

Presentation – Tribal Outreach

LIOB Subcommittee Meeting

September 13, 2022

2022 – Tribal Outreach

CPUC Decision 21-06-015

Ordering Paragraphs 192 - 196

Tribal Outreach - OP 192

192. Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and Southern California Gas Company must continue outreach to Tribes located in California and Utility service territories, with or without federal recognition. The Utilities' must adhere to any consultation or outreach requirements as part of the Commission's Tribal Consultation Policy and must contact each tribe and/or conduct individual meetings with Tribes in their territory at least once every 6 months.

Results

- SDG&E has a total of 17 federally recognized Tribes in its service territory and provides electricity to 16 of those Tribes.
- SDG&E has 3 non-federally recognized Tribes in its service territory.
- SDG&E's Tribal Relations Manager has contacted all Tribes it serves to conduct listening sessions year-round to better understand the priorities and needs of the Tribes and to date, has held 12 meet & greets for the Tribes willing to confer.
- SDG&E also introduced more formal methods to solicit feedback this year by sending an online survey to all tribal contacts and followed up with focus groups at the end of May 2022.

Gaps

- Tribes are overwhelmed with requests and do not have the resources to always respond to our request to meet.
- Currently, SDG&E has focused its outreach to the Tribes we serve or who have SDG&E infrastructure on reservation land.

Opportunities

- CPUC led initiatives to provide resources to Tribes for increased capacity.
- Working with Tribal First Responders to reach more Tribal Members.
- Incorporate biannual contact with the Tribes that SDG&E does not currently serve.

Tribal Outreach - OP 193

193. Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and Southern California Gas Company must strive to maintain at least two Tribal contacts for each Tribe and consider a public facing system where Tribal contact information is available to all Tribal members and the public statewide.

Results

- SDG&E maintains two + Tribal contacts for the Tribes it serves.
- Due to the confidentiality and sensitivity each Tribe, we do not provide a public facing system with Tribal contact information.
- In compliance with OP 193, the IOUs addressed the requirement to “consider a public facing system where Tribal contact information is available to all Tribal members and the public statewide” within the UAS Recommendation Report submitted on July 1, 2022.

Gaps

- SDG&E understands having contact information for each Tribe is critical but is seeking clarification on the need for a public facing system.

Opportunities

- SDG&E will continue to request Tribes share updated contact information to ensure accuracy and determine what information can be public facing.
- Request Tribal feedback and approval on CPUC's request for a public facing system where their contact information is available to the public.

Tribal Outreach - OP 194

194. Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and Southern California Gas Company must offer mini-grants to those point persons at the Tribe maintaining regular communications with the Utilities and assisting in outreach for Energy Savings Assistance and California Alternate Rates for Energy programs. The Utilities have flexibility in determining the specific outreach and appropriate grant level, with the grants to be funded through each Utility's respective existing marketing, education and outreach budgets approved in this decision.

Results

- Several Tribes do not have members who qualify for income qualified programs, specifically CARE and ESA.
- During our discussions, the well-resourced Tribes suggested SDG&E focus its low-income program outreach on the tribes that do not have gaming, which are typically those with less resources.
- As such, SDG&E's Tribal Relations team selected seven tribes for the mini-grants based on the most need.

Gaps

- Although Tribes received an email that these were grants awarded, only 3 responded and none of them have sent back their accounting information to date. This is likely due to the limited resources Tribes continuously verbalize.

Opportunities

- Tribes have expressed interest in having SDG&E Call Center representatives come out to the reservation to sign-up Tribal members to address broadband and technology limitations and trust.
- In person account assistance seems to be a good solution to enhance outreach although in-person events are time intensive for Tribal staff, so it has been slow to schedule these.

Tribal Outreach - OP 195

195. Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and Southern California Gas Company must work with Tribal communities to encourage participation in the California Alternate Rates for Energy and Family Electric Rate Assistance capitation programs.

Results

- Currently, SDG&E does not have any tribes enrolled as capitation agencies.
- SDG&E launched a capitation pilot with Southern California Indian Resource Center (SCAIR) and after six months of tracking enrollments, SCAIR and SDG&E opted to increase the grant amount they received instead of utilizing them as a capitation partner. This was more effective as it provided the opportunity to receive additional funds up front through a Memorandum of Understanding (MOU), which allowed SCAIR to acquire additional resources and further promote low-income programs.

Gaps

- Adding a Tribe as a capitation partner limits the amount of funding provided to just enrollments, which in turn may limit the resources each Tribe has to promote the CARE and ESA programs.
- Once members are enrolled, Tribes do not receive additional capitation funding for re-enrollments, so this limits their ability to receive additional capitation payments.

Opportunities

- SDG&E is offering mini-grants to assist in promoting the California Alternate Rates for Energy (CARE), Family Electric Rate Assistance (FERA), and Energy Saving Assistance (ESA) programs which will provide opportunities to secure resources and conduct outreach to Tribal members on an ongoing basis.

Tribal Outreach - OP 196

196. Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and Southern California Gas Company must each report on its Tribal outreach efforts in the monthly and annual reports (per the reporting template to be developed and issued by Energy Division staff), as well as during the quarterly Low Income Oversight Board and subcommittee meetings.

Results

- SDG&E provides Tribal outreach updates in its Low-Income Monthly and Annual Reports, in both the narrative of each Report and corresponding Excel files.
- This year, ESA Table 8 was added to the Monthly Reports to provide context into how many tribes SDG&E has met with to discuss ESA programs, which tribes have requested additional information, and which tribes SDG&E has yet to meet with.
- Additionally, SDG&E provides updates in the Quarterly Low-Income Oversight Board (LIOB) presentations as well as the Low-Income Annual Report meeting.

Gaps

- While several of the outreach effort reporting is on a monthly basis, SDG&E does not always have updates on meet-and-confer opportunities since Tribal resources are limited.

Opportunities

- Continue hosting listening sessions with the tribes that are willing to meet-and-confer, have members who are eligible for the CARE and ESA programs, and have the resources to conduct outreach for program education and enrollment.

Tribal Outreach - SoCalGas

LIOB Low Income Energy Programs Subcommittee Meeting

September 13, 2022

OP 192: Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and Southern California Gas Company must continue outreach to Tribes located in California and Utility service territories, with or without federal recognition. The Utilities' must adhere to any consultation or outreach requirements as part of the Commission's Tribal Consultation Policy and must contact each tribe and/or conduct individual meetings with Tribes in their territory at least once every 6 months. (Data Request Question 1)

- SoCalGas has 21 federally-recognized Tribes in its service territory.
- Of the 21 Tribes, ten have natural gas service provided by SoCalGas.
- These ten tribes have a total of 16,689 natural gas meters of which **93% are on leased land** – with no certainty that the land occupant is a Tribal member.
- SoCalGas reaches out to all federally-recognized Tribes in its service territory via email, phone and in person at community events (see Data Request, Attachment A).
- To date, none have expressed interest in SoCalGas' low-income assistance programs.

OP 192: Continued

- SoCalGas defines Tribal Lands as those lands held by the United States in trust for an Indian Tribe, those lands owned by an Indian Tribe, or the geographic area traditionally and culturally affiliated with a California Native American Tribe.
- Many non-federally recognized Tribes are located within SoCalGas territory.
 - These members reside in all areas of SoCalGas' territory
 - SoCalGas reaches all Tribal communities, both living on and off Tribal lands via partnerships with the American Indian Chamber of Commerce, Inter-Tribal Educational Collaborative and Southern California Indian Center, as well as through general mass marketing to all its customers.

OP 193: Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and Southern California Gas Company must strive to maintain at least two Tribal contacts for each Tribe and consider a public facing system where Tribal contact information is available to all Tribal members and the public statewide. (Data Request Question 2)

- SoCalGas strives to maintain at least two Tribal contacts for each Tribe in its service territory (see Data Request, Attachment B).
- The IOUs addressed the requirement to consider a public facing system where Tribal contact information is available to all Tribal members and the public statewide within the Universal Application System (UAS) Recommendation Report.

OP 194: Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and Southern California Gas Company must offer mini-grants to those point persons at the Tribe maintaining regular communications with the Utilities and assisting in outreach for Energy Savings Assistance and California Alternate Rates for Energy programs. The Utilities have flexibility in determining the specific outreach and appropriate grant level, with the grants to be funded through each Utility's respective existing marketing, education and outreach budgets approved in this decision. (Data Request Question 3)

- Initial outreach has been made on several instances to provide an overview of SoCalGas' Customer Assistance Programs and the benefit to the Tribal community.
- SoCalGas is developing a comprehensive plan to develop a unique and specific outreach strategy and better navigate relationships and contacts within the Tribal community.
- To date, no Tribes in SoCalGas territory have participated in the mini-grant funding.

OP 195: Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and Southern California Gas Company must work with Tribal communities to encourage participation in the California Alternate Rates for Energy and Family Electric Rate Assistance capitation programs. (Data Request Question 4)

- SoCalGas encourages participation in CARE through its CBO partners (SoCalGas does not administer FERA).
- In lieu of CARE capitation agencies, SoCalGas works with trusted Tribal CBOs to disseminate SoCalGas programs and services.
- These organizations receive a monthly financial award to fund outreach activities rather than a per-enrollment payment.
- This arrangement is preferable to capitation as the financial compensation and scope of the work is more robust than that of the \$30 per enrollment capitation arrangement.

OP 196: Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and Southern California Gas Company must each report on its Tribal outreach efforts in the monthly and annual reports (per the reporting template to be developed and issued by Energy Division staff), as well as during the quarterly Low Income Oversight Board and subcommittee meetings. (Data Request Question 5 and 6)

- SoCalGas reports on its Tribal outreach efforts in the Low-Income Assistance Program Monthly and Annual Reports, and regularly includes Tribal activities as part of the materials provided to the LIOB for quarterly meetings.
- For monthly reporting (Table 7) SoCalGas uses geographic boundary information in Geographic Information System layers provided by the Bureau of Indian Affairs (BIA) to identify federally recognized Tribal areas in conjunction with an augment to the ESA application to allow customers to self-identify as a member of a Tribal community.

Please describe the work of your internal Tribal liaison. (Data Request Question 7)

- SoCalGas currently has a partially dedicated Tribal outreach liaison who is also the Customer Assistance Programs Outreach Lead. This resource collaborates with SoCalGas' Regional Public Affairs to assist in outreach efforts to Tribal communities.
- Final discussions are underway to bring on board a fully dedicated consultant with strong established relationships within the Tribal communities.

SCE Tribal Outreach

LIOB Sub Committee Meeting

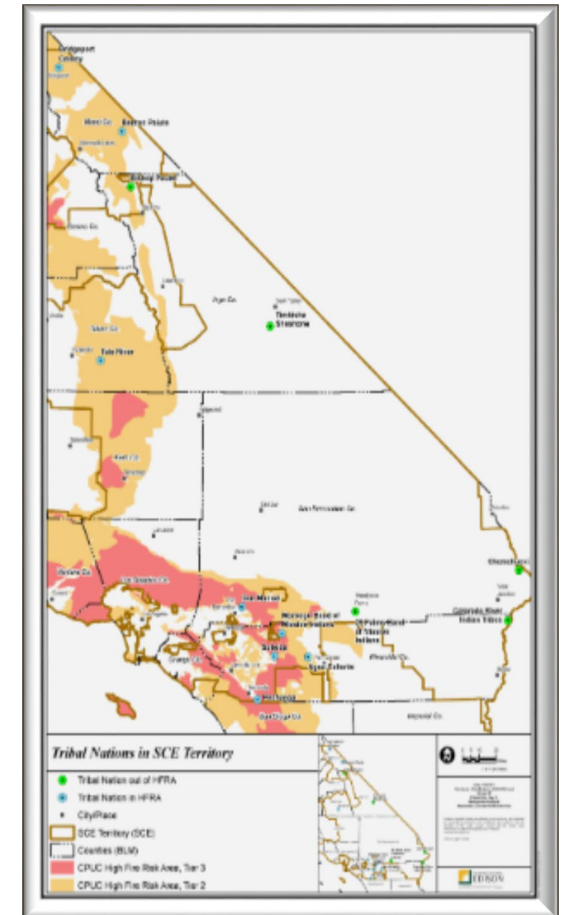

09/13/22

OP 192: Must continue outreach to Tribes with or without federal recognition...must adhere to any consultation or outreach requirements as part of the Commission's Tribal Consultation Policy and must contact each tribe and/or conduct individual meetings with Tribes in their territory at least once every 6 months

TRIBAL NATIONS IN SCE TERRITORY
Agua Caliente Band of Cahuilla Indians
Benton Paiute
Bishop Paiute
Bridgeport Indian Colony
Chemehuevi Indian Tribe
Colorado River Indian Tribes
Morongo Band of Mission Indians
Pechanga Band of Indians
San Manuel Band of Mission Indians
Soboba Band of Luiseno Indians
Timbisha Shoshone
Twenty-Nine Palms Band of Mission Indians
Tule River

- SCE currently serves 13 federally recognized tribes in SCE's service territory. Because there are no state recognized tribes in California, historically it has been challenging to identify non-federally recognized tribes within our service territory. However, SCE is working to identify those tribes that are seeking federal recognition on an ongoing basis.
- SCE's Tribal Liaisons meet with all 13 tribes twice a year.
- SCE utilizes the guiding principles of the Commission's Tribal Consultation Policy to fulfill outreach requirements in the following ways:
 - Respectful engagement, proper introductions and program representation
 - Customized solutions based on expressed needs of the community
 - Presenting to tribal council to gain authorization prior to member outreach
 - Acquiring permission and appropriate coordination for onsite visits
 - Streamlining enrollment processes to facilitate participation

OP 193: Must strive to maintain at least two Tribal contacts for each Tribe and consider a public facing system where Tribal contact information is available to all Tribal members and the public statewide

- SCE has two Tribal Liaisons that meet with all 13 tribes twice a year. During these biannual meetings, SCE liaisons provide resources and customized program information including Income Qualified Programs. SCE liaisons are available for ad hoc meetings as well.
- SCE also has a partially dedicated resource that supports the Tribal outreach in the northern portion of SCE's service territory.
- Recent ESA outreach activities include:
 - Pechanga Earth Day - June 2022
 - Soboba Band of Luiseno Indians Earth Day Event - April 2022
 - Morongo Band of Mission Indians Earth Day Event - April 2022
 - SCE Representatives for ESA, CARE/FERA, MBL, AFN and PSPS
 - Chemehuevi ESA Assessments/Installations - December 2021 through May 2022
 - Installed 5 HVAC, 7 Refrigerators, 11 Weatherization
 - Tribal Nations Community Meeting - December 2021
 - SCE Tribal Nation Elected Leaders Summit - November 2021
- SCE.com: <https://www.sce.com/partners/partnerships/Tribal-Communities> expands outreach including Wildfire Safety, Energy Efficiency, Philanthropy opportunities and more.
- OP 193 requirement to "consider a public facing system where Tribal contact information is available to all Tribal members and the public statewide," SCE refers to the UAS Recommendation Report submitted on July 1, 2022.

OP 194: Must offer mini-grants to those point persons must offer mini-grants to those point persons at the Tribe maintaining regular communications with the Utilities and assisting in outreach for ESA/CARE. Utilities have flexibility in determining the specific outreach and appropriate grant level, with the grants to be funded through each Utility's respective existing ME&O budgets approved in this decision

- As of September 2022, SCE tribal liaisons have begun engaging tribal leaders to offer mini grants.
- SCE is requesting meetings with tribal leaders to introduce the mini-grant program and to gather feedback regarding their level of interest, how best to administer the program, and our expectations, etc.
 - SCE has already scheduled initial one-on-one meetings with the following tribes:

Chemehuevi Indian Tribe

Timbisha Shoshone Tribe

Bishop Paiute Tribe

- After the meetings, SCE will send a grant application for each tribal leaders to complete. Once they sign and agree to participate, SCE will schedule regular check-in meetings with participating tribes to collect updates on their activities.
- SCE anticipates offering \$5,000 individual grants that do not exceed \$100,000 in total grants funded by the CARE/FERA/ESA programs on a first-come, first serve basis.
 - SCE is currently evaluating grant amounts based on need and population size.

OP 195: Must work with Tribal communities to encourage participation in the California Alternate Rates for Energy and Family Electric Rate Assistance capitation programs

- From January 1, 2021, through June 30, 2022, a total of 25,864 CARE/FERA direct mail and 25,049 CARE/FERA emails were sent to customers living in Tribal classified zip codes. The utilization of direct mail and emails is a continuous effort in encouraging Tribal communities to participate in the CARE and FERA program.
- The Bishop Paiute Tribe is signed up as a CARE and FERA capitation agency. In 2021 and 2022, the Bishop Paiute Tribe enrolled one CARE application (November 2021) and was paid \$20.
 - SCE has reached out to Bishop Paiute to offer refresher training on CARE and FERA as well as an overview of all Income Qualified programs and services offered. Going forward, SCE is planning on reaching out to Tribal Organizations directly to encourage their participation in the Capitation Agency Program.
- SCE participated in several tribal hosted events where an overview of Income Qualified Programs was provided to all attendees. During these events, tribal attendees learned about CARE/FERA, ESA, Energy Assistance Fund and the capitation agency program.

OP 196: Must each report on its Tribal outreach efforts in the monthly and annual reports (per the reporting template to be developed and issued by Energy Division staff), as well as during the quarterly LIOB and subcommittee meetings

- As directed, SCE's tribal outreach efforts are reported in SCE's monthly and annual income qualified reports.
- A summary of quarterly activities are also included in the quarterly IOU updates to the LIOB.
- Beginning 2023, SCE will update its enrollment form to include an option for tribal members to self identify, to provide the name of their tribe and to indicate whether they are living inside or outside of a Tribal area. This will allow us to track all tribal enrollments for members living inside and outside of tribal areas.

PG&E's Tribal Outreach Compliance Update

LIOB Subcommittee Meeting
September 13, 2022

Tribal Outreach Compliance Update

D.21-06-015 Tribal Community OPs	Compliance Status
<p>OP 192: The IOUs must continue outreach to Tribes located in California and Utility service territories, with or without federal recognition. The Utilities' must adhere to any consultation or outreach requirements as part of the Commission's Tribal Consultation Policy and must contact each tribe and/or conduct individual meetings with Tribes in their territory at least once every 6 months.</p>	<p>In compliance with OP 192, PG&E has been conducting outreach to all federally recognized and non-federally recognized tribes (102 in total), Tribal Housing Authority staff and Temporary Assistance for Needy Families (TANF) agencies (38 in total).</p> <p>In 2021, outreach emails offering webinars and/or phone call consultations and requested a meeting time with Tribal Leadership to provide information on CARE, FERA and ESA programs were sent in July and August. The Tribal ESA Program team also offered to meet with tribal leaders to answer questions and discuss the opportunity to participate in a Tribal-PG&E partnership. PG&E continued with this outreach effort in March and June of this year.</p> <p>In addition, PG&E developed a quarterly tribal newsletter that included articles providing customer information such as suspension of power shut-offs, alternate payment methods, and greater access to PG&E's energy assistance programs. PG&E begun distribution of this quarterly newsletter in July 2021. Tribal leaders were encouraged to distribute this information directly to tribe members.</p>

Tribal Outreach Compliance Update Cont.

D.21-06-015 Tribal Community OPs	Compliance Status
<p>OP 193: The IOUs must strive to maintain at least two Tribal contacts for each Tribe and consider a public facing system where Tribal contact information is available to all Tribal members and the public statewide.</p>	<p>In compliance with OP 193, PG&E has consistently maintained at least two Tribal contacts for each federally recognized tribe and non-federally recognized tribe. While PG&E is unable to share/publish Tribal contact information (which often contains Personal Identifiable Information) at the request of Tribal leadership, PG&E confirms that it maintains an updated list of Tribal contacts and can provide a list of tribes in lieu of contact names.</p> <p>The IOUs addressed the requirement to “consider a public facing system where Tribal contact information is available to all Tribal members and the public statewide” within the Universal Application System (UAS) Recommendation Report submitted on July 1, 2022. The report includes a section that addresses the level of coordination and clarification of definition regarding the public facing Tribal contact list.</p>

Tribal Outreach Compliance Update Cont.

D.21-06-015 Tribal Community OPs	Compliance Status
<p>OP 194: The IOUs must offer mini-grants to those point persons at the Tribe maintaining regular communications with the Utilities and assisting in outreach for Energy Savings Assistance and California Alternate Rates for Energy programs. The Utilities have flexibility in determining the specific outreach and appropriate grant level, with the grants to be funded through each Utility's respective existing marketing, education and outreach budgets approved in this decision.</p>	<p>In compliance with OP 194, PG&E developed a Tribal Grant Program and information about the program was distributed to all federally recognized and non-federally recognized tribes in June 2022 by email. The information about the Tribal Grant Program was also featured in PG&E's Q2 2022 tribal newsletter.</p> <p>The Tribal Grant Program provides a stipend of \$5,000 to interested tribes for providing information regarding PG&E assistance programs and ways to conserve energy to its members. The Tribal Grant Program requests that each tribe assign a tribal member to be the Tribal Liaison with PG&E. The Tribal Liaison will help market the ESA program to tribal members and coordination with ESA contractors.</p> <p>As of July 2022, six tribes, four Housing Authority Offices, and one TANF agency requested to meet with PG&E about the Tribal Grant Program. PG&E staff provided more information and answered questions about the grant program and encouraged tribal leadership to apply for the grants. To-date, PG&E has received one application.</p> <p>PG&E is evaluating/fine-tuning its outreach efforts to improve program participation in 2023.</p>

Tribal Outreach Compliance Update Cont.

D.21-06-015 Tribal Community OPs	Compliance Status
OP 195: The IOUs must work with Tribal communities to encourage participation in the California Alternate Rates for Energy and Family Electric Rate Assistance capitation programs.	In compliance with OP 195, PG&E has been communicating the availability of CARE/FERA capitation programs with tribal communities through its tribal outreach efforts, including in-person meetings and quarterly newsletters. However, there has been limited interest from Tribal communities to participate in the CARE and FERA capitation programs. There has been zero tribe or tribal related organization registered as a CARE and FERA capitation agency in 2021 and to-date in 2022. PG&E is continuing its efforts to encourage Tribes or Tribal related organizations to register as capitation agencies.
OP 196: The IOUs must each report on its Tribal outreach efforts in the monthly and annual reports (per the reporting template to be developed and issued by Energy Division staff), as well as during the quarterly Low Income Oversight Board and subcommittee meetings.	In compliance with OP 196, PG&E has been providing its tribal outreach efforts in its monthly and annual program reports as well at the quarterly LIOB meetings and at the subcommittee meeting scheduled for September 13, 2022.

Federally Recognized Tribes by County

62 Tribes Total Across PG&E Service Territory

* Denotes in multiple counties

Alpine	Humboldt	Mendocino	Shasta
1. Washoe Tribe of CA and NV	1. Bear River Band of the Rohnerville Rancheria	1. Cahto Tribe (Laytonville)	1. *Pit River Tribe
Amador	2. Big Lagoon Rancheria	2. Coyote Valley Band of Pomo Indians	2. Redding Rancheria
1. Buena Vista Rancheria of Mi-Wuk Indians	3. Blue Lake Rancheria	3. Guidiville Indian Rancheria	Sonoma
2. Ione Band of Miwok Indians of California	4. Trinidad Rancheria	4. Hopland Band of Pomo Indians	1. Cloverdale Rancheria of Pomo Indians of California
3. Jackson band of Mi-Wuk Indians	5. Hoopa Valley Tribe	5. Manchester Band of Pomo Indians	2. Dry Creek Rancheria of Pomo Indians
Butte	6. Karuk Tribe	6. Pinoleville Pomo Nation	3. Federated Indians of Graton Rancheria
1. Tyme Maidu Tribe-Berry Creek Reservation	7. Yurok Tribe	7. Potter Valley Tribe	4. Kashia Band of Pomo Indians of the Stewart's Point Rancheria
2. *Enterprise Rancheria	8. Wiyot Tribe	8. Redwood Valley Little River Band of Rancheria of Pomo	5. *Lytton Rancheria of California
3. Mechoopda Indian Tribe	Kern	9. Round Valley Reservation	
4. Mooretown Rancheria	1. Tejon Indian Tribe	10. Sherwood Valley Rancheria	Tehama
Contra Costa	Kings	Modoc	1. Paskenta Band of Nomlaki Indians
1. *Lytton Rancheria of California	1. Tachi-Yokut Tribe (Santa Rosa Rancheria, Leemore, CA)	1. *Pit River	Tulare
Colusa	Lake	Placer	1. Tule River Indian Reservation
1. Cachil DeHe Band of Wintun Indians of the Colusa Indian Community	1. Big Valley Band Rancheria	1. United Auburn Indian Community	Tuolumne
2. Cortina Rancheria	2. Elem Indian Colony	Plumas	1. Chicken Ranch Rancheria
El Dorado	3. Habematolel Pomo of Upper Lake	1. Greenville Rancheria	2. Tuolumne Band of Me-Wuk Indians
1. Shingle Springs Band of Miwok Indians	4. Lower Lake (Koi Tribe)	Sacramento	
Fresno	5. Middletown Rancheria of Pomo Indians	1. Wilton Rancheria	Yolo
1. Big Sandy Rancheria	6. Robinson Rancheria	San Joaquin	1. Yocha Dehe Wintun Nation
2. Cold Springs Rancheria	7. Scotts Valley Band of Pomo Indians	1. California Valley Miwok Tribe	Yuba
3. Table Mountain Rancheria	Lasen	Santa Barbara	1. *Enterprise Rancheria
Glen	1. Susanville Indian Rancheria	1. Santa Ynez Band of Chumash Mission Indians	
1. Grindstone Indian Rancheria	Madera		
	1. North Fork Rancheria		
	2. Picayune Rancheria of Chukchansi Indians		

Non-Federally Recognized Tribes by County

40 Tribes Total Across PG&E Service Territory

Alameda	Humboldt	Monterey	Shasta
	1. Wailaki Tribe	1. Salinan Tribe of Monterey, San Luis Obispo and San Benito Counties	
Amador	Kern	Placer	1. Winnemem Wintu Tribe 2. Wintu Tribe of Northern California 3. Northern Band of Mono Yokuts
	1. Kern Valley Indian Council 2. Tubatulabal Tribe 3. Kawaiisu Tribe		
Butte	Kings	Plumas	Sonoma
1. Butte Tribal Council	1. Kings River Choinumni Farm Tribe 2. California Choinumni Tribal Project		1. Mishewal-Wappo Tribe of Alexander Valley
Contra Costa	Lake	Sacramento	
1. Trina Marine Ruano Family 2. Xolon Salinan Tribe		1. Amah Mutsun Tribal Band	
Calaveras	Lassen	San Benito	Tehama
1. Calaveras Band of Mi-Wuk Indians	1. Honey Lake Maidu	1. Indian Canyon Mutsun Band of Costanoan	
El Dorado	Madera	Santa Clara	Trinity
	1. The Mono Nation 2. Sierra Mono Museum	1. Muwekma Ohlone Indian Tribe	1. Tsungwe Council
Fresno	Mariposa	Santa Cruz	Tulare
1. Dumna Wo-Wah Tribal Government 2. Dunlap Band of Mono Indians 3. Nor-Rel-Muk Nation 4. Dunlap Band of Mono Indians Historical Preservation Society 5. Haslett Basin Traditional Committee	1. North Fork Mono Tribe 2. American Indian Council of Mariposa County (Southern Sierra Miwuk Nation) 3. Chaushila Yokuts	1. Coastanoan Ohlone Rumsen-Mutsen Tribe 2. Ohlone Indian Tribe	1. Wuksachi Indian Tribe 2. Wukchumni Tribal Council
Glen	Mendocino	San Luis Obispo	Tuolumne
	1. Noyo River Indian Community 2. Shelbelna Band of Mendocino Coast Pomo Indians	1. San Luis Obispo County Chumash Council	
		San Joaquin	Yolo
		1. Traditional Choinumni Tribe (East of Kings River)	
		Santa Barbara	Yuba
		1. Coastal Band of the Chumash Nation	1. Strawberry Valley Rancheria
