ENERGY SAVINGS ASSISTANCE PROGRAM MONTHLY REPORT

1. ENERGY SAVINGS ASSISTANCE PROGRAM EXECUTIVE SUMMARY

1.1. Energy Savings Assistance (ESA) Program Overview

1.1.1. Provide a summary of the Energy Savings Assistance Program elements as approved in Decision (D.)16-11-022 and D.17-12-009:

SoCalGas submitted its Bridge Funding Advice Letter (AL) 5501-A on November 27, 2019, which was approved by Energy Division (ED) on December 4, 2019. This report reflects the approved budget and homes treated updates per the disposition of AL 5501-A, as well as ESA activities beyond retreatments that were not completed at the end of 2020, and funded from the prior cycle.¹

Program Summary through May 2021			
	Authorized / Planning Assumptions*	Actual to Date**	%
Budget	\$67,066,667	\$37,191,061	55%
Homes Treated	60,000	45,070	75%
kWh Saved	N/A	N/A	N/A
kW Demand Reduced	N/A	N/A	N/A
Therms Saved***	N/A	296,802	N/A

* Authorized bridge period funding and homes treated goals for January – June 2021 per Advice Letter 5501-A approved December 4, 2019. Authorized budget does not include unspent funds carried over from prior cycles, per D.19-06-033.

** Actual expenditures to date include sum of total expenses reported on ESA Tables 1 and 1A.

*** As of September 2019, ex-ante values from the 2015-2017 Impact Evaluation Report are being used to calculate therm savings. These updated values have resulted in a significant reduction in SoCalGas' reported therm savings.

In May 2021, SoCalGas processed and paid contractor invoices from prior months'

activity for 10,428 treated homes. Additionally, SoCalGas paid for the weatherization of

¹ D.19-06-033, pg. 13.

10,428 homes, 664 furnace repairs and replacements, 300 water heater repairs and replacements, and 637 High Efficiency (HE) clothes washers.

1.2. Energy Savings Assistance Program Customer Outreach and Enrollment Update.

1.2.1. Provide a summary of the Energy Savings Assistance Program outreach and enrollment strategies deployed this month.

Ethnic and Mass Media Campaign

SoCalGas did not launch a media campaign during the month of May. SoCalGas was in the planning stage of a campaign before the program was temporarily suspended due to the COVID-19 emergency. SoCalGas will consider launching a campaign in the coming months pending budget and program planning.

E- Newsletter

SoCalGas contributed to a newsletter that was distributed in May 2021 promoting the ESA Program. Norwalk Now is a free monthly newsletter provided to all residents and businesses of the city of Norwalk, CA that features information on local events/activities and stories of those making a difference in the community. The newsletter is distributed each month and is available for viewing on the city website. The May newsletter featured an “Energy Corner” section devoted to promoting ESA. The section included a brief description of the program and information on how to apply either via the ESA Program web page (socialgas.com/Improvements) or phone. A QR code linking directly to the ESA Program web page was also included.

Energy Savings Assistance Program - Emails

During the month of May, SoCalGas sent 232,980 emails to customer lists covering 70 specific targeted geographic areas as part of AL 5256 (Clear Plan).

The Clear Plan targets customers that have not previously participated in the ESA Program and have been identified as highly eligible. The email features ESA Program information and includes the contact information of the customer's assigned contractor. The email also includes a link that allows customers to express interest in the program by either selecting the link that sends an email to their assigned contractor for follow-up or by calling their assigned contractor's contact information listed in the email. Providing the contractor's contact information creates context and instills confidence for the customer as they are more likely to be familiar with the name and have assurance of legitimacy when the contractor calls. Emails were sent based on zip codes to accurately reflect contractor assignments.

Energy Saving Assistance Program - Direct Mailings

In May, SoCalGas sent 162,717 direct mailers in 116 zip codes as part of the Clear Plan.

Energy Savings Assistance Program – Text Messaging

In May, SoCalGas sent 135,640 text messages to customers in 70 targeted geographic areas as part of the Clear Plan. The text messages prompt customers to visit a program landing page that allows customers to express interest in the

program by either selecting a link that sends an email to their assigned contractor for follow-up or by instructing them to call their assigned contractor using the contact information that is provided.

Energy Savings Assistance Program - Bill Inserts

SoCalGas sent 159,985 bill inserts during the month of May. These bill inserts strategically targeted CARE customers who had signed up for the program from March 2020 through April 2021 and who had not received ESA treatments since the start of the most recent program cycle in 2016. The purpose of this targeting was to offer additional savings assistance to customers who likely joined the CARE program during the past year after being directly affected by the pandemic.

Energy Savings Assistance Program - Outbound Dialing

SoCalGas did not deploy an outbound dialing campaign during the month of May.

Energy Savings Assistance Program - Web Activities

There were 110 internet-generated leads for the ESA Program during the month of May from all channel activities conducted in previous months. The leads are being pursued by SoCalGas ESA contractors.

Energy Savings Assistance Program – Social Media Activity

SoCalGas did not post about ESA to social media in the month of May.

1.2.2. Customer Assistance Events and Public Affairs/Public Relations Activities for the CARE and ESA Program.

SoCalGas provides customer program information regarding its interactions with the community that facilitates participation in its Low-Income Programs. On an ongoing basis, SoCalGas Regional Public Affairs meets with various community groups – representing both the general population and low-income customers.

CARE and ESA Program information is distributed at the events that SoCalGas or its representatives attend. In addition to the ongoing and general outreach in the community, the events listed in the table below represent specific outreach events that SoCalGas participated in during the month of May. Please see section 2.2.1 below for additional information on the various community organizations listed.

1.3. Leveraging Success Evaluation Including CSD

1.3.1. Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What was the result in terms of new enrollments?

SoCalGas continues to explore opportunities to collaborate with various organizations and key stakeholders, including the California Department of Community Services & Development (CSD), to leverage program enrollment. On April 2, 2019, SoCalGas and CSD executed a Low Income Weatherization Program (LIWP) cost reimbursement agreement for installation of qualifying ESA measures to eligible customers.

In 2021, leveraging opportunities with municipalities and water agencies remains a high priority in providing comprehensive energy savings to joint customers, especially for those customers not in a joint IOU service territory. SoCalGas is

able to provide administrative and co-funding opportunities for electric and water providers who might otherwise not offer these energy savings measures.

Water leveraging agreements provide the ability for water agencies to capture water savings through the co-funding opportunities. Year to date, \$32,259 has been co-funded to support the installation of HE clothes washers and other related water measures. Some water agencies also co-fund low-flow shower heads, faucet aerators, thermostatic shower valves and tub spouts. The participating water agencies include:

- Eastern Municipal Water District
- Fontana Water Company²
- Liberty Utilities, formerly Park Water Company³
- Metropolitan Water District (MWD)
- San Gabriel Valley Water Company⁴
- California American Water
- Moulton Niguel Water District
- Elsinore Valley Municipal Water District
- Western Municipal Water District
- Rancho California Water District

² Fontana Water Company serves the following communities: Fontana, Rialto, Rancho Cucamonga, Ontario, and unincorporated areas of San Bernardino County.

³ Liberty Utilities, formerly Park Water Company, serves the Compton/Willowbrook, Lynwood, and Bellflower/Norwalk water systems.

⁴ San Gabriel Valley Water Company serves the following communities: Arcadia, Baldwin Park, El Monte, Industry, Irwindale, La Puente, Montebello, Monterey Park, Pico Rivera, Rosemead, San Gabriel, Santa Fe Springs, South El Monte, West Covina, Whittier and unincorporated portions of Los Angeles County, in the communities of Bassett, Hacienda Heights, Los Nietos and South San Gabriel.

In addition to the water leveraging opportunities, SoCalGas is working with municipal electric providers through the ESA Program. SoCalGas administers programs for the following municipal electric providers:

- Anaheim Public Utilities
- Colton Public Utilities
- Los Angeles Department of Water and Power (LADWP)
- Pasadena Water and Power
- Riverside Public Utilities

Providers have reported the activity noted below for 2021 through the month of May. Some of the electric measures installed include LEDs, Smart Power Strips, Torchiere Lamps, A/C Tune-ups, Refrigerator Assessment, Duct Testing & Sealing and Room A/C Replacement. Qualifying measures vary per electric provider and availability of funding.

Municipal Electric Provider	Participating Customers
Anaheim Public Utilities	299
Colton Public Utilities	0
LADWP	0
Pasadena Water and Power	25
Riverside Public Utilities	0
Total	324

1.4. Workforce Education & Training

1.4.1. Please summarize efforts to improve and expand Energy Savings Assistance Program workforce education and training. Describe steps taken to hire and train low-income workers and how such efforts differ from prior program years.

SoCalGas provides two areas of training: 1) Enrollment and Assessment (E&A); and 2) ESA Field Operations. In response to COVID restrictions, SoCalGas completed development of an on-line E&A curriculum in May 2020.

Implementation of the curriculum as well as on-line testing began in June 2020.

SoCalGas began presenting field operations training online in September 2020 and is continuing to address certain challenges due to the technical nature of the subject matter.

The year-to-date training results are shown in the following tables.

SoCalGas Enrollment and Assessment Training				
	Q1	April	May	Total
Attended Class*	109	42	27	178
Tested	102	42	23	167
Passed	56	27	21	104
Retention Rate**	55%	64%	91%	62%
*As of June 2020, in-person training has been transitioned to on-line, self-directed training. SoCalGas will report tested/passed only. **Retention Rate is Passed/Tested				

SoCalGas Field Operations Training*								
Class Type	Q1		April		May		YTD Total

* As of September 2020, in person training has transitioned to on-line training.								

1.5. Emergency Efforts in Response to D.16-04-040

D.16-04-040 at Ordering Paragraph 10 directs, “Southern California Gas Company and Southern California Edison Company shall track and report on its emergency response efforts immediately on a monthly basis to the Commission’s

Energy Division.” The current Decision (D.16-11-022), extends this requirement into the current program cycle. Please refer to ESA Table 2.

2. CARE EXECUTIVE SUMMARY

2.1. CARE Program Summary – May

On May 22, 2020, SoCalGas filed Advice Letter (AL) 5604-B supplementing emergency disaster relief protections in SoCalGas’ service territory in response to the COVID-19 emergency. The AL enacted the following customer protections identified in Res. M-4842:

- Waive all security deposit requirements for residential and small business customers.
- Assist residential and small business customers in establishing reasonable payment arrangements up to 12 months as needed.
- Suspend disconnections for nonpayment and associated fees for residential and small business customers.
- Suspension of all collection activities for active residential and small business accounts.
- Support low-income residential customers by:
 - freezing all standard and high-usage reviews for CARE Program eligibility and discontinuing removing customers from low-income programs;
 - suspension of medical base line (MBL) certifications at the time of enrollment, recertification reviews and discontinuing removing customers from the program;
 - contacting all community based organizations who assist in enrolling hard-to-reach low-income customers into CARE, to help better inform customers of these eligibility changes;
 - partnering with the program administrator of the customer funded emergency assistance program for low-income customers and increase the assistance limit amount; and
 - indicating how the ESA Program can be deployed to assist customers.

- Suspend all CARE Program removals to avoid unintentional loss of the discounted rate during the period for which the customer is protected.
- Discontinue generating all recertification and verification requests that require customers to provide their current income information.
- Include the customer protections above as part of the larger community outreach and public awareness plans.

On February 12, 2021, the Commission issued Res. M-4849 extending the Emergency Customer Protections for residential and small business customers through June 30, 2021. SoCalGas submitted AL 5768 extending the customer protections identified in Res. M-4842 through June 30, 2021.

SoCalGas filed AL 5794 and AL 5794-A on April 1 and April 27, 2021, respectively outlining its transition plan for the lifting of the Emergency Customer Protections. The transition plan was approved by the Commission on April 28 and took effect on May 1.

2.1.1. Please provide CARE Program summary costs.

CARE Budget Categories	Authorized Budget*	Actual Expenses to Date	% of Budget Spent
Outreach	\$2,002,443	\$1,258,497	62.85%
Processing, Certification and Verification	\$1,560,676	\$614,793	39.39%
Information Tech./Programming	\$518,898	\$253,740	48.90%
Cooling Centers	N/A	N/A	N/A
CHANGES	\$218,751	\$57,196	26.15%
Measurement and Evaluation	\$0	\$0	0%
Regulatory Compliance	\$237,929	\$149,028	62.64%
General Administration	\$476,864	\$310,170	65.04%
CPUC Energy Division Staff	\$30,000	\$43,083	143.61%
Total Expenses	\$5,045,561	\$2,686,507	53.24%
Subsidies and Benefits	\$67,506,127	\$90,208,521	133.63%
Total Program Costs and Discounts	\$72,551,688	\$92,895,028	128.04%

* Authorized bridge period funding for January – June 2021 per D.19-06-022.

CARE My Account Activity & Enrollments

In accordance with D.17-12-009, CARE Program enrollment was integrated within My Account in September of 2017, where applications are now processed in real-time. Once logged into My Account, customers receive message center alerts notifying them that they can apply to the CARE Program if they are eligible, or that they are due for recertification or post-enrollment verification (PEV), depending on their CARE status. Customers may then visit a dedicated CARE Program page within My Account where application processes including enrollment, recertification and PEV are available in English and Spanish. CARE customers may also opt-out of the program if they no longer qualify.

This implementation has increased CARE enrollments, reduced manual processing of applications, and improved customer service by providing real-time status updates and application confirmation. Since its inception, there have been 234,352 successful enrollments, 72,397 recertifications, 6,109 post-enrollment verifications and 10,857 opt-outs. Activity for May is as follows:

CARE My Account Activity			
	Transactions	Approved	% Approved
Self-certification	4,456	3,529	79%
Re-certification	143	132	92%
PEV	10	3	30%
Customer opt-out	146	146	100%

CARE CSR Enrollment Initiative

In its PY2015-2017 Application, SoCalGas requested CARE enrollment through Customer Service Representatives (CSRs) when customers call the Customer

Contact Center (CCC) to turn-on or back-on service, or to make payment arrangements. D.16-11-022 was issued in November 2016 and in January 2017, SoCalGas' CARE and IT departments began the planning, design, and creation of a CARE template adjacent to both the turn-on and payment extension templates and used specifically by the CCC. Thorough testing, and training of the CSRs took place during the fourth quarter of 2017. CSRs began taking CARE applications over the phone at midnight on February 23, 2018.

During the month of May 2021, CSRs successfully enrolled 7,949 customers in CARE. An additional 2,289 customers preferred to receive a CARE application in the mail. Through this effort, CARE enrollment from inception via the CCC is at 451,924 with an additional 173,510 mailed applications.

There have been no issues reported; however, SoCalGas' CARE department will continue to obtain feedback from the CCC regarding this process. Any issues or concerns reported by the CSRs will be reviewed, and where needed, process changes will be implemented to ensure an even greater customer experience.

CARE Recertifications

To encourage recertification onto the CARE Program, SoCalGas mails letters to customers as their recertification date approaches. If the customer does not renew their certification, SoCalGas mails a second letter. During the month of May, SoCalGas processed a total of 19 on-line renewals. As mentioned above, due to

the COVID-19 emergency, SoCalGas has suspended recertification requirements for the CARE Program.

2.1.2. Please provide the CARE Program penetration rate to date.

CARE Penetration		
Participants Enrolled	Eligible Participants	Penetration rate
1,824,721	1,710,846	106.66%

2.2. Outreach

2.2.1. Discuss utility outreach activities and those undertaken by third parties on the utility’s behalf. (For additional CARE Outreach see section 1.2.2.).

CARE Emails & Enrollments

Due to the increase in the number of customers with an available email address on file, SoCalGas uses email communication whenever possible. SoCalGas also added source codes to each of the three types of emails it sends to customers for tracking purposes. During the month of May, SoCalGas sent 11,650 emails to new customers with a probability of being eligible for the CARE program. A total of 158 customers enrolled using the link within this email. A total of 16,760 emails were sent to existing SoCalGas customers who may qualify for the CARE Program and 411 enrolled using the link within this email. Typically, SoCalGas sends emails to recapture those customers that have fallen off CARE encouraging them to reapply. SoCalGas did not send any emails to customers who needed to reapply this month as customers are not being removed from the program for the remainder of the COVID-19 customer protection period. However, this process will resume in the coming months as SoCalGas enacts its transition plan in preparation for the lifting of the customer protections on June 30, 2021.

CARE Text Messages & Enrollments

SoCalGas texts the CARE link to customers with valid mobile phone numbers encouraging them to apply online. In May, SoCalGas sent 10,455 text messages to new customers and existing customers not on CARE. A total of 85 enrollments were generated from text messages sent. SoCalGas did not send text messages to customers who need to reapply this month as customers are not being dropped from the program for the remainder of the COVID-19 customer protection period. However, this process will resume in the coming months as SoCalGas enacts its transition plan in preparation for the lifting of the customer protections on June 30, 2021.

CARE Third-Party Enrollments & Outreach

SoCalGas employs third-party bilingual (English and Spanish) contractors to canvass targeted neighborhoods to enroll customers on CARE. These canvassers generated 1,386 approved enrollments in May.

In addition to canvassers, CBOs and Faith-Based Organizations (FBOs) constitute a key component of the grassroots tactics. These organizations serve as trusted sources of information on the CARE Program and provide the community with information on enrollment. If a customer is already on the CARE Program, these organizations remind customers to recertify when notified. During the pandemic, these partners have become even more important to help reach customers to obtain information on SoCalGas' assistance programs, and many CBOs have

modified their outreach procedures to comply with COVID-19 related recommendations and mandates to continue to serve those in need. A partial list of the organizations, their primary focus, and the counties and communities they serve follows.

211 LA County is a multilingual referral phone number for Los Angeles County. As a result of SoCalGas' close working relationship with 211, callers learn about the ESA Program and CARE when they are put on hold, and representatives are trained to follow up with callers on these programs, even if utility assistance was not the original purpose of the call. The organization provides monthly reporting on the categories of service calls and zip codes of the callers. In addition to operating a crisis-information helpline, 211 also attends community events, and through their relationship with SoCalGas, they discuss low-income programs as part of their outreach. During the month of May, 211 LA participated in 15 virtual outreach events. In total 173 callers were informed about the CARE Program, with 28 interested in the ESA Program.

In the month of May, SoCalGas Customer Assistance Programs continued its collaboration with Goodwill Industries of Southern California (Greater Los Angeles Area). Goodwill works to enhance people's dignity and quality of life by strengthening their communities, eliminating their barriers to opportunity and helping them reach their full potential through learning and the power of work. Local Goodwill organizations are innovative and sustainable social enterprises

that create job training programs, employment placement and other community-based programs by selling donated clothing and household items in more than 3,300 Goodwill stores. Goodwill is assisting SoCalGas Customer Assistance Programs by displaying CAP information in their stores and resource centers as well as educating their employees on these programs.

As a result of the successful Goodwill Los Angeles partnership, CAP outreach efforts will continue with Goodwill of Orange County for 2021. For the month of May, 51,708 Customer Assistance Program materials were disseminated in 10 stores located in the following communities: Anaheim, Westminster, Santa Ana, Fullerton, Garden Grove and Cypress.

SoCalGas Customer Assistance Programs recently started a new collaboration with Walking Shield. Walking Shield's mission is to improve the quality of life for families in Orange and LA Counties by coordinating programs that provide shelter, healthcare, community development support, educational assistance, employment development, and humanitarian aid. Through this partnership, Walking Shield will provide SoCalGas CAP information to the community by utilizing social media platforms and newsletters, and via phone and virtual meetings with clients. Currently events are not taking place due to the COVID-19 pandemic, but once events begin, Walking Shield will promote SoCalGas programs at community gatherings. In the month of May, Walking Shield held 25 one-on-one virtual/phone meetings where they discussed SoCalGas' Customer

Assistance Programs, provided brochures, and explained details of the programs. Walking Shield also emailed a total of 25 participants from their education program with information on SoCalGas' Customer Assistance Programs, as well as a link to apply. On social media, CBO staff posted SoCalGas program information and links via Facebook, Instagram and Twitter and reached approximately 2,700 views. For the coming months, the organization is working to increase the presence of SoCalGas' programs on their website.

The mission of Catholic Charities of Orange County is to provide service to people in need, to promote their voice in society, and to call on the Church and all people to do the same. Catholic Charities of Orange County works with charitable services such as CalFresh (Food Stamps) Outreach/Applications Program, Camp Re-Creation For Adults And Children With Special Needs, Cantlay Food Distribution Center, Catholic Campaign For Human Development, Catholic Charities Auxiliary, Catholic Charities of Orange County, Inc., Immigration and Citizenship Center, L'arche Wavecrest, Natural Family Planning, New Hope Crisis Counseling Hotline, Snap-Ed (Nutrition Education and Obesity-Prevention Program), Society of St. Vincent De Paul and The Orange Catholic Foundation. Catholic Charities of Orange County promotes SoCalGas' Customer Assistance Programs through all these avenues. CalFresh Outreach Program team members assist families and individuals apply for CalFresh benefits and during this enrollment process, they are able to talk with their clients about SoCalGas' Customer Assistance Programs.

Another partnership in Orange County has been developed with Families Forward. Families Forward is an organization that has been helping families in need achieve and maintain self-sufficiency through housing, food, counseling, education, and other support services. Families Forward holds strong to its commitment to the values of dignity, empowerment, accountability, community spirit, and hope since 1984. A key factor for success is Families Forward's commitment to collaborate with many organizations to end family homelessness in Orange County, including Orange County United Way, the Commission to End Homelessness, First 5 Orange County and many other partner agencies and foundations. In the month of May, 758 families received CARE Program information during their food distribution. Typically, recognition of SoCalGas and its resources is posted to the Families Forward Facebook and Instagram pages, reaching an audience of approximately 6,500 social media followers. However, in May, no social media posts were created for the Families Forward Facebook and Instagram pages.

A partnership was established in 2020 with the Center Auxiliary for Recruitment, Education and Service which is the auxiliary for the Los Angeles County + USC Medical Center. This program is also known as CARES. Los Angeles County + USC Medical Center is one of the largest public hospitals in the country ensuring that treatment is available to every member of the community. CARES is a California nonprofit corporation, providing financial support and volunteer services. Its primary mission is to benefit patients by adding comfort to their

hospital stay and providing services which help the patients and their families access quality healthcare. Through this partnership, CARES provides SoCalGas CAP information in their senior food distributions, CARES Child and Family Program, Obstetrics department and information stands placed throughout the medical center. In addition, SoCalGas will be invited to speak to staff at the medical centers who provide information to patients about the program.

To assist with grassroots outreach, SoCalGas also works with counselors from Worksite Wellness, a CBO in Los Angeles County that provides outreach to low-income working families. Counselors visit workplaces in south Los Angeles and neighboring communities to deliver wellness seminars and discuss no-cost/low-cost health care services. While informing workers of Medi-Cal eligibility, the counselors also inform the workers of the CARE Program. In May, Worksite Wellness staff provided enrollment assistance to 64 families that qualified for Customer Assistance Programs based on Medi-Cal, MyHealthLA, or Covered California participation. All enrollments were conducted over the phone. As restrictions have been lifted, health education presentations have mostly continued via phone or online, but some open air sessions were conducted. These presentations have also been made available in-person at local parks, with 222 clients attending in-person. The Worksite Wellness office is projected to reopen at full capacity in June 2021.

SoCalGas also collaborates with LIFT-Los Angeles. LIFT partners with community and early childcare organizations who refer parents and caregivers to SoCalGas' services (parents can also contact LIFT directly). While these community institutions are focused on helping children develop and thrive, LIFT concentrates on engaging and supporting their parents. LIFT works to build a strong, trusted relationship with each parent and/or caregiver centering around family goals that include increasing savings and reducing debt, finding high-quality educational opportunities and securing jobs that can provide more economic stability. Members and coaches meet at least once a month to make progress towards their goals. LIFT also provides families with funds to meet emergency needs and support long-term goals and connects parents to a broader community of local resources and partnerships such as SoCalGas' Customer Assistance Programs. This month, LIFT worked to provide over 150 members with SoCalGas' CAP information. Due to the COVID-19 emergency, as of March 16, 2020, LIFT switched its programming to virtual coaching so their services to parents could continue uninterrupted. LIFT's ability to be nimble and pivot to virtual has meant that they are able to see more members virtually than the in-person meetings. Since transitioning to virtual coaching, LIFT-LA has seen an increase in one-on-one virtual coaching sessions along with urgent wraparound supports.

In the Southeast region of Los Angeles County, SoCalGas collaborates with Human Services Association (HSA), which is a private nonprofit agency whose

principal mission is to provide families with compassionate and comprehensive care to promote wellness and build strong communities. HSA was founded in Bell Gardens as an outreach effort of the Presbyterian Church USA. Today, HSA serves over 20,000 clients annually on a non-sectarian basis with a range of services that addresses the unique and shared needs of clients of all ages. During the month of May, 104 people were introduced to SoCalGas Customer Assistance Programs.

A partnership with St. Barnabas Foundation in Los Angeles County was formed in 2018 to assist with the growing number of older adults in SoCalGas' service territory who lack basic developmental tools. The impacts of COVID-19 have affected most events with the organization. SBSS works with vulnerable population and provides one-on-one case management phone calls where they are able to introduce SoCalGas' Customer Assistance Programs to clients directly as well as provide translations and answer common questions about their gas bill. In the month of May, Customer Assistance Programs were discussed with 142 clients over the phone for clients located in the Mid-City, Hollywood, and Echo Park service areas. These new modes of communication include Customer Assistance Programs information provided in their meal delivery program; in the month of May, 550 clients were reached through their home meal deliveries. SBSS also disseminated SoCalGas Customer Assistance Program information to 115 via a printed newsletter, using information provided by SoCalGas Customer Assistance outreach staff. SBSS also used similar messaging to communicate via

web and social media accounts (Facebook and Instagram) to reach an audience of over 785 followers with 2,300 webpage views by seniors and/or their caregivers.

In Santa Barbara County, SoCalGas continues to work with Unity Shoppe, a CBO that serves low-income families, children, seniors, and persons with disabilities.

The store-front facility in downtown Santa Barbara serves approximately 17,000 families per year. Each family meets with a counselor providing an opportunity for one-on-one discussion on SoCalGas' low-income programs. This month due to the COVID-19 emergency, Unity Shoppe did not perform usual in-person activities of introducing Customer Assistance Programs to their partner agencies that work in referrals of low-income clients or agencies representing schools, infant & children programs, medical assistance programs, and veteran outreach services. However, for the month of May, Unity Shoppe was still able to provide information on SoCalGas' Customer Assistance Programs to over 909 participants. Due to the COVID-19 pandemic, Unity Shoppe has seen an increase in participants, and in March 2020 started efforts to respond through home deliveries which included grocery deliveries to homebound seniors and the disabled.

Ventura County has a very large population of indigenous speakers (residents who speak neither English nor Spanish, but who speak various indigenous languages, such as Zapoteco or Mixteco). The Mixteco Indigena Community Organizing Project (MICOP) reports that 20,000 indigenous speakers reside in

Ventura County. To reach out to these residents and customers - primarily farmworkers and persons with limited English proficiency – SoCalGas collaborates with MICOP to extend awareness of the CARE Program. MICOP provides ongoing awareness, and SoCalGas schedules periodic sponsored events to provide direct outreach. Due to the COVID-19 pandemic, MICOP has leveraged its radio resource and has provided information on customer assistance programs through their radio stations.

Also in Ventura County, SoCalGas works with Food Share Ventura County, an organization that provides food for over 75,000 people monthly. Food Share is a member of Feeding America, the nation’s largest hunger-relief network of food banks, as well as the California Association of Food Banks. In the month of May, Food Share Ventura County distributed 3,955 “Emergency Box Distributions” and “Senior Kit Distributions” with SoCalGas’ Customer Assistance Programs materials at various locations throughout Ventura County, as listed individually above.

In Oxnard, SoCalGas has partnered with El Concilio, a CBO that is a service center for the rural low-income, limited or non-English speaking community. El Concilio, transitions low income families by providing services that integrate them into the community to assist them in becoming self-sufficient, engaged and greater contributors to the community. Due to the COVID-19 emergency, El Concilios’ service center has been closed and employees are working from home.

El Concilio plans to share their programs on social media until they can go back to the service center. El Concilio plans to resume events and program participation activities at that time.

In San Luis Obispo County, a partnership has been established with Center for Family Strengthening - Promotores Collaborative (CFS- Promotores Collaborative). This organization aims at developing a sustainable, diverse, and comprehensive culture that promotes equal access to community resources and services among all members of the Hispanic community in San Luis Obispo County. The Promotores are provided with the tools needed to work as advocates, change agents, and partners with local agencies for positive change. Through this partnership, 20 Promotores located in Paso Robles, San Miguel, Shandon, Atascadero, San Luis Obispo, Los Osos, Five Cities and Nipomo have been trained on the SoCalGas CARE Program. The Promotores are actively participating in food bank distributions and will use that platform to inform customers on SoCalGas Customer Assistance Programs. In addition, CARE information will be disseminated in parenting classes and support programs as well as their social media outlets.

In our Southern Desert region, SoCalGas partners with FIND Food Bank. FIND Food Bank is the Desert's regional food bank and is the only regional food bank serving eastern Riverside and southern San Bernardino Counties. FIND distributes over 12 million pounds of food assistance annually to an average

90,000 individuals each month across the service area. FIND operates 22 FIND Mobile Market Distributions and a network of over 66 community-based partners whose programs include food pantries, soup kitchens, after-school and summer care, senior centers, Faith-Based Organizations, and homeless shelters. Through its affiliations with Feeding America and the California Association of Food Banks, FIND represents the Desert Community at regional, state, and national levels to advocate for the most vulnerable populations suffering from food insecurity. For the month of May, FIND Foodbank's partnership with SoCalGas led to 4,130 one-on-one outreach opportunities to present SoCalGas' CAP information in four of the coverage areas they serve: Desert Hot Springs, Indio Mecca, and Rancho Mirage.

Second Harvest Food Bank of Orange County began its food distribution operation in 1983. They are the largest nonprofit hunger relief organization. Second Harvest Food Bank of Orange County is a member of Feeding America, a nationwide hunger-relief network of 200 food banks. Through them, more than 446 million pounds, or the equivalent of 379 million meals have been delivered to a network of more than 300 community and program partners. They reach out to the community for donations, grants, funds, food drives, grocery rescue, and volunteers to help provide food for the hungry. Second Harvest Food Bank of Orange County's CalFresh Outreach Program team assists families and individuals apply for CalFresh benefits. During this enrollment process, they are able to talk with their clients about SoCalGas' Customer Assistance Programs.

The organization has experienced significant changes to their CalFresh Outreach Program due to the current COVID-19 pandemic. Moving forward, the organization has received approval from the County of Orange to do CalFresh applications over the phone, however, they have not set any appointments to date. The team has seen a decrease in call volume to the Food Assistance Helpline, despite the ongoing pandemic. The team has been providing callers with referrals for various types of assistance and encouraging them to apply for SoCalGas' CARE Program when speaking directly to clients.

In the Eastern San Fernando Valley, SoCalGas has developed a collaborative effort with El Nido Family Source Centers. El Nido is regarded as a nonprofit leader in Los Angeles – an integral part of the fabric of the communities it serves – providing critical social services in the most disadvantaged and under-resourced neighborhoods of LA County. With more than 90 years of experience and with programs that serve ethnically diverse clients of all ages – from newborns to toddlers to teens and into adulthood – El Nido transforms the lives of tens of thousands of vulnerable individuals across Los Angeles each year. SoCalGas CAP information was distributed to over 437 El Nido Pacoima visitors in May. Staff distributed information regarding SoCalGas' Customer Assistance Programs to individuals that visited/received assistance at their site for the citywide Emergency Rental Assistance Subsidy Program, Temporary Rent Subsidy for tenants in the City of Los Angeles who are unable to pay rent due to circumstances related to the COVID-19 pandemic.

In the Southeast region of Los Angeles County, SoCalGas partners with Southeast Community Development Corporation (SCDC), a non-profit organization addressing the serious social and economic issues existing in the Southeast's eight member cities of Bell, Bell Gardens, Commerce, Cudahy, Huntington Park, Maywood, South Gate, and Vernon. SCDC was created based on the belief that community problems must be solved by the community itself and is committed to utilizing resources within the community. With local funding sources, SCDC has continued to be a strong investment in the communities it serves. SCDC has a history of managing community projects and producing positive results. It has organized bus shuttles for the cities of Montebello and Huntington Park, administered a federally funded home renovation project for the city of Huntington Park, administered a 2020 Census Questionnaire Assistance Center, distributed loans through the Small Business Micro Loan Program, administered a business assistance center, formed a Southeast Health Coalition, and co-sponsored a college scholarship program and college conference fair for students in the Southeast area. The organization has since expanded to the rest of the county and works as a resource in many different areas including education and enrollment of customers into SoCalGas' Customer Assistance Programs. For the month of May, due to COVID-19, SCDC has changed its programming and provided one-on-one assistance to 141 customers over the phone and online, discussing Customer Assistance Programs.

Since 1980, Inner City Law Center (ICLC), a non-profit law firm, has provided free legal services to the vulnerable residents of Los Angeles. ICLC promotes access to decent, safe, and fully habitable housing for the enormous number of homeless and working-poor families and individuals residing in Los Angeles' inner city neighborhoods. It is the only full-time provider of legal services headquartered on Skid Row, fighting for justice for low-income tenants, working poor families, immigrants, people who are living with HIV/AIDS or are disabled, and veterans. In May, through their partnership with SoCalGas, information regarding SoCalGas' Customer Assistance Programs was distributed to 76 tenants via mail, along with tenant's rights information.

This year, SoCalGas has entered into a new partnership with ONEgeneration, a non-profit focused on providing intergenerational care and services. Operating throughout the western San Fernando Valley, ONEgeneration serves a variety of constituents and communities. These range from low-income, homebound, and medically frail senior citizens to developmentally disabled or at-risk youth to infants and children up to six years old. They also service diverse, multiethnic communities, with program participants speaking a number of languages. In May, ONEgeneration staff provided in-person outreach to its constituents about SoCalGas Customer Assistance Programs, distributed related materials through email, and promoted Gas Assistance Fund through social media. ONEgeneration Case Managers and the Community Outreach Coordinator met with 25 elderly program participants to provide CAP information and assist them with

applications. Their monthly newsletter highlighting the CARE program and Gas Assistance Fund information was distributed by email to 5,000 organizational contacts. In partnership with University of California, Los Angeles, ONEgeneration organized two Eye Clinics attended by a total of 75 program participants where information about SoCalGas CAP was distributed to each attendee. Two Food Pantry events organized by ONEgeneration also provided an opportunity to distribute CAP materials to over 500 of the attendees.

SoCalGas engages in collaborative outreach efforts with the Southern California Indian Center (SCIC). SCIC is a non-profit organization focused on serving and promoting self-sufficiency in American Indian, Alaskan Native and Native Hawaiian communities across Los Angeles, Orange and Riverside Counties. Their constituency consists of the largest concentration of American Indian/Native Alaskans in the United States, covering over 350 tribal groups. They are particularly dedicated to supporting community efforts in workforce development, youth education, family support, and multimedia training. In the month of May, SCIC hosted four Financial Wellness events and informed 109 clients on SoCalGas' Customer Assistance Programs.

In 2021, SoCalGas also began partnering with Veterans Legal Institute. Based in Orange County, Veterans Legal Institute facilitates pro bono legal assistance to homeless, at-risk, disabled, and low-income current and former service members. Through their core values of outreach, compassion, leadership, empowerment,

and quality advocacy, their organization aims to overcome barriers for veteran self-sufficiency. In the month of May, Veterans Legal Institute hosted two webinars with 60 attendees detailing SoCalGas Customer Assistance Programs. They also created two social media posts seen by 120 people online. Between May 1 and May 31, 148 online Customer Assistance Programs applications were emailed to clients by the Veterans Legal Institute, which included a detailed message and link to the SoCalGas Customer Assistance Programs website.

In partnership with SoCalGas, The Vietnamese Community of the Southern Californians (Viet SoCal) works to promote assistance programs to Vietnamese communities in Orange County and across Southern California. Viet SoCal publishes local Vietnamese news online, advocates for Vietnamese residents, and offers community-based programs. In May, Viet SoCal utilized their social media account on Facebook to promote SoCalGas Customer Assistance Programs by creating posts that were viewed by over 345 people. Informational materials about SoCalGas Customer Assistance Programs were distributed at two major events in the month of May. Materials were distributed to 200 families with elderly family members with Mother's Day giftbags. Materials were also distributed to over 40 participants attending two workshops providing information on U.S. citizenship. Viet SoCal also published information about Customer Assistance Programs in their weekly newspaper, *Nguoi Viet*.

In the month of May, SoCalGas Customer Assistance Programs was able to commence a partnership with MEND poverty. MEND established operations in Pacoima, where it continues to provide food, clothing, one-on-one case management and support services to low-income individuals and families. For 50 years, MEND has continuously served the most vulnerable in the community, including those who are homeless, unemployed/under-employed, very low income, and older adults. MEND disseminated Customer Assistance Programs information through their food distributions, wellness food deliveries and case management calls.

CARE Direct Mail Activity & Enrollments

During the month of May, SoCalGas sent 16,269 direct mail letters to new customers deemed likely to be eligible for the CARE Program. The letters encouraged customers to enroll online. SoCalGas mailed 25,000 letters directing customers who are not on CARE but who have a high probability of being qualified for CARE, to also enroll online.

To reach customers who were previously participating in the CARE program, but failed to recertify, SoCalGas sends direct mail letters informing them to reapply online. SoCalGas did not send direct mail letters to customers who failed to renew or needed to reapply since customers are not being removed from the program for the remainder of the COVID-19 customer protection period. However, this

process will resume in the coming months as SoCalGas enacts its transition plan in preparation for the lifting of the customer protections on June 30, 2021.

As of April 2019, SoCalGas no longer mails paper applications with direct mail letters. Rather, the letters direct customers to apply online and resulted in 770 online enrollments processed in May. These online enrollments are generated when a customer organically searches for and visits the CARE homepage.

CARE Bill Inserts

No bill inserts were deployed in May. SoCalGas approved 13 bill insert applications from prior months in May.

Outreach by Field Employees

Although field visits other than those related to health or safety concerns have been temporarily suspended, field service employees continue to distribute CAP brochures to customers when entering customer premises. Throughout the year, the CARE Outreach Team has distributed supplemental deliveries to individual bases on an as-requested basis. SoCalGas launched an automated system that allows operating bases to request CAP brochures directly which has continued through the month of May. This option is in addition to the regular system-wide semi-annual deployment of CAP brochures to operating bases.

CARE Social & Mass Media Campaign

SoCalGas is currently strategizing and planning for a new CARE campaign scheduled to launch June 2021. This campaign will target Chinese, Vietnamese, and Korean communities within the top zip codes/counties identified as having the lowest CARE program penetration rates. This in-language campaign will provide program information to customers who may have been exposed to fewer CARE communications due to potential language barriers. Additional details and results will be shared in the coming months.

Disability Community Outreach

SoCalGas continues to work with organizations in the disability community such as Fiesta Educativa, an organization that focuses on helping Latino families that have family members with special needs. This organization performs disability outreach and community events in Los Angeles, Riverside, San Bernardino, and Orange Counties. In the month of May, Fiesta Educativa has held virtual workshops through Zoom due to the COVID-19 emergency. 181 clients were introduced to SoCalGas' Customer Assistance Programs through the Zoom workshops. The areas covered are Los Angeles, Arcadia, Whittier, Monterey Park, and San Gabriel.

SoCalGas also has an ongoing partnership with Blindness Support Services Inc., an organization that has a specialized history of providing direct program services to individuals who are blind or visually impaired on a one-on-one basis. The

organization provides assistance in Riverside and San Bernardino counties and works with individuals who have visual impairments to become more independent and adapt to the challenges they face. The counselors have been trained on the CARE and ESA Programs and have a plan in place to provide outreach and enrollment in SoCalGas' programs. Due to the COVID-19 emergency, Blind Support Services has changed its programming to provide one-on-one assistance through mail and phone calls. In May, Blind Support Services provided one-on-one touchpoints to 66 households with seniors and individuals with disabilities, providing them with information on SoCalGas' Customer Assistance Programs.

In addition, SoCalGas works with Southern California Resource Services for Independent Living (SCRS-IL). A cross-disability, non-residential, disability rights organization, SCRS-IL empowers people with any disability to live full and independent lives by committing to building an inclusive community that recognizes the dignity, humanity and worth of all people. Through comprehensive Independent Living and Employment Services provided by well-trained staff, the unified center supports people with disabilities in transforming their lives through their own choices of how they live, work and participate in their community. SCRS-IL is committed to the founding principles of independent living, self-advocacy and personal empowerment. Due to the COVID-19 emergency, in person meetings have been cancelled. Along with virtual meetings with the aid of Zoom, SCRS-IL has held one-on-one meetings via phone and provided SoCalGas CAP information to approximately 1,200 clients during the month of May.

Frank D Lanterman Regional Center is one of 21 regional centers in the state of California that together serve individuals with, or at risk for developmental disabilities and their families. Lanterman is a private, non-profit, that operates under contract with the State of California through the Departmental of Developmental Services. Lanterman offers lifelong services and supports for approximately 11,500 individuals with developmental disabilities. Lanterman Regional Center works together with client, families, services providers, and communities to provide quality services and supports that address an individual's unique strengths and needs. Lanterman's service area includes Hollywood-Wilshire, Central Los Angeles, Glendale, Burbank, La Cañada-Flintridge, La Crescenta and Pasadena. Lanterman holds training events for the following cultural groups throughout its service area: Korean, Filipino, Armenian and Hispanic. Most of the clients are at or below the national poverty level. Through the SoCalGas partnership, CAP information is provided to all individuals seeking assistance through the Lanterman regional center. During the month of May, Lanterman Regional Center facilitated many online support and training meetings. Approximately 560 people were introduced to SoCalGas' low income programs.

Based in the City of Los Angeles, Disability Community Resource Center (DCRC) partners with SoCalGas to further their mission of supporting peer-led programs and services for people with disabilities. The organization is a Center for Independent Living, imparting to its constituents self-determination, accessible styles of living, and the fullest possible participation in community life.

Among its initiatives, DCRC recruits persons with disabilities as staff members, assists with coordinating events and activities for local disability communities, and advocates public policy eliminating discrimination or other barriers for persons with disabilities. In the month of May, DCRC collaborated with a local farmer's market to provide fresh produce to low-income members of the disability community, or those facing financial hardships during the pandemic. At three weekly food distribution events, DCRC staff distributed Customer Assistance Program information to 38 individuals with their fresh produce. Additionally, throughout the month, staff virtually met with constituents for intake or case management meetings. 21 individuals were informed about SoCalGas Customer Assistance Programs; 11 of them were already enrolled in a program while 2 more signed up for the first time.

In 2021, SoCalGas Customer Assistance Programs began collaborating with OC Autism Foundation (OCAF). OCAF directly impacts the lives of children and adults who are affected by Autism Spectrum Disorder and their families. OCAF's goal is to educate, empower & employ individuals affected by Autism and other related disabilities and their families. For the month of May, OC Autism Foundation (OCAF) was able to distribute CAP information to clients through their crisis call and telehealth case management. They also shared Customers Assistance Program information on their social media.

2.2.2. Describe the efforts taken to reach and coordinate the CARE program with other related programs to reach eligible customers.

To maximize new CARE enrollments and to retain customers already participating in CARE, SoCalGas shares customer enrollment information with other utilities such as Southern California Edison (SCE) and San Diego Gas & Electric (SDG&E). During the month of May, 12,005 customers were enrolled in SoCalGas' CARE Program as a result of inter-utility data sharing activities. Additionally, CARE shares data with internal programs such as SoCalGas' ESA Program and the Gas Assistance Fund (GAF). Intra-utility efforts in May

generated 1,640 CARE enrollments. Coordinating the CARE Program with other related low-income programs not only results in supporting program participation rates, it also helps increase PEV activities when customer information is shared with programs such as the Low-Income Home Energy Assistance Program (LIHEAP). Since LIHEAP requires upfront proof of income and is a qualifying Categorically Eligible program, once CARE receives LIHEAP customer data, those customers are considered automatically eligible and their “pre-enrollment verification” is used by SoCalGas to meet CARE’s PEV requirements. There were 115 customers enrolled through leveraging during the month of May.

California Lifeline

On April 14, 2020, SoCalGas received a request from the Energy Division (ED) to incorporate co-marketing of the California Lifeline program as part of increased CARE outreach marketing initiatives responding to COVID-19. Per directive from the ED, where feasible and appropriate, new CARE marketing and outreach materials promoted discounted phone services and referred SoCalGas customers to California Lifeline <https://www.californialifeline.com/en> and the pilot program <https://www.boostmobile.com/plans/cpuc-boost-mobile> that connected CARE participants with an active Lifeline promotion.

In May, SoCalGas continued to display the California Lifeline and pilot program web links provided by the ED to the top of its CARE webpage. SoCalGas CARE outreach and marketing initiatives direct traffic from all media, including social

media and print campaigns to the CARE webpage, and is therefore an optimal placement of the California Lifeline information, allowing for broader awareness.

In May, SoCalGas also sent an e-mail to new and existing customers not on CARE promoting the program, with information for California LifeLine.

2.3 CARE Recertification Complaints

There were no recertification complaints in the month of May.

35	¹ Reflects January - June 2021 authorized bridge year funding per Advice Letter 5501-G-A dated December 4, 2019. Additional funds allocated from prior-cycle unspent budgets as ordered in G-3532 dated December 14, 2017, Non-Standard Disposition of Clear Plan AL 5256, dated May 18, 2018, and Non-Standard Disposition of Midcycle AL 5325, dated December 19, 2018 are not shown on this table but appear on Table 1A.												
36	² Total current and y-t-d repayment credits associated with COVID - 19 contractor advances in 2020.												
37	³ CPUC category over allocated bridge year budget amount due to delayed billing by CPUC related to 2020 activity.												
38	Note: In January 2021, a manual adjustment was made to exclude a net accrual/reversal debit amount of \$4,880,686 for contractor costs billing related to all ESA Program measure categories associated to December 2020 activities. This amount has been incorporated in 2020 costs as reported in the SoCalGas' Annual Report filed May 2021. Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

¹ D.16-11-022 specifically directed funding for new initiatives to come from unspent 2009-2016 ESA Program funds and this table does not include unspent funds from the 2017-2020 cycle. Budget is derived by taking 2020 table 1A unspent funds budget, less what is projected to be the 2020 table 1A spend related to EE measures and MF-CAM only in the 2020 annual report to be filed May 2021 - (\$80,317,366 - \$12,387,668 = \$67,987,128)

² Year to date expenses include cost from current year 2021.

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months, and may reflect YTD adjustments.

¹ All savings are calculated based on the following sources:

DNV-GL "Energy Savings Assistance (ESA) Program Impact Evaluation Program Years 2015-2017." April 26, 2019.

² Microwave savings are from ECONorthWest Studies received in December of 2011.

³ Includes Faucet Aerators and Low Flow Showerheads

⁴ Includes Water Heater Blankets and Water Heater Pipe Insulation

⁵ Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping - door, caulking and minor home repairs. Minor home repairs predominantly are door jamb repair / replacement, door repair, and window putty.

⁶ Weatherization may consist of attic insulation, attic access weatherization, weatherstripping - door, caulking, & minor home repairs.

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months, and may reflect YTD adjustments.

Direct Implementation ¹³	\$ -	\$ 332,511	\$ 332,511
TOTAL MF CAM COSTS	\$ -	\$ 332,511	\$ 332,511

<<Includes measures costs

¹ Applicable to Deed-Restricted, government and non-profit owned multi-family buildings described in D.16-11-022 where 65% of tenants are income eligible based on CPUC income requirements of at or below 200% of the Federal Poverty Guidelines.

² Measures are customized by each IOU, see "Table 2B-1, Eligible Measures List". Measures list may change based on available information on both costs and benefits and may vary across climate zones. Each IOU should fill out Table 2B as it pertains to their program. Table 2B-1 Column A should match Table 2B Column A for eligible (not canceled) measures.

³ Commissioning costs, as allowable per the Decision, are included in measures total cost unless otherwise noted.

⁴ All savings are calculated based on the following sources:
 DNV-GL "Energy Savings Assistance (ESA) Program Impact Evaluation Program Years 2015-2017." April 26, 2019.

⁵ Microwave savings are from ECONorthWest Studies received in December of 2011.

⁶ Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping - door, caulking and minor home repairs. Minor home repairs predominantly are door jamb repair / replacement, door repair, and window putty.

⁷ Refers to optimizing the installation of the measure installed such as retrofitting pipes, etc.

⁸ Audit costs may be covered by other programs or projects may utilize previous audits. Not all participants will have an audit cost associated with their project.

⁹ Per D.17-12-009 at p.213, the CPUC imposes a cap of 10% of ESA Program funds for administrative activities and a ceiling of 20% for direct implementation non-incentive costs.

¹⁰ Multifamily properties are sites with at least five (5) or more dwelling units. The properties may have multiple buildings.

¹¹ Multifamily tenant units are the number of dwelling units located within properties treated. This number does not represent the same number of dwellings treated as captured in table 2A.

¹² NMEC calculations require 12 months prior and 12 months post implementation data.

¹³ Includes expenditures for projects from 2021; partial payment for projects completed in 2021 may have been included in 2020.

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months, and may reflect YTD adjustments.

IOUs - Do not delete footnotes 1-7 below.

[1] Contractor labor and labor-related costs. Post-Pandemic Return to Service (PPRS) credit **eligible**. Based on number of contractors eligible for PPRS credit as of last calendar day of a given month.

[2] 40% for PPRS credit calculation from Joint Tier 2 Advice Letter 5654-G filed on June 29, 2020.

[3] For work performed during PPRS credit-earning period July 15, 2020 through January 14, 2021, for contractors receiving advances. (Dates will vary by IOU based on start of PPRS credit earnings period.) Only includes contractors eligible for PPRS credit as of the reporting month.

[4] Based on total monthly contractor invoices, up to maximum allowable for each contractor. Contractors who are not eligible for PPRS credit as of reporting month have a maximum allowable amount of 0.

[5] Credits may be applied at a later date than earned depending on the contractor repayment schedule. This value should not exceed column I.

[6] Includes repayments processed for which PPRS credits were not applied.

[7] For consistency among IOUs, beginning in February 2021, SoCalGas modified Total Advances Outstanding to display aggregated values.

Note: This table created pursuant to section 1.2.3 in Commission Resolution E-5074. This report covers the period from the issuance of advances until the last day of the month reported. Any required corrections/adjustments are reported herein and supersede results reported in prior months.

19								
20	¹ Excludes count of customers recertified through the probability model.							
21	² Recertification results are tied to the month initiated and the recertification process allows customers 90 days to respond to the recertification request. Results may be pending due to the time permitted for a participant to respond.							
22	³ Includes customers who did not respond or who requested to be de-enrolled.							
23	⁴ Percentage of customers recertified compared to the total participants requested to recertify in that month.							
24	Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months, and may reflect YTD adjustments.
