LOW INCOME ASSISTANCE PROGRAMS MONTHLY REPORT

1. LIEE Executive Summary

1.1. Low Income Energy Efficiency Program Overview

1.1.1. Provide a summary of the LIEE Program elements as approved in Decision 08-11-031:

Program Summary for Month			
2010	Authorized / Planning Assumptions	Year-to-Date Actual	%
Budget	\$61,561,081	\$52,681,700	86%
Homes Treated	104,500	101,997	98%
kWh Saved	29,743,228	27,883,459	94%
kW Demand Reduced	9,676	7,763	80%
Therms Saved	N/A	N/A	N/A

1.2. Whole Neighborhood Approach Evaluation

1.2.1. Provide a summary of the geographic and customer segmentation strategy employed, (i.e. tools and analysis used to segment “neighborhoods,” how neighborhoods are segmented and how this information is communicated to the contractor/CBO).

On October 2, 2010 SCE participated in the 7th Annual Wheelchair Wash Event and VIP Pampering hosted by ‘Familia Unida Living with Multiple Sclerosis’. More than 1,000 individuals and families living with disabilities throughout the County of Los Angeles were in attendance to have their wheelchairs washed, tuned up, waxed, and groomed. In addition, attendees were provided with free hair cuts, manicures, massages, food and access to many services. Energy Save, an SCE EMA contractor, setup a booth wherein customers were provided information and enrolled in the EMA, CARE and Medical-Baseline Programs.

On October 4, 2010 SCE’s Residential and Income Qualified Programs presence at the annual LA County Fair at the Pomona Fairplex Grounds ended. SCE was able to deploy several kiosks providing information on residential and low income programs which allowed customers to immediately apply for the LIEE and CARE Programs. Between September 3, 2010 and October 4, 2010, over 8,400 interactions took place at the SCE booth and over 6,000 users clicked through the kiosk to obtain additional information related to SCE’s programs and services.

On October 9, 2010 SCE participated in The Inland Community Resource Fair in the City of Ontario which served as a major provider in education, information and

resources for customers throughout the County of San Bernardino. Several respected organizations and agencies were in attendance, such as local law enforcement, school districts and city, county, state, and federal agencies. The primary objectives for the event were to connect individuals with necessary departments, groups and organizations that may offer assistance; and to assist the various organizations in working together more effectively. EASE of California, an SCE EMA service provider, setup a booth wherein customers were provided information and enrolled in the EMA, CARE and Medical-Baseline Programs.

On October 19, 2010 SCE participated in a conference that provided information on the LIEE, CARE and Medical Baseline Programs to members that operate 700 senior centers located throughout SCE's service territory and the state of California. The conference provided a great opportunity for the seniors to access information and resources about utility and organizational programs.

On October 29, 2010 SCE partnered with Asian Rehabilitation Services and Asians and Pacific Islanders with Disabilities of California (APIDC) to support a statewide disability conference held at the Westin Hotel in Long Beach. SCE promoted the Income Qualified and Medical-Baseline Programs to all participants, primarily consisting of individuals and families living with disabilities. Breakout sessions were scheduled during the event where both SCE and So Cal Gas presented various programs offered by the utilities that could be of benefit to local residents and organizations. The breakout sessions provided the organizations the opportunity to network and leverage services being offered throughout the surrounding communities and on a statewide level. Assemblyman Mike Eng of the 49th District of California was in attendance to provide valuable information on related issues within state government and commended the various organizations and participants in attendance.

On October 30, 2010 SCE participated in a community health fair hosted by The Inland Regional Center (IRC), San Bernardino County Housing Authority, and The Redlands Boys & Girls. SCE provided EMA and CARE information to over 2,000 attendees. AnotherWay, an SCE EMA service provider setup a booth wherein customers were provided information and enrolled in the EMA, CARE and Medical-Baseline Programs.

Throughout the month of October 2010, SCE continued to promote its Income Qualified and energy efficiency programs through various community events within Edison's service territory. Over 35 community events were held within the cities of Apple Valley, Beaumont, Colton, Corona, El Monte, El Segundo, Garden Grove, Irvine, Long Beach, Ontario, Pasadena, San Bernardino, Santa Ana, Seal Beach, Tulare, and Victorville where over 6,700 customers interacted with SCE obtaining information on EMA and Energy Efficiency in general.

1.3. LIEE Customer Outreach and Enrollment Update

1.3.1. Provide a summary of the LIEE Program outreach and enrollment strategies deployed this month.

On October 21, 2010 the City of Indian Wells unveiled the Indian Wells Villas Energy Smart Community, the city's first affordable senior apartment complex. This celebration marked the completion of energy efficient retrofits to the complex; and, SCE received a proclamation from the City of Indian Wells for its efforts in leveraging the free services offered through the EMA Program. High efficiency air conditioning, compact fluorescent light bulbs, and energy education were provided throughout the complex.

On October 23, 2010, SCE utilized automated outbound calling to target approximately 30,000 CARE customers throughout Los Angeles. This campaign identified those customers who might be eligible to receive LIEE services; and through this effort, over 2,400 customers were referred to LIEE service providers as potential leads.

SCE continues to conduct an outbound calling effort which targets customers who have been previously cancelled during the enrollment process. The intent of this ongoing effort is to continue to communicate with all possible customers who might have been previously interested in the EMA Program and reinstate those leads. Over 120 leads were reinstated and referred out in the month of October 2010.

1.4. Leveraging Success Evaluation, Including CSD

1.4.1. Please provide a status of the leveraging effort with CSD.

What new steps or programs have been implemented?

What was the result in terms of new enrollments?

For the past several years, SCE has provided refrigerators to contractors at no cost to the LIHEAP program for installation through the LIHEAP program. SCE believes this approach will enable contractors to utilize measures and services from both the LIHEAP and EMA programs to better serve our customers. SCE continues to work with DCSD, service contractors, and the Commission in efforts to successfully leverage EMA and LIHEAP services.

1.5. Workforce Education & Training

1.5.1. Please summarize efforts to improve and expand LIEE workforce education and training. Describe steps taken to hire and train low income workers and how such efforts differ from prior program years.

In Decision 07-12-051, the Commission stated that "(t)he LIEE portion of the statewide strategic plan should include specific training strategies for reaching disadvantaged communities." SCE's contractors, and particularly community-based organizations (CBOs), are situated in low-income and disadvantaged communities and provide jobs within these communities. Currently, these organizations provide over 1,100 jobs that support SCE's LIEE Program, including executive, clerical and other ancillary positions.

During the 2010 Program Year, SCE has facilitated 14 Home Assessment Training workshops which provided training to agency outreach staff on the policies and procedures related to home assessment. The two-day training workshop includes comprehensive instruction on income documentation, customer and measure eligibility, and customer service. As a result of the Home Assessment Training workshops, 317 new jobs for assessors have been created to support SCE's LIEE program.

Throughout the month of October 2010, SCE conducted Recertification Workshops with existing EMA service providers to ensure that assessors remain current with program policies and procedures and to further ensure that only certified personnel are implementing program activities.

In addition to the Recertification Workshops, SCE conducted database training to existing service providers to maintain continued proficiency in documentation of program activity.

2. CARE Executive Summary

2.1. CARE Program Summary

2.1.1. Please provide CARE program summary costs

Total Program Costs and Discounts	\$213,312,000	\$232,425,501	109%

2.1.2. Please provide the CARE program penetration rate to date

CARE Penetration		
Participants	Estimated Eligible Participants	Year-to-Date Penetration Rate
1,365,596	1,426,059	96%

2.2. Outreach

2.2.1. Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

SCE continues to include a CARE enrollment application in the Welcome Kit that is provided to residents requesting new service or transfers of service. There have been 20,358 CARE customers enrolled as of October 31, 2010.

In March 2010, SCE sent out approximately 280,000 bilingual direct mailers containing a CARE enrollment application targeted to customers not already enrolled in the CARE program. As of October 31, 2010, there have been 12,785 applications received resulting in 9,210 enrollments and 1,205 recertifications.

Additionally, in August 2010 SCE mailed out approximately 350,000 bilingual direct mailers which included the CARE enrollment application targeted to non-CARE customers. As a result of this effort, 6,463 applications were received resulting in 4,768 new enrollments and 557 recertifications.

As part of the CARE Annual Solicitation process in June 2010, SCE included CARE enrollment applications in the bills of non-CARE customers. Due to this effort, SCE received 28,516 CARE applications that resulted in 21,293 new enrollments and 3,790 recertifications.

SCE's Customer Communications Organization within SCE's Call Centers continues to utilize the online CARE enrollment application at www.sce.com to directly enroll eligible customers in the CARE program via the phone or by offering the option to mail a CARE application to the customer. As of October 31, 2010, there have been 104,185 low income customers enrolled in the CARE Program through the Call Centers outreach efforts.

CARE and FERA outreach efforts and communications to SCE's in-language and under-penetrated areas continue to be a priority. SCE's CARE and FERA Programs partner with internal departments such as Equal Opportunity, Local Public Affairs (LPA), Consumer Affairs, Customer Experience Management, Corporate Communications Community Involvement, Speakers Bureau, Business Solutions, the Mobile Energy Unit (MEU), employee volunteer-based affinity groups, and external organizations such as the Long Beach Housing Authority, the City of Long Beach's Neighborhood Services Bureau, as well as various chambers, foundations, faith-based and community-based organizations in outreach activities to target SCE's hard-to-reach customer base.

During October 2010, SCE's CARE and FERA programs had a presence at 53 outreach events through these partnerships wherein thousands of CARE applications were distributed to potentially eligible customer populations throughout SCE's service area (see table below). At many of these events, eligible customers had the opportunity to enroll or recertify for CARE via the real-time online enrollment application via

www.sce.com and learn about the programs directly from a CARE/FERA subject matter expert. Such events provide SCE with the opportunity to uphold a presence in the community, continue to educate the public about SCE program offerings, and enroll eligible customers. Upholding this presence in the community is very important as the economic climate continues to impact SCE's customers bringing a newly eligible customer base.

From September 4, 2010 through October 3, 2010 SCE hosted a booth at the Los Angeles County Fair which is one of the largest county fairs in North America. SCE directly interacted with over 8,000 fair attendees and approximately 200 CARE applications were completed on site. SCE's booth contained interactive kiosks where attendees could view information about SCE's residential and business programs and services. Twenty percent of all kiosk users (600) viewed information on the CARE, FERA, and EMA Programs.

On October 22-24, 2010 SCE participated in Maria Shriver's "We Connect" Initiative & Women's Conference. The event was a health fair providing free dental, vision, medical and financial services (e.g. foreclosure counseling, legal referrals, employment and resume assistance, and access to social service programs) to women in need. SCE hosted a booth to provide information on its income qualified programs. Nearly 100 CARE applications were completed on site and SCE interacted with 882 residents.

Beginning July 12, 2010, SCE's Home Energy Efficiency Survey (HEES) launched a new pilot where at the end of every survey, the customer is informed about the CARE Program and referred to SCE's website to obtain more information.

The CARE/FERA Capitation Fee Project team is continuing its efforts to re-engage existing Capitation partners while strategically registering additional contractors to overcome enrollment barriers such as language, cultural, and special needs as a means of enrolling the hardest to reach customers. Due to these efforts, the Capitation Fee Project continues to show increased enrollments from agencies that had been previously inactive. In October 2010, capitation contractors enrolled 1,965 newly eligible customers in the CARE Program.

In support of SCE's initiative to enroll hard-to-reach SCE customers in the month of October 2010, CARE Program Management registered the following three organizations as SCE capitation contractors:

- St. Anthony School
- High Desert Domestic Violence Center

- Campesinas Unidas Del De San Joaquin

CARE/FERA management is also working with agencies to develop creative outreach approaches. Capitation agencies are being provided information and support to pursue alternative outreach activities that leverage their existing business strengths. These activities include partnering with businesses and organizations in key locations, developing public forums in which to conduct outreach, and conducting outreach in conjunction with community events that have a high probability of attracting newly eligible customer populations.

Current campaign strategies and efforts include the following:

- Leverage sponsored community events to reach potential eligible populations for CARE or FERA enrollment. These events include food distributions and cultural celebrations,
- Partner with SCE personnel to leverage existing SCE partnerships with faith based organizations (FBOs), CBOs and local governments.
- Partner with public entities to leverage existing relationships with businesses, FBOs and CBOs to reach eligible customers through existing municipal channels.
- Leverage existing channels to develop creative approaches for contractors to conduct CARE/FERA outreach, including food and clothing distribution events, employment information workshops, farmers' markets, faith and community based publications, school events, and community fairs.

2.2.2. Describe the efforts taken to reach and coordinate the CARE program with other related low income programs to reach eligible customers.

SCE also enrolls new CARE customers through the Energy Assistance Fund program, a program which provides utility payment assistance through voluntary customer and employee donations.

The CARE Program continuously integrates its efforts and messaging with the EMA program at all outreach events, communications, and marketing campaigns.

2.3. Recertification Complaints

SCE received no recertification complaints in October 2010.

20	[1] Enrollments via data sharing between the IOUs.																	
21	[2] Enrollments via data sharing between departments and/or programs within the utility. Includes HEAP payment data file from Accounts Payable Dept.																	
22	[3] Enrollments via data sharing with programs outside the IOU that serve low-income customers.																	
23	[4] One-E-App is a pilot program set up by The Center to Promote Healthcare Access (the Center) and PG&E. The pilot will occur within two PG&E counties and looks to implement a strategy of automatic enrollment for low-income customers into the CARE program based on the customer's application or reapplication for related low income health and social welfare services (e.g. Medi-CAL, Healthy etc.,) The goal is to develop another means by which low income families can be introduced into the CARE program and depending on the success of the pilot to other counties within PG&E's territory as well as the other IOUs.																	
24	[5] Not including Recertification.																	
25	[6] Recertification results are tied to the month initiated. Therefore, recertification results may be pending due to the time permitted for a participant to respond.
