**MONTHLY REPORT OF SAN DIEGO GAS & ELECTRIC COMPANY (U 902 M) ON
LOW INCOME ASSISTANCE PROGRAMS FOR FEBRUARY 2023**

The purpose of this report is to consolidate activity for the California Alternate Rates for Energy (CARE) Program, Family Electric Rate Assistance (FERA) Program, and Energy Savings Assistance (ESA) Program, and provide the California Public Utilities Commission's (Commission or CPUC) Energy Division (ED) with information to assist in analyzing the low income programs.¹ This is the monthly report for program year (PY) 2023, and presents year-to-date CARE, FERA, and ESA Program results and expenditures through February 28, 2023, for San Diego Gas & Electric Company (SDG&E).

Respectfully Submitted,

/s/ Siobhán E. Murillo

LOW INCOME ASSISTANCE PROGRAMS MONTHLY REPORT

On June 3, 2021, the California Public Utilities Commission (Commission) voted and unanimously approved, with modifications, the *Decision on Large Investor-Owned Utilities' and Marin Clean Energy's California Alternate Rates for Energy (CARE), Energy Savings Assistance (ESA), and Family Electric Rates for Energy (FERA) Program Applications for Program Years 2021-2026*, which authorized budgets and goals effective July 1, 2021.² The authorized program year budgets, savings goals, and homes treated targets in this monthly report reflect those authorized by the Commission in D.21-06-015 (Decision).³ The Decision approved the Investor-Owned Utilities (IOUs) to shift the ESA Program away from treating all eligible and willing households towards a customer-centered prioritization model based on household needs and customer profile.⁴ Additionally, the Decision ordered the implementation of a new ESA Multifamily Whole Building Program (MFWB), which includes all multifamily sectors, including in-unit, common areas, and the whole building,⁵ and the implementation of the Pilot Plus and Pilot Deep Program that focuses on gathering the feasibility of a more strategic measure delivery approach.⁶

² D.21-06-015 at 472, Ordering Paragraph (OP) 3 and at 490 – 491, OP 82.

1. ESA PROGRAM EXECUTIVE SUMMARY

1.1. ESA Program Overview

The Main ESA Program offers no-cost weatherization services, energy efficient lighting, energy efficient appliances, energy education, and other services to income-qualified customers to reduce energy consumption and costs, while improving health, comfort, and safety of customers. To qualify for the ESA Program, a residential customer's household income must be at, or below, 250% of Federal Poverty Guidelines (FPG). The Main ESA program focuses on providing services to single family and mobile homeowners and renters. Per the Decision, SDG&E will continue to serve multifamily in-unit tenants through the Main ESA Program until the MFWB program is open for customer enrollment.⁷

The ESA Common Area Measures (CAM) initiative offers income qualified deed-restricted multifamily property owners' natural gas and electric weatherization services, energy efficient lighting, energy efficient appliances, and other services at no cost. SDG&E will continue to offer ESA CAM services until the Southern MFWB Program is open for customer enrollment.

SDG&E's MFWB Program offers ESA Services for In-Unit, CAM, and Whole Building Measures under one Program to Deed Restricted and Non-Deed Restricted multifamily buildings. SDG&E was selected as the lead utility on behalf of Southern California Edison

⁷ *Id.* at OP 128.

(SCE) and Southern California Gas (SoCalGas) Company for the Southern Region MFWB program.⁸

The ESA Pilot Plus and Pilot Deep Program (Pilot) is the Commission’s approved Energy Division Staff Proposal to yield deeper home energy savings with energy savings targets expected between 5% to 50%. The Pilot provides more advanced energy savings measures tailored to customer needs that complement and build upon the ESA Main Program measure packages. The Pilot Plus package will provide and/or replace certain equipment and appliances plus load shifting and electrification measures that should reduce annual energy usage by 5 to 15%. The Pilot Deep package will offer more advanced measures that should reduce annual energy usage by 15 to 50%.

This monthly report reflects current program activities for the ESA Programs. Significant program changes are expected in 2023, with the implementation of the MFWB Program and the Pilot Program. SDG&E will continue to provide all relevant program implementation updates in subsequent reports.

1.1.1. Provide a summary of the ESA Program elements as approved in Decision (D.) 21-06-015.

Main ESA Program

For 2023, SDG&E transitioned the Main ESA Program to an implementer model, “bundling” Outreach and Assessment, Weatherization, Appliance Installation, Natural Gas

⁸ *Id.* at OP 120.

Appliance Testing (NGAT) and Inspections of gas appliance installation through one ESA program contractor. The transition to the new model provided SDG&E with the opportunity to streamline the delivery of the program and increase opportunities for the installation of energy savings measures by reducing the number of customer visits needed. In 2022, SDG&E conducted a one-stage, two-step solicitation for the delivery of the Main ESA Program and awarded the Main ESA Program Contract for program years 2023-2026 for bundled services to Richard Heath and Associates (RHA).

In February 2023, RHA and SDG&E continued to focus on ramp up activities including updates to program systems to support installations, tracking and program reporting, finalization of documents, onboarding subcontractors, and training. RHA processed over 300 program enrollments for distribution to subcontractors, including weatherization and appliance installations. RHA performed quality assurance reviews on enrollments and submitted its first invoices for work performed by subcontractors to SDG&E for additional review and approval for payments. RHA has continued to work to resolve customer backlog issues with its appliance subcontractor to improve and expedite the delivery of these measures.

SDG&E is also in the process of integrating program audits and energy savings kits into its delivery model. SDG&E conducted request for quotation for the fulfillment of its energy and water conservation kits and was expected to finalize the contract in February. However, due to a change in SDG&E's contracting system, the contract has been delayed. Integration of the kits into the delivery of the ESA Program will occur in the second quarter of 2023. Lastly, SDG&E is currently soliciting for Heating Air Conditioning and Ventilation, and water heater repair and

replacements (R&R Services). The solicitation closed on March 2, 2023, and bids are being reviewed and scored by the evaluation team. SDG&E continues to offer R&R services through its current contractor networks.

ESA (SF, MH, MF In-Unit) Program Summary Expenses for 2023⁹			
	2023 Authorized / Planning Assumptions	Actual to Date	%
Budget	\$19,818,827	\$1,756,433	9%
Homes Treated	8,326	0	0
kWh Saved	1,997,137	0	0
kW Demand Reduced	166	0	0
Therms Saved	74,629	0	0
GHG Emissions Reduced (Tons)	N/A	0	0

For the program year, 2022, SDG&E extended the program contract with its current ESA CAM implementer through June 30, 2023, to continue to deliver common area measures to deed restricted properties while the ESA MFWB Program prepares to accept enrollments. SDG&E will work closely with the ESA CAM and MFWB program implementers to create a smooth

⁹ The budget includes \$2,166,111 in multifamily funds to continue in-unit treatment through the Main ESA Program until the MFWB program is open for enrollment. Total multifamily in-unit and multifamily whole building 2023 budget is \$7,864,581. The savings planning assumptions in this table reflect single family and mobile home savings goals for 2023, along with multifamily in-unit savings between January and June 2023.

transition to the new program. The table below provides a summary of the year-to-date activity for the CAM Program.

ESA MF CAM Program Summary Expenses for 2023			
	2023 Authorized / Planning Assumptions	Actual to Date	%
Budget	\$2,200,000	\$691,466	31%
Properties Treated	N/A	3	0
kWh Saved	N/A	48,577	0
kW Demand Reduced	N/A	10	0
Therms Saved	N/A	(114)	0

In compliance with D.21-06-015, SDG&E conducted the MFWB Solicitation, a one stage request for proposal (RFP), two steps (RFP response + Interview), on behalf of the three Southern IOUs (SDG&E, SCE and SoCalGas). The solicitation process included an Independent Evaluator (IE) tasked with monitoring and reporting on the ESA MFWB solicitations, and a statewide Procurement Review Group to oversee the IOUs' ESA MFWB solicitation process, review procedural fairness and help promote transparency. Bidder proposals were due on April 13, 2022, and through a competitive Solicitation process, SDG&E selected RHA to implement the Southern ESA MFWB Program in SDG&E, SCE, and SoCalGas' service territories for Program Years 2023 through 2026. The Southern MFWB Program will be Open for Customer Enrollment on July 1, 2023.

In February 2023, the MFWB Program continued with its ramp up activities and conducted the public presentation of the Southern Region MFWB implementation plan. RHA's Southern MFWB Implementation Plan Presentation was held on February 16, 2023, at 11:00,

Pacific Standard time and there were 54 people in attendance with 21 questions asked during the presentation. Both the recording of the presentation and the Q&A can be found on SDG&E ESA Solicitation landing page. The table below includes SDG&E specific budgets/planning assumptions and actuals year to date for the MFWB Program. While there are currently no recorded expenses for the MFWB Program, efforts and ramp up activities are ongoing. SDG&E anticipates RHA to begin invoicing for ramp up activities in March 2023.

ESA MFWB (MF In-Unit, MF CAM, MFWB) Program Summary Expenses for 2023¹⁰			
	2023 Authorized / Planning Assumptions	Actual to Date	%
Budget	\$5,698,470	0	0
Properties Treated	18	0	0
In-Units Treated	3,385	0	0
kWh Saved ¹¹	426,674	0	0
Therms Saved	22,376	0	0

Pilot Plus/Pilot Deep (ESA Whole Home)

Due to an insufficient number of responsive proposals from the first RFP event in Q1 – Q2 2022, SDG&E was granted an extension of time to meet the requirements of launching the

¹⁰ The budget excludes \$2,166,111 in multifamily funds to continue in-unit treatment through the Main ESA Program until the MFWB program is open for enrollment. Total multifamily in-unit and multifamily whole building 2023 budget is \$7,864,581.

¹¹ Savings goals for the MFWB are based on the program cycle years 2023-2026. The planning assumptions reflected in this table takes into consideration the 2023 MFWB ramp up period.

Pilot Plus and Pilot Deep Program. The subsequent RFP event was revised for Pilot Plus and Pilot Deep 2.0 and was issued in Q4 of 2022.

On February 2, 2023, SDG&E informed the Energy Division of the status of the Pilot 2.0 solicitation responses via email. SDG&E’s Evaluator Team members completed the scoring and evaluation process of the qualified RFP responses and held interviews with the qualified Bidders during the week of February 20. A survey was sent to the registered Bidders who did not submit proposals to gain insight into their decision to not participate. Their feedback was due on March 1, 2023.

The table below includes SDG&E specific budgets/planning assumptions and actuals year to date for the Pilot Plus and Pilot Deep.

SASH/MASH Budget Augmentation

ESA Pilot Plus and Pilot Deep 2.0 Summary Expenses for 2023			
	2023 Authorized / Planning Assumptions	Actual to Date	%
Budget ¹²	\$1,526,683	\$14,100	1%
Homes Treated	TBD	0	0
kWh Saved	TBD	0	0
kW Demand Reduced	TBD	0	0
Therms Saved	TBD	0	0
GHG Emissions Reduced (Tons)	N/A	0	0

¹² Includes the annual program funds, as listed in D.21-06-015, Attachment 1, Table 11. Additional funds from program year 2022 are available for program activities exceeding the annual estimated budget.

In 2022, SDG&E identified that the Multifamily Affordable Solar Housing and Single Family Affordable Solar Homes Programs (MASH and SASH) had remaining unspent and unencumbered funds available to augment future ESA Program measure installations. SDG&E, along with SCE, and PG&E, have updated the timing of the Tier 2 Advice letter (AL) filing that will include information on the remaining MASH and SASH funds to be used for ESA Program installations through the second quarter of 2023. SDG&E will report how those funds are used to augment ESA Program funds in future reports.

Single Family Affordable Solar Homes (SASH) and Multifamily Affordable Solar Housing (MASH) Unspent Funds (Electric IOUs Only)¹³			
	2023 Authorized	Actual to Date	%
Budget	N/A	0	0

¹³ OP 12 of D.15-01-027 states, "The Program Administrators shall ensure that program expenditures in each utility's service territory do not exceed the total authorized budget amounts over the duration of the programs. The program incentive budgets will be available until all funds are exhausted or until December 31, 2021, whichever occurs first. Any money unspent and unencumbered on January 1, 2022, shall be used for 'cost-effective energy efficiency measures in low income residential housing that benefit ratepayers,' as set forth in Public Utilities Code Section 2852(c)(3)." The electric IOUs intend to file a Joint Advice Letter for disposal of unspent funds from the SASH and MASH programs to the ESA Program in Q1 of 2023. After the AL is filed, budget authorization will be pending per the Energy Division's disposition of the AL.

1.1.2. Program Measure Changes

If applicable, discuss any measure changes that may have taken place in ESA (SF, MF In-Unit, MH), MF CAM, ESA Pilot Plus and Pilot Deep 2.0, and/or ESA BE during this reporting month.

SDG&E did not make any measure changes in February.

1.2. ESA Program Customer Outreach and Enrollment Update

1.2.1. Provide a summary of the ESA Program outreach and enrollment strategies deployed this month.

As part of the new ESA Program strategy, RHA has implemented outreach efforts focused on targeting customers with the greatest needs and integrating measure packages into the program delivery to drive deeper energy savings. As part of outreach efforts, RHA educates customers on the importance of energy efficiency, available measure packages, enrollment requirements, and program engagement process. To provide a positive program experience, RHA provides customers with next steps in the process, anticipated timelines, and any possible delays in program installations.

As part of February outreach activities, RHA conducted targeted door-to-door canvassing, performed outbound calls to targeted customers from generated lead lists, and followed up on program leads generated through SDG&E targeted marketing campaigns. RHA's estimated number of enrollments for February is approximately 745 enrollments. However, due to system integration issues in January resulting from the transition to the implementer model, the processing of enrollments occurred in February. RHA conducted quality assurance (QA) reviews of all enrollments and submitted invoices for payments. SDG&E began conducting SDG&E's additional QA of enrollments for final invoice processing and approval. Due to these activities, enrollment results for January and February will be reported in the March monthly report.

ESA Program Multifamily Common Area Measure (MF CAM) Initiative

During this reporting month, SDG&E's ESA Program MF CAM implementer continued targeted marketing to potential ESA MF CAM properties, including re-syndication projects in SDG&E's service territory. Three properties were treated this month for a total of three properties in 2023 thus far. Three properties are currently receiving measure installations and no properties are pending energy assessments/audits. The ESA CAM implementer has reported supply chain issues that have delayed the receipt of some measures and materials, particularly high efficiency boilers and HVAC systems, which are hindering the implementer's ability to close out projects and complete property treatments.

ESA Program MFWB (MF In-Unit, MF CAM, MFWB)

The ESA Southern MFWB Program will be Open for Customer enrollment on July 1, 2023.

ESA Pilot Plus and Pilot Deep

The Pilot is expected to be open for participation in the third quarter of 2023.

Language Line

Language Line® is utilized to make sure customers with limited English proficiency (LEP) have a channel in which to communicate with ESA Program contractors in the language of their preference. Zero customers were served by the Language Line this month.

Tribal Outreach

SDG&E's Outreach and Tribal Relations teams work together to effectively engage and communicate with the 17 Federally recognized tribes SDG&E serves. As part of an ongoing initiative to educate the tribes on available Customer Assistance programs and determine eligibility for tribal members, SDG&E is hosting a series of presentations to review relative

program information and provide materials to interested and eligible tribes. SDG&E Outreach has sent requests to meet with all 17 tribes and has met with 13 of the tribes. SDG&E is continuing its outreach efforts to meet with all tribes in its service territory and re-visits with the 13 tribes periodically to ensure they have program information and support needed.

Additionally, SDG&E will continue to invite each tribe to meet and discuss additional areas of opportunity, while continuing collaboration and engagement around Customer Assistance programs and key company initiatives.

1.2.2. Customer Assistance Marketing, Education and Outreach (ME&O) for the CARE and ESA Programs.

SDG&E utilizes an integrated ME&O strategy by connecting with customers using general awareness marketing, direct marketing, and community outreach and engagement. The 2023 campaign intends to connect with customers to drive conservation and provide monthly savings on their energy bill. General tactics, such as TV and over the top (OTT), will continue to represent the joint efforts on behalf of the CARE, FERA and ESA programs, while more targeted tactics, such as print and digital, will support one program. The campaigns will run in English, Spanish and where appropriate, Asian languages.

General Awareness Marketing

General awareness marketing allows SDG&E to connect with its customers through mass media efforts reaching both mass audiences and hard-to-reach populations, including customers in rural areas, seniors, customers with special needs, and multilingual/multicultural customers.

Online Advertising

In February 2023, SDG&E ran paid search in English and Spanish garnering 8,415 impressions (views) with a 30% click through rate (CTR) and 357 conversions.¹⁴

Social Media

Using e-newsletters, website posts, and social media channels, the Energy Solutions Partner Network shared over 300 customer assistance messages to an audience of more than 851,000 followers. SDG&E's social media profiles also post messaging to a collective audience of more than 1.2 million followers across multiple social media channels including Twitter, LinkedIn, Facebook, and Nextdoor. These messages are then able to be redistributed to other networks on social media.

SDG&E may be able to help customers who are having difficulty paying their bill. Information about assistance programs ranging from bill discounts, bill payment plans and debt relief, can be found at sdge.com/assistance. #sdge #SDGEassistEs posible que SDG&E pueda ayudar a los clientes que están teniendo dificultades para pagar sus facturas. Para encontrar información sobre recursos de asistencia, como los programas de descuento, planes de pago y la condonación de deudas, visite sdge.com/assistance #sdge #SDGEasistencia

¹⁴ Conversions are customers who click from an ad through to the last page of the application and do not reflect if a customer finished the application or whether an application was accepted.

Direct Marketing

There was no email or direct mail conducted in February 2023.

Live CARE Call Campaign

SDG&E's third-party contractor, The Harris Group (THG), called targeted customers to enroll in the CARE Program.¹⁵ The campaign provides SDG&E with a way to directly connect with customers in low income and hard-to-reach areas. Targeted customers also include those who are up for recertification for CARE and FERA. THG provides education about the CARE, FERA, and ESA Programs and if eligible, will enroll customers over the phone, except for ESA.

The Harris Group	
ESA Leads	3,228
CARE Enrollments	2,124
CARE Recertifications	703
FERA Enrollments	90
FERA Recertifications	11

Community Outreach & Engagement

Energy Solutions Partner Network

SDG&E works closely with a network of approximately 200 community-based organizations (CBOs) to connect customers with programs, resources and solutions related to Customer Assistance, bill debt relief, Public Safety Power Shutoff resiliency, wildfire

¹⁵ THG is a Diverse Business Enterprise (DBE) vendor and a woman-owned business.

preparedness, clean energy, and conservation. These organizations represent the diversity of SDG&E’s customers within its service territory. Many of these CBOs are small, grassroots agencies serving individuals with access and functional needs, including those that are multicultural, multilingual, low income, seniors, and limited English proficient (LEP) audiences in communities of concern. These partners help educate and enroll customers in low income programs utilizing a variety of tactics, including messaging through email and social media channels such as Facebook, Twitter, and Instagram, posting information on their websites, providing booth space at events, and hosting enrollment day fairs at their locations. SDG&E’s partner outreach activities resulted in the following activities this month:

Energy Solutions Partner Network	
ESA Leads	0
CARE Enrollments	8
CARE Recertifications	7
FERA Enrollments	0
FERA Recertifications	0

Partner Spotlight

SDG&E’s Customer Outreach and Engagement team participated in 25 events, presentations, trainings, and workshops that featured information and enrollment in energy solutions programs, services, and tools. Many of these activities were hosted by SDG&E’s partner network and included drive-through events, such as food drives, and community events. These outreach activities were focused on engaging customers with programs and solutions such

as CARE, FERA, and ESA and reached over 4,000 people. A few of the outreach events SDG&E participated in are highlighted below.

Southwestern College Foundation

On February 7, 2023, SDG&E Outreach partnered with the Southwestern College Foundation which helps students at the college in various ways. This event “Southwestern College Finance Wellness Workshop” assisted students with finances both in and outside of school. SDG&E was present at this event helping qualified customers understand the Customer Assistance programs offered by the utility.

San Diego Food Bank & Feeding San Diego

On February 23 and February 25, 2023, respectively, SDG&E partnered with the San Diego Food Bank and Feeding San Diego at their food distribution events. To support some of the most vulnerable customers during the recent cold weather and higher natural gas rates in the Southern California region, attendees were provided warming items such as blankets, beanies, socks and gloves. SDG&E worked with each organization to distribute these goods along with shelf-stable food items. SDG&E also provided information on Customer Assistance programs and LIHEAP.

Multicultural Outreach

To continue efforts to reduce potential barriers, increase education, and program enrollments for customers in the rural, multicultural/multilingual, and access and functional needs segments, SDG&E pairs multicultural contractors with employees that are fluent in various languages to help staff events and presentations. These contractors are fluent in the following languages: Spanish, Chinese, Aramaic/Arabic, and other languages, as requested.

During this reporting month, SDG&E participated in the following multicultural community outreach events:

Activity Date	Activity Title	Partner/Host	Location
2/7/2023	Healthy Family Event	Southern California Tribal Chairmen's Association (SCTCA)	Manzanita Tribal Office 6 Old Mine Rd, Boulevard
2/9/2023	Healthy Family Event	Southern California Tribal Chairmen's Association (SCTCA)	La Posta Tribal Office 8 Crestwood Rd, Boulevard
2/11/2023	Love Your Heart Health Fair	Live Well San Diego	San Ysidro Health 678 3rd Ave, Chula Vista
2/14/2023	Healthy Family Event	Southern California Tribal Chairmen's Association (SCTCA)	Barona Rec Center 1095 Barona Rd, Lakeside
2/15/2023	Healthy Family Event	Southern California Tribal Chairmen's Association (SCTCA)	Viejas Rec Center 1 Viejas Grade Rd, Alpine
2/17/2023	Love Your Heart Health Fair	La Maestra Community Health Centers	La Maestra Health Clinic 4060 Fairmount Avenue, San Diego
2/23/2023	Food Distribution Warming Items Campaign	San Diego Food Bank	National City Library 1401 National City Blvd, National City
2/25/2023	Food Distribution Warming Items Campaign	Feeding San Diego	Feeding San Diego 9477 Waples St, San Diego

Other Customer Engagement Efforts

In addition to SDG&E's ME&O efforts described above, SDG&E has several other customer engagement efforts to educate, enroll, and provide direct service to its low income customers. These efforts include direct service from SDG&E's Customer Contact Center (CCC) and Payment Offices, as well as the distribution of materials through other SDG&E customer-facing groups/programs and field services teams.

SDG&E Customer Contact Center (CCC), Branch Offices, and Payment Offices

SDG&E’s CCC, Branch Offices, and Payment Offices promote and offer the CARE, FERA, and ESA Programs to potentially eligible customers. SDG&E also promotes CARE at its Authorized Payment Locations (APLs). Additionally, the Outreach team assists at Branch Office locations on a seasonal basis to help enroll customers.

In D.16-06-054, SDG&E received Commission authorization for its CCC Energy Service Specialists to enroll customers directly into the CARE Program over the telephone. During this reporting month, SDG&E’s CCC and Branch Office generated the following applications and leads over the telephone:

	CCC	Branch Office
ESA Leads	13	0
CARE Enrollments	3	128
CARE Recertifications	3	30
FERA Enrollments	0	3
FERA Recertifications	0	0

1.2.3. Managing Energy Use

As part of the delivery of the ESA Programs In-Home Energy Education, customers are provided with information about tools and services available to help manage and reduce energy use, which includes a review of both energy and water savings tips. Customers who are not already enrolled in My Account will be enrolled and provided with an overview of the tools and tips available to them to help manage energy use. During In-Home Assessment, the field

specialist reviews the setting of the various appliances and explains to the customer how to maximize the settings to reduce energy usage. Lastly, during the installation of smart thermostats, customers are provided with information on how to set-up the thermostat to help manage and reduce energy usage.

1.2.4. Services to Reduce Energy Bill

As part of SDG&E's measure mix, Tier II power strips and smart thermostats are available for installation to eligible customers. These measures provide customers with energy management technology that help reduce energy bills. Due to a delay in processing and invoicing the January and February enrollments, the number of installed units is not available.

1.3. Leveraging Success Evaluation, Including Community Services and Development (CSD)

SDG&E continues to leverage CARE and FERA to improve ESA Program participation. Customers using the joint CARE/FERA application are leveraged to generate ESA Program leads that are sent directly to the ESA Program implementer. With the new targeted strategy for ESA Program enrollments, SDG&E will be reviewing current CARE/FERA lead generating processes to make improvements that support the ESA Program goal of delivering energy savings and providing customers with health, comfort, and safety.

In support of California Emerging Technology Fund's (CETF) efforts to provide eligible Californians with affordable internet services, SDG&E provides customers visiting SDG&E's website with a link to The Affordable Connectivity Program (ACP) program website. In January, CETF reached out to SDG&E to update the website link and to begin discussion on

leveraging effort for 2023. SDG&E and CETF will be meeting in the first quarter of 2023 to discuss new opportunities to support efforts to provide customers with affordable broadband.

SDG&E Power Saver Rewards Program and Smart Thermostat provide customers with the opportunity to participate in SDG&E's Demand Response programs. No new activities occurred in February. RHA will integrate the Power Rewards and Smart Thermostat Program into ongoing contractor training and into the delivery of In-Home Energy education prior to the peak summer months.

1.3.1. Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What were the results in terms of new enrollments?

As part of the transition to the implementer model, SDG&E ceases contracting individually with local LIHEAP agencies. However, RHA is subcontracting with both San Diego LIHEAP contractors, MAAC and Campesinos Unidos, to continue leveraging enrollment efforts. SDG&E and RHA are establishing new reporting templates to provide details on enrollments attributed to enrollment partnerships with LIHEAP agencies.

1.4. Workforce Education & Training (WE&T)

1.4.1. Please summarize efforts to improve and expand ESA Program workforce education and training. Describe steps taken to hire and train low income workers and how such efforts differ from prior program years.

SDG&E did not implement any new WE&T initiatives in February 2023. SDG&E is working with its contractor are partnering to improve efforts to hire from within the communities it serves and to improve and expand WE&T.

1.5. Studies and Pilots

1.5.1. ESA Program Studies

2025 Low Income Needs Assessment (LINA) Study

In February 2023, the IOUs and the Energy Division discussed potential research topics for this study and prepared a presentation for the LIOB LINA Subcommittee meeting in March.

Categorical Eligibility Study

The study team continued discussing an approach for assessing the feasibility of using one or more categorical programs for automatic enrollment of CARE and FERA customers. The Consultant interviewed a program advisor at SCE for more information. Additional interviews are planned for March.

1.5.2. ESA Program Pilot

SDG&E is not currently conducting any pilot studies.

2. CARE EXECUTIVE SUMMARY

2.1. CARE Program Summary

The CARE Program is statutorily mandated by California Public Utilities (P.U.) Code Sections 739.1 and 739.2 to assist income-eligible households with a monthly discount on their gas and electric bills.¹⁶ The CARE Program currently provides a 20% discount on natural gas charges and a 30-35% discount on electric rates.¹⁷ To qualify for the CARE Program, eligible customers must have a total household gross income no greater than 200% of the FPG.

¹⁶ The CARE Program was later implemented by the Commission in D.89-07-062 and D.89-09-044.

¹⁷ P.U. Code Section 739.1(c)(1) mandates that “the average effective CARE discount shall not be less than 30 percent or more than 35 percent of the revenues that would have been produced for the same billed usage by non-CARE customers.”

2.1.1. Please provide CARE Program summary costs.

CARE Budget Categories	Authorized Budget	Actual Expenses to Date	% of Budget Spent
Outreach	\$3,293,966	\$237,216	7%
Proc., Certification and Re- Post Enrollment Verification	\$611,097	\$262,002	43%
Information Tech./Programming	\$474,710	\$15,962	3%
Pilots	\$1,109,400	\$100,663	9%
CHANGES Program	\$0	\$0	0%
Studies	\$265,000	\$73,461	28%
Regulatory Compliance	\$18,605	\$0	0%
General Administration	\$318,250	\$25,751	8%
CPUC Energy Division Staff	\$761,500	\$78,297	10%
Total Expenses	\$69,925	\$0	0%
Subsidies and Benefits	\$6,922,453	\$793,352	11%
Total Program Costs and Discounts	\$202,685,986	\$50,108,666	25%
	\$209,608,439	\$50,902,018	24%

2.1.2. Provide the CARE Program enrollment rate to date.

CARE Enrollment		
Participants Enrolled	Eligible Participants	Enrollment Rate
354,658	289,316	123%

2.2. Outreach

2.2.1. Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

Marketing and outreach efforts this month contributed to 7,669 completed CARE applications and 4,604 new enrollments for the program. Below is a summary of CARE-specific outreach efforts.

Direct Marketing

Direct Mail

In February 2023, SDG&E continued the monthly CARE bill comparison letters, sending 1,363 direct mail letters to CARE-eligible customers without an email address on file.

Email

During this reporting month, SDG&E also continued the Bill Comparison emails, sending 46,366 emails to low-income customers garnering a 53% open rate and a 5.24% CTR.

Organic Social

SDG&E utilized organic social media to promote CARE on SDG&E's Facebook, Instagram, Twitter and Nextdoor channels. Performance by social channel is included in the table below.

	Impressions	Engagements	Engagement Rate ¹⁸
Facebook	1,835	79	4.31%
Instagram	596	16	2.68%
Twitter	1,905	39	2.05%
Nextdoor	37,384	14	N/A

Community Outreach & Engagement

Community outreach and engagement efforts allow SDG&E to educate, connect, and directly engage with customers in communities where they work and live. Outreach and

¹⁸ Engagement rate is calculated as the total number of engagements divided by total number of impressions.

engagement activities included events, presentations, workshops, trainings, partnerships with CBOs, and customized efforts.

Tribal Outreach

As discussed in Section 1.2.1, SDG&E’s Outreach and Tribal Relations teams work together to engage with the 17 Federally recognized tribes within its service territory in an ongoing initiative to educate tribes on available customer assistance programs and determine eligibility for tribal members.

CARE Partners (Capitation Agencies)

SDG&E partners with 20 social service agencies such as the Women’s Infant & Children Organization (WIC) program, refugee assimilation organizations, 211 San Diego and others to help enroll its hardest-to-reach customers (collectively, Capitation Agencies). These organizations serve high-risk, low income individuals and families with enrollment in state and federally funded assistance programs, including Cal Fresh, LIHEAP, Covered California, and California Lifeline. The partnering organizations are in diverse low income communities serving multicultural/multilingual, seniors, veterans, special needs, and LEP audiences and provide multilingual staffing. During this month, the following numbers were generated by the Capitation Agencies:

Capitation Agencies¹⁹	
ESA Leads	238
CARE Enrollments	138
CARE Recertification	71
FERA Enrollments	3

¹⁹ CARE and FERA enrollment numbers include new enrollments and re-enrollments.

FERA Recertifications	0
-----------------------	---

Women’s Infant & Children Organizations (WIC)

San Diego WIC offices are open currently by appointment only. The WIC offices also continue to field questions from their clientele via telephone and are available to their constituents by appointment.

County Health and Human Service Agency Collaborative

SDG&E collaborates with the County of San Diego Health and Human Services Agency (HHSA) to connect customers to programs like CARE. All field HHSA offices include a source coded CARE application in their new client intake packets. The following applications were received this month:

HHSA	Number of:	YTD²⁰
ESA Leads	0	0
CARE Enrollments	66	104
CARE Recertifications	15	26
FERA Enrollments	0	0
FERA Recertifications	0	0

²⁰ Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

2.3. CARE Recertification Complaints

2.3.1. Report the number of customer complaints received (formal or informal, however and wherever received) about their CARE recertification efforts, with the nature of the complaints and resolution.

During this reporting month, SDG&E did not receive any customer complaints regarding CARE recertification.

2.4. Pilots and Studies

2.4.1. CARE Program Studies

2025 Low Income Needs Assessment (LINA) Study

See Section 1.5.1.

Categorical Eligibility Study

See Section 1.5.1.

CHANGES Evaluation

In February 2023, the Consultant analyzed survey response data and began drafting the final report.

2.4.2. CARE Program Pilot

In June 2022, SDG&E launched the CARE post-enrollment verification (PEV) Outbound Call Pilot. The Pilot will operate for ten months (through March 2023) and is aimed at contacting customers who have incorrectly provided documentation for purposes of PEV. In this reporting month, SDG&E contacted 49 customers.

3. FERA EXECUTIVE SUMMARY

3.1. FERA Program Summary

The FERA Program is statutorily mandated by California P.U. Code Sections 739.1 and 739.12 to assist low to middle-income-eligible households with a monthly average effective discount of 18% on their electric bills.²¹ To qualify for the FERA Program, eligible customers consist of households with three or more persons with total annual household gross income between 200% (plus \$1) and 250% of the FPG. In the Decision, the Commission authorized the FERA Program to be consolidated with the low income proceeding.²² As such, all IOU FERA goals, budgets, and program design elements will be scoped into the IOUs low income budget applications moving forward. The Decision also approved FERA program management and subsidy budgets separate from CARE budgets.²³

3.1.1. Please provide FERA Program summary costs.

FERA Budget Categories	Authorized Budget	Actual Expenses to Date	% of Budget Spent
Outreach	\$364,691	\$25,304	7%
Proc., Certification and Re-	\$13,389	\$2,753	21%
Post Enrollment Verification	\$969	\$394	41%
Information Tech./Programming	\$53,045	\$896	2%
Studies	\$50,000	\$0	0%
Regulatory Compliance	\$45,920	\$5,206	11%
General Administration	\$73,891	\$3,988	5%
CPUC Energy Division Staff	\$10,488	\$0	0%

²¹ The FERA Program was later implemented by the Commission in D.04-02-057.

²² OP of D.21-06-015 states, “The Family Electric Rate Assistance program proceeding will be consolidated with the California Alternate Rates for Energy and the Energy Savings program proceeding.”

²³ OP 34 of D.21-06-015 states, “Southern California Edison Company must file a Tier 1 advice letter within 30 days after the approval of this decision, separating out the approved Family Electric Rate Assistance (FERA) program management costs from the approved California Alternate Rates for Energy (CARE) program management costs and provide new and separate budget tables for CARE and FERA.”

Total Expenses	\$612,393	\$38,541	6%
Subsidies and Benefits	\$4,170,665	\$848,212	20%
Total Program Costs and Discounts	\$4,783,058	\$886,753	19%

3.1.2. Provide the FERA Program enrollment rate to date.

FERA Enrollment		
Participants Enrolled	Eligible Participants	Enrollment Rate
11,835	43,709	27%

3.2. Outreach

3.2.1. Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

Marketing and outreach efforts this month contributed to 196 completed FERA applications and 158 new enrollments for the program. Below is a summary of FERA-specific outreach efforts.

Direct Marketing

Email

This month, SDG&E sent 13,335 FERA bill comparison emails which garnered a 59% open rate and a 6.8% CTR. Additionally, 17,782 generic emails, with no bill comparison, were sent to CCA customers garnering a 54% open rate and a 5.8% CTR.

Direct Mail

In February, SDG&E sent 850 bill comparison letters to non-CCA customers who did not have an email address on file.

Community Outreach & Engagement

SDG&E works closely with community-based organizations and other external groups to connect customers with programs and solutions related to company offerings. SDG&E works with a network of approximately 200 community-based organizations, collectively named the Energy Solutions Partner Network, as well as other external organizations on an as needed or requested basis. SDG&E's Outreach utilizes these networks, including CARE Capitation agencies, to educate and enroll customers in eligible Customer Assistance programs. The FERA program is currently promoted in all outreach activities including events, presentations, social media messaging and trainings. SDG&E is exploring additional opportunities to promote FERA solely through targeted social media campaigns utilizing its Energy Solutions Partner Network.

Tribal Outreach

Please see Section 1.2.1, which is also applicable to the FERA Program.

FERA Partners (Capitation Agencies)

Please see Section 2.2.1, which is also applicable to the FERA Program.

3.3. FERA Recertification Complaints

3.3.1 Report the number of customer complaints received (formal or informal, however and wherever received) about their FERA recertification efforts, with the nature of the complaints and resolution.

During this reporting month, SDG&E did not receive any customer complaints regarding FERA recertification.

3.4 FERA Pilots and Studies

3.4.1 FERA Program Studies

Categorical Eligibility Study

See Section 1.5.1.

3.4.2 FERA Program Pilot

SDG&E did not have any program pilots for this reporting period.

1. The ESA Southern MFWB Program will be open for customer enrollment on July 1, 2023.

2. OP 12 of D.15-01-027 states "The Program Administrators shall ensure that program expenditures in each utility's service territory do not exceed the total authorized budget amounts over the duration of the programs. The program incentive budgets will be available until all funds are exhausted or until December 31, 2021, whichever occurs first. Any money unspent and unencumbered on January 1, 2022, shall be used for "cost-effective energy efficiency measures in low-income residential housing that benefit ratepayers," as set forth in Public Utilities Code Section 2852(c)(3)." The electric IOUs plan to file a Joint Advice Letter for disposal of unspent funds from the SASH and MASH programs to the ESA Program. Joint IOUs plan to file Advice Letter in Quarter 1 of 2023. After the Advice Letter is filed, budget authorization will be pending per Energy Division disposition of Advice Letter.

[1] Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping - door, caulking and minor home repairs. Minor home repairs predominantly are door jamb repair / replacement, door repair, and window putty.
 [2] Weatherization may consist of attic insulation, attic access weatherization, weatherstripping - door, caulking, & minor home repairs.
 [3] All savings are calculated based on the following sources:
 Savings estimates are sourced from the PY2015 to 2017 ESA Impact Evaluation; Energy Division instructed the IOUs to use these results for 2019 and 2020 savings estimates.
 [4] Per D.16-11-022 at p.210, the CPUC imposes a cap of 10% on ESA CAM Initiative funds for administrative activities and a ceiling of 20% for direct implementation non-incentive costs.
 [5] Refers to optimizing the installation of the measure installed such as retrofitting pipes, etc.

* Note: Applicable to Deed-Restricted, government and non-profit owned multi-family buildings described in D.16-11-022 where 65% of tenants are income eligible based on CPUC income
 ** Note: This represents the unit of measure such as Cap Tons and Cap kBTUH. It is not a count of each measure installed or each home the measure was installed in.

Note: Implementation of the MF CAM Initiative AL 3196-E-A_2654-G-A was approved effective 5/30/2018.

<<Includes measures costs

[1] The costs for the following measures are included in the overall expenditures of the BE Pilot: additional line set for ductless mini-splits and building permits.

[2] These measures do not have any savings associated and may be required to complete the installation to electrify the residential end-uses of participating households.

[3] Estimated average annual bill savings will be calculated prior to participation and must not increase total energy costs.

**Energy Savings Assistance Program Table - 8 Clean Energy Referral, Leveraging, and Coordination
San Diego Gas & Electric
February 2023**

Partner	Brief Description of Effort	# of Referral	# of Leveraging	# of Coordination Efforts	# of Leads	# of Enrollments
LIHEAP	LIHEAP agencies in SDG&E service territory leverage LIHEAP payment leads to provide ESA Program services to customers.					
CSD	N/A					
DAC-SASH	The DAC-SASH implementer provides SDG&E with potential ESA and CARE Program Leads. SDG&E provides an annual list of program leads to DAC-SASH implementer for marketing purposes.					
SDCWA	SDG&E provide SDCWA with a list of homes within their service territory that have received water and energy efficient measures.					
CARE/Medical Baseline	CARE Online Enrollments are leveraged for ESA Program Enrollments.					
CARE High Usage	Leads generated through CARE HEU income verifications completed					
Energy Solutions Partner Network	SDG&E works closely with a network of approximately 200 community-based organizations (CBOs) to connect customers with Customer Assistance programs.	N/A*	22	305	0	0
CARE Capitation Agencies	SDG&E partners with 20 social service agencies to help enroll its hardest-to-reach customers in Customer Assistance programs.	N/A*	2	34	238	1

Note to IOUs:

Leveraging activities would include when programs share resources to jointly support program delivery or administration.

While coordination refers more generally to program communication, collaboration, and alignment of activities to support individual program delivery.

*SDG&E considers referrals and leads the same, therefore, this data is captured under column "F"

** SDG&E does not track these ESA efforts individually, but as a whole "Customer Assistance" effort.

**San Diego Gas & Electric
February 2023**

OUTREACH STATUS	Quantity (Includes CARE, FERA, and ESA)***	List of Participating Tribes
Tribes completed ESA Meet & Confer*	13	Barona Band of Mission Indians, Jamul Indian Village of California of the Kumeyaay Indians, Pauma Band of Luiseno Indians, Rincon Band of Luiseno Indians, Ewiiapaayap Band of Kumeyaay Indians, Sycuan Band of Kumeyaay Nation, Viejas Band of the Kumeyaay Nation, La Posta Band of Diegueno Mission Indians, Mesa Grande Band of Diegueno Mission Indians, Manzanita Band of Kumeyaay Nation, Campo Kumeyaay Nation, Iipay Nation of Santa Ysabel, La Jolla Band of Luiseno Indians
Tribes requested outreach materials or applications	5	Pauma Band of Luiseno Indians, La Posta Band of Diegueno Mission Indians, Mesa Grande Band of Diegueno Mission Indians, Iipay Nation Santa Ysabel, Jamul Indian Village of California of the Kumeyaay Nation
Tribes who have not accepted offer to Meet and Confer	4	San Pasqual Band of Mission Indians, Inaja-Cosmit Band of Indians****, Pala Band of Luiseno Indians, Los Coyotes Band of Cahuilla and Cupeno Indian
Non-Federally Recognized Tribes who participated in Meet & Confer	3	Juaneno Band of Mission Indians, San Luis Rey Band of Mission Indian, Kwaaymii
Tribes and Housing Authority sites involved in Focused Project/ESA	N/A	N/A
Partnership offer on Tribal Lands	N/A	N/A
Housing Authority and Tribal Temporary Assistance for Needy Families (TANF) office who received outreach (this includes email, U.S. mail, and/or phone calls)	2	Southern California American Indian Resource Center (SCAIR); Southern California Tribal Chairmen's Association (SCTCA)**
Housing Authority and TANF offices who participated in Meet and Confer	N/A	N/A

NOTE: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

*SDG&E has invited all 17 tribes to meet and confer and will continue to engage throughout 2023.
 **SDG&E provides TANF related messaging through periodic presentations to SCAIR and SCTCA
 ***Numbers are a rolling count of Tribal Outreach efforts
 **** SDG&E does not provide service to Inaja & Cosmit
