ADVICE 1929-E
(U 338-E)

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA
ENERGY DIVISION

SUBJECT: Disconnection Notice, Past Due Utility Service and Other Services,
Form 14-665

Southern California Edison Company (SCE) hereby submits for filing the following revised tariff sheets and related form which are listed on Attachment A and are attached hereto.

PURPOSE

In compliance with Decision (D.) 05-10-044, Ordering Paragraph 16, this advice filing revises the Disconnect Notice, Past Due Utility Service and Other Services, Form 14-665 (Final Call Notice), to advise residential customers that during the winter months of November 1, 2005 to April 30, 2006 their electric service will not be shut off if they pay 50 percent of their current month's bill. At the end of the winter months, nine-month payment arrangements can be made for the unpaid balances as specified in the Decision. The Final Call Notice is mailed to all residential customers approximately four days before their electric service is subject to disconnection.

BACKGROUND

On September 13, 2005, the California Public Utilities Commission (Commission) issued a Notice of an October 6, 2005 en banc hearing in Los Angeles which directed the energy utilities under the Commission's jurisdiction to present proposals for various emergency program changes to reduce bill impacts of high natural gas prices on low income customers during the coming winter months. SCE filed its proposals on September 28, 2005, outlining SCE's Proposed Cost Mitigation Concepts for the 2005-2006 Winter Heating Season. Subsequent modifications to SCE's proposals were submitted consistent with Administrative Law Judge Weissman's October 7, 2005 ruling, and a Workshop was held regarding the various utilities' proposals on October 20, 2005. On October 27, 2005, the Commission issued D.05-10-044 approving, as

modified, the various proposed emergency program changes. In compliance with the Decision, SCE filed Advice 1928-E on November 1, 2005 to implement various tariff-related changes for the emergency program. The Final Call Notice required very minor verbiage changes and thus was not included in Advice 1928-E.

With this filing, SCE proposes to add to the Final Call Notice, "If you are unable to make full payment of the past due amount on this notice, please contact 800-551-4499 to discuss a minimum payment amount to avoid disconnection." This specified verbiage will be added to the front of the Final Call Notice under the section entitled "Your Payment Options." SCE will begin using this revised form the day this advice letter is filed. When the customer calls the number on the Final Call Notice, an SCE representative will explain the minimum payment requirement of 50 percent of the current bill to avoid disconnection, and the nine-month payment arrangements that can be made for the total arrears.

In addition to the changes specified on the Final Call Notice, SCE will modify the information communicated to customers via SCE's Voice Response Unit (VRU) to advise that a minimum payment is required to avoid disconnection. This VRU message will be activated 7-10 days prior to a customer's scheduled disconnection. If no payment is made by the customer, another courtesy VRU call will be made two days prior to a customer's scheduled disconnection, again advising the customer that a minimum payment amount is required to avoid disconnection.

No cost information is required for this advice filing.

This advice filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other schedule or rule.

EFFECTIVE DATE

In accordance with Ordering Paragraphs 16 and 18 of D.05-10-044, this advice filing will become effective the date filed, November 14, 2005, subject to review.
