**MONTHLY REPORT OF SOUTHERN CALIFORNIA GAS COMPANY
(U 904 G) ON RAPID DEPLOYMENT EFFORTS FOR FEBRUARY 2005**

I. INTRODUCTION

Pursuant to Administrative Law Judge Steven Weissman's permission, granted March 22, 2005, Southern California Gas Company (SoCalGas) here files its Rapid Deployment (RD) Report for February 2005 activities.

In Decision (D.) 01-05-033, the Commission directed SoCalGas and the other investor owned utilities (IOUs) to provide monthly status reports on the costs and impacts of their RD efforts on their California Alternate Rates for Energy (CARE) and Low Income Energy Efficiency (LIEE) programs.

On May 22, 2002, the utilities held a conference call with the Energy Division and the Office of Ratepayer Advocates (ORA) to assess Rapid Deployment (RD) Reporting. The parties agreed that the utilities would submit a full monthly RD report to the Commission every three months. The first one being the previously submitted May report and future reports due in August of 2002, November of 2002, and February of 2003 -- only certain tables and a brief narrative highlight of RD activities were required from the utilities in other months.

In April 2004, the utilities met with the Energy Division and ORA to discuss proposed changes to the reports that would eliminate all references to SBX1 5 and combine some information while retaining sufficient information for the programs to be assessed. Table column and row headings have not been changed to avoid confusion if comparisons are made with earlier reports.

In an Assigned Commissioner's Ruling dated May 5, 2004, the utilities were directed to include in their October report information on the implementation of automatic enrollment with the Department of Community Services and Development (DCSD), and then to continue to report on automatic enrollment on a quarterly basis. SoCalGas will continue to include Table 10.1 on automatic enrollment in each of its quarterly rapid deployment reports.

In D.02-07-033, the Commission authorized the IOUs to update their CARE and LIEE eligibility customer estimates using Census 2000 data. In accordance with that Decision, SoCalGas has updated its eligibility estimates for PY2005 and have included them in the "Revisions to the Annual Estimates of CARE Eligible Customers and Related Information" filed with the Commission on December 28, 2004, by Southern California Edison, on behalf of the IOUs. Pending Commission action on those filings, SoCalGas is using the updated eligibility information to provide information on CARE and LIEE customer participation and penetration for PY2005.

This second report for PY2005 contains information on SoCalGas' low-income programs during the month of February 2005 along with the following tables:

- Table 1 – LIEE Program Expenses
- Table 4 – LIEE Measure Installations
- Table 6 – CARE Program Expenses

- Table 10 – CARE Rapid Deployment Progress
- Table 11 – CARE Random Verification Results
- Table 16 – CARE Participation-Combined Urban and Rural

II. **LOW-INCOME ENERGY EFFICIENCY (LIEE)**

February Results – LIEE Installations

SoCalGas processed and expensed the installation of weatherization measures in 958 homes for the month of February, bringing the year-to-date total to 1,614.

The total number of appliances serviced during February was 172, which included 130 furnace repairs, 31 furnace replacements and 11 water heater repairs. The year-to-date totals for all appliances serviced are equal to the February totals due to the fact that no appliances were serviced in January.

For the month of February, SoCalGas processed and expensed reimbursements for 77 Energy Education Workshops with 1,812 participants. Year-to-date, 85 workshops have been conducted and expensed with a total of 2,019 participants.

LIEE measure and appliance installations processed and expensed during the month can be found in SoCalGas' Table 4, LIEE Measure Installations.

LIEE Leveraging and Outreach

During February, SoCalGas leveraged LIEE outreach with other Customer Assistance outreach efforts at the community events discussed in the CARE Outreach & Leveraging section below. The following summarizes additional outreach conducted for the Customer Assistance programs during February:

- On February 23, SoCalGas representatives provided winter message flyers to the Community Action Partnership of Orange County (CAPOC). The winter message flyers, which include tips on conservation as well as information on DAP, CARE,

Medical Baseline and Gas Assistance Fund (GAF), will be included in food bags given to low-income households. Over 5000 winter message flyers were provided.

LIEE Authorized Funding Versus Actual Expenditures

SoCalGas' LIEE Program expenditures for February totaled \$.7 million for services processed and paid during the month, and \$1 million year-to-date. An additional \$276 thousand was spent on administration, for a year-to-date administration cost of \$459 thousand. Total costs year-to-date are 4% of budget. (See Table 1)

III. CALIFORNIA ALTERNATE RATES FOR ENERGY

February CARE Enrollment Results

As of February 2005, 1,063,383 residential customers were enrolled in the CARE program, which is a net increase of 7,556 customers from January 2005. During the month of February, 29,677 new CARE applications were approved, which included 3,113 from CARE capitation contractors and 5,488 through SoCalGas' interutility agreements. (See Table 10).

CARE OUTREACH AND LEVERAGING

In an effort to continue reaching out to our customer base, below are activities and events that occurred during the month of February in addition to the events reported in the LIEE February Leveraging and Outreach section above. Most of the events promote all of the assistance programs available to SoCalGas customers, which include CARE and LIEE:

- On February 15, SoCalGas sent 200 Customer Assistance Program (CAP) brochures to the Los Angeles Chamber of Commerce. The 100 English and 100 Spanish large font CAPs will be distributed to Los Angeles residents at the next open forum chamber meeting.

- Customer Assistance (CA) leveraged with Mass Market's Winter DSM campaign by purchasing fifteen second radio traffic spots to promote customer assistance programs in the general and Hispanic markets. The general market radio spots ran through February while radio spots in the Hispanic market will run through March.
- In February, SoCalGas conducted a targeted CARE bill insert campaign to 150K CARE eligible customers. The campaign focused its efforts on areas within the service territory with historically high response patterns and customer mobility so as to ensure a high response rate.
- Customer Assistance representatives participated in a SoCalGas Environmental Award Reception held at the Gas Tower on February 25. The reception afforded representatives a great opportunity to discuss CA programs with community leaders, elected officials and many business executives. Throughout the evening CA brochures were distributed to all interested parties.

During the month of February every customer received the bill message (***Special Discount*** You may be eligible for the California Alternate Rates for Energy (CARE) program. For more information and to request an application, please call 1-800-772-5050) on their bill in English and Spanish to promote the program).

SoCalGas staff members continue to distribute CAP brochures to energy technicians to provide to customers within SoCalGas' service territory. In addition, upon the customer's request, Energy Efficiency packets, which include a CARE application and CAP brochure, are also mailed out. Due to the increased awareness of the low-income programs, SoCalGas continues to receive and respond to requests for CARE applications and/or CAP brochures.

CARE AUTHORIZED FUNDING VERSUS ACTUAL EXPENDITURES

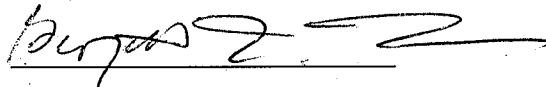

During February, CARE administrative expenses, including outreach, totaled \$278,448. Year-to-date SoCalGas has spent approximately \$.5 million in administration which is 10% of the authorized 2005 CARE administrative budget. CARE rate and Service Establishment Charge discounts through February are \$19.4 million, which is 24% of the proposed 2005 CARE discount budget.

The comparison of actual expenses to the budgeted figures for February is provided in Table 6.

IV. CONCLUSION

SoCalGas continues to implement its outreach efforts with the goal of providing LIEE services to as many qualified customers as possible and increasing CARE participation during PY2005.

Respectfully submitted,

Georgetta J. Baker

45
 46 (1) Base Budget reflects PY2005 Annual Base and does not include Carry Over funds.
 47 (2) In 2005, SCG began to record indirect costs to the DAP Program. The dollars included in the "Other Indirect Costs" category are included in rate base and therefore are excluded from the DAP TOTAL Program Costs.
 48 (3) No charges for CO Tests in February due to SCG Database error.
 49 Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

(1) For all measures, estimates of "Initiated but not Completed" are based on the total number of "Initiated but not Completed" jobs submitted by Contractors and installation patterns recorded YTD.

(2) SoCalGas does not track this measure separately from attic insulation.

(3) Set-back Thermostats are included with installations of Gas FAUs and are not tracked separately.

(4) Represents EE Workshop Participants Processed and Paid during the month.

Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

34									
35	1. Indirects costs were budgeted as direct costs and were included in each functional category.								
36	2. In 2005, SCG began to record some indirect costs to the CARE Program. Other Indirect Costs are included in rate base and therefore, are not included in the CARE TOTAL Program costs.								
37	3. Updated projected CARE discounts for the PPP Gas Surcharge Update filings submitted on 11/1/2004.
