Low Income Energy Assistance Programs (LIEAP) Subcommittee:

Robert Castaneda (Chair), Pat Watts, Lourdes Medina, Lisa Castilone, Maria Stamas, Jason Wimbley, Hollie Bierman
Paul Irwin

AGENDA

- i.* Welcome & Introductions (5 min)
- ii.* Public Comment (10 min)
- iii.* Energy Savings Assistance (ESA) Program & Budget Status Update – Investor Owned Utility Staff (100 min)
 - What are the IOUs budgets for the 2023 Program Year?
 - How do these budgets differ from the authorized budgets from D.21-06-015?
 - Are they higher or lower than 2022, and 2024?
 - Have the IOUs supplemented or plan to supplement these authorized budgets with additional funds, such as from committed and unspent funds, fund shifting from within the program, or fund shifting from another program?

- How have the IOUs communicated their 2023 Program Year budgets and other program changes to their implementers and contractors?
- What approaches are the IOUs taking to achieve deeper energy savings starting in 2023? What are the challenges associated with these approaches?
- Do IOUs plan to extend current contracts / what is the timeline for new contracts?
- What are the IOUs' overall plans in terms of program transition?
 - For example, how do the IOUs plan to extend contracts with current implementers and contractors until any new contracts (resulting from all the solicitations in 2022) are in place?
- What challenges do the IOUs foresee in 2023 and how do they plan to mitigate them?
- Please provide an update on Marketing.
 - When will the 2023 marketing outreach begin?
 - What is envisioned for the efforts?
 - How do the IOUs leverage CARE/FERA data to generate leads?
 - SCE/SoCalGas: Describe the referral process so that the ESA customer can benefit from a single visit to install all eligible measures? (The Commission over the years has ruled that single fuel utilities should collaborate their ESA programs.)

iv. Discussion & Closing Remarks (5 min)
