**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking on the Commission's
Proposed Policies and Programs Governing post-
2003 Low-Income Assistance Programs.

Rulemaking 07-01-042
(Filed January 8, 2004)

**MONTHLY REPORT OF SAN DIEGO GAS & ELECTRIC COMPANY (U 902 M)
ON LOW INCOME ASSISTANCE PROGRAMS FOR
APRIL 2007**

I. INTRODUCTION

In Decision (D.) 01-05-033 the California Public Utilities Commission (Commission) directed San Diego Gas & Electric Company (SDG&E) and the other Investor Owned Utilities (IOUs)¹ to provide monthly status reports on the costs and impacts of their Rapid Deployment (RD) efforts on their California Alternate Rates for Energy (CARE) and Low Income Energy Efficiency (LIEE) programs.

On May 22, 2002, the IOUs held a conference call with the Energy Division (ED) and the Office of Ratepayer Advocates (ORA)² to assess RD Reporting. The parties agreed that the utilities would submit a full monthly RD report to the Commission every three months -- with the first report submitted in May and future reports due in August of 2002, November of 2002 and February of 2003. It was also agreed that only certain tables and a brief narrative highlighting RD activities were required from the utilities in other months.

In April 2004, the utilities met with the ED and ORA to discuss proposed changes to the reports, which would eliminate references to Senate Bill (SB) X1 5 and combine some information while retaining sufficient information for the programs to be assessed. Starting with

¹ The other IOUs include Southern California Gas Company, Southern California Edison Company, and Pacific Gas and Electric Company.

² Office of Ratepayer advocates subsequently renamed to Division of Ratepayer Advocates.

the May 21, 2004 report, SDG&E eliminated the references to SBX1 5 including Tables 3 and 9 as agreed to by the ED and ORA. Table numbering and column and row headings were not changed to avoid confusion if comparisons are made with earlier reports.

In an Assigned Commissioner's Ruling dated May 5, 2004, the utilities were directed to include in their October report information on the implementation of automatic enrollment with the Department of Community Services and Development (DCSD), and then to continue to report on automatic enrollment on a quarterly basis. Currently, SDG&E reports on automatic enrollment in each of its monthly reports.

In D.05-10-044, the Commission authorized eligibility guidelines of 200% of Federal Poverty Guidelines (FPG) for the CARE and LIEE programs. SDGE has used updated census information at 200% to estimate the number of CARE customers eligible for the month of April.

In Application 06-06-032, SDG&E proposed changes to the current RD reports in an effort to streamline the reports while maintaining their value. SDG&E, along with the other utilities, then worked closely with the ED to further develop and update the tables used to report low income program activity on a monthly basis. In D.06-12-038 the utilities' proposed changes for the monthly program reporting were approved. The reports will henceforth be referred to as the "Monthly Reports on Low Income Assistance Programs."

This fourth report for program year (PY) 2007 contains information on SDG&E's low-income program accomplishments and expenditures through April 2007.

II. LOW INCOME ENERGY EFFICIENCY (LIEE)

APRIL RESULTS—INSTALLATIONS

During April, SDG&E weatherized 960 homes, and replaced 205 refrigerators, including only those invoices that were completed and paid.

OUTREACH AND LEVERAGING

In the month of April, SDG&E leveraged LIEE outreach with other customer assistance outreach efforts at the community events discussed in the CARE Outreach & Leveraging section below. SDG&E utilizes the following methods to identify, qualify, and enroll customers for LIEE services performed by SDG&E's prime contractor:

- Provide SDG&E's LIEE prime contractor a list of qualified CARE participants to be used to perform LIEE outreach;
- Identify customers most likely to income qualify using census tract data and additional customer research; and
- Employ bilingual specialists who speak Spanish, Vietnamese, Arabic and Farsi to better serve the diverse population within the San Diego area.

CUSTOMER SATISFACTION

Quality assurance procedures used in SDG&E's LIEE program include survey cards distributed with Outreach materials as well as a customer satisfaction telephone survey on the program and the services completed in customer homes. Some of the comments received from customers for the month of April 2007 state:

- Thank you very much for your help. I appreciate it.
- Your people were efficient and kind. Please know I appreciate all your efforts.
- Just want to thank you for all the updating on my use of Energy.

LIEE AUTHORIZED FUNDING VERSUS ACTUAL EXPENDITURES

SDG&E incurred \$1,024,223 in program costs during the month of April. Total expenditures through April 2007 equaled \$3.2 million, which represents 24% of the 2007 authorized LIEE budget.

III. CALIFORNIA ALTERNATE RATES FOR ENERGY

APRIL CARE ENROLLMENT RESULTS

CARE enrollments in SDG&E's electric service CARE program during April totaled 2,127 and enrollments in SDG&E's gas service CARE program during April totaled 1,280. SDG&E's estimated penetration rate for the electric service CARE program at the end of April was 66.3% and for the gas CARE service program, it was 67%.

APRIL OUTREACH AND LEVERAGING

During April, SDG&E representatives made five presentations about SDG&E's customer assistance programs and assisted with CARE enrollments at 10 Lighting Turn-In Events, community events or local agency meetings including:³

- Earth Day – 800 San Juan Capistrano Customers
- Libby Lake Community Center – 250 Oceanside Customers
- Old Public works Yard – 375 Chula Vista Customers
- North Park Recreation Center - 325 San Diego Customers
- Community Housing Works - 25 Poway Customers

A total of 2,263 customers received CARE and Customer Assistance information from all events in April.

³ Numbers represent the attendees at the event.

During April, SDG&E Outreach Representatives made 61 visits to individual Community Based Organizations (CBOs), which included Community Centers, HUD housing, Senior Provider agencies, YMCA's, Churches, School Districts, Food Banks, Social Service Agencies to promote CARE capitation and CARE customer enrollment, as well as other customer assistance programs.

SDG&E's Outreach group held two joint events with cities in SDG&E service territory. One event was in conjunction with the City of Chula Vista's "Go green & Clean Event." In addition to CARE information and enrollment and other Customer Assistance programs, the event was designed to raise environmental awareness and offered free mercury thermometer and e-waste disposal, and free shade trees provided by the San Diego Regional Energy Office. The event was promoted through the city's website, newsletters, trash bill inserts, and flyers.

The second joint event was with the City of San Juan Capistrano, in conjunction with the city's annual "Electrical Waste Day." Flyers were distributed throughout the city, and the event was posted on the city's website and there was a Press Release to local media and an article about the joint event in the city's newsletter and an additional Press Release by the city. SDG&E also sent direct mail to the City of San Juan Capistrano regarding the joint event.

CARE AUTHORIZED FUNDING VERSUS ACTUAL EXPENDITURES

In April, SDG&E incurred approximately \$155,330 in outreach and other management costs. Total management costs through April represented 21% of the 2007 CARE authorized administrative budget. Actual expenses are compared to budgeted figures for April in Table 1C. Gas and electric CARE discounts for April totaled \$3.15 million.

IV. CONCLUSION

SDG&E continues to implement its LIEE and CARE program efforts with the goal of providing as many qualified customers as possible with services during PY2007.

Respectfully submitted,

By: ____/s/ Kim Hassan_____
