00232 per therm for all customers.

WCG's maintains a CARE balancing account which accounts for all CARE PPP revenue and CARE costs. As of December 31, 2007 there was an over-collection in the CARE balancing account of approximately \$5,000.00. WCG goal is to reduce this over-collection to zero by the end of 2008.

IX. REQUEST TO CONTINUE FUNDING

WCG is requesting that the Commission continue funding for the year 2009 if the Commission is delayed in issuing a decision on this application.

X. CONCLUSION

1. WCG requests that the Commission approve its CARE program plans and budgets for the years 2009 through 2011.
2. Continue to exempt WCG from establishing a natural gas LIEE program.

STATUTORY AND REGULATORY REQUIREMENTS

This application is made pursuant to Sections 451,454,491,701,728 and 729 of the Public Utilities Code of the State of California, the Commission's Rules of Practice and Procedure and prior decisions, orders, and resolutions of the Commission.

A. Proposed Categorization, Need For Hearings, Issues to be Considered, Proposed Schedule – Rule 6.

WCG proposes that this application be designated as a “ratesetting” proceeding. WCG does not believe that an evidentiary hearing is necessary and therefore, no proposed schedule is included in this application.

B. Legal Name – Rule 15 (a).

WCG is a public utility organized and existing under the laws of the State of California. The location of WCG’s principal place of business is 9203 Beatty Drive, Sacramento, CA 95826.

C. Balance Sheet and Income Statement – Rule 23 (b) and (c).

Attached hereto and designated as Attachment B, is a copy of WCG’s income statement and balance sheet for the 12 months ending December 31, 2007.

APPLICANT AND IDENTIFICATION OF REPRESENTATIVES

This Application is filed pursuant to the Public Utilities Code and the Commission Rules of Practice and Procedures. The exact legal name of Applicant is West Coast Gas Company Inc., which maintains its principal place of business at 9203 Beatty Drive, Sacramento CA 95826. WCG’s CPUC reporting number is U 910 G

The name, title address and telephone number of the person to whom correspondence or communications in regard to this application are to be addressed as follows:

Raymond J. Czahar, C.P.A.
Chief Financial Officer
West Coast Gas Company
9203 Beatty Drive
Sacramento, CA 95826

Respectfully submitted this 11th day of July 2008, at San Francisco, California.

By /s/ Raymond J. Czahar
