**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking on the Commission's
Proposed Policies and Programs Governing post-
2003 Low-Income Assistance Programs.

Rulemaking 04-01-006
(Filed January 8, 2004)

**MONTHLY REPORT OF SAN DIEGO GAS & ELECTRIC COMPANY ON RAPID
DEPLOYMENT EFFORTS IN LOW-INCOME PROGRAMS FOR MAY 2006**

I. INTRODUCTION

In Decision (D.)01-05-033 the California Public Utilities Commission (Commission) directed San Diego Gas & Electric Company (SDG&E) and the other Investor Owned Utilities (IOUs) to provide monthly status reports on the costs and impacts of their Rapid Deployment (RD) efforts on their California Alternate Rates for Energy (CARE) and Low Income Energy Efficiency (LIEE) programs.

On May 22, 2002, the utilities held a conference call with the Energy Division and the Office of Ratepayer Advocates (ORA) to assess Rapid Deployment (RD) Reporting. The parties agreed that the utilities would submit a full monthly RD report to the Commission every three months. The first one being the previously submitted May report and future reports due in August of 2002, November of 2002, and February of 2003 -- only certain tables and a brief narrative highlight of RD activities were required from the utilities in other months.

In April 2004, the utilities met with the Energy Division and ORA to discuss proposed changes to the reports that would eliminate all references to SBX1 5 and combine some information while retaining sufficient information for the programs to be assessed. Table column and row headings have not been changed to avoid confusion if comparisons are made with earlier reports.

In an Assigned Commissioner's Ruling dated May 5, 2004, the utilities were directed to include in their October report information on the implementation of automatic enrollment with the Department of Community Services and Development (DCSD), and then to continue to report on automatic enrollment on a quarterly basis. SDG&E will continue to include Table 10.1 on automatic enrollment in each of its quarterly rapid deployment reports.

In D. 05-10-044, the Commission authorized CARE and LIEE eligibility standards at 200% of Federal Poverty Guidelines (FPG) for all residential programs. SDG&E has used updated census information at 200% to estimate the number of CARE customers eligible for the month of May. An updated filing on estimated eligibility levels based on this new criteria by the IOUs is still pending.

This fifth report for program year (PY) 2006 contains information on SDG&E's low-income programs during the month of May 2006 along with the following tables:

- Table 1 – LIEE Program Expenses
- Table 4 – LIEE Measure Installations
- Table 6 – CARE Program Expenses
- Table 10 – CARE Rapid Deployment Progress
- Table 11 – CARE Random Verification Results
- Table 16 – CARE Participation-Combined Rural and Urban

II. LOW INCOME ENERGY EFFICIENCY (LIEE)

MAY RESULTS—INSTALLATIONS

During May, SDG&E weatherized 342 homes, and replaced 78 refrigerators including only those invoices that are completed and paid. The total number of homes treated in the

SDG&E territory for the month of May is 407 and the total number of homes treated year-to-date is 5,194.

OUTREACH AND LEVERAGING

In PY2006, SDG&E is continuing to combine its LIEE outreach with CARE outreach activities in order to leverage outreach efforts and to provide customers with knowledge of and access to all customer assistance programs that SDG&E offers. During May, SDG&E leveraged LIEE outreach with other customer assistance outreach efforts at the community events discussed in the CARE Outreach & Leveraging section below. SDG&E is continuing the following LIEE directed outreach and leveraging efforts in PY2006:

- Identifying, qualifying, and enrolling customers for LIEE services by SDG&E's prime contractor;
- Using the CARE participant database information by the prime contractor when conducting LIEE outreach;
- Employing additional English/Spanish Energy Specialists, an English/Vietnamese Energy Specialist, an Arabic/English Energy Specialist and an English/Farsi Energy Specialist to better serve the diverse population with the San Diego area and;
- Presetting appointments with potentially qualified customers.

CUSTOMER SATISFACTION

One quality assurance procedure used in SDG&E's LIEE program asks customers to complete a survey to evaluate the program and the services completed in their homes. Examples of comments received from customers for the month of May 2006 include the following:

- Thank you so much. Fast, polite, efficient. Good job.
- The Team was very informative.

- The two men Juan and Felipe were great!

LIEE AUTHORIZED FUNDING VERSUS ACTUAL EXPENDITURES

SDG&E incurred \$524,540 in program costs during May 2006. Total expenditures year-to-date are \$5.2 million, which represents 40% of the 2006 LIEE budget.

III. CALIFORNIA ALTERNATE RATES FOR ENERGY

MAY CARE ENROLLMENT RESULTS

CARE enrollments in SDG&E's electric service CARE program during May totaled 3536 which contributed to a net enrollment of 2473. Enrollments in SDG&E's gas service CARE program during May totaled 2152 for a net increase of 1,580. SDG&E's estimated penetration rate at the end of May for CARE electric customers was 66.2% and 67.5% for CARE gas customers.

MAY OUTREACH AND LEVERAGING

SDG&E continues to enlist community based organizations (CBO's). The CBO's provide assistance to a wide range of customers, including enrolling customers who qualify for the CARE Program. This month, SDG&E added two CBO's as contractors for the CARE Program.

CARE AUTHORIZED FUNDING VERSUS ACTUAL EXPENDITURES

In May, SDG&E incurred approximately \$148,899 in outreach and administrative expenses. CARE discount charges for May are \$2.8 million combined gas and electric discounts. Total expenditures are 49% of the 2006 CARE budget. Actual expenses are compared to budgeted figures for May in Table 6.

IV. CONCLUSION

SDG&E continues to implement its LIEE and CARE program efforts with the goal of providing as many qualified customers as possible with services during PY2006.

Respectfully submitted,

By:
