**MONTHLY REPORT OF SOUTHERN CALIFORNIA GAS COMPANY (U 904 G)
ON LOW INCOME ASSISTANCE PROGRAMS FOR OCTOBER 2008**

I. INTRODUCTION

In Ordering Paragraphs (OP) 14 through 17 of Decision (D.) 01-05-033 the California Public Utilities Commission (Commission) directs Southern California Gas Company (SoCalGas) and the other Investor Owned Utilities (IOUs)¹ to provide monthly status reports on the costs and impacts of their Rapid Deployment (RD) efforts on their California Alternate Rates for Energy (CARE) and Low Income Energy Efficiency (LIEE) programs.

In Application (A.) 06-06-033 SoCalGas proposed changes to the monthly Rapid Deployment reports in an effort to streamline the reports while maintaining their value.

SoCalGas, along with the other utilities, then worked closely with the Energy Division to further develop and update the tables used to report low-income program activity on a monthly basis. In D.06-12-038, the utilities' proposed changes for the monthly program reporting were approved. The reports will henceforth be referred to as the "Monthly Reports on Low Income Assistance Programs."

This tenth monthly report on SoCalGas' 2008 Low Income Assistance Programs includes actual LIEE and CARE results and expenditures through October.

II. OUTREACH and LEVERAGING for CARE AND LIEE

In October, an electronic newsletter was sent out to 71,000 SoCalGas customers throughout its service area promoting the CARE and LIEE programs.

During the month of October, an LIEE direct mail campaign was launched targeting approximately 2,000 customers in select zip codes in Brawley and Fontana believed to have a high probability of meeting the LIEE eligibility criteria. This effort promoted the LIEE program and encouraged recipients to contact the SoCalGas LIEE call center to learn more about the program. Also, a two week CARE enrollment blitz was conducted at all SoCalGas bill payment offices, in which employees offered the program to all their non-participating residential customers.

In October, SoCalGas representatives participated in the "Family Day at the Park" event held in the city of Southgate. Over 1,000 customers attended this community oriented event in which SoCalGas representatives had the opportunity to discuss the various assistance programs currently available to SoCalGas customers.

¹ The other IOUs include San Diego Gas & Electric Company, Southern California Edison Company, and Pacific Gas and Electric Company.

III. LOW-INCOME ENERGY EFFICIENCY (LIEE)

October Results – LIEE Installations

SoCalGas processed and paid for the installation of weatherization measures in 6,823 homes for the month of October.

The total number of appliances serviced during October was 798, which included 451 furnace repairs, 314 furnace replacements, and 33 water heater replacements.

LIEE measure and appliance installations processed and paid during the month can be found in SoCalGas' Table 2L, LIEE Measure Installations & Savings.

LIEE Authorized Funding Versus Actual Expenditures

SoCalGas' LIEE Program expenditures totaled \$3.7 million for services processed and paid during the month of October, and \$19.4 million year-to-date. An additional \$224,000 was spent on administration, for a year-to-date program administration cost of \$4.0 million. Total LIEE program costs through October are 71% of the 2008 authorized budget (See Table 1L).

IV. CALIFORNIA ALTERNATE RATES FOR ENERGY (CARE)

October CARE Enrollment Results

As of October 2008, 1,417,550 residential customers were enrolled in the CARE program, which is a net increase of 26,431 customers from September 2008. During October 34,043 new CARE applications were approved, which included 155 from CARE capitation contractors (See Table 2C). SoCalGas' penetration rate for the CARE program at the end of October was 83.1%.

Web Based Enrollments

During October, SoCalGas received 2,750 CARE applications through its internet based outreach activities resulting in 1,925 new CARE enrollments. Outreach activities included

e-newsletters, targeted e-campaigns and promoting the CARE website on various collateral materials and during mass media campaigns. Year-to-date over 16,000 customers have enrolled in CARE through the on-line option.

CARE Authorized Funding Versus Actual Expenditures

CARE administrative expenses for October totaled \$445,364. Year-to-date costs totaled \$4.1 million which is 86% of the authorized 2008 CARE administrative budget. CARE rate and Service Establishment Charge discounts for October totaled \$8.1 million. Year-to-date costs are \$100.3 million which is 79% of the projected 2008 CARE Subsidies and Benefits budget.

The comparison of actual expenses to the budgeted figures for October is provided in Table 1C.

V. CONCLUSION

SoCalGas continues to implement its outreach efforts with the goal of providing LIEE services to as many qualified customers as possible and increasing CARE participation during PY2008.

Respectfully submitted,

/s/ KIM F. HASSAN
