LOW INCOME ASSISTANCE PROGRAMS MONTHLY REPORT

1. Energy Savings Assistance Program Executive Summary

1.1. Energy Savings Assistance (formerly referred to as Low Income Energy Efficiency or LIEE) Program Overview

- 1.1.1. Provide a summary of the Energy Savings Assistance Program elements as approved in Decision (D.) 11-11-010:

Program Summary for Month			
2012	Authorized / Planning Assumptions	Year-to-Date Actual	%
Budget	\$31,706,930	\$10,887,973	34%
Homes Treated	N/A	17,170	N/A
kWh Saved	N/A	5,017,961	N/A
kW Demand Reduced	N/A	1,714	N/A
Therms Saved	N/A	N/A	N/A

^[1] Program goals for the 2012 bridge funding cycle to be determined.

1.2. Whole Neighborhood Approach Evaluation

- 1.2.1. Provide a summary of the geographic and customer segmentation strategy employed (i.e., tools and analysis used to segment “neighborhoods,” how neighborhoods are segmented and how this information is communicated to the contractor/CBO).

Throughout the month of March 2012, SCE continued to promote the Energy Savings Assistance (ESA) program, California Alternate Rates for Energy (CARE) program, Cool Center program, Medical Baseline and other SCE programs through various community events within SCE’s service territory. At these events, customers interacted with SCE representatives and obtained information on the ESA program and Energy Efficiency in general.

1.3. Energy Savings Assistance Program Customer Outreach and Enrollment Update

- 1.3.1. Provide a summary of the Energy Savings Assistance program outreach and enrollment strategies deployed this month.

On March 14th and 20th, SCE conducted outreach to La Sierra's Senior Center in the City of Riverside and with the City of Moreno Valley Senior Center, respectively. SCE had the opportunity to discuss the various Income Qualified Programs, Medical Baseline Program, and Public Safety related topics and go through a Senior Resource Guide with local senior residents. These outreach efforts helped build awareness and support for the Income Qualified Programs offered by SCE in those service areas.

On March 5th, 12th, and 19th the Energy Savings Assistance Program launched an e-mail blast campaign targeting CARE-enrolled customers registered and opted in on SCE.com's "MyAccount." Over 148,000 customers received an e-mail in which the ESA Program video was featured providing beneficial program information and encouraging participation to "Apply Now."

SCE continues to enroll customers through the paperless enrollment process which utilizes tablet PCs and portable scanners during the assessment process to streamline and expedite enrollments. This process complements the Whole Neighborhood Approach by reducing the program's carbon footprint and maximizing efficiencies. In March 2012, six assessors from five different service providers utilized tablet PCs for this purpose, and the use of tablet PCs has been attributed to the enrollment of more than 440 customers.

1.4. Leveraging Success Evaluation, Including CSD

- 1.4.1. Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What was the result in terms of new enrollments?

For the past several years, SCE has provided refrigerators to contractors at no cost to the Low Income Home Energy Assistance Program (LIHEAP) for installation through LIHEAP. SCE believes this approach will enable contractors to utilize measures and services from both LIHEAP and the ESA program to better serve its customers. SCE continues to work with the California Department of Community Services and Development (DCSD), service contractors, and the CPUC in efforts to successfully leverage ESA program and LIHEAP services.

1.5. Workforce Education & Training

- 1.5.1. Please summarize efforts to improve and expand Energy Savings Assistance Program workforce education and training. Describe steps taken to hire and train low income workers and how such efforts differ from prior program years.

In D.07-12-051, the Commission stated that "(t)he LIEE portion of the statewide strategic plan should include specific training strategies for reaching disadvantaged communities." SCE's contractors, and particularly community-based organizations (CBOs), are situated in low income and disadvantaged communities and provide jobs within these communities. Currently, these organizations provide over 900 jobs that support SCE's ESA program, including executive, clerical and other ancillary positions. SCE has seen a reduction in the workforce due to one agency who is no longer providing assessment services for the ESA Program.

During the 2012 program year to date, SCE has conducted seven Home Assessment Training workshops, which provide training to agency outreach staff on the policies and procedures related to home assessment. As of January 2012, the revamped four-day training workshop includes comprehensive instruction on income documentation, customer and measure eligibility, and hands-on exercises that were the direct result of feedback from service providers and trainees. Because the workshop curriculum has been refreshed, all current assessors will be required to attend the full workshop and pass the certification exam in order to be re-certified as assessors. As a result of the Home Assessment Training workshops, 16 new jobs for assessors have been created to support SCE's ESA program.

CARE Penetration		
Participants	Estimated Eligible Participants	Year-to-Date Penetration Rate
1,440,834	1,452,219	99%

2.2. Outreach

2.2.1. Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

SCE's Customer Communications Organization within SCE's Call Centers continues to utilize the online CARE enrollment application at www.sce.com to directly enroll eligible customers in the CARE program via the telephone or by offering the option to mail a CARE application to the customer. In March 2012, there have been 12,733 eligible customers enrolled in the CARE program through the Call Centers' outreach efforts.

In February and March 2012, the CARE program launched a voluntary pilot confirmation campaign via automated phone calls targeting 11,000 customers. This campaign was designed to reach out to active CARE participants who have not recently been asked to recertify or verify their eligibility for the CARE program. During the call, customers are asked to self-certify their program eligibility based on current guidelines. Customers who press a key in response to a prompt indicating they no longer qualify for the program will be removed from the CARE rate. This effort is completely voluntary, and customers who choose not to respond will not be affected and will continue to receive the CARE discount uninterrupted. The initial results show a 46% response rate. In June, additional automated outbound-call and direct mail campaigns will be implemented as part of this same effort.

In the month of March 2012, SCE engaged nine water utilities with overlapping shared service territories to facilitate CPUC Decision 11-05-020 that directs class A and B water and energy utilities to exchange information relating to customers who are on their respective low income rate discount programs (LIRA and CARE respectively). The purpose of this effort is to increase participation rates for water low-income assistance programs. This month's activities included: finalizing confidentiality agreements and testing secured file transfer connectivity between the utilities.

CARE and Family Electric Rate Assistance (FERA) outreach efforts and communications to SCE's in-language and under-penetrated areas continue to be a priority. SCE's CARE and FERA programs partner with internal departments such as Equal Opportunity, Local Public Affairs (LPA), Consumer Affairs, Customer Experience Management, Corporate Communications Community Involvement, Speakers Bureau, Business Solutions, the Mobile Energy Unit (MEU), and employee volunteer-based resource groups, as well as various chambers, foundations, faith-based organizations (FBOs) and CBOs in outreach activities to target SCE's "hard-to-reach" customer base.

In March 2012, SCE's CARE/FERA programs had a presence at seven outreach events wherein CARE applications were distributed to potentially eligible customers throughout SCE's service area (see table below). At many of these events, eligible customers had the opportunity to enroll or recertify for CARE via the real time online enrollment form at www.sce.com. Such events provide SCE with the opportunity to uphold a presence in the community, continue to educate the public about the programs, and enroll eligible customers.

The CARE/FERA Capitation Fee Project team is continuing its efforts to re-engage existing Capitation agencies while strategically registering additional agencies to assist in overcoming enrollment barriers such as language, cultural, and special needs as a means of enrolling the hardest-to-reach customers. Due to these efforts, the Capitation Fee Project continues to show increased enrollments from agencies that had been previously inactive. In March 2012, Capitation contractors enrolled 354 new eligible customers in the CARE program.

The Capitation Fee Program re-engaged two capitation agencies: Proteus and Los Angeles County Housing Authority.

Current campaign strategies and efforts include the following:

- Leverage sponsored community events to reach potential eligible populations for CARE or FERA enrollment, including food distributions and cultural celebrations;
- Partner with SCE personnel in other internal departments to leverage existing SCE partnerships with FBOs, CBOs and local governments;
- Partner with public entities to leverage existing relationships with businesses, FBOs and CBOs to reach eligible customers through existing municipal channels; and
- Leverage existing channels to develop creative approaches for contractors to conduct CARE/FERA outreach, including food and clothing distribution events, employment information workshops, farmers' markets, faith and community based publications, school events, and community fairs.

2.2.2. Describe the efforts taken to reach and coordinate the CARE program with other related low income programs to reach eligible customers.

SCE also enrolls new CARE customers through the Energy Assistance Fund (EAF) program, which provides utility payment assistance through voluntary customer and employee donations.

CARE enrollment is coordinated with other low income programs such as SoCalGas low income programs, LIHEAP and SCE's ESA and EAF programs. ESA program measure recipients are automatically enrolled in CARE each month, and LIHEAP payment recipients are automatically enrolled in CARE on a quarterly basis. In March 2012, there were 2,366 eligible customers enrolled in the CARE program as a result of data sharing with SoCalGas, LIHEAP, and SCE's ESA and EAF programs.

The CARE program continuously integrates its efforts and messaging with the ESA program at all outreach events, communications, and marketing campaigns.

2.3. Recertification Complaints

SCE did not receive any recertification complaint in March 2012.

3. Cool Centers Executive Summary

The 2012 Cool Center Program will launch on June 1, 2012, and close on October 15, 2012. The program will include 19 Cool Centers from the 2011 program and a new Cool Center in Porterville.

^[1] Enrollments via data sharing between the IOUs.

^[2] Enrollments via data sharing between departments and/or programs within the utility. Includes HEAP payment data file from Accounts Payable Dept.

^[3] Enrollments via data sharing with programs outside the IOU that serve low-income customers.

^[4] One-E-App is a pilot program set up by The Center to Promote Healthcare Access (the Center) and PG&E. The pilot will occur within two PG&E counties and looks to implement a strategy of automatic enrollment for low-income customers into the CARE program based on the customer's application or reapplication for related low income health and social welfare services (e.g. Medi-CAL, Healthy etc.) The goal is to develop another means by which low income families can be introduced into the CARE program and depending on the success of the pilot to other counties within PG&E's territory as well as the other IOUs.

^[5] Not including Recertification.

^[6] Recertification results are tied to the month initiated. Therefore, recertification results may be pending due to the time permitted for a participant to respond.
