## MONTHLY REPORT OF PACIFIC GAS AND ELECTRIC COMPANY (U 39 M) ON LOW INCOME ASSISTANCE PROGRAMS FOR FEBRUARY 2021

In accordance with Ordering Paragraph 17 of Decision 01-05-033, Pacific Gas and Electric Company hereby submits its attached monthly status report on the results of its Energy Savings Assistance Program and CARE Program efforts, showing results through February 2021.

Respectfully Submitted,

JENNIFER REYES LAGUNERO

#### PACIFIC GAS AND ELECTRIC COMPANY

Energy Savings Assistance Program and California Alternate Rates for Energy Program Monthly Report for February 2021

This Monthly Report complies with income qualified programs reporting requirements established in Decision (D.) 16-12-022 as modified by D.17-12-009, and with all reporting and program evaluation requirements previously established for the California Alternate Rates for Energy (CARE) and Energy Savings Assistance (ESA) Programs. The investor owned utilities (IOUs) worked with Energy Division (ED) staff to revise reporting tables and formats in compliance with the mandates of D.16-12-022 and now use the resulting ED-approved monthly reporting format for 2017-2020 ESA and CARE programs, beginning with the report for January 2018.

#### **Regulatory Update**

#### **Consumer Protections**

On February 11, 2021, the Commission adopted Resolution (Res.) M-4849 authorizing and ordering utilities to extend Emergency Consumer Protections for residential and small business customers through June 30, 2021 due to COVID-19, and to file transition plans for the expiration of said Emergency Consumer Protections.

On February 16, 2021 PG&E filed Tier 1 Advice Letter 4383-G/6087-E to add the counties impacted by the January 2021 winter storms, Monterey and San Luis Obispo Counties, to the Emergency Consumer Protection Plan, in compliance with D.19-07-015. Eligibility for PG&E's Emergency Consumer Protection Plan will be extended to applicable customers through February 1, 2022.

#### **CARE Eligibility Numbers**

On February 12, 2021 Pacific Gas and Electric Company, on behalf of itself, Southern California Gas Company, San Diego Gas & Electric Company, and Southern California Edison Company (collectively, the "Joint Utilities") filed their annual CARE eligibility estimates. Each utility submitted tables showing – by county – the total households, demographic eligibility rates for 2021, eligible households for 2021, participating CARE households as of December 31, 2020, and estimated penetration rates based on the 2021 eligibility estimates and December 31, 2020 participation. 1,447,571 residential customers (about 25% of residential households) are estimated to be eligible for CARE in 2021. 1,593,876 residential households are estimated to be eligible for ESA.

#### 2021 Bridge Funding for ESA and CARE

The Commission anticipated the potential need for funding to bridge the period between the 2017-2020 and post-2020 ESA and CARE Programs. In D.19-06-011, the Commission directed the large IOUs to file Advice Letters providing calculations of ESA bridge funding amounts, sources for bridge funds, and home treatment goals for the January 1, 2021- June 30, 2021 bridge period, which would be used if the Commission did not vote to approve post-2020 programs and budget applications by November 16, 2020.

D.19-06-022 also directed the IOUs to continue their previously approved ESA activities and to retreat the number of homes the bridge budget would accommodate. The Commission established the methodology for IOUs to calculate their six-month bridge funded home treatment goals using the actual average expenditures per retreatment from the first half of the 2019 program year (PY), after setting

aside 10% of the total ESA bridge budget for administrative program costs (commonly referred to as "below the line" costs in monthly and annual reporting ESA Table 1).1

On August 12, 2019, PG&E submitted Advice 4131-G/5614-E pursuant to D.19-06-022 Ordering Paragraph (OP) 3 to submit a Tier 1 AL. On October 30, 2019, ED requested PG&E propose a home retreatment goal in which at least half of the six-month home retreatment goal is met by March 31, 2021, and the remaining half of the homes by June 30, 2021. PG&E submitted Supplemental AL 4131-G-A/5614-E-A and AL 4131-G-B/5614-E-B replacing AL 4131-G/5614-E in its entirety. ED Disposition Letter dated December 4, 2019 approved PG&E's Supplemental AL, effective as of August 12, 2019.

Following the authorization of PG&E's AL for Bridge Funding Goals and Budget for the January 1, 2021-June 30, 2021 bridge period, regular ESA program activities were disrupted by the outbreak of the COVID-19 pandemic.

PG&E submitted Advice 4351-G/6035-E on December 24, 2020, increasing the requested January 1-June 20, 2021 bridge funding and treatment goals. PG&E corrected and re-submitted this AL on January 22 and January 26, 2021. PG&E's Advice 4351-G-B/6035-E-B was approved on January 27, 2021 effective December 24, 2020.³ The updated goals and budgets are used in this report. IOUs are accountable to meet an interim progress milestone, where the IOU must treat at least half of the bridge treatment goal between January 1, 2021—March 31, 2021 and retain enough budget to treat the remaining homes in the bridge period goal by June 30, 2021.4

For the CARE program, D.19-06-022 directed bridge funding be approved to cover CARE program activity for January 1, 2021- June 30, 2021 if the Commission had not voted to approve the post 2020 programs and budget by November 16, 2020. The funding amount approved was the 2020 CARE budget level, as approved in mid-cycle AL dispositions. If the Commission does not vote to approve the post-2020 programs and budget by May 16, 2021, D.19-06-022 authorized CARE bridge funding for an additional six months through the end of 2021.

#### **Fund Shifting**

On December 22, 2020, PG&E and Southern California Gas Company (SoCalGas) submitted Advice 4349-G/6030-E to shift ESA Program funds between ESA program categories. PG&E requested permission to shift \$90,000 and SoCalGas requested permission to shift \$75,000, from their 2020 Multifamily Common Area Measure (MF CAM) Initiative Administrative budget category into their 2020 ESA Program Study budget category respectively to conduct a joint process evaluation (with Southern California Edison Company and San Diego Gas and Electric Company) of their MF CAM Initiatives. This request was approved by the Commission's disposition letter dated February 1, 2021, effective January 21, 2021. The MF CAM Process Evaluation will occur in 2021.

<sup>&</sup>lt;sup>1</sup> D.19-06-022 p.12.

<sup>&</sup>lt;sup>2</sup> D.19-06-022 pp.12-13.

<sup>&</sup>lt;sup>3</sup> Energy Efficiency Council (EEC) submitted a late-filed Protest to PG&E Advice AL 4131-G-B/5614-E-B on February 9, 2021.

<sup>&</sup>lt;sup>4</sup> D.19-06-022 p.12.

<sup>&</sup>lt;sup>5</sup> D.19-06-022 p.14.

#### 1. Energy Savings Assistance (ESA) Program Summary

The ESA Program provides free home weatherization, energy-efficient appliances and energy education services to income-qualified PG&E customers<sup>6</sup> throughout PG&E's service territory. The 2021 bridge funded ESA Program follows the same policies and procedures as the previous 2017-2020 ESA Program.<sup>7</sup> Supported by bridge funding for the first six months in 2021, ESA continues as a resource program emphasizing long-term and enduring energy savings, serving all willing and eligible low income customer populations by providing all feasible ESA Program measures at no cost to the customer through a direct-install approach. All housing types are eligible to participate, and the ESA Program is available to both homeowners and renters.

#### 1.1 Energy Savings Assistance Program Overview

## 1.1.1 Provide a summary of the Energy Savings Assistance Program elements:

The 2021 ESA Program to date is summarized in the two tables below. The first table provides progress and activities based on the Bridge Funding budgets and activities authorized in PG&E AL 4351-G-B/6035-E-B, and AL 4349-G/6030-E. This Bridge Funding budget excludes MF CAM carryover provided pursuant to D.19-06-022 and PPRS funding provided pursuant to Resolution E-5074, which amounts are not included in the Bridge Funding treatment goal and administrative cap. MF CAM and PPRS expenditures and activities are shown in the second table on Additional ESA Budget Reporting, below.<sup>8</sup> These ESA funding sources are combined in ESA Table 1 in the Appendix.

Energy Savings Assistance Program Summary: Bridge Funding								
January 1 through June 30, 2021 Bridge Period	Six-Month Authorized/Planning Assumptions	Year-to- Date Actual	YTD %					
Bridge Budget <sup>[a]</sup>	\$89,452,819	\$24,117,922	27.0%					
Treatment Budget <sup>[b]</sup>	\$81,138,000	\$22,200,502	27.4%					
Administrative <sup>[c]</sup>	\$8,314,819	\$1,917,420	23%					
Homes Treated <sup>[d]</sup>	50,000	15,468	14.8%					
kWh Saved[e]	N/A	9,718,030						
kW Demand Reduced <sup>[e]</sup>	N/A	1,251						
Therms Saved <sup>[e]</sup>	N/A	104						

[a] Authorized budget per Energy Division Disposition Letter (dated January 27, 2021 and effective as of December 24, 2020) authorizing PG&E Supplemental Advice Letter 4351-G-B/6035-E-B, and per Advice Letter 4349-G/6030-E to fund shift \$90,000 from the MF

<sup>&</sup>lt;sup>6</sup> To qualify for the ESA Program, a residential customer's household income must be at or below 200 percent of Federal Poverty Guidelines, as required in D.05-10-044.

<sup>&</sup>lt;sup>7</sup> Authorized in D.16-12-022 as modified by D.17-12-009. The 2017-2020 ESA Program continues to follow the policy and guidance outlined in D.07-12-051, which required the IOUs to offer all eligible customers the opportunity to participate in the Program, and to offer participants all cost-effective energy efficiency measures by 2020.

<sup>&</sup>lt;sup>8</sup> As a result of AL4269-G-A/5865-E-A, contractors are submitting the revised templates resulting in the change to the PPRS eligible amount. PG&E updated the final value in the February 2021 Monthly Report.

CAM budget to Studies budget. PG&E's Bridge Funding Budget is from 2009-2020 uncommitted unspent ESA Program funds. Authorized budget includes \$1,018,284 for Benefit Burdens as approved in (D.)20-12-005. This Bridge Funding budget excludes MF CAM and PPRS funding (provided pursuant to D.19-06-022 and Res-E-5074), which amounts are not included in the Bridge Funding treatment goal and administrative cap, and are shown in the Additional ESA Budget Table, below.

<sup>[b]</sup> ESA Treatment category includes Appliances, Domestic Hot Water, Enclosure, HVAC, Maintenance, Lighting, Miscellaneous, Customer Enrollment, In-Home Education, Pilot, Implementation, and Safety – Unexpected overhead costs as shown "above the line" on ESA Monthly and Annual Report Table 1.

<sup>[c]</sup> Administrative category includes Training Center, Inspections, Marketing and Outreach, Studies, Regulatory Compliance, General Administration, and CPUC Energy Division, as shown "below the line" on ESA Monthly and Annual Report Table 1. The Administrative budget is 9% of the Total Budget.

<sup>[d]</sup> Adopted Number of Homes to be Treated from January 1, 2021 through June 30, 2021 as per Energy Division Disposition Letter (dated January 27, 2021 and effective as of December 24, 2020) authorizing PG&E Supplemental Advice Letter 4351-G-B/6035-E-B. Total does not distinguish between First Touch and Re-Treated homes. <sup>9</sup> IOUs are required to treat 50% of the authorized homes by March 31, 2021 to be eligible for additional Bridge Funding if it should be required.

[e] YTD savings have been updated to reflect new ex ante savings from the 2019 Impact Evaluation.

	Savings Assistance Progra ESA PPRS Budget Reporti			
December 1, 2020 through May 31, 2021	PPRS Total Advanced PPRS Credit Eligible	PPRS Credits Applied	YTD %	
PPRS Budget	\$10,320,047	\$7,347,580	71.2%	

[a] As a result of AL4269-G-A/5865-E-A, contractors are submitting the revised templates resulting in the change to the PPRS eligible amount. Authorized amount was adjusted to reflect the remaining PPRS Credit eligible for January – May 2021. PG&E updated the final value in the February 2021 Monthly Report.

Energy Savings Assistance Program Summary: Additional ESA Budget Reporting [a]								
January 1 through June 30, 2021	Six-Month Authorized/Planning Assumptions	Year-to- Date Actual	YTD %					
MF CAM Budget	\$27,355,992	\$2,062,677	7.5%					
MF CAM Properties Treated	87	20	23%					
MF CAM Buildings Treated	629	128	20.3%					

[a] PG&E is authorized to 1) carry-over MF CAM committed budget pursuant to D.19-06-022 into the 2021 Bridge and 2) incur additional expenses for PPRS credit (approximately \$9.2 M) as authorized in Res-E-5074. These budgets are in addition to the Bridge Funding budget requested and authorized in Energy Division Disposition Letter for PG&E

-

<sup>&</sup>lt;sup>9</sup> First Touch and Re-Treated Homes were tracked separately for purposes of meeting the 2020 Programmatic Goal. First Touch homes were homes that had not participated in the ESA Program since 2002. Retreated Homes were homes previously treated since 2002. Only First Touch Homes counted toward the programmatic goal of treating all willing and eligible customers by the end of 2020. PG&E met this programmatic goal in 2020.

Supplemental Advice Letter Advice 4351-G-B/6035-E-B (dated January 27, 2021 and effective as of December 24, 2020).

<sup>[b]</sup> As a result of AL4269-G-A/5865-E-A, contractors are submitting the revised templates resulting in the change to the PPRS eligible amount. Authorized amount was adjusted to reflect the remaining PPRS Credit eligible for January – May 2021. PG&E updated the final value in the February 2021 Monthly Report.

#### 1.2 ESA Program Customer Outreach and Enrollment Update

## 1.2.1 Provide a summary of the Energy Savings Assistance Program outreach and enrollment strategies deployed this month.

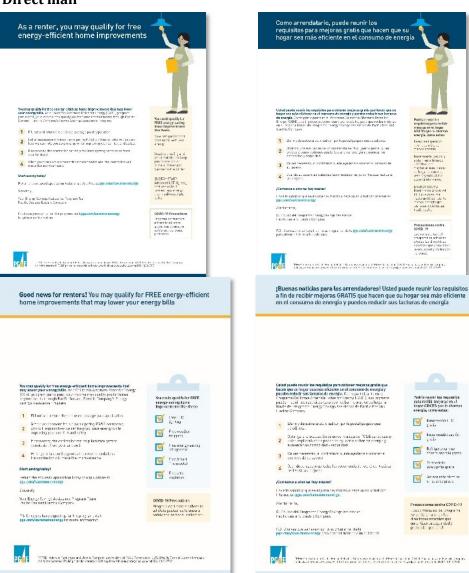

In February 2021, PG&E continued to receive responses to a direct marketing campaign deployed in January to 100,000 CARE-enrolled customers whose homes had not yet been treated by the ESA Program. Through February 28, the campaign generated 7,233 qualified leads. This campaign used existing creative as well as new creative from Q3/Q4 2020 specifically targeting renters.

### Q2 Creative used for test amongst homeowners Direct mail/Email

#### New creative used for testing among renters Direct mail

(Double sided, English/Spanish)

#### New creative used for testing among renters Email

(English/Spanish)

In addition to direct mail responses, PG&E also received an additional 3,061 program applications from online activities via email and the ongoing digital campaign launched in early January.

PG&E continued to deploy the CARE welcome kit to customers who were newly enrolled in the CARE program. Since January 2018, PG&E has included a personalized pre-filled response form for the ESA Program. Customers who wish to participate have completed the form and returned it to PG&E. PG&E received 234 ESA applications from the welcome kit in February 2021.

PG&E continued the monthly digital newsletter targeting customers with a high propensity for eligibility in the CARE and ESA programs with the purpose of building awareness for both programs.

PG&E participated in a 30-min Zoom interview with KRON4.2-Skylink TV in San Francisco for its community show "Bay Area Forum" to talk about Time of Use (TOU) rate plans and other assistance programs including CARE, FERA, Medical Baseline, and ESA.

KRON4.2-Skylink TV is a local Chinese TV station with the strongest over the air signal in San Francisco. Daily viewers in the Bay Area is about 100,000.

On February 8, PG&E co-hosted a customer education workshop via Zoom with Self-Help for the Elderly. Information on various assistance programs was shared with the audience of 21 seniors. Each program was discussed in detail including program benefits and qualifications to apply. Rate plan options and the transition to Time of

Use was also shared. PG&E explained why customers will be making the transition to TOU, when it will happen and how customers can learn to shift their energy use. Finally, PG&E shared energy saving tips and the various tools and resources available; such as ESA, Home Energy Check-up, Budget Billing, and High Energy Alert. There was also a Q&A session.

#### 1.2.2 Additional Activities

**CARE Discounts Removed:** The ESA program systematically removes CARE customers who apply for ESA and are proven to be over income. PG&E has identified 192 CARE removals as a result of being over income, but due to COVID-19 protections, PG&E has suspended these removals as directed by the CPUC. As such, there were no CARE discounts removed in February 2021.

**New Contractors and Community-Based Organizations (CBOs)**: In February 2021, PG&E had no new Contractors or CBOs join the ESA program due to the COVID-19 pandemic.

- 1.3 Leveraging Success Evaluation, Including California State Department of Community Services and Development (CSD)
  - 1.3.1 Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What was the result in terms of new enrollments?

**Low Income Home Energy Assistance Program (LIHEAP) Energy Star® Refrigerator Installations:** There were zero refrigerators installed through LIHEAP leveraging in February 2021. Zero refrigerators have been installed YTD.

**CSD Data Sharing:** PG&E will continue to share data with CSD as requests are made.

**Low Income Weatherization Program (LIWP) (MF) Leveraging:** There were zero measure installations through LIWP (MF) leveraging in February 2021. PG&E continues to collaborate with CSD-LIWP on potential leveraging and measure implementation.

#### 1.4 Workforce Education & Training

1.4.1 Please summarize efforts to improve and expand the ESA Program workforce education and training. Describe steps taken to hire and train low income workers and how such efforts differ from prior program years.

The PG&E Workforce Education and Training Program closed its Energy Centers to the public in March 2020 due to shelter-in-place orders. In May, the training was relaunched in virtual formats (on demand and webinar) for all except the NGAT training, which relies heavily on hands-on training. The Energy Training Center (ETC) in Stockton was partially re-opened in August with new COVID-19 mitigation

procedures, allowing for part of the NGAT training to occur in-person while the remainder of instruction occurs virtually.

ESA Contractors are encouraged to hire local workers to implement the ESA Program in their areas. All contractors and subcontractors responsible for implementing the ESA Program are trained at the ETC in Stockton. Most of these ESA Program Energy Specialists (ES) and installation contractors are from the local communities in which they work. Below is a summary of ESA Onboarding, ES, Weatherization Specialist (WS), Advanced Weatherization Specialist (AWS), Duct Test & Seal (DT&S), and NGAT training for February 2021 and YTD.

Workforce Education & Training Summary								
	February 2021	YTD						
Students	62	100						
Student Days	145	213						
Training Sessions	5	8						

#### 1.5 Miscellaneous

#### **Energy Education-Only to ESA Qualifying Customers**

To date in 2021, PG&E has provided energy education-only to 382 households out of the 15,468 households treated.

#### **Water-Energy Coordination Program**

As of February 2021, the program had seven actively participating water agencies in the Water-Energy Coordination Program. Yuba Water Agency's contract ended in December 2020. The final pilot program report and a proposal for a new contract were sent to the Board of Directors for their consideration in January 2021. A decision is expected in March with anticipated program launch in April.

East Bay Municipal Utility District (EBMUD) is ready to move forward with signing a six month toilet direct install pilot but, because of the current pandemic, they would like to wait before launching. Similarly, the City of Fresno is ready to sign the contract but would like to wait before launching. The City of Clovis and City of Sanger are also setting up contracts for fiscal year toilet direct install pilots. Santa Clara Valley Water Agency is continuing to delay program launch due to COVID-19 concerns. All five water agencies would likely launch their programs on July 1.

Richard Heath & Associates (RHA) is currently in discussions with the City of Santa Rosa, Butte County Water District and Marina Coast Water District regarding potentially launching toilet direct install pilots with these agencies in the second half of 2021.

#### **Tribal Penetration and Consultation Plans Status**

In February 2021, PG&E contacted 19 Housing Authority offices, one Department of Social Services CALWORKS and Family Resilience Branch manager, and 19 Tribes to schedule

meetings. PG&E scheduled meetings for March via webinar with Housing Authority offices of the Bear River Band of Rohnerville Rancheria, Berry Creek Rancheria, Big Sandy Rancheria, Hoopa Valley Tribe, and Picayune Rancheria to review the ESA Partnership offer.

Please see the table below for a summary of outreach and list of all tribes.

	C-v	2019-2021 mmary of Tribal Response

#### **ESA Program Studies**

The Request for Proposal (RFP) phase of the 2022 Low Income Needs Assessment (LINA) was completed in Q4 2020. The study commenced in January 2021 and the research plan is currently under development. A public workshop is scheduled for March 5 to solicit comments, which will be incorporated in the research plan. The study is expected to be completed by December 2022.

For the Non-Energy Benefits (NEBs) study, the IOUs hosted a Public Workshop in January 2021 to present methodology and findings. A draft report of the study was posted in December 2020 to solicit stakeholder feedback, and a final report incorporating stakeholder comments was posted in February 2021.

PG&E and Southern California Gas Company submitted a Joint AL in December 2020 to request fund shifting from the ESA CAM administrative budget in order to sponsor the Multi-family CAM Process Evaluation Study. The Joint AL was subsequently approved, effective January 21, 2021. PG&E and the IOUs are preparing to initiate the solicitation process.

A study with the primary objective of developing a program theory and logic model for the ESA program commenced in Q3 2020; interviews with key program stakeholders took place from November 2020 to January 2021. Results are currently being compiled to produce a draft logic model. The study's planned completion date was Q1 2021. However, because the effort was more comprehensive than initially anticipated, the study is expected to complete by Q2 2021.

#### **Multifamily Common Area Measures (CAM)**

ESA CAM reached the enrollment goal of 1,882 buildings in July 2020. As a result of achieving this milestone, a 2021 program waitlist was created for potential projects. Since closing enrollment, PG&E has monitored the pipeline to ensure incentive funds were utilized. Due to several factors including impacts from the COVID-19 shelter in place orders and adjustments to several projects' scope of work, unspent incentive funds became available to allocate to new projects in 2021. As a result, PG&E is scheduled to resume CAM program enrollment by March 2021.

As of February 2021, a total of 198 properties were referred to the ESA in-unit program. As a result of the coordination efforts, 218 units across six properties have received in-unit treatment.

From 2017 through February 2021, PG&E's ESA team has spent a total of \$11,158,765. for multifamily activities including CAM implementation and multifamily Single Point of Contact (SPOC) initiatives.

#### 2. California Alternate Rates for Energy (CARE) Program Summary

The CARE Program provides a monthly discount on energy bills for qualifying households throughout PG&E's service area. 10

The authorized CARE Program administrative budget for the six-month 2021 Bridge Funding period is \$9,510,637.<sup>11</sup> This 2021 budget includes \$262,500 for the Community Help and Awareness with Natural Gas and Electricity Services (CHANGES) Program and \$533,016 for employee benefit burdens.<sup>12</sup>

The CHANGES Program provides funding to CBOs to assist Limited English Proficient (LEP) customers with energy education and billing issues. 13

Due to the COVID-19 pandemic, PG&E put in place numerous consumer protections related to the CARE program to support its customers during this emergency, which has resulted in the program growing and exceeding enrollment projects, including<sup>14</sup>:

- Freezing all standard and high-usage post-enrollment verification (PEV) reviews for the CARE program eligibility for 12 months and potentially longer
- Suspending all CARE and FERA program removals, including discontinuing all recertification and verification requests, to avoid unintentional loss of the discounted rate
- Promoting customer protections as part of IOU community outreach and public awareness plans
- Contacting all Community Outreach Contractors (COCs), the CBOs who assist in enrolling hard-to-reach low-income customers into CARE, to help better inform customers of changes
- Providing an additional \$100 in bill payment assistance to income-eligible customers until the end of consumer protections through the REACH program.

<sup>&</sup>lt;sup>10</sup> To qualify for the CARE discount, a residential customer's household income must be at or below 200 percent of Federal Poverty Guidelines, as required in D.05-10-044 and per Public Utilities Code Section 739.1(b) (1) or someone in the customer's household is an active participant in other qualifying public assistance programs.

<sup>&</sup>lt;sup>11</sup> D.19-06-022 authorized CARE bridge funding at the 2020 level to cover CARE program activity for January 1, 2021- June 30, 2021 if there was no program Decision by November 16, 2020. If the Commission does not vote to approve the post-2020 programs and budget by May 16, 2021, D.19-06-022 authorized CARE bridge funding for an additional six months through end of 2021.

<sup>&</sup>lt;sup>12</sup> The 2021 CARE Program budget was authorized in D.19-06-022 for up to the 2020 budget level approved in D.16-11-022 issued on November 10, 2016, and as modified by D.17-12-009 issued on December 14, 2017.

<sup>&</sup>lt;sup>13</sup> D.12-12-011 required that the utilities report CHANGES activity in the monthly reports beginning in April 2013. D.15-12-047 directed the utilities to continue to report CHANGES activity in the monthly reports until long-term funding is established from the Commission's budget.

<sup>&</sup>lt;sup>14</sup> Resolution M-4842, p. 5.

#### 2.1 CARE Program Cost Summary

CARE Budget Categories	January - June Authorized Budget [a]	Actual Expenses Year-to-Date <sup>[b]</sup>	% of Budget Spent
Outreach <sup>[c]</sup>	\$4,888,812	\$1,400,093	29%
Processing, Certification, Recertification	\$1,061,482	\$91,268	9%
Post Enrollment Verification	\$905,315	\$78,377	9%
IT Programming	\$1,120,747	\$369,143	33%
Cooling Centers <sup>[d]</sup>	\$0	\$0	0%
CHANGES Program	\$262,500	\$90,073	34%
Measurement and Evaluation	\$79,838	\$17,342	22%
Regulatory Compliance	\$581,304	\$56,789	10%
<b>General Administration</b>	\$546,640	\$95,719	18%
CPUC ED Staff	\$64,000	\$(5,891)	-9%
<b>Total Expenses</b>	\$9,510,637	\$2,192,913	23%
Subsidies and Benefits	\$299,558,996	\$151,008,482	50%
<b>Total Program Costs and Discounts</b>	\$309,069,632	\$153,201,394	50%

 $^{\rm Ial}$ Program authorized budget per D.19-06-022 for up to the 2020 budget level approved in D.16-11-022 and as modified in D.17-12-009, and updated via PG&E Mid-Cycle Update Advice Letter 3990-G/5329-E, 3990-G-A/5329-E-A, 3990-G-B/5329-E-B. Authorized budget also includes \$533,016 for Benefit Burdens as approved in D.20-12-005.

 $\[ \[ \]$  Id]CARE balancing account is no longer funding the Cooling Centers program starting in 2020. As directed in D.16-11-022, as modified by D.17-02-033, PG&E incorporated the cooling center budget request for 2020-2022 into the 2020 GRC Proceeding.

#### 2.1.1 Please provide the CARE Program penetration rate to date

CARE Penetration							
Participants	Eligible Participants <sup>15</sup>	YTD Penetration Rate					
1,587,645	1,447,571	109.7%					

<sup>[</sup>b]Actual expenses include employee benefits costs.

<sup>[</sup>c] Include authorized expenses for incremental CARE/FERA M&O efforts.

<sup>&</sup>lt;sup>15</sup> On February 12, 2021, PG&E, on behalf of the IOUs, filed the Annual Estimates of CARE Eligible Customers and Related Information. This number reflects estimates of PG&E's CARE Eligible Participants for 2021.

#### 2.2 Outreach

## 2.2.1 Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

#### **Direct Mail and Email Campaigns**

In early February, CARE enrollments continued to benefit from the CARE and FERA 2020 first touch acquisition email that was sent to 318,000 income qualified customers at the end of January. Enrollments from the direct mail acquisition campaign sent to 300,000 income qualified customers also continued during February, as customers mailed in their applications, and responded online.

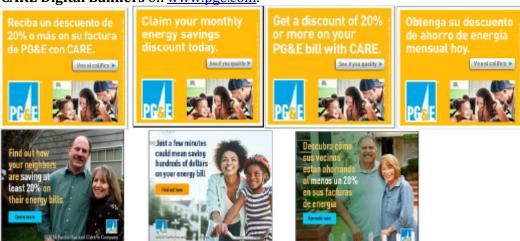

#### **Digital Media**

In February 2021, PG&E's CARE online advertising and search marketing campaigns continued to focus on income qualified customers across PG&E's entire service territory (see <a href="https://www.youtube.com/watch?v=8U80-">https://www.youtube.com/watch?v=8U80-</a>

<u>nN2XYc&feature=emb\_rel\_end</u>). The media buy included additional targeting and increased media placements targeting ZIP Codes with higher estimated potential for eligible customers.

#### **CARE Digital Banners** on www.pge.com.

#### **Multilingual Digital Media**

In February 2021, PG&E continued to run a new multilingual media campaign to promote rate assistance programs to income qualified customers featuring display

ads in Spanish, Korean, Russian and Chinese. Paid search and Gmail ads also included Vietnamese. The multilingual ads were targeted to reach PG&E's full territory and will generate an estimated 86 million impressions over 12 weeks.

**Korean Display Ads** 

**Russian Display Ads** 

**Chinese Display Ads** 

The February campaign continued to run an effective advertising placement on the Fresh EBT application.

#### **Digital - Fresh EBT Application Ads:**

## Save 18% on your monthly electric bill

Save 18% on electricity with the PG&E FERA program. No proof of income needed. Apply in five minutes online.

- PG&E Will Move Some Residential Customers to a New Rate Plan Starting in April (segment in Chinese)
   KRON4.2-Skylink TV (Bay Area), 2 February 2021

In addition, PG&E continued the temporary closure of its local offices due to COVID-19 shelter-in-place orders and plans to reopen its local offices once shelter-in-place orders are lifted. PG&E's COCs¹6 supported 20 enrollments in February, totaling 36 new enrollments in CARE year-to-date.

**Outbound Financial Assistance:** PG&E continued the outbound calling campaign in order to reach customers with past due accounts. The outbound calls provided customers with flexible pay plans as well as information about CARE, FERA, Medical Baseline, and other assistance programs. In February 2021, the campaign enrolled 121 customers in CARE and one in FERA.

Customer Service Representatives (CSRs) were able to contact 5,545 customers directly. The customers who could not be reached, and had access to voicemail, received information regarding PG&E's financial assistance programs. The campaign was also successful in identifying over \$831,950 in potential savings from rate changes. Customers with a past due account balance were directed to the LIHEAP program where they received pledges totaling approximately \$28,843.

#### Community Based Organization (CBO) Outreach and Engagement

PG&E aims to engage its broad network of CBO partners into CARE program marketing and outreach. In February 2021, PG&E hosted a "Focus Group" for organizations representing customers with disabilities, and access and functional (AFN) needs, including members of its People with Disabilities and Aging Advisory Council (PWDAAC) and other primary AFN partner organizations. The Focus Group highlighted the phase out of the COVID-19 consumer protections, including the recertification processes in CARE, and the moratorium on service disconnections. Nearly 20 external stakeholders attended the Focus Group and provided valuable input. PG&E received robust and helpful feedback from attendees related to CARE marketing and outreach strategies and plans to partner with AFN organizations to circulate information to vulnerable customers on the phase out of the COVID-19 protections.

**New Community Outreach Contractors (COCs):** In February 2021, PG&E had no new COCs or CBOs join the CARE program as outreach contractors.

<sup>&</sup>lt;sup>16</sup> PG&E contracted with 44 COCs throughout its service area. These organizations represent a variety of communities, including African Americans, Hispanics, Asian Pacific Islander Americans (Chinese, Vietnamese, and Hmong), Native Americans, seniors, rural residents, agricultural workers, sub-metered tenants, and nonprofit living facilities.

## 2.2.2 Describe the efforts taken to reach and coordinate the CARE Program with other related low income programs to reach eligible customers.

PG&E automatically enrolls customers in CARE who participate in ESA or receive LIHEAP and Relief for Energy Assistance through Community Help (REACH) payments. The table below shows CARE automatic enrollments for February 2021 and year-to-date.

CARE Automatic Enrollment									
Source	February	YTD							
ESA	1,512	2,681							
LIHEAP	139	225							
REACH	585	742							

#### 2.2.3 Recertification Complaints

PG&E received no complaints regarding CARE recertification in February 2021. All recertification activity is paused due to COVID-19 protections.

#### 2.3 Miscellaneous

CARE Program Post-Enrollment Verification Freezes:<sup>17</sup> Due to the COVID-19 pandemic, PG&E has suspended all standard and high usage post-enrollment verification (PEV) requests, as well as the removal of customers with pending requests, through June 30, 2021.<sup>18</sup> In compliance with D. 19-07-015, Pacific Gas and Electric Company (PG&E) is adding the customers impacted by the 2020 Wildfires and 2021 Winter Storms to PG&E's Emergency Consumer Protection Plan, thereby making these customers eligible for the measures under this plan. The inclusion of these customers to PG&E's Emergency Consumer Protection Plan is in response to Governor Newsom's statewide Proclamations of a State of Emergency due to the extensive fires and recent winter storms throughout California.

The table on the following page details the CARE program PEV freezes currently in place as of February 2021.

<sup>&</sup>lt;sup>17</sup> CPUC Resolution M-4833 directed IOUs to freeze CARE program post-enrollment verification (PEV) in the counties impacted by the California wildfires. PG&E expanded the CARE PEV freeze to customers in affected counties where a state of emergency proclamation was issued by the Governor of California due to a disaster that resulted in PG&E's inability to deliver utility services to customers and remains in place for one year from the date of the proclamation. D.19-07-015 extends PG&E's Emergency Consumer Protection Plan to include residential and non-residential customers in areas where a state of emergency proclamation is issued by the California Governor's Office or the President of the United States where the disaster has either resulted in the loss or disruption of the delivery or receipt of utility service, and/or resulted in the degradation of the quality of utility service.

<sup>&</sup>lt;sup>18</sup> The Commission approved Resolution M-4849, to extend this date through June 30, 2021, on February 11, 2021.

	CARE Progra	m Post-Enrollment Verification Freezes	
Date of Proclamation	Disaster Name	Affected Areas or ZIP Codes	Date when Protection Ends

<sup>[\*]</sup> Authorized Budget: Approved in Advice Letter Advice 4351-G-B/6035-E-B from January 1, 2021 to June 30,2021

46 [1] 2021 program administrative costs (also referred to "as below the line") split 50%/50% between Q1 and Q2 and includes estimated benefits burden costs

47 [2] Unspent MF CAM budget was carried over. Authorized 2021 budget shown was calculated from remaining spend as of December 31, 2020. Total will be recalculated after 2020 books are closed.

48 [3] Post-Pandemic Return to Service (PPRS) authorized in Resolution E-5074

<sup>49 [4]</sup> PG&E's Advice Letter 4349-G/6030-E was approved on January 21, 2021 and authorized \$90,000 from the MF CAM Administrative Budget to 2020 Studies for the MF CAM Process Evaluation. Authorized Budget approved for

January 1, 2021 to December 31,2021

DNV/GL Impact Evaluation Program Years 2015-2017 Impact II or ESA approved workpapers

<sup>[1]</sup> Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping - door, caulking and minor home repairs. Minor home repairs predominantly are door jamb repair / replacement, door repair, and window putty.

<sup>[2]</sup> Weatherization may consist of attic insulation, attic access weatherization, weatherstripping - door, caulking, & minor home repairs.

<sup>[3]</sup> All savings are calculated based on the following sources:

Standard Notes 1 - 6 (do not delete)

1. Measures are customized by each IOU, see 'Table 2B-1, Eligible Measures List'. Measures list may change based on available information on both costs and benefits and may vary across climate zones. Each IOU should fill out Table 2B as it pertains to their program. Table 2B-1 Column A should match Table 2B Column A for eligible (not canceled) measures.

2. Multifamily properties are sites with at least five (5) or more dwelling units. The properties may have multiple buildings.

3. Multifamily tenant units are the number of dwelling units located within properties treated. This number does not represent the same number of dwellings treated as captured in table 2A.

4. Audit costs may be covered by other programs or projects may utilize previous audits. Not all participants will have an audit cost associated with their project.

5. Applicable to Deed-Restricted, government and non-profit owned multi-family buildings described in D.16-11-022, modified by D.17-12-009, where 65% of tenants are income eligible based (at or below 200% of the Federal Poverty Guidelines).

6. Commissioning costs, as allowable per the Decision, are included in measures total cost unless otherwise noted.

7. Year to Date Expenses table includes accrual amounts

#### Standard Notes (do not delete)

1. Measures list may change based on available information on both costs and benefits (including energy benefits as well as non-energy benefits) and may vary across climate zones. This is not a list of installed measures, it is a list of eligible measures.

Table 2B-1 Column A should match Table 2B Column A for eligible (not canceled) measures.

- 2. Only complete if measure is canceled or discontinued
- 3. Defined as CEC California Building Climate Zones:

https://www.energy.ca.gov/programs-and-topics/programs/building-energy-efficiency-standards/climate-zone-tool-maps-and

IOUs - Do not delete footnotes 1-5 below.

- [1] Contractor labor and labor-related costs. Post-Pandemic Return to Service (PPRS) credit eligible. Based on number of contractors eligible for PPRS credit as of last calendar day of a given month.
- [2] 40% for PPRS credit calculation from Joint Tier 2 Advice Letter 5654-G filed on June 29, 2020

- [4] Based on total monthly contractor invoices, up to maximum allowable for each contractor. Contractors who are not eligible for PPRS credit as of reporting month have a maximum allowable amount of 0.
- [5] Credits may be applied at a later date than earned depending on the contractor repayment schedule.
- [6] Includes repayments processed for which PPRS credits were not applied, including contractor payments returned unused or duplicate payments received from other funding sources.
- [7] As a result of AL4269-G-A/5865-E-A, contractors are submitting the revised templates resulting in the change to the PPRS eligible amount. As of Feb 2021 all of the templates have been received and the PPRS eligible numbers will remain static through out the rest of the year.

Note: This table created pursuant to section 1.2.3 in Commission Resolution E-5074. This report covers the period from the issuance of advances until the last day of the month reported. Any required corrections/adjustments are reported herein and supersede results reported in prior months.

<sup>[3]</sup> For work performed during PPRS credit-earning period, for contractors receiving advances. SCE's PPRS credit-earning period is from December 1, 2020 to May 31, 2021. (Dates will vary by IOU based on start of PPRS credit earnings period.) Only includes contractors eligible for PPRS credit as of the reporting month.
