

Village Solutions Foundation, a  
Faith-Based Community  
Development Corporation, Est.  
1999

Rev. Frank Jackson, Jr, CEO, and USC  
Cecil Murray Center Fellow

---

- In concert with our USC Cecil Murray Center for Community Engagement partnership, VSF works with *Faith-Based Community and Stakeholders* partners to better serve the *Low-to-Moderate* and *Most Vulnerable* communities.
- Collaborates with Dr. Richard Rose, University of La Verne related to the establishment of a Clean Energy/Sustainability curriculum within the Integrated Ecology Major.
- Combines expertise to develop and deliver paradigms that engage effective/affective community stabilization, revitalization, technical assistance, and Energy Smart solutions to advance our “*Building A Better Community Initiative’s – E-Smart/E-Stewardship*” goals.
- The Team Green Fellowship Initiative equips African-American emerging leaders with the *technical knowledge, leadership development training*, and passionate *community engagement* dedicated to accelerating the transition to a clean energy economy.
- Provides *Energy Smart Education, Tools, Resources, Solutions, and Opportunities*

# TEAM GREEN

## Internship/Fellowship Initiative

- The VSF Pathway 2045 TEAM Green Internship/Fellowship Initiative targets African-American high school and college students, introducing and exposing them to career and educational opportunities within the sustainable/clean energy industry sectors.
- Fellows navigate through an energy education, and industry opportunities curriculum utilizing the SCE.com and E-Smart On-Line websites as one of its resource information tools.
- **“Triangle of Success” (Home/School/Community) The-The-Trainer Model**
- Fellows are trained as “Energy Ambassadors” and the selected Faith-Based sites as **“Energy Ambassador Sites”** incorporating the information and learnings back to their home, school, congregation and communities. In 2022 Team Green Phase II will incorporate its Sustainable/Clean Energy/Climate Change Fellowship Initiative.

2019-2022 Outreach Initiatives: ESAP Energy In-Home Assessments and Energy Education; CBO TOU; CBO Wildfire and Safety Preparedness; Climate Change Impact and the Black Community.

**CAREER FAIR**  
WE ARE THE FUTURE...  
OCTOBER 30, 2021 10 am - 12 pm PST

# Community Education:

E-Smart / E-Stewardship ;  
SCE e-smartonline.com

Lewis Howard Latimer

We create our future, by well  
improving present  
opportunities: however few and  
small they are.

- Incorporates innovative approaches to promote green/clean/sustainable energy, their stewardship responsibility towards how they use the earth's resources, and energy education as a *21st Century lifestyle choice*.
- Engages Faith-Based stakeholders to explore and expose their membership, and community to information related to *career path, energy educations, and entrepreneurial opportunities* in the various energy sectors.
- Ministries will share their learnings, information and resources with other ministry partners, associations, and community partners.
- Connects "*Smart Energy Use*" as an Effective *Wealth Building* Tool.
