LOW INCOME ASSISTANCE PROGRAMS MONTHLY REPORT

1. LIEE Executive Summary

1.1. Low Income Energy Efficiency Program Overview

1.1.1. Provide a summary of the LIEE Program elements as approved in Decision 08-11-031:

| Program Summary for Month | | | |
|---------------------------|-----------------------------------|---------------------|------|
| 2010 | Authorized / Planning Assumptions | Year-to-Date Actual | % |
| Budget | \$61,561,081 | \$58,573,835 | 95% |
| Homes Treated | 104,500 | 111,419 | 107% |
| kWh Saved | 29,743,228 | 30,511,548 | 103% |
| kW Demand Reduced | 9,676 | 8,564 | 89% |
| Therms Saved | N/A | N/A | N/A |

1.2. Whole Neighborhood Approach Evaluation

1.2.1. Provide a summary of the geographic and customer segmentation strategy employed, (i.e. tools and analysis used to segment “neighborhoods,” how neighborhoods are segmented and how this information is communicated to the contractor/CBO).

On November 17, 2010, in partnership with the Bloomington Middle School Head Start Program, SCE participated in the City of Bloomington Community Resource Fair in the City of Bloomington. SCE set up a booth and provided information to several organizations, teachers, parents and students in attendance from Bloomington Middle School.

On November 18, 2010, SCE presented to more than 14 case worker supervisors and managers for the City of Montclair. The key messaging was the benefit of SCE’s low-income programs. LIEE presented program information and provided a process flow of the delivery process. A brief Question and Answer session was conducted during and after the presentation to allow participants to gain full understanding of program parameters so that the information could be communicated to their clients.

Throughout the month of November 2010, SCE continued to promote its Income Qualified and Energy Efficiency programs through various community events within Edison’s service territory. Over 12 community events were held within the cities of Alhambra, Diamond Bar, Idyllwild, Inglewood, Irvine, Newport Beach, Orange, San Bernardino and Visalia where more than 1,600 customers interacted with SCE obtaining information on EMA and Energy Efficiency in general.

1.3. LIEE Customer Outreach and Enrollment Update

1.3.1. Provide a summary of the LIEE Program outreach and enrollment strategies deployed this month.

SCE and SoCalGas are currently preparing for the fourth opportunity this year with Univision's "A Su Lado" (By Your Side) effort. The segment is currently scheduled for Tuesday, December 14, 2010.

SCE continues to enroll customers through the paperless enrollment process which utilizes tablet PCs and portable scanners during the assessment process to streamline and expedite enrollments. This process complements the Whole Neighborhood Approach by reducing the program's carbon footprint and maximizing efficiencies. To date, 16 assessors from five different service providers have been utilizing the Tablet PC which has thus far enrolled over 5,500 customers.

SCE continues to conduct an outbound calling effort which targets customers who were previously cancelled during the enrollment process. The intent of this ongoing effort is to continue to communicate with all possible customers who might have been previously interested in the EMA Program and reinstate those leads. Over 160 leads were reinstated and referred out in the month of November 2010.

1.4. Leveraging Success Evaluation, Including CSD

1.4.1. Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What was the result in terms of new enrollments?

For the past several years, SCE has provided refrigerators to contractors at no cost to LIHEAP for installation through LIHEAP. SCE believes this approach will enable contractors to utilize measures and services from both the LIHEAP and EMA programs to better serve our customers. SCE continues to work with DCSD, service contractors, and the Commission in efforts to successfully leverage EMA and LIHEAP services.

1.5. Workforce Education & Training

1.5.1. Please summarize efforts to improve and expand LIEE workforce education and training. Describe steps taken to hire and train low income workers and how such efforts differ from prior program years.

In Decision 07-12-051, the Commission stated that "(t)he LIEE portion of the statewide strategic plan should include specific training strategies for reaching disadvantaged communities." SCE's contractors, and particularly community-

based organizations (CBOs), are situated in low-income and disadvantaged communities and provide jobs within these communities. Currently, these organizations provide over 1,100 jobs that support SCE's LIEE Program, including executive, clerical and other ancillary positions.

During the 2010 Program Year, SCE facilitated 14 Home Assessment Training workshops which provided training to agency outreach staff on the policies and procedures related to home assessment. The two-day training workshop includes comprehensive instruction on income documentation, customer and measure eligibility, and customer service. As a result of the Home Assessment Training workshops, 317 new jobs for assessors have been created to support SCE's LIEE program.

Throughout the month of November 2010, SCE conducted Recertification Workshops with existing EMA service providers to ensure that assessors remain current with program policies and procedures and to further ensure that only certified personnel are implementing program activities.

In addition to the Recertification Workshops, SCE conducted database training for existing service providers to maintain continued proficiency in documentation of program activity.

2.2. Outreach

2.2.1. Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

SCE continues to include a CARE enrollment application in the Welcome Kit that is provided to residents requesting new service or transfers of service. There have been 23,090 CARE customers enrolled as of November 30, 2010.

In March 2010, SCE sent out approximately 280,000 bilingual direct mailers containing a CARE enrollment application targeted to customers not already enrolled in the CARE program. As of November 30, 2010, there have been 12,799 applications received resulting in 9,216 enrollments and 1,207 recertifications.

Additionally, in August 2010, SCE mailed out approximately 350,000 bilingual direct mailers which included the CARE enrollment application targeted to non-CARE customers. As a result of this effort, 6,676 applications were received resulting in 4,925 new enrollments and 573 recertifications.

As part of the CARE Annual Solicitation process in June 2010, SCE included CARE enrollment applications in the bills of non-CARE customers. Due to this effort, SCE received 28,745 CARE applications that resulted in 21,482 new enrollments and 3,809 recertifications.

In November 2010, SCE conducted a direct mail campaign to customers who failed to recertify their CARE eligibility. An additional campaign will be undertaken in January 2011, as a follow up for those customers who have not responded to the November 2010, direct mail campaign in an effort to re-enroll eligible customers in the CARE Program.

SCE also conducted an IVR campaign in November 2010, to under-penetrated areas within SCE's service territory. Additionally, a direct mail campaign will be conducted in December 2010, to those customers who have not responded to the IVR campaign.

SCE's Customer Communications Organization within SCE's Call Centers continues to utilize the online CARE enrollment application at www.sce.com to directly enroll eligible customers in the CARE program via the phone or by offering the option to mail a CARE application to the customer. As of November 30, 2010, there have been 112,392 low

income customers enrolled in the CARE Program through the Call Centers outreach efforts.

CARE and FERA outreach efforts and communications to SCE’s in-language and under-penetrated areas continue to be a priority. SCE’s CARE and FERA Programs partner with internal departments such as Equal Opportunity, Local Public Affairs, Consumer Affairs, Customer Experience Management, Corporate Communications Community Involvement, Speakers Bureau, Business Solutions, the Mobile Energy Unit, employee volunteer-based affinity groups, and external organizations such as the Long Beach Housing Authority, the City of Long Beach’s Neighborhood Services Bureau, as well as various chambers, foundations, faith-based and community-based organizations in outreach activities to target SCE’s hard-to-reach customer base.

During November 2010, SCE’s CARE and FERA programs had a presence at 15 outreach events through these partnerships wherein thousands of CARE applications were distributed to potentially eligible customer populations throughout SCE’s service area (see table below). At many of these events, eligible customers had the opportunity to enroll or recertify for CARE via the real-time online enrollment application via www.sce.com and learn about the programs directly from a CARE/FERA subject matter expert. Such events provide SCE with the opportunity to maintain a presence in the community, continue to educate the public about SCE program offerings, and enroll eligible customers. Upholding this presence in the community is very important as the economic climate continues to impact SCE’s customers bringing a newly eligible customer base.

Beginning July 12, 2010, SCE's Home Energy Efficiency Survey (HEES) launched a new pilot where at the end of every survey, the customer is informed about the CARE Program and referred to SCE's website to obtain more information.

The CARE/FERA Capitation Fee Project team is continuing its efforts to re-engage existing Capitation partners while strategically registering additional contractors to overcome enrollment barriers such as language, cultural, and special needs as a means of enrolling the hardest to reach customers. Due to these efforts, the Capitation Fee Project continues to show increased enrollments from agencies that had been previously inactive. In November 2010, capitation contractors enrolled 1,948 newly eligible customers in the CARE Program.

In support of SCE's initiative to enroll hard-to-reach SCE customers in the month of November 2010, CARE Program Management registered the following organizations as SCE capitation contractors:

- Los Angeles Boys & Girls Club
- Volunteers of East Los Angeles
- Tulare Emergency Aid Council, Inc.

- Montclair/Ontario Junior Women's Club
- The Cambodian Family

Current campaign strategies and efforts include the following:

- Leverage sponsored community events to reach potential eligible populations for CARE or FERA enrollment. These events include food distributions and cultural celebrations.
- Partner with SCE personnel to leverage existing SCE partnerships with faith based organizations (FBOs), CBOs and local governments.
- Partner with public entities to leverage existing relationships with businesses, FBOs and CBOs to reach eligible customers through existing municipal channels.
- Leverage existing channels to develop creative approaches for contractors to conduct CARE/FERA outreach, including food and clothing distribution events, employment information workshops, farmers' markets, faith and community based publications, school events, and community fairs.

2.2.2. Describe the efforts taken to reach and coordinate the CARE program with other related low income programs to reach eligible customers.

SCE also enrolls new CARE customers through the Energy Assistance Fund program, a program which provides utility payment assistance through voluntary customer and employee donations.

The CARE Program continuously integrates its efforts and messaging with the EMA program at all outreach events, communications, and marketing campaigns; and, LIEE measure recipients are automatically enrolled in the CARE Program. As of November 30, 2010, there have been 426 eligible customers enrolled.

2.3. Recertification Complaints

SCE received no recertification complaints in November 2010.

| 23 | ^[4] One-E-App is a pilot program set up by The Center to Promote Healthcare Access (the Center) and PG&E. The pilot will occur within two PG&E counties and looks to implement a strategy of automatic enrollment for low-income customers into the CARE program based on the customer's application or reapplication for related low income health and social welfare services (e.g. Medi-CAL, Healthy etc.,) The goal is to develop another means by which low income families can be introduced into the CARE program and depending on the success of the pilot to other counties within PG&E's territory as well as the other IOUs. | | | | | | | | | | | | | | | | | | |
