Re: Southern California Edison Company's (U 338-E) Low Income
Assistance Programs Monthly Report – August 2008

Dear Ms. Walsh, Ms. Sarvate, Mr. Randhawa, Ms. Sevier, Ms. Charles, Ms. Tran, and Mr. Olson:

Enclosed please find Southern California Edison Company's Low Income Assistance
Programs Monthly Report for August 2008.

Very truly yours,

/s/ MONICA GHATTAS

**Southern California Edison Company's (U 338-E) Low Income Assistance Programs Monthly Report
August 2008**

Introduction

Southern California Edison Company (SCE) hereby submits its Low Income Assistance Programs Monthly Report for August 2008.¹ This monthly report includes a brief narrative and quantitative tables (attached hereto), which describe the results of program activity during the month of August 2008 for SCE's low income assistance programs – the Low Income Energy Efficiency (LIEE) program, the California Alternate Rates for Energy (CARE) program and the Cool Center program.

In D.06-12-038, the California Public Utilities Commission (Commission) approved the format of the accompanying tables, which were developed by consensus among the joint utilities (SCE, Pacific Gas and Electric Company (PG&E), Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E)), the Energy Division, and the Division of Ratepayer Advocates. The tables in this report conform to the monthly reporting tables that were attached to the email from the Energy Division on November 28, 2007.

All results reported in this monthly report update and supersede data provided in previous reports.

California Alternate Rates for Energy (CARE) Program

As of August 31, 2008, a total of 1,066,092 customers were participating in the CARE program. Based on SCE's estimates of CARE-eligible customers and the income eligibility of 200% of federal poverty guidelines, SCE's current enrollment equates to a penetration rate of approximately 80%.

Outreach efforts and communications to SCE's in-language customers and under-penetrated areas continue to be a priority. SCE partners with the Equal Opportunity and Public Affairs Departments in CARE outreach activities that target SCE's hard-to-reach customer base. SCE has participated in many customer events through its Public Affairs department, wherein thousands of CARE applications are distributed to low-income customer populations throughout SCE's service territory.

In the month of August, SCE participated in several CARE/FERA public awareness campaigns throughout SCE's service territory through its partnership with SCE's Public Affairs Department. One such event was held in conjunction with the High Desert Resource Network. Seniors from Barstow, Daggett, Hinkley, Newsberry Springs, and Yermo participated in the Barstow Senior Resources Fair. This event was a tremendous success. Nearly 400 seniors were assisted with CARE enrollment information.

In addition, continued focus was placed on using existing CARE Capitation agencies to provide one-on-one assistance to SCE's hardest-to-reach customer base. SCE's CARE

¹ Pursuant to Administrative Law Judge (ALJ) Sarah Thomas's email dated September 8, 2008, SCE is not filing this monthly report. Instead, SCE is submitting the monthly report to the Energy Division (copy to ALJ Thomas) and serving it on the service list for A.08-05-022 et al. and A.08-06-031 et al.

**Southern California Edison Company's (U 338-E) Low Income Assistance Programs Monthly Report
August 2008**

Program has experienced a significant increase in CARE enrollments through its Capitation agencies.

SCE continues to include a CARE enrollment application in the Welcome Kit that is sent to residents requesting new service or transfers of service. In 2008, as of August 31, 14,366 customers were enrolled in CARE as a result of this Welcome Kit.

In October 2007, SCE sent out approximately 50,000 bilingual direct mailers, which included a CARE enrollment application, to targeted customers not on the CARE rate. Through August 31, 2008, SCE received 2,404 enrollment applications resulting in 1,493 new enrollments and 539 recertifications.

In December 2007, SCE sent out approximately 193,000 bilingual direct mailers, which included a CARE enrollment application, targeting customers who have received a Final Call notice. Through August 31, 2008, SCE received 6,548 enrollment applications resulting in 5,236 new enrollments and 641 recertifications.

In January 2008, SCE sent out approximately 280,000 bilingual direct mailers, which included a CARE enrollment application, to targeted customers not on the CARE rate. Through August 31, 2008, SCE received 9,451 enrollment applications resulting in 6,808 new enrollments and 1,088 recertifications.

In February 2008, SCE sent out approximately 87,000 direct mail letters to customers who dropped off the CARE rate between December 31, 2006 and December 31, 2007 due to failure to respond to recertification requests. As of August 31, SCE received 13,209 enrollment applications resulting in 8,239 new enrollments and 3,010 recertifications.

Additionally, in June 2008, SCE included the CARE enrollment applications in non-CARE customers' bills as part of the annual CARE solicitation. As of August 31, 2008, 26,621 applications have been received, resulting in 20,487 new enrollments and 2,968 recertifications.

In July 2008, SCE sent out approximately 85,000 direct mail letters to customers who dropped from the CARE rate between May 31, 2007 and May 31, 2008 as a result of non-response to recertification requests. As of August 31, 2008, 146 applications have been received, resulting in 102 new enrollments and 23 recertifications.

In July 2008, SCE also sent out approximately 280,000 bilingual direct mailers to targeted customers not on the CARE rate. As of August 31, 2008, 2,917 applications have been received, resulting in 2,057 new enrollments and 376 recertifications.

Finally, SCE, as well as PG&E, SDG&E and SoCalGas, are working with the Energy Division to assist the Commission in its efforts to comply with SB 580. Through this SB 580 pilot program, the joint utilities will facilitate the enrollment of Women, Infants, Children (WIC) participants onto the CARE rate.

Low Income Energy Efficiency (LIEE) Program

SCE continues to strengthen delivery of comprehensive services to its low income customers. SCE contracts directly with an experienced and informed network of providers, including Community Based Organizations (CBOs) and private contractors. SCE also continues to implement LIEE as a leveraging vehicle with CBOs who deliver similar services through the Low Income Home Energy Assistance Program (LIHEAP) administered by the California State Department of Community Services. For instance, SCE provides LIHEAP agencies with refrigerators, at no cost, for installation into a joint LIEE/LIHEAP home. This leveraging approach maximizes the budgets of both the LIEE and LIHEAP programs in order effectively to serve as many customers as possible.

SCE also continues to competitively bid the purchase of energy-efficient appliances. By purchasing appliances in bulk, SCE is able to obtain low prices on equipment and exercise a level of control over inventory that may not otherwise be possible.

Cool Center Program

SCE's Cool Center Program provides low-income, senior, and disabled residents safe, air-conditioned, facilities they can visit during peak hours of the summer months in lieu of running their own cooling devices at home. Cool Centers are located in communities in extreme climate areas where they are most effective to offer relief from the heat. Cool Centers also provide a place where customers can learn more about SCE's low-income and energy efficiency programs, energy conservation, and other available community programs.

SCE's Cool Center operations began in June 2008. SCE has Cool Center locations in Blythe, Hesperia, Highgrove, Landers, Palm Springs, Perris, Porterville, Rubidoux, San Bernardino and San Jacinto.

Conclusion

SCE appreciates this opportunity to provide the Commission with updated information about the successes SCE has achieved in its LIEE, CARE and Cool Center programs.

70	^[1] Energy savings is based on 1) 2001 Low Income Impact Evaluation Study; 2) Decision 03-11-020 approved the LIEE Measure Cost Effectiveness Study conducted by Itron, Inc. filed on June 2, 2003 for new measure mix effective 1/1/04; 3) Decision 05-12-026 approved the Report on the Assessment of Proposed New Year 2006 LIEE Program Measures conducted by Itron, Inc. filed on May 2, 2005; and 4) the updated Database of Energy Efficient Resources (DEER).						
71	^[2] kW Estimate = kWh * 0.000217 which represents SCE's average of utility kWh to peak savings as filed in 2004/05 EE applications and included in Table 18 of Decision D04-09-060. This is an estimate of average peak savings, not coincident peak.						
72	^[3] Minor Home Repairs predominantly are door jamb repair / replacment, door repair, and window putty.						
73	^[4] Weatherization consists of attic insulation, attic access weatherization, weatherstripping - door, caulking, & minor home repairs

231	^[1] All capitation contractors with current contracts are listed regardless of whether they have signed up customers or submitted invoices this year.								
232	^[2] Numbers reflect customers that have been placed on the rate YTD. Capitation payments may lag by a month or more depending on when SCE is invoiced by the contractors. Some January capitation expenditures are for customers who were enrolled in 2007.

CERTIFICATE OF SERVICE

I hereby certify that, pursuant to the Commission's Rules of Practice and Procedure, I have this day served a true copy of SOUTHERN CALIFORNIA EDISON COMPANY'S (U 338-E) LOW INCOME ASSISTANCE PROGRAMS MONTHLY REPORT – AUGUST 2008 on all parties identified on the attached service list(s). Service was effected by one or more means indicated below:

Transmitting the copies via e-mail to all parties who have provided an e-mail address. First class mail will be used if electronic service cannot be effectuated.

Executed this 22nd day of September, 2008, at Rosemead, California.

/s/ JENNIFER ALDERETE
