Introduction

Southern California Edison Company (SCE) hereby submits its Low Income Assistance Programs Monthly Report for October 2007.¹ This monthly report includes a brief narrative and quantitative tables (attached hereto), which describe the results of program activity during the month of October 2007 for SCE's low income assistance programs – the Low Income Energy Efficiency (LIEE) program, the California Alternate Rates for Energy (CARE) program and the Cool Center program.

In D.06-12-038, the California Public Utilities Commission (Commission) approved the format of the accompanying tables, which were developed by consensus among the joint utilities (SCE, Pacific Gas and Electric Company (PG&E), Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E)), the Energy Division, and the Division of Ratepayer Advocates.

Minor changes have been made to the tables to incorporate input received at the February 21, 2007 workshop on low income reporting conducted by the Energy Division. Additionally, the joint utilities and the Energy Division held a conference call on April 27, 2007 to discuss additional information that the Energy Division requested during the February 21 workshop. The joint utilities are now reporting this information in tables 5L and 6C.

All results reported in this monthly report update and supersede data provided in previous reports.

California Alternate Rates for Energy (CARE) Program

As of October 31, 2007, a total of 1,032,249 customers were participating in the CARE program. Based on SCE's estimates of CARE-eligible customers and the income eligibility of 200% of federal poverty guidelines, SCE's current enrollment equates to a penetration rate of approximately 76%.

Outreach efforts and communications to SCE's in-language customers and under-penetrated areas continue to be a priority. SCE partners with the Equal Opportunity and Public Affairs Departments in CARE outreach activities that target SCE's hard-to-reach customer base. The primary focus of CARE outreach for the month of October centered on completion of CARE training of EAF organizations by the Consumer Affairs Department. Additional outreach was done throughout SCE service territory by various representatives within Public Affairs as well.

¹ Pursuant to Administrative Law Judge (ALJ) Kim Malcolm's email dated February 20, 2007, SCE is not filing this monthly report. Instead, SCE is submitting the monthly report to the Energy Division (copy to ALJ Malcolm) and serving it on the service lists for A.06-06-032 et al and R.07-01-042.

**Southern California Edison Company's (U 338-E) Low Income Assistance Programs Monthly Report
October 2007**

SCE continues to include a CARE enrollment application in the Welcome Kit that is sent to residents requesting new service or transfers of service. In 2007, as of October 31, 2007, 19,732 customers were enrolled in CARE as a result of this Welcome Kit.

Additionally, in June 2007, SCE included the CARE enrollment application in non-CARE customers' bills as part of the annual CARE solicitation. As a result of this effort, 27,258 applications have been received resulting in 22,116 new enrollments and 2,483 recertifications.

In July 2007, SCE sent out approximately 86,000 direct mail letters to customers who dropped off of the CARE rate between April 2006 and May 2007 due to failure to respond to recertification requests. Through October 31, 2007, SCE has received 11,974 enrollment applications resulting in 8,557 new enrollments and 1,465 recertifications.

In August 2007, SCE developed and sent approximately 280,000 bilingual direct mail letters, which included a CARE enrollment application, to targeted customers currently not on the CARE rate. Through October 31, 2007, SCE has received 12,468 enrollment applications resulting in 8,412 new enrollments and 2,853 recertifications.

In October 2007, SCE sent out approximately 50,000 bilingual direct mailers, which included a CARE enrollment application, to targeted customers currently not on the CARE rate. Results are pending.

Finally, SCE, as well as PG&E, SDG&E, and SoCalGas, are working with the Energy Division to assist the Commission in its efforts to comply with SB 580. Through this SB 580 pilot program, the joint utilities will facilitate the enrollment of Women, Infants, Children (WIC) participants onto the CARE rate.

Low Income Energy Efficiency (LIEE) Program

SCE continues to strengthen delivery of comprehensive services to its low income customers. SCE contracts directly with an experienced and informed network of providers, including Community Based Organizations (CBOs) and private contractors. SCE also continues to implement LIEE as a leveraging vehicle with CBOs who deliver similar services through the Low Income Home Energy Assistance Program (LIHEAP) administered by the California State Department of Community Services. For instance, SCE provides LIHEAP agencies with refrigerators, at no cost, for installation into a joint LIEE/LIHEAP home. This leveraging approach maximizes the budgets of both the LIEE and LIHEAP programs in order effectively to serve as many customers as possible.

SCE also continues to competitively bid the purchase of energy-efficient appliances. By purchasing appliances in bulk, SCE is able to obtain low prices on equipment and exercise a level of control over inventory that may not otherwise be possible.

Cool Centers

SCE's Cool Centers provide low-income, senior and disabled residents a cool, safe place to gather during hot summer months. Cool Centers are located in isolated communities in extreme climate areas, where few public facilities are available for use to offer relief from the heat. Cool Centers also provide a place where customers can learn more about SCE's low income and energy efficiency programs, energy conservation and other available community programs.

SCE's Cool Center program ended on October 15, 2007, which is considered the end of the summer season.

Conclusion

SCE appreciates this opportunity to provide the Commission with updated information about the successes SCE has achieved in its LIEE, CARE and Cool Center programs.

240	^[1] All capitation contractors with current contracts are listed regardless of whether they have signed up customers or submitted invoices this year.								
241	^[2] Numbers reflect customers that have been placed on the rate YTD. Capitation payments may lag by a month or more depending on when SCE is invoiced by the contractors. Some January capitation expenditures are for customers who were enrolled in 2006.
