(U39E), Southern California Edison Company (U338E),
San Diego Gas & Electric Company (U902E), and
Southern California Gas Company (U904G) Submitting
the California Energy Efficiency Strategic Plan.

Application 08-06-004
(Filed June 12, 2008)

**MONTHLY REPORT OF SOUTHERN CALIFORNIA GAS COMPANY
(U 904 G) ON LOW INCOME ASSISTANCE PROGRAMS FOR JULY 2008**

I. INTRODUCTION

In Ordering Paragraphs (“OP”) 14 through 17 of Decision (“D.”) 01-05-033 the California Public Utilities Commission (“Commission”) directs Southern California Gas Company (“SoCalGas”) and the other Investor Owned Utilities (“IOUs”)¹ to provide monthly status reports on the costs and impacts of their Rapid Deployment (“RD”) efforts on their California Alternate Rates for Energy (“CARE”) and Low Income Energy Efficiency (“LIEE”) programs.

In Application (A.) 06-06-033 SoCalGas proposed changes to the monthly Rapid Deployment reports in an effort to streamline the reports while maintaining their value. SoCalGas, along with the other utilities, then worked closely with the Energy Division to further develop and update the tables used to report low-income program activity on a monthly basis. In D.06-12-038, the utilities’ proposed changes for the monthly program reporting were approved.

¹ The other IOUs include San Diego Gas & Electric Company, Southern California Edison Company, and Pacific Gas and Electric Company.

The reports will henceforth be referred to as the “Monthly Reports on Low Income Assistance Programs.”

This seventh monthly report on SoCalGas’ 2008 Low Income Assistance Programs includes actual LIEE and CARE results and expenditures through July.

II. OUTREACH AND LEVERAGING FOR CARE AND LIEE

In July, SoCalGas conducted a CARE bill insert campaign in which all residential non-participating customers received a self-mailer CARE application.

During the month of July, an LIEE direct mail post card campaign was launched targeting 4,200 customers living in the Pasadena and Riverside areas believed to have a high probability of meeting the LIEE eligibility criteria. This custom postcard type mailer promoted the LIEE program and encouraged recipients to contact the SoCalGas call center to learn more about the program. In addition, an electronic newsletter was sent out to 71,000 SoCalGas customers throughout its service area promoting the CARE and LIEE programs.

In July, SoCalGas representatives participated in three outreach events within its service territory. Events included: Building Industry Association meeting in Ventura, American Indian Pow Wow in Los Angeles, and a Southern California Edison lighting event in Santa Ana. Participants were given information about all of the programs and services currently being offered by SoCalGas. In total, over 7,000 customers had the opportunity to learn more about SoCalGas’ low-income programs. Also, in July and August a Meals on Wheels coordinated CARE outreach effort is providing 500 “MOW” senior shut-in clients with an opportunity to enroll in CARE.

III. LOW-INCOME ENERGY EFFICIENCY

July Results – LIEE Installations

SoCalGas processed and paid for the installation of weatherization measures in 3,836 homes for the month of July.

The total number of appliances serviced during July was 386, which included 255 furnace repairs, 114 furnace replacements, and 17 water heater replacements.

LIEE measure and appliance installations processed and paid during the month can be found in SoCalGas' Table 2L, LIEE Measure Installations & Savings.

LIEE Authorized Funding Versus Actual Expenditures

SoCalGas' LIEE Program expenditures totaled \$1.9 million for services processed and paid during the month of July, and \$10.9 million year-to-date. An additional \$522,000 was spent on administration, for a year-to-date program administration cost of \$2.8 million. Total LIEE program costs through July are 41% of the 2008 authorized budget (See Table 1L).

IV. CALIFORNIA ALTERNATE RATES FOR ENERGY

July CARE Enrollment Results

As of July 2008, 1,383,254 residential customers were enrolled in the CARE program, which is a net increase of 7,732 customers from June 2008. During July 31,208 new CARE applications were approved, which included 354 from CARE capitation contractors (See Table 2C). SoCalGas' penetration rate for the CARE program at the end of July was 81.1%.

Telephone Enrollments

In July, SoCalGas launched its fifth Automated Voice Messaging ("AVM") campaign for CARE. This campaign targeted low-income customers throughout SoCalGas' service territory who were recently dropped from CARE due to non-response to the program's recertification

requirement. The July AVM campaign produced nearly 2,400 new enrollments and has enrolled over 17,000 customers onto the CARE rate discount throughout the year.

Third-Party Enrollments

During July, SoCalGas' CARE Third-Party Outreach program produced 5,195 new enrollments. This door-to-door outreach program targets SoCalGas' hardest-to-reach low-income customers who have been non-responsive to most other outreach methods. Year-to-date, over 35,000 new customers have enrolled in CARE through SoCalGas' third-party enrollment process.

Web Based Enrollments

During July, SoCalGas received 2,381 CARE applications through its internet based outreach activities resulting in 1,223 new CARE enrollments. Activities include e-newsletters, targeted e-campaigns and promoting the CARE website on various collateral materials and during mass media campaigns. Year-to-date, over 9,000 customers have enrolled in CARE through the on-line option, which represents a 400% increase from year end 2007.

CARE Authorized Funding Versus Actual Expenditures

During July, CARE administrative expenses totaled \$378,586. Year-to-date costs totaled \$2.8 million which is 60% of the authorized 2008 CARE administrative budget. CARE rate and Service Establishment Charge discounts for July totaled \$9.9 million. Year-to-date costs are \$79.4 million which is 63% of the projected 2008 CARE Subsidies and Benefits budget.

The comparison of actual expenses to the budgeted figures for July is provided in Table 1C.

V. CONCLUSION

SoCalGas continues to implement its outreach efforts with the goal of providing LIEE services to as many qualified customers as possible and increasing CARE participation during PY2008.

Respectfully submitted,

/s/ KIM F. HASSAN
