Introduction

Southern California Edison Company (SCE) hereby submits its Low Income Assistance Programs Monthly Report for December 2008. This monthly report includes a brief narrative and quantitative tables (attached hereto), which describe the results of program activity during the month of December 2008 for SCE's low income assistance programs – the Low Income Energy Efficiency (LIEE) program, the California Alternate Rates for Energy (CARE) program and the Cool Center program.

In D.06-12-038, the California Public Utilities Commission (Commission) approved the format of the accompanying tables, which were developed by consensus among the joint utilities (SCE, Pacific Gas and Electric Company (PG&E), Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E)), the Energy Division, and the Division of Ratepayer Advocates. The tables in this report conform to the monthly reporting tables that were attached to the email from the Energy Division on November 28, 2007.

All results reported in this monthly report update and supersede data provided in previous reports.

California Alternate Rates for Energy (CARE) Program

As of December 31, 2008, a total of 1,104,566 customers were participating in the CARE program. Based on SCE's estimates of CARE-eligible customers and the income eligibility of 200% of federal poverty guidelines, SCE's current enrollment equates to a penetration rate of approximately 83%.

Outreach efforts and communications to SCE's in-language customers and under-penetrated areas continue to be a priority. SCE partners with the Equal Opportunity and Public Affairs Departments in CARE outreach activities that target SCE's hard-to-reach customer base. SCE has participated in many customer events through its Public Affairs department, wherein thousands of CARE applications are distributed to low-income customer populations throughout SCE's service territory.

In the month of December, through its partnership with the Equal Opportunity department, SCE's CARE/FERA Programs implemented an awareness campaign within SCE service territory. The event was held in conjunction with one of the CARE/FERA Programs' Capitation Agencies, St. Hilary Church of Perpetual Adoration. This event coupled as a refresher course for the agency and as a CARE/FERA awareness campaign. As the Church's parishioners exited mass, they passed through St. Hilary's Annual Holiday Boutique where they could browse the products of local vendors as well as hear about the 20% discount the CARE Program provides from CARE Department staff and SCE volunteers. This campaign had a strong ethnic and in-language focus with the dissemination of in-language applications and informational flyers. Hundreds of CARE applications, informational flyers and promotional items were disseminated.

**Southern California Edison Company's (U 338-E) Low Income Assistance Programs Monthly Report
December 2008**

In addition, continued focus was placed on using existing CARE Capitation agencies to provide one-on-one assistance to SCE's hardest-to-reach customer base. SCE's CARE Program has experienced a significant increase in CARE enrollments through its Capitation agencies. SCE's CARE Program has also experienced a significant increase in the number and participation of Capitation agencies.

SCE continues to include a CARE enrollment application in the Welcome Kit that is sent to residents requesting new service or transfers of service. In 2008, as of December 31, 24,090 customers were enrolled in CARE as a result of this Welcome Kit.

In October 2007, SCE sent out approximately 50,000 bilingual direct mailers, which included a CARE enrollment application, to targeted customers not on the CARE rate. Through December 31, 2008, SCE received 2,407 enrollment applications resulting in 1,493 new enrollments and 541 recertifications.

In December 2007, SCE sent out approximately 193,000 bilingual direct mailers, which included a CARE enrollment application, targeting customers who have received a Final Call notice. Through December 31, 2008, SCE received 6,594 enrollment applications resulting in 5,272 new enrollments and 650 recertifications.

In January 2008, SCE sent out approximately 280,000 bilingual direct mailers, which included a CARE enrollment application, to targeted customers not on the CARE rate. Through December 31, 2008, SCE received 9,450 enrollment applications resulting in 6,808 new enrollments and 1,088 recertifications.

In February 2008, SCE sent out approximately 87,000 direct mail letters to customers who dropped off the CARE rate between December 31, 2006 and December 31, 2007 due to failure to respond to recertification requests. As of December 31, 2008, SCE received 13,325 enrollment applications resulting in 8,307 new enrollments and 3,038 recertifications.

Additionally, in June 2008, SCE included the CARE enrollment applications in non-CARE customers' bills as part of the annual CARE solicitation. As of December 31, 2008, 29,852 applications have been received, resulting in 22,884 new enrollments and 3,376 recertifications.

In July 2008, SCE sent out approximately 85,000 direct mail letters to customers who dropped from the CARE rate between May 31, 2007 and May 31, 2008 as a result of non-response to recertification requests. As of December 31, 2008, 10,652 applications have been received, resulting in 7,143 new enrollments and 1,599 recertifications.

In July 2008, SCE also sent out approximately 280,000 bilingual direct mailers to targeted customers not on the CARE rate. As of December 31, 2008, 9,894 applications have been received, resulting in 6,993 new enrollments and 1,184 recertifications.

In September 2008, SCE sent out approximately 280,000 bilingual direct mailers to targeted customers not on the CARE rate. As of December 31, 2008, 8,535 applications have been received, resulting in 5,847 enrollments and 1,208 recertifications.

**Southern California Edison Company's (U 338-E) Low Income Assistance Programs Monthly Report
December 2008**

Finally, SCE, as well as PG&E, SDG&E and SoCalGas, are working with the Energy Division to assist the Commission in its efforts to comply with SB 580. Through this SB 580 pilot program, the joint utilities will facilitate the enrollment of Women, Infants and Children (WIC) participants onto the CARE rate.

Finally, in compliance with D.08-11-031, Ordering Paragraph 90, SCE would like to report that in the month of December, one recertification complaint was received. This complaint was initiated by customer requesting retro-billing of the CARE discount after delaying his response to a recertification request.

Low Income Energy Efficiency (LIEE) Program

SCE continues to strengthen delivery of comprehensive services to its low income customers. SCE contracts directly with an experienced and informed network of providers, including Community Based Organizations (CBOs) and private contractors. SCE also continues to implement LIEE as a leveraging vehicle with CBOs who deliver similar services through the Low Income Home Energy Assistance Program (LIHEAP) administered by the California State Department of Community Services. For instance, SCE provides LIHEAP agencies with refrigerators, at no cost, for installation into a joint LIEE/LIHEAP home. This leveraging approach maximizes the budgets of both the LIEE and LIHEAP programs in order to effectively serve as many customers as possible.

SCE also continues to competitively bid the purchase of energy-efficient appliances. By purchasing appliances in bulk, SCE is able to obtain low prices on equipment and exercise a level of control over inventory that may not otherwise be possible.

In Table 1L, SCE reports a fund shift, as authorized in D.08-11-031, in November 2008 of \$4.5 million from the 2009-2011 program cycle that is being carried back to enable sufficient funding to meet program demand through year-end 2008, and to ensure that sufficient appliances are on hand to support the 2009 program activity beginning in January 2009.

Conclusion

SCE appreciates this opportunity to provide the Commission with updated information about the successes SCE has achieved in its LIEE and CARE programs.
