**Southern California Edison Company's (U 338-E) Low Income Assistance Programs Monthly Report  
January 2008**

**Introduction**

Southern California Edison Company (SCE) hereby submits its Low Income Assistance Programs Monthly Report for January 2008.<sup>1</sup> This monthly report includes a brief narrative and quantitative tables (attached hereto), which describe the results of program activity during the month of January 2008 for SCE's low income assistance programs – the Low Income Energy Efficiency (LIEE) program and the California Alternate Rates for Energy (CARE) program.

In D.06-12-038, the California Public Utilities Commission (Commission) approved the format of the accompanying tables, which were developed by consensus among the joint utilities (SCE, Pacific Gas and Electric Company (PG&E), Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E)), the Energy Division, and the Division of Ratepayer Advocates. The tables in this report conform to the monthly reporting tables that were attached to the email from the Energy Division on November 28, 2007.

All results reported in this monthly report update and supersede data provided in previous reports.

**California Alternate Rates for Energy (CARE) Program**

As of January 31, 2008, a total of 1,025,283 customers were participating in the CARE program. Based on SCE's estimates of CARE-eligible customers and the income eligibility of 200% of federal poverty guidelines, SCE's current enrollment equates to a penetration rate of approximately 77%.

Outreach efforts and communications to SCE's in-language customers and under-penetrated areas continue to be a priority. SCE partners with the Equal Opportunity and Public Affairs Departments in CARE outreach activities that target SCE's hard-to-reach customer base. SCE has participated in many customer events through its Public Affairs department, wherein thousands of CARE applications are distributed to low-income customer populations throughout SCE's service territory.

SCE continues to include a CARE enrollment application in the Welcome Kit that is sent to residents requesting new service or transfers of service. In 2008, as of January 31, 23,760 customers were enrolled in CARE as a result of this Welcome Kit.

In August 2007, SCE developed and sent approximately 280,000 bilingual direct mail letters, which included a CARE enrollment application, to targeted customers not on the

<sup>1</sup> Pursuant to Administrative Law Judge (ALJ) Kim Malcolm's email dated February 20, 2007, SCE is not filing this monthly report. Instead, SCE is submitting the monthly report to the Energy Division (copy to ALJ Malcolm) and serving it on the service list for R.07-01-042.

CARE rate. Through January 31, 2008, SCE received 13,118 enrollment applications resulting in 8,866 new enrollments and 2,979 recertifications.

In October 2007, SCE sent out approximately 50,000 bilingual direct mailers, which included a CARE enrollment application, to targeted customers not on the CARE rate. Through January 31, 2008, SCE received 2,324 enrollment applications resulting in 1,445 new enrollments and 515 recertifications.

In December 2007, SCE sent out approximately 193,000 bilingual direct mailers, which included a CARE enrollment application, targeting customers who have received a Final Call notice. Through January 31, 2008, SCE received 4,152 enrollment applications resulting in 3,343 new enrollments and 373 recertifications.

In January 2008, SCE sent out approximately 280,000 bilingual direct mailers, which included a CARE enrollment application, to targeted customers not on the CARE rate. Results are pending.

Finally, SCE, as well as PG&E, SDG&E, and SoCalGas, are working with the Energy Division to assist the Commission in its efforts to comply with SB 580. Through this SB 580 pilot program, the joint utilities will facilitate the enrollment of Women, Infants, Children (WIC) participants onto the CARE rate.

**Low Income Energy Efficiency (LIEE) Program**

SCE continues to strengthen delivery of comprehensive services to its low income customers. SCE contracts directly with an experienced and informed network of providers, including Community Based Organizations (CBOs) and private contractors. SCE also continues to implement LIEE as a leveraging vehicle with CBOs who deliver similar services through the Low Income Home Energy Assistance Program (LIHEAP) administered by the California State Department of Community Services. For instance, SCE provides LIHEAP agencies with refrigerators, at no cost, for installation into a joint LIEE/LIHEAP home. This leveraging approach maximizes the budgets of both the LIEE and LIHEAP programs in order effectively to serve as many customers as possible.

SCE also continues to competitively bid the purchase of energy-efficient appliances. By purchasing appliances in bulk, SCE is able to obtain low prices on equipment and exercise a level of control over inventory that may not otherwise be possible.

**Conclusion**

SCE appreciates this opportunity to provide the Commission with updated information about the successes SCE has achieved in its LIEE and CARE programs.
