Veto Message: To the Members of the California State Assembly: I am returning the following nine bills without my signature: Assembly Bill 35 Assembly Bill 88 Assembly Bill 99 Assembly Bill 428 Assembly Bill 437 Assembly Bill 515 Assembly Bill 931 Senate Bill 251 Senate Bill 377 Each of these bills creates a new tax credit or expands an existing tax credit. Despite strong revenue performance over the past few years, the state's budget has remained precariously balanced due to unexpected costs and the provision of new services. Now, without the extension of the managed care organization tax that I called for in special session, next year's budget faces the prospect of over \$1 billion in cuts. Given these financial uncertainties, I cannot support providing additional tax credits that will make balancing the state's budget even more difficult. Tax credits, like new spending on programs, need to be considered comprehensively as part of the budget deliberations.</p>

My administration and the Legislature have taken important steps to promote access to safe, clean, affordable water. Yet, too many Californians still lack affordable, safe drinking water. While the plan called for in this bill will provide a path for modest, additional steps, we already know that Proposition 218 serves as the biggest impediment to public water systems being able to establish low-income rate assistance programs. Proposition 218 similarly serves as an obstacle to thoughtful, sustainable water conservation pricing and necessary flood and stormwater system improvements. My administration will work with the Legislature and stakeholders next year to</p>
