**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking on the Commission's
Proposed Policies and Programs Governing post-2003
Low-Income Assistance Programs.

R. 04-01-006

**MONTHLY REPORT OF SOUTHERN CALIFORNIA GAS COMPANY
(U 904 G) ON RAPID DEPLOYMENT EFFORTS FOR MAY 2006**

I. INTRODUCTION

In Decision (D.) 01-05-033 the Commission directed Southern California Gas Company (SoCalGas) and the other investor owned utilities (IOUs) to provide monthly status reports on the costs and impacts of their Rapid Deployment (RD) efforts on their California Alternate Rates for Energy (CARE) and Low Income Energy Efficiency (LIEE) programs.

On May 22, 2002, the utilities held a conference call with the Energy Division and the Office of Ratepayer Advocates (ORA) to assess Rapid Deployment (RD) Reporting. The parties agreed that the utilities would submit a full monthly RD report to the Commission every three months. The first one being the previously submitted May report and future reports due in August of 2002, November of 2002, and February of 2003 -- only certain tables and a brief narrative highlight of RD activities were required from the utilities in other months.

In April 2004, the utilities met with the Energy Division and ORA to discuss proposed changes to the reports that would eliminate all references to SBX1 5 and combine some information while retaining sufficient information for the programs to be assessed. Table column and row headings have not been changed to avoid confusion if comparisons are made with earlier reports.

In an Assigned Commissioner's Ruling dated May 5, 2004, the utilities were directed to include in their October report information on the implementation of automatic enrollment with the Department of Community Services and Development (DCSD), and then to continue to report on automatic enrollment on a quarterly basis. SoCalGas will continue to include Table 10.1 on automatic enrollment in each of its quarterly rapid deployment reports.

In D. 05-10-044, the Commission authorized CARE and LIEE eligibility standards at 200% of Federal Poverty Guidelines (FPG) for all residential programs. SoCalGas has used updated census information at 200% to estimate the number of CARE customers eligible for the month of May. An updated filing on estimated eligibility levels based on this new criteria by the IOUs is still pending.

This fifth report for program year (PY) 2006 contains information on SoCalGas' low-income programs during the month of May 2006 along with the following tables:

- Table 1 – LIEE Program Expenses
- Table 4 – LIEE Measure Installations
- Table 6 – CARE Program Expenses
- Table 10 – CARE Rapid Deployment Progress
- Table 11 – CARE Random Verification Results
- Table 16 – CARE Participation-Combined Rural and Urban

II. LOW-INCOME ENERGY EFFICIENCY (LIEE)

May Results – LIEE Installations

SoCalGas processed and expensed the installation of weatherization measures in 3,811 homes for the month of May.

The total number of appliances serviced during May was 731, which included 396 furnace repairs, 237 furnace replacements, 92 water heater repairs and 6 water heater

replacements. Year-to-date, 2,608 appliances have been serviced which is comprised of 1,545 furnace repairs, 617 furnace replacements, 435 water heater repairs and 11 water heater replacements.

For the month of May, SoCalGas processed and expensed reimbursements for 97 Energy Education Workshops with 1,845 participants. Year-to-date, 405 workshops have been conducted and expensed with a total of 9,018 participants.

LIEE measure and appliance installations processed and expensed during the month can be found in SoCalGas' Table 4, LIEE Measure Installations.

LIEE Leveraging and Outreach

During May, SoCalGas leveraged LIEE outreach with other Customer Assistance outreach efforts at the community events discussed in the CARE Outreach & Leveraging section below. The following summarizes additional outreach conducted for the Customer Assistance programs during May:

- On May 6th, SoCalGas Customer Assistance representatives attended the East San Gabriel Valley Special Olympics. Information about SoCalGas' Customer Assistance Programs was provided to those in attendance. Over 200 English CAP brochures were distributed.
- SoCalGas representatives attended the Dinuba Neighborhood Event on May 19. The purpose of the event was the weatherization of 83 customer homes. Representatives also discussed the various assistance programs currently available to SoCalGas customers. Over 50 English and 50 Spanish CAP brochures were distributed as well as 100 CARE applications.

LIEE Authorized Funding Versus Actual Expenditures

SoCalGas' LIEE Program expenditures totaled \$2.6 million for services processed and paid during the month of May, and \$7.5 million year-to-date. An additional \$313 thousand was spent on administration, for a year-to-date administration cost of \$1.5 million. Total costs year-to-date are 27% of budget (See Table 1).

III. CALIFORNIA ALTERNATE RATES FOR ENERGY

May CARE Enrollment Results

As of May 2006, 1,242,489 residential customers were enrolled in the CARE program, which is a net decrease of (5,186) customers from April 2006. During the month of May, 27,283 new CARE applications were approved, which included 1,923 from CARE capitation contractors and 5,860 through SoCalGas' interutility agreements. (See Table 10).

CARE Outreach and Leveraging

In an effort to continue reaching out to our customer base, below are activities and events that occurred during the month of May in addition to the events reported in the LIEE May Leveraging and Outreach section above. Most of the events promote all of the assistance programs available to SoCalGas customers, which include CARE and LIEE:

- On May 20, SoCalGas Customer Assistance representatives attended the United Negro College Fund (UNCF) "Walk for Education". Representatives discussed the various assistance programs currently available to SoCalGas customers. Over 1,000 English CAP brochures and 1,000 CARE applications were distributed.
- SoCalGas representatives attended the City of Corona Public Works Fair on May 23. Information about SoCalGas' Customer Assistance Programs was provided to those in

attendance. Over 200 English and 200 Spanish CAP brochures were distributed as well as 200 CARE applications.

- On May 31, SoCalGas representatives attended the Consumer Awareness Safety Forum at the Rosemead Middle school. The event was hosted by Congressperson Hilda Solis and her staff. Information about SoCalGas' Customer Assistance Programs was provided to those in attendance.

SoCalGas staff members continued to distribute CAP brochures to energy technicians. Energy technicians routinely visit customers within SoCalGas' service territory, and are able to provide customers with CAP brochures during scheduled service calls. In addition, upon the customer's request, Energy Efficiency packets, which include a CARE application and CAP brochure, are also mailed out. Further, SoCalGas also provided English and Spanish CARE posters and application forms reflecting the new income-guidelines to all Branch Payment Offices and Authorized Payment Locations (APLs). Due to the increased awareness of the low-income programs, SoCalGas continues to receive and respond to requests for CARE applications and/or CAP brochures.

CARE AUTHORIZED FUNDING VERSUS ACTUAL EXPENDITURES

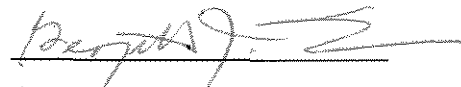

During May, CARE administrative expenses, including outreach, totaled \$263,347. Year-to-date SoCalGas has spent approximately \$1.5 million on administration which is 37% of the authorized 2006 CARE administrative budget. CARE rate and Service Establishment Charge discounts through May are \$51.3 million, which is 54% of the projected 2006 CARE discount budget.

The comparison of actual expenses to the budgeted figures for May is provided in Table 6.

IV. CONCLUSION

SoCalGas continues to implement its outreach efforts with the goal of providing LIEE services to as many qualified customers as possible and increasing CARE participation during PY2006.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Georgetta J. Baker", is written over a horizontal line.
