**Southern California Edison Company's (U 338-E) Low Income Assistance Programs Monthly Report  
March 2007**

**Introduction**

Southern California Edison Company (SCE) hereby submits its Low Income Assistance Programs Monthly Report for March 2007.<sup>1</sup> This monthly report includes a brief narrative and quantitative tables (attached hereto), which describe the results of program activity during the month of March 2007 for SCE's low income assistance programs – the Low Income Energy Efficiency (LIEE) program and the California Alternate Rates for Energy (CARE) program.

In D.06-12-038, the California Public Utilities Commission (Commission) approved the format of the accompanying tables, which were developed by consensus among the joint utilities (SCE, Pacific Gas and Electric Company (PG&E), Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E)), the Energy Division, and the Division of Ratepayer Advocates. Minor changes have been made to the tables to incorporate input received at the February 21, 2007 workshop on low income reporting conducted by the Energy Division.

All results reported in this monthly report update and supersede data provided in previous reports.

**California Alternate Rates for Energy (CARE) Program**

As of March 31, 2007, a total of 1,038,989 customers were participating in the CARE program. Based on SCE's revised estimates of CARE-eligible customers and the increased income eligibility to 200% of federal poverty guidelines, SCE's current enrollment equates to a penetration rate of approximately 76%.

Outreach efforts and communications to SCE's in-language customers and under-penetrated areas continue to be a priority. In March 2007, SCE partnered with the Equal Opportunity Department in CARE outreach activities that targeted SCE's hard-to-reach customer base. These efforts included outreach events held with the Knights of Columbus and Catholic Charities. At each of these events, bilingual volunteers assisted attendees with CARE applications and information.

In mid-February, SCE ran Spanish-language advertising in LaOpinion newspaper targeting over 165,000 readers, informing them about the CARE program and encouraging them to enroll via an enclosed enrollment application. As a result of this effort, through March 31, SCE received more than 1,000 CARE enrollment applications resulting in 883 new CARE enrollments or customer recertifications.

---

<sup>1</sup> Pursuant to Administrative Law Judge (ALJ) Kim Malcolm's email dated February 20, 2007, SCE is not filing this monthly report. Instead, SCE is submitting the monthly report to the Energy Division (copy to ALJ Malcolm) and serving it on the service list for A.06-06-032 et al.

**Southern California Edison Company's (U 338-E) Low Income Assistance Programs Monthly Report  
March 2007**

SCE continues to include a CARE enrollment application in the Welcome Kit that is sent bi-weekly.

In March, SCE continued to work on a new CARE Program video, which was completed in April. Each video includes the information in English, Spanish, Korean, Chinese (Mandarin), Cambodian and Vietnamese, and will be distributed to the Public Affairs, Consumer Affairs and Equal Opportunity departments who have direct customer contact and can share the information with customers at outreach events to encourage enrollments.

Finally, SCE, as well as PG&E, SDG&E, and SoCalGas, are working with the Energy Division to assist the Commission in its efforts to comply with SB 580. Through this SB 580 pilot program, the joint utilities will facilitate the enrollment of Women, Infants, Children (WIC) participants onto the CARE rate. This CPUC-established pilot project is tentatively scheduled to be implemented on July 1, 2007.

**Low Income Energy Efficiency (LIEE) Program**

SCE continues to strengthen delivery of comprehensive services to its low income customers. SCE contracts directly with an experienced and informed network of providers, including Community Based Organizations (CBOs) and private contractors. SCE also continues to implement LIEE as a leveraging vehicle with CBOs who deliver similar services through the Low Income Home Energy Assistance Program (LIHEAP) administered by the California State Department of Community Services. For instance, SCE provides LIHEAP agencies with refrigerators, at no cost, for installation into a joint LIEE/LIHEAP home. This leveraging approach maximizes the budgets of both the LIEE and LIHEAP programs in order effectively to serve as many customers as possible.

SCE also continues to competitively bid the purchase of energy-efficient appliances. By purchasing appliances in bulk, SCE is able to obtain low prices on equipment and exercise a level of control over inventory that may not otherwise be possible.

Finally, SCE is in the process of sending out a direct mailer targeting CARE customers who have not previously participated in the LIEE program. The first phase of the mailer began in late March 2007 and continued through April 9. Results through March 31, 2007 showed an increase of more than 1,200 calls regarding interest in the LIEE program.

**Conclusion**

SCE appreciates this opportunity to provide the Commission with updated information about the successes SCE has achieved in its LIEE and CARE programs.

237	[1] All capitation contractors with current contracts are listed regardless of whether they have signed up customers or submitted invoices this year.								
238	[2] Numbers reflect customers that have been placed on the rate YTD. Capitation payments may lag by a month or more depending on when SCE is invoiced by the contractors. Some January capitation expenditures are for customers who were enrolled in 2006.								

**CERTIFICATE OF SERVICE**

I hereby certify that, pursuant to the Commission's Rules of Practice and Procedure, I have this day served a true copy of SOUTHERN CALIFORNIA EDISON COMPANY'S (U 338-E) LOW INCOME ASSISTANCE PROGRAMS MONTHLY REPORT – MARCH 2007 on all parties identified on the attached service list(s).
