**MONTHLY REPORT OF SAN DIEGO GAS & ELECTRIC COMPANY (U 902 M) ON
LOW-INCOME ASSISTANCE PROGRAMS FOR JANUARY 2022**

The purpose of this report is to consolidate activity for the California Alternate Rates for Energy (CARE) Program, Family Electric Rate Assistance (FERA) Program,¹ and Energy Savings Assistance (ESA) Program, and provide the California Public Utilities Commission's (Commission or CPUC) Energy Division with information to assist in analyzing the low-income programs. This is the first monthly report for program year (PY) 2022, and presents year-to-date CARE, FERA, and ESA Program results and expenditures through January 31, 2022, for San Diego Gas & Electric Company.

Respectfully Submitted,

/s/ Rebecca D. Hansson

LOW INCOME ASSISTANCE PROGRAMS MONTHLY REPORT

On June 3, 2021, the Commission voted and unanimously approved, with modifications, the *Decision on Large Investor-Owned Utilities' and Marin Clean Energy's California Alternate Rates for Energy (CARE), Energy Savings Assistance (ESA), and Family Electric Rates for Energy (FERA) Program Applications for Program Years 2021-2026*, which authorized budgets and goals effective July 1, 2021.¹ For the 2022 program year, the authorized program year budgets and homes treated goals in this monthly report reflect those authorized by the Commission in D.21-06-015.² Starting in 2022, the statewide electric investor-owned utilities (IOUs) are including monthly FERA updates regarding expenditures, penetration rates, and outreach in compliance with D.21-06-015.³

1. ESA PROGRAM EXECUTIVE SUMMARY

1.1. ESA Program Overview

The ESA Program offers no-cost weatherization services, energy efficient lighting, energy efficient appliances, energy education, and other services to income-qualified customers to reduce energy consumption and costs, while improving health, comfort, and safety. To qualify for the ESA Program, a residential customer's household income must be at, or below, 200% of Federal Poverty Guidelines (FPG) as set forth by the Commission in D.05-10-044.⁴ In addition, the ESA Program is available to all housing types regardless of whether they rent or own and is currently comprised of two programs/initiatives: (1) the ESA Main Program for

¹ D.21-06-015 at 472, Ordering Paragraph (OP) 3, and at 490-491, OP 82.

² *Id.*

³ Pursuant to D.21-06-015, SDG&E will file monthly FERA reports, combined with this report. *See* D.21-06-015 at 435.

⁴ Pursuant to D.12-08-044, by April 1 of each year, the Energy Division issues the update to the income guidelines for the CARE, ESA, and FERA programs effective June 1 of that year through May 31 of the following year.

single family (SF) homes, mobile homes (MH), and multifamily (MF) in-unit, and (2) the ESA Common Areas Measure (CAM) initiative for common areas of multifamily properties.

However, as a result of D.21-06-015, during program year 2022, the ESA Program will not only be comprised of the two programs/initiatives, it will also include the ESA Pilot Plus and Pilot Deep (Pilot) Program. This monthly report reflects program updates for the current ESA Program design and will be revised in subsequent reports as the new design is implemented.

1.1.1. Provide a summary of the ESA Program elements as approved in D.21-06-015.

Energy Savings Assistance Main Program

The ESA Main Program provides no-cost energy savings measures to income qualified customers in single-family, mobile homes, and in-units for multifamily properties. The table below provides a summary of the year-to-date activity:

ESA Main Program Summary for 2022			
	Authorized / Planning Assumptions⁵	Actual to Date	%
Budget	\$ 24,305,647	\$ 647,646	3%
Homes Treated ⁶	13,760	0	0%
kWh Saved	2,955,161	17,461	1%
kW Demand Reduced	428	2	0%
Therms Saved	127,171	-11	0%
GHG Emissions Reduced (Tons)	N/A	10	N/A

Energy Savings Assistance Multifamily Common Area Measure Initiative

The ESA Multifamily CAM initiative offers income qualified deed-restricted multifamily property owners natural gas and electric weatherization services, energy efficient lighting, energy efficient appliances, and other services at no cost. The table below provides a summary of the year-to-date activity:

⁵ See D.21-06-015, Attachment 1, Tables 5, 6, 7, and 11. Note, however, that footnotes 1 through 3 of Attachment 1 state that the budget, treatment goals/targets, and energy savings goals provided in the applicable tables are inclusive of the entire ESA portfolio, including Main ESA, MF in-unit, MF CAM, and MFWB. Despite these footnotes, SDG&E interprets the Decision as excluding program year 2022 ESA CAM from the budget, treatment goals, and savings goals. The Decision at page 369 states, “[the] ESA CAM carry-forward amount will supplement the IOU approved multifamily budgets for the remainder of PY 2021 and 2022 for the continuation of ESA CAM services.” SDG&E interprets this as excluding ESA CAM from the ESA Main Program summary numbers. Additionally, SDG&E does not believe the Commission intended to further reduce the ESA Main Program budget. SDG&E is seeking to confer with Energy Division on this issue and will move to correct it, as necessary.

⁶ Total homes treated reflects enrollments that have been invoiced and paid, for the ESA Program year-to-date. In the month of January, ESA contractors were unable to submit full invoices for new enrollments due to a defect in SDG&E’s enrollment database. Homes treated will be provided in subsequent reports once invoiced and paid. This has not resulted in the delay of treatment for eligible customers.

ESA MF CAM Program Summary for 2022			
	Authorized / Planning Assumptions⁷	Actual to Date	%
Budget	\$ 1,600,000	\$ 5,154	0%
Properties Treated	40	1	3%
kWh Saved	N/A	10,168	N/A
kW Demand Reduced	N/A	2	N/A
Therms Saved	N/A	0	N/A

Energy Savings Assistance Pilot Plus and Pilot Deep Program

The ESA Pilot Plus and Pilot Deep Program (Pilot) is the Commission’s Energy Division Staff Proposal to yield deeper home energy savings with energy savings targets expected between 5% to 50%. The Pilot provides more advanced energy savings measures tailored to customer needs that complement and build upon the ESA Main Program measure packages. The Pilot Plus package will provide and/or replace certain equipment and appliances plus load shifting and electrification measures that will reduce annual energy usage by 5 to 15%. The Pilot Deep package will offer more advanced measures that will reduce annual energy usage by 15 to 50%.

On November 19, 2021, SDG&E filed Advice Letter 3897-E/3037-G, which provided details regarding the Pilot workshop held in September 2021 and SDG&E’s Pilot implementation plan. SDG&E’s Advice Letter was approved on January 12, 2022. Pursuant to Ordering Paragraph 42 of D.21-06-15, the Pilot program must be launched by the beginning of the third quarter of 2022. Accordingly, the Pilot is not currently active. SDG&E expects to launch the

⁷ See Table 2 of SDG&E Advice Letter 3820-E/3004-G for 2022 MF CAM budgets and property treatment targets, which was approved by the Commission’s Energy Division via disposition letter dated September 24, 2021.

Pilot with contract signatures by the beginning of Quarter 3 2022. The contractor "go-live" will likely not occur until the end of Quarter 3 2022 or beginning of Quarter 4 2022. The table below provides a summary of the year-to-date activity:

ESA Pilot Plus and Pilot Deep Summary for 2022			
	Authorized / Planning Assumptions	Actual to Date	%
Budget ⁸	\$ 1,526,683	\$ 0	0
Homes Treated ⁹	N/A	0	0
kWh Saved	N/A	0	0
kW Demand Reduced	N/A	0	0
Therms Saved	N/A	0	0
GHG Emissions Reduced (Tons)	N/A	0	0

Program Measure Changes

D.21-06-015 allows the utilities, in consultation with the statewide ESA Program Working Group, to update the measure mix through the ESA Program monthly report.¹⁰ On December 22, 2021, the Commission’s Energy Division approved the Joint IOU Advice Letter for the ESA Program design and delivery of measure treatment tiers and measures for program years 2022 through 2026.¹¹ In the month of January, no measure changes were made to SDG&E’s approved measure mix.

⁸ D.21-06-015, Attachment 2, Table 1.

⁹ Home treatment and energy savings goals specific to the Pilot were not provided in D.21-06-015.

¹⁰ D.21-06-015 at 486, OP 69.

¹¹ See Advice Letter SDG&E 3842-E/3012-G, Southern California Edison Company 4578-E, Pacific Gas and Electric Company 4482-G/6314-E, Southern California Gas Company 5861-G, approved December 22, 2021 and effective October 1, 2021.

1.2. ESA Program Customer Outreach and Enrollment Update

1.2.1. Provide a summary of the ESA Program outreach and enrollment strategies deployed this month.

Below is a summary of ESA Program specific efforts conducted this reporting month. Joint CARE and ESA Programs marketing, education and outreach efforts are provided in Section 1.2.2 below.

ESA Main Program Contractor Outreach

SDG&E has agreements with four Outreach and Assessment (O&A) contractors enrolling customers through canvassing, SDG&E generated leads, and Low-Income Home Energy Assistance Program (LIHEAP) leveraging efforts. The largest source of enrollments is door-to-door canvassing efforts through SDG&E's primary O&A contractor. During this reporting month, 283 ESA enrollments were received through canvassing efforts, which is a 37% decrease when compared to prior month activity. January enrollment results for reporting purposes are generally lower, while contractors focus on closing out the prior year enrollments. Overall, ESA Program Marketing, Education, and Outreach (ME&O) efforts were successful in creating 4,798 leads and 603 enrollments this month.

ESA MF CAM Initiative Contractor Outreach

During this reporting month, SDG&E's ESA Program MF CAM implementer continued targeted marketing to potential ESA MF CAM properties, including re-syndication projects in SDG&E's service territory. One property was treated this month for a total of one property in 2022. In addition, five properties are currently receiving measure installations and three properties are pending energy assessments/audits. The ESA CAM implementer has reported supply chain issues that have delayed the receipt of some measures and materials, especially high

efficiency boilers and HVAC systems, which is hindering the implementor’s ability to close out projects and complete property treatments.

ESA Pilot Plus and Pilot Deep Contractor Outreach

As detailed in SDG&E Advice Letter 3897-E/3037-G, SDG&E will outsource the Pilot design and delivery of this Pilot to a third-party. Section 3 of Attachment 2 in D.21-06-015, authorizes the IOUs to allocate minimal funds for marketing and outreach efforts specific to this Pilot. Outreach and enrollment information will be provided once available. Since the Pilot is intended to install all available ESA measures, the Pilot will leverage all relevant ESA Main program marketing, education, and outreach materials to minimize cost. The selected implementer will provide the full ME&O plan.

Language Line

Language Line® is utilized to make sure customers with limited English proficiency (LEP) have a channel in which to communicate with ESA Program contractors in the language of their preference. As detailed in the table below, zero customers were served by the Language Line this month.

Language	Calls
N/A	0
Total	0

Tribal Outreach

SDG&E's Outreach and Tribal Relations teams work together to effectively engage and communicate with the 17 Federally recognized tribes within its service territory. As part of an ongoing initiative to educate the tribes on available Customer Assistance programs and determine eligibility for tribal members, SDG&E is hosting a series of presentations to review relative program information and provide materials to interested and eligible tribes. To date, SDG&E Outreach has sent requests to meet with all 17 tribes and has met with seven of the tribes. SDG&E will continue to reach out to the remaining 10 tribes in its territory.

In 2022, SDG&E will also be hosting quarterly meetings with each tribe to discuss additional areas of opportunity, while continuing collaboration and engagement around Customer Assistance programs and key company initiatives.

1.2.2. Customer Assistance Marketing, Education and Outreach for the CARE, FERA, and ESA Programs.

ME&O activities summarized below represent joint efforts on behalf of the CARE, FERA, and ESA Programs. SDG&E utilizes an integrated ME&O strategy by connecting with customers using general awareness marketing, direct marketing, and community outreach and engagement. The intent of the 2022 campaign is to make a connection with customers in order to drive conservation and provide monthly savings on their energy bill. The campaign will run in English, Spanish, and Asian languages and may include television, streaming radio, outdoor, print, digital (including paid search), email, direct mail, and bill inserts, as well as a robust outreach program. SDG&E will continue to monitor the status of the COVID-19 pandemic and adjust ME&O efforts accordingly.

General Awareness Marketing

General awareness marketing allows SDG&E to connect with its customers through mass media efforts reaching both mass audiences and hard-to-reach populations, including customers in rural areas, seniors, customers with special needs, and multilingual/multicultural customers.

The tactics leveraged this month are summarized in the following sections:

Online Advertising

SDG&E continued a digital advertising campaign. Paid Search continued to run and garnered 54,627 impressions with a Click-Through-Rate (CTR) of 34%.

Social Media

Using e-newsletters, website posts, and social media channels, the Energy Solutions Partner Network shared over 245 customer assistance messages to an audience of more than 349,000 followers. SDG&E's social media profile also posts messaging to an audience of more than 40,000 followers. These messages are then able to be redistributed to other networks on social media.

Direct Marketing

Direct marketing efforts for this reporting month included the following tactics:

Email

For customers with an email on file, SDG&E sent an email to promote the ESA Program to potential customers, which was sent to 137,401 customers with a 42% Open Rate and 4.8% CTR.

Direct Mail

SDG&E sent out 171 direct mail pieces to promote the ESA Program to potential customers who do not have an email address on file.

Live CARE Call Campaign

SDG&E's third-party contractor, The Harris Group (THG), called targeted customers to enroll in the CARE Program.¹² The campaign provides SDG&E with a way to directly connect with customers in low-income and hard-to-reach areas. THG provides education about the CARE, FERA, and ESA Programs and assists customers in completing program application forms. Outbound call activities generated the following numbers this month:

¹² THG is a Diverse Business Enterprise (DBE) vendor and a woman-owned business.

The Harris Group	
ESA Leads	1,456
CARE Enrollments	1,276
CARE Recertifications	18
FERA Enrollments	81

Community Outreach & Engagement

Energy Solutions Partner Network

SDG&E works closely with a network of approximately 200 community-based organizations (CBOs) to connect customers with programs and solutions related to Customer Assistance, Energy Efficiency and Conservation, SDG&E’s COVID-19 response, Public Safety Power Shutoff resiliency, and wildfire preparedness. These organizations represent the diversity of SDG&E’s customers within its service territory. The majority of these CBOs are small, grassroots agencies serving customers with access and functional needs, including those that are multicultural, multilingual, low income, seniors, and LEP audiences in communities of concern. These partners help educate and enroll customers in low-income programs utilizing a variety of tactics, including messaging through email and social media channels such as Facebook, Twitter, and Instagram, posting information on their websites, providing booth space at events, and hosting enrollment day fairs at their locations. SDG&E’s partner outreach activities resulted in the following activities this month:

Energy Solutions Partner Network	
ESA Leads	0
CARE Enrollments	1
CARE Recertifications	0
FERA Enrollments	0

Partner Spotlight

SDG&E's Customer Outreach and Engagement team participated in 20 virtual events, presentations, trainings, and workshops that featured information and enrollment in energy solutions programs, services, and tools. Many of these activities were hosted by SDG&E's partner network and included drive-through events, such as food drives, where information was shared in a safe manner while following COVID-19 social distancing guidelines. Outreach activities were focused on engaging customers with programs and solutions such as CARE, FERA, and ESA and reached over 10,500 people. A few of the outreach events SDG&E participated in are highlighted below.

Lunar New Year Festival

On January 29 and 30, SDG&E Outreach joined The Little Saigon Foundation, an Energy Solutions Partner, in celebrating their annual Lunar New Year Festival. This annual two-day event brought the community of San Diego's Little Saigon neighborhood together with local businesses and visitors. SDG&E had Customer Assistance information available for attendees.

Food Resource Event

On January 24, God's Heart Ministries, an SDG&E Energy Solutions Partner, opened a food pantry in their offices in Vista, a city North of San Diego. This pantry will be open once a month providing food for those in need. SDG&E Outreach has partnered with God's Heart Ministries to provide bags containing information regarding SDG&E's Customer Assistance programs.

Multicultural Outreach

To continue efforts to reduce potential barriers and increase education and program enrollments for customers in the rural, multicultural/multilingual, and access and functional needs segments, SDG&E pairs multicultural contractors with employees that are fluent in various languages to help staff events and presentations. These contractors are fluent in the following languages: Spanish, Chinese, Aramaic/Arabic, and other languages as requested. During this reporting month, SDG&E participated in the following multicultural community outreach events:

Date	Event Name	Partner/Host	Location
1/22/2022	United Taxi Workers of San Diego	San Diego Labor Council	4265 Fairmount Ave San Diego CA

Other Customer Engagement Efforts

In addition to SDG&E’s ME&O efforts described above in section 1.2.2, SDG&E has several other customer engagement efforts to educate, enroll, and provide direct service to its low-income customers. These efforts include direct service from SDG&E’s Customer Contact Center (CCC) and Payment Offices, as well as the distribution of materials through other SDG&E customer-facing groups/programs and field services teams. Updated information, as it relates to ongoing customer engagement and the impacts of the COVID-19 pandemic, will continue to be provided in subsequent monthly reports.

SDG&E Customer Contact Center (CCC), Branch Offices, and Payment Offices

SDG&E’s CCC, Branch Offices, and Payment Offices promote and offer the CARE, FERA, and ESA Programs to potentially eligible customers. SDG&E also promotes these

customer assistance solutions at its Authorized Payment Locations (APLs). Additionally, the Outreach team assists at Branch Office locations on a seasonal basis to help enroll customers. On March 20, 2020, SDG&E closed the branch offices to the public due to the COVID-19 pandemic. Branch offices are still accepting CARE/FERA applications at the building drop box but have yet to reopen in 2022. Customers were urged to contact SDG&E’s CCC or go online to resolve utility issues.

In D.16-06-054, SDG&E received Commission authorization for its CCC Energy Service Specialists to enroll customers directly into the CARE Program over the telephone. During this reporting month, SDG&E’s CCC and Branch Office generated the following applications and leads over the telephone:

	CCC	Branch Office
ESA Leads	54	1
CARE Enrollments	34	5
CARE Recertifications	0	0
FERA Enrollments	1	0

1.2.3. Managing Energy Use

As part of SDG&E’s Energy Education, O&A contractors review customers’ bills and provide customers with information on how to best manage their energy use as they walk through the in-home assessment. For example, as a contractor is examining the water heater, they will educate the customer on setting the appropriate water temperature of the water heater to help reduce cost. The customer is also provided with the opportunity to enroll in My Account, if not currently participating, and educated on the resources that can be utilized for energy management through the My Account tool. Energy Savings opportunities are also included in

the statewide Energy Savings Assistance Program Energy Education booklet, which is reviewed with the customer at the time of the home visit.

1.2.4. Services to Reduce Energy Bill

To help educate customers on their energy use, customers can take a free online five-minute Home Energy Checkup. By answering a few basic questions on how they use energy, the survey identifies which of our programs, tips, and tools can assist customers to save energy. The customized tips range from no-or-low-cost upgrades to long-term solutions to help reduce energy use and save money. For more info, please visit sdge.com/survey.

1.3. Leveraging Success Evaluation, Including CSD

(Comments from Energy Division: For example include efforts for Disadvantaged Communities Single-Family Affordable Solar Housing (DAC-SASH), Affordable Broadband and Lifeline, ESA, CARE, FERA, etc.)

Disadvantaged Communities Single-Family Affordable Solar Housing (DAC-SASH)

Pursuant to D.20-12-003, SDG&E established the DAC-SASH program and new leveraging efforts with GRID Alternatives (GRID), including annual data sharing of customer information, which includes ESA and CARE Program information.¹³ Additionally, GRID provides SDG&E with ESA leads received from the DAC-SASH program. As a result of discussions at the September 30, 2021 Clean Energy Workshop, SDG&E and GRID Alternatives established reoccurring monthly meetings to discuss process improvements and ways to increase leveraging opportunities. In January, SDG&E received a list of potential leads from GRID for review and processing. Results will be reported in subsequent months.

¹³ D.20-12-003, Appendix A, outlines the requirements for utility data sharing efforts for the DAC-SASH Program.

SDCWA Leveraging Effort

As part of SDG&E's leveraging agreement with San Diego County Water Authority (SDCWA), SDCWA reimburses SDG&E for water measures installed as part of the ESA Program in homes where customers have an active SDCWA account. This agreement expired in January 2022, however SDCWA is developing a contract extension for this partnership through the end of program year 2026. SDG&E meets monthly with SDCWA to discuss leveraging opportunities. Additionally, SDG&E provided SDCWA information regarding measures installed in 2021 that are eligible for rebates. SDCWA is in the process of reviewing the information prior to submitting an invoice for payment.

1.3.1. Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What were the results in terms of new enrollments?

SDG&E continues to partner closely with local Low-Income Home Energy Assistance Program (LIHEAP) agencies to improve leveraging opportunities between CSD's LIHEAP and the ESA Program. Both San Diego LIHEAP contractors, MAAC and Campesinos Unidos, continued enrollment efforts. During this reporting month, LIHEAP organizations generated 217 leads and enrolled 30 customers for the ESA Program.

1.4. Workforce Education & Training (WE&T)

1.4.1. Please summarize efforts to improve and expand ESA Program workforce education and training. Describe steps taken to hire and train low-income workers and how such efforts differ from prior program years.

SDG&E did not conduct any in-person training in conjunction with Workforce Education & Training (WE&T) efforts this month. WE&T online courses are available for contractors via SDG&E's website and email distributions, of which contractors are informed.

SDG&E continues to make progress in the development of an online training platform for ESA Program contractor education which will provide consistent outreach and assessment training. SDG&E plans to develop eight courses highlighting topics from the ESA Program Policy and Procedures Manual, which are all part of a larger learning path called the SDG&E Outreach Textbook. The learning path will be a basic introduction for the ESA Program Outreach and Assessment contractors. SDG&E does not expect to release the additional learning courses and modules until after release of the newest version of the ESA Program Policy and Procedures Manual which will address programmatic changes ordered in D.21-06-015.

1.5. Studies and Pilots

1.5.1. ESA Program Studies

2022 Low Income Needs Assessment (LINA) Study

Southern California Edison Company is managing the contract for the next statewide LINA study. The selected consultant for the 2022 LINA is Evergreen Economics. The project commenced in January 2021 and will be completed by December 2022. The study team is currently focused on data collection efforts involving customer surveys and in-depth interviews with key program stakeholders.

Categorical Eligibility Study

The Categorical Eligibility Study will evaluate relevant means-tested public assistance programs with the aim of assessing their applicability for CARE, ESA and FERA categorical enrollment. A draft work scope for the 2022 Categorical Eligibility Study was completed in January. SDG&E served a Notice of Request for Proposals (RFP) on the Low Income proceeding service list (A.19-11-003 et al) requesting contact information from interested bidders and anticipates releasing the RFP in late February 2022. Pursuant to D.21-06-015, the

Categorical Eligibility Study must be completed and submitted to the Energy Division and relevant service lists no later than December 2022.¹⁴

ESA CAM Process Evaluation

Pacific Gas and Electric Company (PG&E) is leading a statewide process evaluation of the ESA CAM initiative. Resource Innovations Inc. (formerly Nexant) was selected as the consultant. The project commenced on July 29, 2021, and is expected to be completed by June 30, 2022. The study is currently in the data collection phase. During January, Resource Innovations Inc. provided an interim findings memo, which was posted on the Commission's Public Document site,¹⁵ served on the Low-Income proceeding list, and provided to potential bidders in the Multi-family Whole Building Solicitation. PG&E and Resource Innovations Inc., will host an interim findings webinar on February 16, 2022, with public comments accepted through February 18 and comment responses posted by February 25.

1.5.2. ESA Program Pilot(s)

ESA Pilot Plus and Pilot Deep

In the month of January, SDG&E has been preparing the Pilot Request for Proposals (RFP) and plans to release the RFP no later than February 25, 2022. SDG&E has also been preparing for a Pilot Bidders Conference scheduled for March 4, 2022.

¹⁴ D.21-06-015 at 399.

¹⁵ California Energy Efficiency Energy Contracts, MF CAM Process Evaluation- Draft Interim Findings Memo, available at <https://pda.energydataweb.com/#!/documents/2578/view> [pda.energydataweb.com].

2. CARE EXECUTIVE SUMMARY

2.1. CARE Program Overview

The CARE Program is statutorily mandated by California Public Utilities (P.U.) Code Sections 739.1 and 739.2 to assist income-eligible households with a monthly discount on their gas and electric bills.¹⁶ The CARE Program currently provides a 20% discount on natural gas charges and a 30-35%¹⁷ discount on electric rates. To qualify for the CARE Program, eligible customers must have total household gross income no greater than 200% of the FPG.

2.1.1. Please provide CARE Program summary costs.

CARE Program Summary for 2022			
CARE Budget Categories	Authorized Budget¹⁸	Actual Expenses to Date	% of Budget Spent
Outreach	\$ 3,237,393	\$ 98,727	3%
Proc., Certification and Verification	\$ 587,593	\$ 67,221	11%
Post Enrollment Verification	\$ 456,452	\$ 2,957	1%
Information Tech./Programming	\$ 1,080,000	\$ 8,735	1%
Pilots	\$ 0	\$ 0	0%
CHANGES	\$ 265,000	\$ 18,478	7%
Studies	\$ 107,719	\$ 0	0%
Regulatory Compliance	\$ 309,000	\$ 12,960	4%

¹⁶ The CARE Program was later implemented by the Commission via D.89-07-062 and D.89-09-044.

¹⁷ P.U. Code Section 739.1(c)(1) mandates that “the average effective CARE discount shall not be less than 30 percent or more than 35 percent of the revenues that would have been produced for the same billed usage by non-CARE customers.”

¹⁸ CARE administrative budget reflects what was authorized in D.21-06-015 at 472, OP 2.

¹⁹ Reflects Subsidies and Benefits as authorized in SDG&E Advice Letters 3849-E and 3027-G-A, effective January 1, 2022.

2.1.2. Provide the CARE Program enrollment rate to date.

CARE Enrollment		
Participants Enrolled	Eligible Participants²⁰	Enrollment Rate
322,809	289,319	112%

2.2. Outreach

2.2.1. Discuss utility outreach activities and those undertaken by third parties on the utility’s behalf.

Marketing and outreach efforts this month contributed to 8,043 completed CARE applications and 5,147 new enrollments/recertifications for the program. Below is a summary of CARE specific outreach efforts.

Direct Marketing

Direct Mail

SDG&E continued the bill comparison campaign by mailing a comparison letter to 2,595 potential CARE customers. The letter compares a customer’s average bill to what it would have been had they been enrolled in CARE and receiving 30% or more off their energy bill. Customers are encouraged to call SDG&E’s toll-free enrollment number or to apply through SDG&E’s online application.

²⁰ On February 14, 2022, PG&E, on behalf of the IOUs, filed the Annual Estimates of CARE Eligible Customers and Related Information. This number reflects estimates of SDG&E’s CARE Eligible Participants for 2022, as reflected in filing A.19-11-003, et al., Annual CARE Eligibility Estimates.

Email

During this reporting month, SDG&E continued with its Bill Comparison Nurture Campaign. The Nurture Campaign sends a series of automated, pre-written messages over a specified period to move customers closer to conversion. Contacts receive messages based on behavioral triggers and may receive up to three messages (including reminders) over a 30-day period, depending on engagement level. SDG&E sent out 84,202 emails, which generated a 50% open rate and a 6% CTR over the course of the month.

Community Outreach & Engagement

Community outreach and engagement efforts allow SDG&E to educate, connect, and directly engage with customers in communities where they work and live. Outreach and engagement activities included events, presentations, workshops, trainings, partnerships with CBOs, and customized efforts.

Tribal Outreach

As discussed in Section 1.2.1, SDG&E's Outreach and Tribal Relations teams work together to engage with the 17 Federally recognized tribes within its service territory in an ongoing initiative to educate tribes on available customer assistance programs and determine eligibility for tribal members.

CARE Partners (Capitation Agencies)

SDG&E partners with 17 social service agencies such as the Women's Infant & Children Organization (WIC) program, refugee assimilation organizations, 2-1-1 San Diego and others to help enroll its hardest-to-reach customers (collectively, Capitation Agencies). These

organizations serve high-risk, low-income individuals and families with enrollment in state and federally funded assistance programs, including Cal Fresh, LIHEAP, Covered California, and California Lifeline. The partnering organizations are in diverse low-income communities serving multicultural/multilingual, seniors, veterans, special needs, and LEP audiences and provide multilingual staffing. During this month, the following numbers were generated by the Capitation Agencies:

Capitation Agencies	
ESA Leads	309
CARE Enrollments	213
CARE Recertifications	0
FERA Enrollments	5

Women’s Infant & Children Organizations (WIC)

At this time, WIC offices are indefinitely closed to in-person visits. However, the WIC offices continue to field questions from their clientele via telephone.

County Health and Human Service Agency Collaborative

SDG&E collaborates with the County of San Diego Health and Human Services Agency (HHSA) to connect customers to programs like CARE. All field HHSA offices include a source coded CARE application in their new client intake packets. The following applications were received this month:

HHSA	January	YTD
ESA Leads	0	0
CARE Enrollments	21	21
CARE Recertifications	0	0
FERA Enrollments	0	0

2.3. CARE Recertification Complaints

2.3.1. Report the number of customer complaints received (formal or informal, however and wherever received) about their CARE recertification efforts, with the nature of the complaints and resolution.

During this reporting month, SDG&E did not receive any customer complaints regarding CARE recertification.

2.4. Pilots and Studies

2.4.1. CARE Program Studies

2022 Low Income Needs Assessment (LINA) Study

See ESA Program Section 1.5.1, which is also applicable for the CARE Program.

Categorical Eligibility Study

See ESA Program Section 1.5.1, which is also applicable for the CARE Program.

2.4.2. CARE Program Pilot(s)

SDG&E did not have any CARE program pilots in place during the month of January.

3. FERA EXECUTIVE SUMMARY

3.1. FERA Program Summary

The FERA Program is also statutorily mandated by California Public Utilities (P.U.) Code Sections 739.1 and 739.12 to assist low to middle income-eligible households with a monthly average effective discount of 18% on their electric bills.²¹ To qualify for the FERA Program, eligible customers consist of households with three or more persons with total annual household gross income between 200% (plus \$1) and 250% of the FPG.

3.1.1. Please provide FERA Program summary costs.

FERA Budget Categories	Authorized Budget²²	Actual Expenses to Date	% of Budget Spent
Outreach	\$ 361,080	\$ 11,174	3%
Proc., Certification and Verification	\$ 12,874	\$ 8,309	65%
Post Enrollment Verification	\$ 923	\$ 390	42%
Information Tech./Programming	\$ 151,500	\$ 0	0%
Pilot(s)	\$ 0	\$ 0	0%
Studies	\$ 50,000	\$ 0	0%
Regulatory Compliance	\$ 44,660	\$ 4,011	9%
General Administration	\$ 71,930	\$ 3,136	4%
CPUC Energy Division Staff	\$ 10,183	\$ 0	0%
Total Expenses	\$ 703,150	\$ 27,020	4%
Subsidies and Benefits ²³	\$3,711,343	\$ 358,986	10%
Total Program Costs and Discounts	\$ 4,414,493	\$ 386,006	9%

²¹ The FERA Program was later implemented by the Commission via D.04-02-057.

²² FERA budget reflects what was authorized in D.21-06-015 at 472, OP 1.

²³ Reflects FERA Subsidies and Benefits as authorized in SDG&E Advice Letter 3849-E, effective January 1, 2022.

3.1.2. Provide the FERA Program enrollment rate to date.

FERA Enrollment		
Participants Enrolled	Eligible Participants	Enrollment Rate
11,292	43,709	26%

3.2. Outreach

3.2.1. Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

Marketing and outreach efforts this month contributed to 1,207 completed FERA applications and 98 new enrollments/recertifications for the program. Below is a summary of FERA specific outreach efforts.

Direct Marketing

Direct Mail

This month, SDG&E did not send any FERA direct mail. However, SDG&E intends to leverage the success from the CARE bill comparison campaign by crafting a similar FERA specific comparison letter to be sent to potentially eligible FERA customers. For customers without an email on file, the letter will compare a customer's average bill to what it would have been had the customer been enrolled in FERA.

Email

This month, SDG&E did not send any FERA specific emails. However, SDG&E also intends to apply the bill comparison campaign described above in Section 2.2.1 to all customers with an email on file.

Community Outreach & Engagement

SDG&E works closely with community-based organizations and other external groups to connect customers with programs and solutions related to company offerings. SDG&E works with a network of approximately 200 community-based organizations, collectively named the Energy Solutions Partner Network, as well as other external organizations on as needed or requested basis. SDG&E's Outreach utilizes these networks, including CARE Capitation agencies, to educate and enroll customers in eligible Customer Assistance programs. The FERA program is currently promoted in all outreach activities including events, presentations, social media messaging and trainings. SDG&E is exploring additional opportunities to promote FERA solely through targeted social media campaigns utilizing its Energy Solutions Partner Network.

Tribal Outreach

As discussed in Section 1.2.1 above, SDG&E's Outreach and Tribal Relations teams work together to engage with the 17 Federally recognized tribes within its service territory. This is part of an ongoing initiative to educate the tribes on available customer assistance programs and determine eligibility for tribal members.

FERA Partners (Capitation Agencies)

SDG&E partners with 17 social service agencies such as the Women's Infant & Children Organization (WIC) program, refugee assimilation organizations, 211 San Diego and others to

help enroll its hardest-to-reach customers (collectively, Capitation Agencies). These agencies are the same as mentioned in Section 2.2.1 and enroll eligible customers in CARE, FERA, and ESA. SDG&E is exploring the opportunity to leverage these capitation partners to further drive FERA enrollments in 2022.

3.3. FERA Recertification Complaints

3.3.1. Report the number of customer complaints received (formal or informal, however and wherever received) about their FERA recertification efforts, with the nature of the complaints and resolution.

During this reporting month, SDG&E did not receive any customer complaints regarding FERA recertification.

3.4. Pilots and Studies

3.4.1. FERA Program Studies

Categorical Eligibility Study

See ESA Program Section 1.5.1, which is also applicable for the FERA Program.

3.4.2. FERA Program Pilot

SDG&E did not have any pilots for the FERA program this month.

[1] Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping - door, caulking and minor home repairs.

[2] Weatherization may consist of attic insulation, attic access weatherization, weatherstripping - door, caulking, & minor home repairs.

[3] Based on OP 79 of D.16-11-022.

[4] All savings are calculated based on the following sources: PY2015 to 2017 ESA Impact Evaluation and Statewide Measure Packages approved in the CA eTRM.

[5] Current Month Expenses for Energy Efficiency Total does not include January accrual and re-accrual of \$436,767 in the following reporting categories: Appliances \$60,137; Domestic Hot Water \$9,703; HVAC \$20,020; Misc. \$11,467; Lighting \$88,080; Maintenance \$5,261; Enclosure \$13,799; Customer Enrollment \$193,619; In Home Energy Education \$34,681.

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

Note: Any measures noted as 'NEW' have been added during the course of this program year.

Note: Any measures noted as 'REMOVED', are no longer offered by the program but have been kept for tracking purposes and to allow for

Direct Implementation	\$ -	\$ -	\$ -
TOTAL MF CAM COSTS	\$ 2,577	\$ 2,577	\$ 5,154

<<Includes measures costs

[1] Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping - door, caulking and minor home repairs. Minor home repairs predominantly are door jamb repair / replacement, door repair, and window putty.
[2] Weatherization may consist of attic insulation, attic access weatherization, weatherstripping - door, caulking, & minor home repairs.
[3] All savings are calculated based on the following sources: PY2015 to 2017 ESA Impact Evaluation and Statewide Measure Packages approved in the CA eTRM.
[4] Per D.16-11-022 at p.210, the CPUC imposes a cap of 10% on ESA CAM Initiative funds for administrative activities and a ceiling of 20% for direct implementation non-incentive costs.
[5] Refers to optimizing the installation of the measure installed such as retrofitting pipes, etc.
* Note: Applicable to Deed-Restricted, government and non-profit owned multi-family buildings described in D.16-11-022 where 65% of tenants are income eligible based on CPUC income
Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.
Note: Implementation of the MF CAM Initiative AL 3196-E-A_2654-G-A was approved effective 5/30/2018.
** Note: This represents the unit of measure such as Cap Tons and Cap kBTUh. It is not a count of each measure installed or each home the measure was installed in.

Energy Savings Assistance CAM Program Table 2B-1, Eligible Common Area Measures List
San Diego Gas & Electric
January 2022

Common Area Measures Category and Eligible Measures Title [1]	Effective Date	End Date[2]	Eligible Climate Zones [3]
Appliances			
Domestic Hot Water			
Pipe Insulation	5/18/2020		6, 7, 8, 10, 14, 15

Interior LED Fixture	5/18/2020		6, 7, 8, 10, 14, 15
Interior LED Screw-in	5/18/2020		6, 7, 8, 10, 14, 15
Exterior LED Lighting - Pool	5/18/2020		6, 7, 8, 10, 14, 15
Miscellaneous			
Tier-2 Smart Power Strip	5/18/2020		6, 7, 8, 10, 14, 15
Variable Speed Pool Pump	5/18/2020		6, 7, 8, 10, 14, 15

Standard Notes (do not delete)

1. Measures list may change based on available information on both costs and benefits (including energy benefits as well as non-energy benefits) and may vary across climate zones. This is not a list of installed measures, it is a list of eligible measures.

Table 2B-1 Column A should match Table 2B Column A for eligible (not canceled) measures.

2. Only complete if measure is canceled or discontinued

3. Defined as CEC California Building Climate Zones

https://www.energy.ca.gov/maps/renewable/building_climate_zones.html

YTD Total Energy Impacts for all fuel types should equal YTD energy impacts that are reported every month Table 2.

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

Note: SDG&E tracks the measure savings based on the month and year of install. Households treated can have a value of zero, meaning the treated date is from a previous year but the measure install and savings were tracked in a new Program Year.

Energy Savings Assistance Program Table - 8 Clean Energy Referral, Leveraging, and Coordination

**San Diego Gas & Electric
January 2022**

Partner	Brief Description of Effort	# of Referral	# of Leveraging	# of Coordination Efforts	# of Leads	# of Enrollments
LIHEAP	LIHEAP agencies in SDG&E service territory leverage LIHEAP payment leads to provide ESA Program services to customers.			N/A	265	33
CSD						
SASH						
SDCWA						
CARE/Medical Baseline						
CARE High Usage	Leads generted through CARE HEU income verifications completed			N/A	1	0
Energy Solutions Partner Network	SDG&E works closely with a network of approximately 200 community-based organizations (CBOs) to connect customers with Customer Assistance programs.	N/A*	19	254**	0	0
CARE Capitation Agencies	SDG&E partners with 17 social service agencies to help enroll its hardest-to-reach customers in Customer Assistance programs.	N/A*	5	25**	309	2

Note to IOUs:

Leveraging activities would include when programs share resources to jointly support program delivery or administration.

While coordination refers more generally to program communication, collaboration, and alignment of activities to support individual program delivery.

*SDG&E considers referrals and leads the same, therefore, this data is captured under column "F"

** SDG&E does not track these ESA efforts individually, but as a whole "Customer Assistance" effort.

Energy Savings Assistance Program Table - 9 Tribal Outreach

San Diego Gas & Electric January 2022

OUTREACH STATUS	Quantity (Includes CARE, FERA, and ESA)	List of Participating Tribes
Tribes completed ESA Meet & Confer	7	Barona, Jamul Indian Village, Pauma Band, Rincon, Ewiiapaayap, Sycuan Band of Kumeyaay Nation, Viejas Band of Kumeyaay Indians
Tribes requested outreach materials or applications	1	Pauma Band
Tribes who have not accepted offer to Meet and Confer	10*	San Pasqual, La Posta, Campo Kumeyaay Nation, Inaja & Cosmit, La Jolla, Pala Band, Santa Ysabel, Manzanita, Los Coyotes, Mesa Grande
Non-Federally Recognized Tribes who participated in Meet & Confer	N/A	N/A
Tribes and Housing Authority sites involved in Focused Project/ESA	N/A	N/A
Partnership offer on Tribal Lands	N/A	N/A
Housing Authority and Tribal Temporary Assistance for Needy Families (TANF) office who received outreach (this includes email, U.S. mail, and/or phone calls)	2**	Southern California American Indian Resource Center (SCAIR); Southern California Tribal Chairmen's Association (SCTCA)
Housing Authority and TANF offices who participated in Meet and Confer	N/A	N/A

*SDG&E has invited all 17 tribes to meet and confer and will continue to engage throughout 2022.

**SDG&E provides TANF related messaging through periodic presentations to SCAIR and SCTCA

**CARE Table 1 - CARE Program Expenses
