**MONTHLY REPORT OF SAN DIEGO GAS & ELECTRIC COMPANY (U 902 M)
ON LOW-INCOME ASSISTANCE PROGRAMS FOR JULY 2010**

This is the seventh monthly report of program year (PY) 2010. The purpose of this report is to consolidate activity for the CARE and LIEE programs and provide the Energy Division with all the necessary information to assist in analyzing the low-income programs.

This report presents year-to-date LIEE and CARE results and expenditures through July 2010 for San Diego Gas & Electric Company (SDG&E).

Respectfully Submitted,

/s/ Kim F. Hassan

LOW-INCOME ENERGY EFFICIENCY PROGRAM MONTHLY REPORT

1. LIEE Executive Summary

1.1. Low-Income Energy Efficiency Program Overview

1.1.1 Provide a summary of the LIEE Program elements as approved in Decision (D.) 08-11-031:

LIEE Program Summary for Month			
	Authorized / Planning Assumptions	Actual to Date	%
Budget	\$21,184,008	\$9,678,889	46%
Homes Treated	20,384	11,311	55%
kWh Saved	8,887,914	3,492,631	39%
kW Demand Reduced	2,010	326	16%
Therms Saved	478,745	177,238	37%
GHG Emissions Reduced	7,661	2,958	39%

SDG&E enrolled 1,608 customers in the LIEE program during the month of July and 13,007 customers year-to-date. Of those enrolled year-to-date, 11,311 have been expensed and counted as homes treated. As a result of the enrollments and homes treated this year, SDG&E has saved 3,492,631 kWh, reduced 326 kW of demand, saved 177,238 therms and reduced 2,958 tons of green house gas (GHG) emissions.

Through marketing and outreach efforts, SDG&E generated a total of 2,964 leads for the LIEE program in July, and is currently working to convert these leads into enrollments and homes treated.

1.2 Whole Neighborhood Approach Evaluation

1.2.1. Provide a summary of the geographic and customer segmentation strategy employed, (i.e. tolls and analysis used to segment “neighborhoods,” how neighborhoods are segmented and how this information is communicated to the contractor/CBO).

SDG&E's segmentation tools and strategies remain unchanged from last month. Demographic information, referred to as PRIZM codes, is still used to segment the customer base. Outreach efforts through capitation agencies will continue helping SDG&E by leveraging relationships with clientele.

SDG&E brought on a new HVAC contractor in the North County to serve eligible customers in that area. This will reduce travel time required by other contractors not in the area and help to support the WNA initiative.

1.3 LIEE Customer Outreach and Enrollment Update

1.3.1. Provide a summary of the LIEE program outreach and enrollment strategies deployed this month.

Direct marketing - In July, direct marketing efforts included direct mail, automated outbound calling and door-to-door canvassing. The CARE program is cross-promoted through these tactics wherever possible.

- **Direct Mail**

SDG&E mailed LIEE program information to 13,230 households with high potential for LIEE eligibility in July. A total of 412 leads were generated from July mailings and 147 households were enrolled based on previous and current direct mail efforts.

- **Automated Outbound Calling**

SDG&E contacted 16,714 households about the LIEE program through automated outbound calls during July. From these calls, 680 leads were generated and 119 of these leads were converted into enrollments.

- **Door-to-Door Canvassing**

SDG&E's door-to-door canvassing contractor, Richard Heath & Associates (RHA), contacted 11,820 low-income homes in June. RHA generated 1,124

leads and converted 1,040 of these leads into enrollments. Door-to-door canvassing continues to be a productive direct marketing technique for LIEE, producing the most leads per contact and the best quality leads as demonstrated by the high conversion of leads to enrollments.

1.3.2 Customer Assistance Marketing, Education and Outreach for the CARE and LIEE programs.

CARE and LIEE Community Outreach

In July, community outreach for CARE and LIEE included participation in community events and leveraging efforts with Capitation Contractors, 211 San Diego and other organizations.

- **Community Events**

SDG&E and its partners participate in and sponsor a variety of local events in order to educate low-income customers about assistance programs and to help them enroll. SDG&E participated in 17 community events in July, which resulted in 91 CARE and 37 LIEE applications.

Summer Fun Café Events

The San Diego Unified School District, in partnership with the San Diego Food Bank and Feeding America, are holding 46 special event days this summer at 23 different sites in San Diego. The purpose of these events is to provide free lunches to school-aged children. These special events invite the parents to join the children for lunch, while Feeding America distributes food and the Food Bank offers pre-screening for food stamps. SDG&E provided CARE and LIEE information at 11 of these events during the month of July. Adult attendance at these events typically varies between 10 to 50 people.

Neighborhood Distribution Program

The Neighborhood Distribution Program distributes food to thousands of individuals and families once a month at ten different sites throughout San Diego County. In partnership with capitation agent, Neighborhood Healthcare, SDG&E attends various food distribution sites and distributes assistance program information. Though distributions are open to everyone, most customers attending the events are qualified for the customer assistance programs based on income. There were approximately 300 people in attendance.

Lighting Exchange

CARE and LIEE information was distributed at two of the general energy efficiency program's Lighting Exchange events in the month of July. There were over 500 customers in attendance at both events.

Senior Outreach

The CARE, LIEE and Medical Baseline programs were discussed with tenants of a senior citizen's complex called Towne Center Manor in Chula Vista on July 28. Sixteen seniors were in attendance.

- **Capitation Contractors**

SDG&E leverages the resources of community-based organizations and agencies called Capitation Contractors to enroll customers in the CARE and LIEE programs. These organizations leverage existing relationships with low-income clients to extend CARE and LIEE program benefits as part of their total assistance offering. As an incentive, SDG&E pays Capitation Contractors a fee for each enrollment generated.

In an effort to maintain relationships with these organizations and keep the LIEE and CARE programs top of mind, SDG&E visits agency sites each

week. In July, SDG&E made 243 visits to 65 different agencies, which resulted in 434 CARE enrollments and 52 LIEE leads.

- **2-1-1 San Diego**

2-1-1 San Diego is a community disaster, health and human services center and resource providing information and referrals to households that need assistance. SDG&E leverages the resources of 2-1-1 San Diego to promote CARE, LIEE and Medical Baseline programs.

Through referrals in July, 2-1-1 provided SDG&E with 149 CARE enrollments, 12 LIEE program leads and 25 Medical Baseline program applications.

- **Other Integration and Leveraging Efforts**

Integration with SDG&E Branch Payment Offices

Branch payment offices are visited by Customer Assistance staff weekly to encourage cross-promotion of the CARE and LIEE programs to customers making payments in person. In July, 822 CARE applications and 68 LIEE applications were collected by branch offices representatives.

Leveraging with Local Government

In July, SDG&E representatives from both the Customer Assistance department and the Public Affairs group met with three different groups to discuss leveraging low-income clientele: the County of San Diego, San Diego County Apartment Association and San Diego Housing Commission. Each group has unique access to different low-income customer segments that SDG&E is trying to educate about the available assistance programs. SDG&E is currently working on a leveraging plan.

Mass Media – On July 26, 30-second English and Spanish TV ads began airing on 20 different network and cable channels. Cable stations include AMC, Discovery Health,

Family, Hallmark, TLC, TRU, Channel 4, Univision and Televisa. The TV ads promote both CARE and LIEE and will air for six weeks. In addition, 15-second TV ads were produced, one focusing on CARE and one focusing on LIEE. These ads will start rotating into the schedule in two weeks.

1.4 Leveraging Success Evaluation, Including CSD

- 1.4.1 Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What was the results in terms of new enrollments?

SDG&E continues to look for new leveraging opportunities with CSD. However, there is nothing additional to report for the month of July.

1.5. Workforce Education & Training

- 1.5.1 Please summarize efforts to improve and expand LIEE workforce education and training. Describe steps taken to hire and train low-income workers and how such efforts differ from prior program years.

There is no additional information to report this month regarding SDG&E efforts to improve and expand LIEE workforce education and training (WE&T).

2. CARE Executive Summary

2.1. CARE Program Summary

2.1.1. Please provide CARE program summary costs.

CARE Budget Categories	Authorized Budget	Actual Expenses to Date	% of Budget Spent
Outreach	\$1,611,634	\$697,630	43%
Proc., Certification and Verification	\$222,967	\$107,545	48%
Information Tech./Programming	\$481,841	\$133,414	28%
Pilots	N/A	N/A	N/A
Measurement and Evaluation	\$4,160	\$0	0%
Regulatory Compliance	\$190,205	\$87,411	46%
General Administration	\$410,096	\$262,666	64%
CPUC Energy Division Staff	\$102,900	\$24,818	24%
Cooling Centers	N/A	N/A	N/A
Total Expenses	\$3,023,803	\$1,313,484	43%
Subsidies and Benefits	\$48,492,992	\$30,992,698	64%
Total Program Costs and Discounts	\$51,516,795	\$32,306,182	63%

2.1.2 Please provide the CARE program penetration rate to date

CARE Penetration		
Participants Enrolled	Eligible Participants	Penetration rate
281,920	352,488	80%

SDG&E saw an increase in total CARE participation from 273,780 to 281,920 in July and an increase in the penetration rate from 78% to 80%.

2.2. Outreach

2.2.1 Discuss utility outreach activities and those undertaken by third parties on the utility's behalf. (For additional CARE Outreach see section 1.3.2)

Direct marketing - In July, direct marketing efforts included automated outbound calling and door-to-door canvassing. The LIEE program is cross-promoted through these tactics wherever possible.

- **Automated Outbound Calling**

In July, SDG&E conducted a phone campaign, contacting over 300,000 households about the CARE program through automated outbound calls. The calls were made to households that fall within PRIZM codes reflecting higher incomes. However, through analysis of the low-income population, SDG&E identified 25% of its current CARE participants residing in these higher income PRIZM codes. Therefore, SDG&E made the decision that these PRIZM codes were viable targets for CARE communications. Over the course of a four-day calling campaign, SDG&E was able to enroll 8,098 customers in the CARE program. Additional phone campaigns will be directed to these customer groups throughout the remainder of 2010.

- **Door-to-Door Canvassing**

SDG&E's door-to-door canvassing contractors, Energy Save and Quallight, contacted 10,094 low-income homes in July. They generated 775 applications and converted 589 of these applications into enrollments.

2.2.2 Describe the efforts taken to reach and coordinate the CARE program with other related low-income programs to reach eligible customers.

SDG&E representatives or capitation agencies attend community events where they disseminate information on customer assistance programs and assist with customer enrollment. SDG&E's participation in 17 community events in July, which resulted in 91 CARE and 37 LIEE applications:

2.3 CARE Recertification Complaints

There were no recertification complaints in July.

21		¹ Enrollments via data sharing between the IOUs.																	
22		² Enrollments via data sharing between departments and/or programs within the utility.																	
23		³ Enrollments via data sharing with programs outside the IOU that serve low-income customers.																	
24		⁴ One-E-App is a pilot program set up by The Center to Promote Healthcare Access (the Center) and PG&E. The pilot will occur within two PG&E counties and looks to implement a strategy of automatic enrollment for low-income customers into the CARE program based on the customers' applications or reapplications for related low-income health and social welfare services. (e.g. MediCAL, Healthy Families, CALKids, etc.) The goal is to develop another means by which low income families can be introduced into the CARE program and,
