# ENERGY SAVINGS ASSISTANCE PROGRAM MONTHLY REPORT

## 1. ESA PROGRAM EXECUTIVE SUMMARY

### 1.1 ESA Program Overview

#### COVID-19 Program Impacts

On May 28, 2020, the Commission approved Resolution E-5074, ratifying the Executive Director's March 23 and April 7 letters that directed the IOUs to offer 60-day advance payments for the Energy Savings Assistance (ESA) program and which also expands upon certain directives. The Resolution directed the utilities to retroactively amend and re-extend offers to all ESA Program contractors.

Among other things, it also approved a Post Pandemic Return to Service (PPRS) credit, adjusted the payback period for contractors who have accepted advances, and established reporting requirements for contractors and IOUs.

On May 29, 2020, SDG&E notified contractors that the ESA Program suspension was lifted. As of the end of June, eight ESA Program contractors accepted advance payments and two contractors declined all offers. Of the eight acceptances, one contractor returned half of the advance and two contractors returned all funds advanced. The five remaining contractors have accepted \$907,359 in total funds advanced.

In June, four of the five Outreach and Assessment contractors resumed in-home treatments. The fifth contractor was hesitant to send employees into customer homes and was working on a plan to transition back to in-home visits. Due to ramp up and customer hesitation, ESA Program enrollment continued to be slow

for contractors in June, with only 66 homes treated and 159<sup>1</sup> customer enrollments through continued phone enrollment efforts. Customers enrolled through phone enrollment will be scheduled for in-home assessments and installation at a later date.

**1.1.1 Provide a summary of the ESA Program elements as approved in Decision (D.) 16-11-022.**

<b>ESA Program Summary through June 2020</b>			
	<b>2020 Authorized / Planning Assumptions</b>	<b>Actual to Date<sup>2</sup></b>	<b>%</b>
Budget <sup>3</sup>	\$35,509,153	\$8,460,917	24%
Homes Treated <sup>4</sup>	23,761	4,505	19%
kWh Saved	7,220,000	469,298	6%
kW Demand Reduced	3,954	63	2%
Therms Saved	420,000	9,202	2%
GHG Emissions Reduced (Tons)	6,428	312	5%

---

<sup>1</sup> Customers enrolled through phone enrollment efforts receive In-Home Energy Education and are not considered homes treated until measures are installed. The number is reflected in Table 7B of the monthly reporting tables.

<sup>2</sup> Energy, demand, emissions savings reflects total savings from the ESA Program including California Department of Community Services and Development (CSD) leveraging and multifamily common area measure installations.

<sup>3</sup> Budget authorized in approval of SDG&E Advice Letter 3250-E/2688-G dated December 27, 2018 for program years 2019 and 2020.

<sup>4</sup> Total homes treated reflects homes that have been invoiced and paid and also includes CSD leveraging.

## **1.2 ESA Program Customer Outreach and Enrollment Update**

### **1.2.1 Provide a summary of the ESA Program outreach and enrollment strategies deployed this month.**

Below is a summary of ESA Program specific efforts conducted in June. Joint CARE and ESA Programs marketing, education and outreach efforts are provided in section 1.2.2 below.

#### ESA Program Contractor Outreach

SDG&E's Outreach and Assessment (O&A) contractors have been significantly impacted by COVID-19. In June, traditional door-to-door outreach was not conducted. However, contractors were able to successfully enroll 310 customers using phone enrollment efforts that schedule in-home visits for customers comfortable with contractor installation.

#### Single-Family Affordable Solar Housing (SASH) Program

SDG&E works with GRID Alternatives to enroll customers in the ESA Program based on participation in the SASH Program. Once approved, contractors install all feasible ESA Program measures in the home prior to the SASH Program's installation of a solar system. In June, SDG&E did not receive a list of potential leads through this leveraging effort. Additionally, D.16-11-022 required the utilities to provide GRID Alternatives with information on CARE high energy usage (HEU) customers who have participated in the ESA Program. Due to the

suspension of the CARE HEU verification,<sup>5</sup> and the prior suspension of the ESA Program, no leads have been generated for GRID Alternatives for the month of June.

#### ESA Program Multifamily Common Area Measure (MF CAM) Initiative

In June 2020, SDG&E's ESA Program MF CAM implementer continued targeted marketing to potential ESA MF CAM properties, including re-syndication projects in SDG&E's service territory. To date, 24 properties have been enrolled and 15 properties are currently receiving measure installations. In addition, there are a total of 15 properties pending energy assessments/audits. There have been minimal COVID-19 related impacts to the ongoing operations of the ESA MF CAM initiative as work can be completed via phone or email and ongoing MF CAM installations can be completed without contractor contact with other people.

Information on the MF CAM initiative, including eligibility requirements, program flow, and contact information for Willdan Energy, SDG&E's implementer, is available on SDG&E's website page at

<https://www.sdge.com/businesses/savings-center/esa-common-area-measures-program>.

---

<sup>5</sup> See Advice Letter 3526-E-D/2854-G-D, approved June 16, 2020, and effective March 19, 2020.

### Language Line

Language Line<sup>®</sup> is utilized to make sure customers with limited English proficiency (LEP) have a channel in which to communicate with ESA Program contractors in the language of their preference. In June, zero customers were served by the Language Line.

### **1.2.2 Customer Assistance Marketing, Education and Outreach for the CARE and ESA Programs.**

Marketing, Education and Outreach (ME&O) activities summarized below represent joint efforts on behalf of the CARE and ESA Programs. SDG&E utilizes an integrated ME&O strategy by connecting with customers using general awareness marketing, direct marketing, and community outreach and engagement. The intent of the 2020 campaign is to make a connection with customers in order to drive conservation and provide monthly savings on their energy bill. The campaign runs in English, Spanish and Asian languages and includes TV, streaming radio, outdoor, print, digital (including paid search), email, direct mail and bill inserts, as well as a robust outreach program. In response to the pandemic, SDG&E implemented a number of changes to its customer assistance program ME&O efforts which will have an impact on ongoing campaign planning for these programs.<sup>6</sup>

---

<sup>6</sup> *Id.*

## **General Awareness Marketing**

General awareness marketing allows SDG&E to connect with its customers through mass media efforts reaching both mass audiences and hard-to-reach populations including customers in rural areas, seniors, customers with special needs and multilingual/multicultural customers. The tactics for June 2020 are summarized in the following sections:

### Print Advertising:

SDG&E planned English print in rural communities and African-American publications. Additionally, SDG&E is running print in Chinese, Vietnamese, Tagalog (Filipino) and Spanish language publications. For the month of June, the messaging in SDG&E's ads has continued to focus on those who are recently unemployed or in need due to the COVID-19 pandemic. The ads have an overall Customer Assistance message with information on where to get help rather than focusing specifically on CARE or ESA.

### Outdoor Advertising

In June, SDG&E added a no-cost digital outdoor board (13' x 46') that will run from May through July 2020. This digital board faces both north and south and receives approximately 113,000 daily impressions on each side the freeway.

There are two versions of the creative that will run in an equal (50/50) rotation. One creative directs customers to *[sdge.com/assistance](https://sdge.com/assistance)* for additional information about SDG&E customer assistance programs. The second creative

directs customers to *211 San Diego* for additional information about the LIHEAP program.

Online Advertising:

In 2020, SDG&E planned a digital advertising campaign that began in February and will end in October. Paid Search began running February 2020 and garnered 54,196 impressions in June with a click-through-rate (CTR) of 27%. Paid Social for June had 552,642 impressions with a CTR of 0.84%. Streaming Radio provided 567,776 impressions. Banner Display Ads for June had 1,825,995 impressions with a CTR of 0.18%. Native online advertising had 293,209 impressions with a CTR of 0.11%. Due to the COVID-19 pandemic, ESA online advertising continues to be on hold in lieu of the general assistance campaign that is focused on enrolling customers in CARE or the Family Electric Rate assistance (FERA) program. All banner and paid social media messaging has been updated to reflect this new direction.

Social Media:

Using e-newsletters, website posts and social media channels, the Energy Solutions Partner Network shared 69 Customer Assistance messages in June to an audience of more than 215,000 followers. SDG&E's social media profile also posts messaging to an audience of more than 40,000 followers. These messages are then able to be redistributed to other networks on social media.

## Direct Marketing

In June 2020, direct marketing efforts included the following tactics:

### Live CARE Call Campaign:

SDG&E's third-party contractor, The Harris Group (THG), called targeted

customers to enroll in the CARE Program.<sup>7</sup> The campaign provides SDG&E with a way to directly connect with customers in the low-income and hard-to-reach areas. THG provides education about the CARE and ESA Programs and assists customers in completing program application forms. Outbound call activities in June 2020 generated the following numbers:

<b>The Harris Group</b>	
ESA Leads	0
CARE Enrollments	1,830
CARE Recertifications <sup>8</sup>	2

Email:

SDG&E did not send out ESA Program promotional emails to potential ESA-eligible customers in June 2020 due to impacts from COVID-19.

Direct Mail:

SDG&E did not send out ESA Program promotional postcards to potential ESA-eligible customers in June 2020 due to impacts from COVID-19.

---

<sup>7</sup> THG is a Diverse Business Enterprise (DBE) vendor and a woman-owned business.

<sup>8</sup> CARE recertifications received were requested by SDG&E prior to customer protections which suspended recertifications on March 4, 2020. Since March 4, no customers are required to recertify and SDG&E has not removed any customers from the CARE program resulting from recertification.

## **Community Outreach & Engagement**

### Energy Solutions Partner Network:

SDG&E works closely with a network of over 190 community-based organizations (CBOs) to connect customers to the CARE and ESA Programs. These organizations represent the diversity of SDG&E’s customers within its service territory. A majority of these organizations are small, grassroots agencies serving customers that are multicultural/multilingual, seniors, veterans, special needs, and Limited English Proficient (LEP) audiences. These partners help educate and enroll customers in low-income programs utilizing a variety of tactics including messaging through e-mail and social media channels such as Facebook, Twitter, and Instagram, posting information on their websites, providing booth space at events, and hosting enrollment day fairs at their locations. In June 2020, SDG&E’s partner outreach activities resulted in the following activities:

<b>Energy Solutions Partner Network</b>	
ESA Leads	2
CARE Enrollments	36
CARE Recertifications	0

### Partner Spotlight:

This month’s events and presentations were mostly canceled due to COVID-19, while some events were created/modified. In June 2020, the SDG&E Customer Solutions Outreach Team participated in 15 events, presentations, and trainings/workshops, 10 of which were virtual, that featured information and enrollment in energy solutions programs, services and tools. Many of these activities were hosted by SDG&E’s partner network and included drive through

events, such as food drives, where information was shared in a safe manner.

Outreach activities were focused around engaging customers with solutions such as the CARE and ESA Programs and reached over 490 people in June.

### *San Ysidro WIC Offices*

In June, the Outreach team coordinated a series of four CARE refresher trainings for San Ysidro Health WIC offices to effectively increase enrollments. The trainings included income guideline changes, steps to properly and correctly complete an application, and the re-certification process.

### *Mexican Consulate – Dia de la Salud Binacional (Binational Health Day)*

On June 11th, the Outreach team presented to 25 community leaders of the Mexican Consulate. The presentation was on low-income programs to encourage community engagement and qualified customer enrollment in CARE and other programs to assist them during these challenging times. The presentation

was later distributed to the attendees to have these details at their disposal. During

the presentation, the Organization Amigos Punto showed interest in becoming a new partner.

Multicultural Outreach:

To continue efforts to reduce potential barriers for customers in the rural, multicultural/multilingual, and special needs customer segments, as well as to increase education and program enrollments, SDG&E pairs multicultural contractors with employees that are fluent in various languages to help staff events and presentations. These contractors are fluent in the following languages: Spanish, Chinese, Aramaic/Arabic, and other languages as requested. During June 2020, SDG&E did not participate in any multicultural community outreach events due to the COVID-19 pandemic.

**Other Customer Engagement Efforts**

Subject to SDG&E COVID-19 pandemic response addressed above in section 1.2.2., SDG&E has several other customer engagement efforts to educate, enroll, and provide direct service to its customers. These efforts include direct service from SDG&E's Customer Contact Center (CCC) and Payment Offices, as well as the distribution of materials through other SDG&E customer-facing groups/programs and field services teams. Updated information as it relates to ongoing customer engagement and the impacts of the COVID-19 pandemic will continue to be provided in subsequent monthly reports.

## **SDG&E Customer Contact Center (CCC), Branch Offices, and Payment Offices**

SDG&E's CCC, Branch Offices, and Payment Offices promote and offer the CARE and ESA Programs to potentially eligible customers. SDG&E also promotes these customer assistance solutions at its Authorized Payment Locations (APLs). Additionally, the Outreach team assists at Branch Office locations on a seasonal basis to help enroll customers. On March 20, SDG&E closed the branch offices to the public over concern of the COVID-19 pandemic. Customers were urged to contact SDG&E's CCC or go online to resolve utility issues.

In D.16-06-054, SDG&E received Commission authorization for its CCC's Energy Service Specialists to enroll customers directly into the CARE Program over the telephone. In June 2020, SDG&E's CCC and Branch Office generated the following applications and leads over the phone:

	<b>CCC</b>	<b>Branch Office</b>
ESA Leads	1	2
CARE Enrollments	15	9
CARE Recertifications <sup>9</sup>	0	3

---

<sup>9</sup> CARE recertifications received were requested by SDG&E prior to customer protections which suspended recertifications on March 4, 2020. Since March 4, no customers are required to recertify and SDG&E has not removed any customers from the CARE program resulting from recertification.

### **1.3 Leveraging Success Evaluation, Including CSD**

#### **1.3.1 Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What were the results in terms of new enrollments?**

SDG&E continues to partner closely with local Low-Income Home Energy Assistance Program (LIHEAP) agencies to improve leveraging opportunities between CSD's LIHEAP and the ESA Program. One LIHEAP contractor began enrollment efforts and began conducting in-home visits and the other contractor is working on a transition plan to resume operations. LIHEAP agencies have also received additional payment assistance funding, which is expected to increase the leveraging opportunities between the two programs. In June, LIHEAP organizations generated 37 leads for the ESA Program and enrolled 11 customers.

As part of SDG&E's leveraging agreement with San Diego County Water Authority (SDCWA), SDCWA reimburses SDG&E for water measures installed as part of the ESA Program in homes where customers have an active SDCWA account. This agreement will continue until December 31, 2020 or until SDCWA's funds are exhausted. In June, SDG&E submitted an invoice to SDCWA for 3,229 water saving measures that totaled to \$34,653.

## **1.4 Workforce Education & Training (WE&T)**

### **1.4.1 Please summarize efforts to improve and expand ESA Program workforce education and training. Describe steps taken to hire and train low-income workers and how such efforts differ from prior program years.**

SDG&E did not conduct any training in conjunction with WE&T efforts in June 2020.

## **1.5 Miscellaneous**

### **1.5.1 ESA Program Studies**

2022 LINA. No activity for June.

NEB Assessment. The study team met biweekly to review and discuss Apprise's preliminary assessment of the 2019 Non Energy Benefits (NEB) Study. In addition, the final work plan was distributed to the low-income service list on June 23rd.

### **1.5.2 ESA Program Pilot**

SDG&E is not currently conducting any pilots.

## 2. CARE EXECUTIVE SUMMARY

### 2.1 CARE Program Summary

#### 2.1.1 Please provide CARE Program summary costs.

CARE Budget Categories	Authorized Budget <sup>10</sup>	Actual Expenses to Date	% of Budget Spent
Outreach	\$3,254,171	\$1,487,037	46%
Proc., Certification and Verification	\$517,211	\$344,121	67%
Post Enrollment Verification	\$363,667	\$75,892	21%
Information Tech./Programming	\$1,719,900	\$325,551	19%
Pilots-CHANGES	\$267,733	\$132,310	49%
Regulatory Compliance	\$303,653	\$291,369	96%
General Administration	\$836,246	\$289,715	35%
CPUC Energy Division Staff	\$57,852	\$48,241	83%
Cooling Centers <sup>11</sup>	\$0	\$(42,048)	0%
<b>Total Expenses</b>	<b>\$7,320,433</b>	<b>\$2,952,188</b>	<b>40%</b>
Subsidies and Benefits	\$74,571,504	\$61,058,332	82%
<b>Total Program Costs and Discounts</b>	<b>\$81,891,937</b>	<b>\$64,010,520</b>	<b>78%</b>

#### 2.1.2 Provide the CARE Program penetration rate to date.

CARE Penetration		
Participants Enrolled	Eligible Participants <sup>12</sup>	Penetration rate
324,693	302,245	107%

<sup>10</sup> Budget authorized in approval of SDG&E Advice Letter 3250-E/2688-G dated December 27, 2018 for program years 2019 and 2020.

<sup>11</sup> The funding for SDG&E's Cool Zones is no longer under the CARE program. See D.17-12-009 at Ordering Paragraph 114. The \$(42,048) represents 2019 Cooling Centers expenses charged to the CARE program in 2019 and correctly removed in 2020 per D.17-12-009.

<sup>12</sup> On March 17, 2020, Pacific Gas and Electric Company (PG&E), on behalf of the IOUs, filed the revised Annual Estimates of CARE Eligible Customers and Related Information. This number reflects estimates of SDG&E's CARE Eligible Participants for 2020, as reflected in filing A.14-11-007, et al., Annual CARE Eligibility Estimates.

## **2.2 Outreach**

### **2.2.1 Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.**

In June 2020, marketing and outreach efforts generated 6,957 completed CARE applications, and 4,003 new enrollments/recertifications for the program. Below is a summary of CARE specific outreach efforts.

#### **Direct Marketing**

##### Direct Mail

In June 2020, SDG&E continued its rate comparison campaign by mailing a comparison letter to 5,062 potential CARE customers. The letter compares a customer's average bill total for the last 12 months to what it would have been had they been enrolled in CARE receiving an average discount of 30%.

Customers are encouraged to call SDG&E's toll-free enrollment number or to apply through SDG&E's online application.

##### Email

In June 2020, SDG&E continued with its Rate Comparison Nurture Campaign. The Nurture Campaign sends a series of automated, pre-written messages over a specified period to move customers closer to conversion. Contacts receive messages based on behavioral triggers and may receive up to three messages (including reminders) over a 30-day period, depending on engagement level. In June 2020, SDG&E sent out 254,026 emails (many of these reminders) which generated a 30% open rate and a 4% click through rate over the course of the month.

## **Community Outreach & Engagement**

Community outreach & engagement efforts allow SDG&E to educate, connect and directly engage with customers in communities where they work and live. Outreach and engagement activities included events, presentations, workshops, trainings, partnerships with CBOs, and customized efforts.

### CARE Partners (Capitation Agencies)

SDG&E partners with 19 social service agencies such as the Women’s Infant & Children Organization (WIC) program, refugee assimilation organizations, and others to help enroll its hardest-to-reach customers. These organizations serve high-risk, low-income individuals and families with enrollment in state and federally funded assistance programs, including Cal Fresh, LIHEAP, Covered California, and California Lifeline. The partnering organizations are in diverse low-income communities serving multicultural/multilingual, seniors, veterans, special needs, and LEP audiences and provide multilingual staffing. During the month of June, the following numbers were generated by the Capitation Agencies:

<b>Capitation Agencies</b>	
ESA Leads	125
CARE Enrollments	196
CARE Recertifications <sup>13</sup>	0

---

<sup>13</sup> CARE recertifications received were requested by SDG&E prior to customer protections which suspended recertifications on March 4, 2020. Since March 4, no customers are required to recertify and SDG&E has not removed any customers from the CARE program resulting from recertification.

Cool Zones

Cool Zones are typically active from May 15 through October 31 of each year. As of June 15, the County of San Diego opened seven Cool Zone locations within State safety guidelines. As of June 25, 236 fans were distributed to customers and the County of San Diego had over 163 inquiries about Cool Zones.

Women’s Infant & Children Organizations

In June, WIC offices were closed to in-person interactions because of the COVID-19 pandemic. The WIC offices, however, continue to field questions to their clientele via phone.

County Health and Human Service Agency Collaboration:

SDG&E collaborates with the County of San Diego Health and Human Services Agency (HHSA) to connect customers to programs like CARE. All field HHSA offices include a source coded CARE application in their new client intake packets. In June 2020, the following applications were received:

HHSA	June	YTD
ESA Leads	0	0
CARE Enrollments	105	528
CARE Recertifications <sup>14</sup>	0	218

---

<sup>14</sup> The CARE recertifications received were requested by SDG&E prior to customer protections which suspended recertifications on March 4, 2020. Since March 4, no customers are required to recertify and SDG&E has not removed any customers from the CARE program resulting from recertification.

## **2.3 CARE Recertification Complaints**

### **2.3.1 Report the number of customer complaints received (formal or informal, however and wherever received) about their CARE recertification efforts, with the nature of the complaints and resolution.**

In June 2020, SDG&E did not receive any customer complaints regarding CARE recertification.

## **3. CHANGES REPORTING**

In compliance with requirements outlined in D.12-12-011, SDG&E has updated CARE Table 10 and Table 11 information for the month of May 2020. There were no Consumer Education Sessions given for the month of May 2020. June 2020 activity for Table 10 and Table 11 will be reported in a subsequent report.<sup>15</sup>

---

<sup>15</sup> SDG&E provides data from the previous month due to reporting delays from CHANGES which prevents SDG&E from reporting current month activity.

[1] Authorized budget does not include shifted funds from previous years and/or program cycles. Shifted funds, referred to as "2009-2016 Unspent ESA Program Funds", are reflected in ESA Table 1A.

[2] Reflects the authorized funding approved in the CPUC Energy Division Disposition Letter dated 12/27/2018 approving SDG&E Advice Letter 3250-E/2688-G.

[3] Negative YTD electric amount due to the correction of 2019 expense incorrectly charged to electric and reclassified to gas.

[4] Current Month Expenses for Energy Efficiency Total includes March accruals and/or re-accruals of \$273,328 in the following reporting categories: Appliances \$0; Domestic Hot Water \$19,857; Enclosure \$40,569; HVAC \$9,671; Maintenance \$3,476; Lighting \$81,359; Miscellaneous \$17,367; Customer Enrollment \$84,599; In Home Energy Education \$16,430.

[5] Includes a YTD total of \$1,028,091 for COVID 19 Advanced Payments to the following contractors: THA \$86,720; CUI \$32,000; Jerry's Heating & Air \$54,002; RHA \$205,120; Reliable Energy Mgmt \$33,550; Eagle Systems \$205,509; Amer Insulation/Amer Eco \$411,190. A total of \$140,950 was returned from the following contractors: \$87,672 RR&B Wholesale Distribution; \$53,278 Jerry's Heating & Air.

**NOTE: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.**

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

[1] Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping - door, caulking and minor home repairs. Minor home repairs predominantly are door jamb repair / replacement, door repair, and window putty.

[2] Weatherization may consist of attic insulation, attic access weatherization, weatherstripping - door, caulking, & minor home repairs.

[3] Other Domestic Hot Water consists of faucet aerators, low flow showerheads, and TSVs.

[1] Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping - door, caulking and minor home repairs. Minor home repairs predominantly are door jamb repair / replacement, door repair, and window putty.

[2] Weatherization may consist of attic insulation, attic access weatherization, weatherstripping - door, caulking, & minor home repairs.

[3] All savings are calculated based on the following sources:

Variable Speed Pool Pump	18-May		6, 7, 8, 10, 14, 15

Standard Notes (do not delete)

1. Measures list may change based on available information on both costs and benefits (including energy benefits as well as non-energy benefits) and may vary across climate zones. This is not a list of installed measures, it is a list of eligible measures.

**Table 2B-1 Column A should match Table 2B Column A for eligible (not canceled) measures.**

2. Only complete if measure is canceled or discontinued

3. Defined as CEC California Building Climate Zones

[https://www.energy.ca.gov/maps/renewable/building\\_climate\\_zones.html](https://www.energy.ca.gov/maps/renewable/building_climate_zones.html)

**Education:** Education sessions were held in a mix of one on one, and group sessions. Education materials are available as fact sheets on the CPUC Website: [http://consumers.cpuc.ca.gov/team\\_and\\_changes/](http://consumers.cpuc.ca.gov/team_and_changes/)

Disputes & Needs Assistance -Support was provided in the following languages: Arabic, Dari, English, Farsi, French, Korean, Spanish, Tigrinya

[1] There is a one-month lag behind the current reporting month. The data for June 2020 will be reported once received.

[2] Contractor is in the process of validating the total. If there is a discrepancy in the numbers reported, the numbers will be corrected in the July 2020 report.

[3] Per CHANGES Vendor: The total number of services may exceed the total number of cases because some cases will include more than one service provided.

\* Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.
