**Southern California Edison Company's (U 338-E) Low Income Assistance Programs Monthly Report
September 2008**

Introduction

Southern California Edison Company (SCE) hereby submits its Low Income Assistance Programs Monthly Report for September 2008. This monthly report includes a brief narrative and quantitative tables (attached hereto), which describe the results of program activity during the month of September 2008 for SCE's low income assistance programs – the Low Income Energy Efficiency (LIEE) program, the California Alternate Rates for Energy (CARE) program and the Cool Center program.

In D.06-12-038, the California Public Utilities Commission (Commission) approved the format of the accompanying tables, which were developed by consensus among the joint utilities (SCE, Pacific Gas and Electric Company (PG&E), Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E)), the Energy Division, and the Division of Ratepayer Advocates. The tables in this report conform to the monthly reporting tables that were attached to the email from the Energy Division on November 28, 2007.

All results reported in this monthly report update and supersede data provided in previous reports.

California Alternate Rates for Energy (CARE) Program

As of September 31, 2008, a total of 1,090,853 customers were participating in the CARE program. Based on SCE's estimates of CARE-eligible customers and the income eligibility of 200% of federal poverty guidelines, SCE's current enrollment equates to a penetration rate of approximately 82%.

Outreach efforts and communications to SCE's in-language customers and under-penetrated areas continue to be a priority. SCE partners with the Equal Opportunity and Public Affairs Departments in CARE outreach activities that target SCE's hard-to-reach customer base. SCE has participated in many customer events through its Public Affairs department, wherein thousands of CARE applications are distributed to low-income customer populations throughout SCE's service territory.

In the month of August, SCE participated in several CARE/FERA public awareness campaigns throughout SCE's service territory through its partnership with SCE's Public Affairs Department. One such event was held in conjunction with the High Desert Resource Network. Seniors from Barstow, Daggett, Hinkley, Newsberry Springs, and Yermo participated in the Barstow Senior Resources Fair. This event was a tremendous success. Nearly 400 seniors were assisted with CARE enrollment information.

In the month of September, SCE participated in several CARE/FERA public awareness campaigns throughout SCE's service territory. Two such events were the Rialto International Family Day Event and the Night the Light Walk. Rialto International Family Day Festival was a very diverse event; and, SCE had several multilingual

volunteers on hand to assist those individuals coming to the SCE booth. SCE's Mobile Education Unit was also in attendance at this event. The second event was the Night the Light Walk held in Anaheim. Thousands of CARE/FERA applications were disseminated at these events.

In addition, continued focus was placed on using existing CARE Capitation agencies to provide one-on-one assistance to SCE's hardest-to-reach customer base. SCE's CARE Program has experienced a significant increase in CARE enrollments through its Capitation agencies.

SCE continues to include a CARE enrollment application in the Welcome Kit that is sent to residents requesting new service or transfers of service. In 2008, as of September 31, 17,598 customers were enrolled in CARE as a result of this Welcome Kit.

In October 2007, SCE sent out approximately 50,000 bilingual direct mailers, which included a CARE enrollment application, to targeted customers not on the CARE rate. Through September 31, 2008, SCE received 2,406 enrollment applications resulting in 1,493 new enrollments and 540 recertifications.

In December 2007, SCE sent out approximately 193,000 bilingual direct mailers, which included a CARE enrollment application, targeting customers who have received a Final Call notice. Through September 31, 2008, SCE received 6,575 enrollment applications resulting in 5,256 new enrollments and 648 recertifications.

In January 2008, SCE sent out approximately 280,000 bilingual direct mailers, which included a CARE enrollment application, to targeted customers not on the CARE rate. Through September 31, 2008, SCE received 9,451 enrollment applications resulting in 6,808 new enrollments and 1,088 recertifications.

In February 2008, SCE sent out approximately 87,000 direct mail letters to customers who dropped off the CARE rate between December 31, 2006 and December 31, 2007 due to failure to respond to recertification requests. As of September 31, SCE received 13,271 enrollment applications resulting in 8,274 new enrollments and 3,028 recertifications.

Additionally, in June 2008, SCE included the CARE enrollment applications in non-CARE customers' bills as part of the annual CARE solicitation. As of September 31, 2008, 28,932 applications have been received, resulting in 22,221 new enrollments and 3,235 recertifications.

In July 2008, SCE sent out approximately 85,000 direct mail letters to customers who dropped from the CARE rate between May 31, 2007 and May 31, 2008 as a result of non-response to recertification requests. As of September 31, 2008, 9,238 applications have been received, resulting in 6,145 new enrollments and 1,444 recertifications.

In July 2008, SCE also sent out approximately 280,000 bilingual direct mailers to targeted customers not on the CARE rate. As of September 31, 2008, 8,797 applications have been received, resulting in 6,194 new enrollments and 1,047 recertifications.

**Southern California Edison Company's (U 338-E) Low Income Assistance Programs Monthly Report
September 2008**

In September 2008, SCE sent out approximately 280,000 bilingual direct mailers to targeted customers not on the CARE rate. Results are pending.

Finally, SCE, as well as PG&E, SDG&E and SoCalGas, are working with the Energy Division to assist the Commission in its efforts to comply with SB 580. Through this SB 580 pilot program, the joint utilities will facilitate the enrollment of Women, Infants, Children (WIC) participants onto the CARE rate.

Low Income Energy Efficiency (LIEE) Program

SCE continues to strengthen delivery of comprehensive services to its low income customers. SCE contracts directly with an experienced and informed network of providers, including Community Based Organizations (CBOs) and private contractors. SCE also continues to implement LIEE as a leveraging vehicle with CBOs who deliver similar services through the Low Income Home Energy Assistance Program (LIHEAP) administered by the California State Department of Community Services. For instance, SCE provides LIHEAP agencies with refrigerators, at no cost, for installation into a joint LIEE/LIHEAP home. This leveraging approach maximizes the budgets of both the LIEE and LIHEAP programs in order effectively to serve as many customers as possible.

SCE also continues to competitively bid the purchase of energy-efficient appliances. By purchasing appliances in bulk, SCE is able to obtain low prices on equipment and exercise a level of control over inventory that may not otherwise be possible.

Cool Center Program

SCE's Cool Center Program provides low-income, senior, and disabled residents safe, air-conditioned, facilities they can visit during peak hours of the summer months in lieu of running their own cooling devices at home. Cool Centers are located in communities in extreme climate areas where they are most effective to offer relief from the heat. Cool Centers also provide a place where customers can learn more about SCE's low-income and energy efficiency programs, energy conservation, and other available community programs.

SCE's Cool Center operations began in June 2008. SCE has Cool Center locations in Blythe, Hesperia, Highgrove, Landers, Palm Springs, Perris, Porterville, Rubidoux, San Bernardino and San Jacinto.

Conclusion

SCE appreciates this opportunity to provide the Commission with updated information about the successes SCE has achieved in its LIEE, CARE and Cool Center programs.
