# MONTHLY REPORT OF SOUTHERN CALIFORNIA GAS COMPANY (U 904 G) ON LOW-INCOME ASSISTANCE PROGRAMS FOR MAY 2023

This is the fifth monthly report for program year (PY) 2023. The purpose of this report is to consolidate activity for the California Alternate Rates for Energy (CARE) Program and Energy Savings Assistance (ESA) Program and provide the California Public Utilities

Commission's Energy Division with information to assist in analyzing the low-income programs.

This report presents year-to-date CARE and ESA Program results and expenditures through May 31, 2023, for Southern California Gas Company (SoCalGas).

Respectfully Submitted on behalf of Southern California Gas Company,

By:	/s/ Shawane L. Lee

#### ENERGY SAVINGS ASSISTANCE PROGRAM MONTHLY REPORT

#### 1. ESA PROGRAM EXECUTIVE SUMMARY

#### 1.1. ESA Program Overview

# 1.1.1. Provide a summary of the ESA Program elements as approved in Decision (D.)21-06-015.

On June 3, 2021, Decision D.21-06-015 was issued approving the applications of the four major IOUs and setting forth the parameters for the administration of the CARE, Family Electric Rate Assistance (FERA) and ESA Programs for the 2021-2026 Program Cycle.<sup>1</sup> This report reflects the approved budget and homes treated updates per D.21-06-015.

Program Summary for 2023 ESA Program Main (SF, MH, MF In-Unit)			
	2023 Authorized / Planning Assumption	Actual to Date	%
Budget	\$94,836,846	\$22,486,834	24%
Homes Treated	69,837	17,312	25%
kWh Saved	N/A	N/A	N/A
kW Demand Reduced	N/A	N/A	N/A
Therms Saved	1,435,220*	271,305	19%
GHG Emissions Reduced (Tons)**	7,345	1,435	19%

<sup>\*</sup> Per D.21-06-015, approved therms saved goal of 1,435,220 for PYs 2022-2026 are for the *entire* ESA Program portfolio, including Main ESA Program (SF), Multi-Family (MF) in-unit, MF Common Area Measures (CAM) and Multi-Family Whole Building (MFWB), with the singular exception of the Staff Proposal pilot. However, the actual-to-date therm count in this table does not include MF CAM. See next table, "Program Summary for 2022 ESA Program MF CAM" for actual-to-date therm savings.

In May 2023, SoCalGas processed and paid contractor invoices from prior months' activities for 5,285 home treatments and weatherization. Additionally,

<sup>\*\*</sup> GHG Emissions Reduced calculated using EPA Greenhouse Gas Equivalencies Calculator.

<sup>&</sup>lt;sup>1</sup> D.21-06-015, Ordering Paragraph (OP) 3 and Attachment 1.

SoCalGas paid for 3,630 water heater repairs and replacements and 55 High Efficiency (HE) clothes washers.

Program Summary for 2023 ESA Program MF CAM			
	2023 Authorized / Planning Assumptions	Actual to Date	%
Budget*	\$8,001,130	\$538,600	7%
Properties Treated	N/A	3	N/A
kWh Saved	N/A	N/A	N/A
kW Demand Reduced	N/A	N/A	N/A
Therms Saved	N/A**	8,961	N/A

<sup>\*</sup> Authorized budget from unspent, uncommitted funds per AL 5865 filed September 17, 2021, less 2022 spend.

SoCalGas had three (3) Multifamily Common Area Measure (MF CAM) projects completed in May 2023 and there are 15 projects in progress consisting of existing projects and new enrollments. The remaining projects focus on replacing central system domestic space and water heating equipment, e.g., boilers and water heaters. SoCalGas will be completing all current projects in 2023 with the transition to the Multifamily Whole Building (MFWB) Program beginning on July 1, 2023.

Program Summary for 2023 ESA MFWB (MF In-unit, MF CAM, MFWB)			
	2023 Authorized / Planning Assumptions	Actual to Date	%
Budget	\$21,477,314	\$18,972	0%
Properties Treated*	26,119	0	0%
kWh Saved	N/A	N/A	N/A
kW Demand Reduced	N/A	N/A	N/A
Therms Saved*	184,617	0	N/A

<sup>\*</sup> Per D.21-006-015, to be tracked and reported as targets, but not set as goals.

<sup>\*\*</sup>Therms saved goal is at portfolio level.

Multifamily Whole Building (MFWB) program will be effective July 1, 2023. SoCalGas is part of the Southern MFWB Program with Southern California Edison (SCE) and San Diego Gas and Electric (SDG&E). SDG&E is the Southern MFWB Program lead.

Program Summary for 2023 Pilot Plus/Deep			
	2023 Authorized / Planning Assumptions	Actual to Date	%
Budget	\$6,510,545	\$6,374	0%
Homes Treated	TBD	0	0%
kWh Saved	N/A	N/A	N/A
kW Demand Reduced	N/A	N/A	N/A
Therms Saved	TBD	0	0%
GHG Emissions Reduced (Tons)	TBD	0	0%

ESA Program Pilot Plus/Deep (also known as ESA Whole Home) is a joint pilot program between SoCalGas and SCE, where pre-selected customers residing in single family homes may opt in to participate. Participants in Pilot Plus/Deep will receive measures that may help them save 5% to 50% of their energy usage. SoCalGas and SCE conducted a competitive solicitation to select a single third-party Program Implementer to deliver Pilot Plus/Deep gas and electric program services as well as a Program Evaluator. Contracts with the successful bidders were finalized last year (2022). The successful bidders are currently ramping up and beginning to enroll customers.

#### 1.1.2. Program Measure Changes

No measure changes occurred in May 2023.

#### 1.2. ESA Program Customer Outreach and Enrollment Update

# 1.2.1. Provide a summary of the ESA Program outreach and enrollment strategies deployed this month.

As SoCalGas moves from the goal of homes treated to therms savings, the purpose of ongoing communications is to help build necessary awareness, recognition, and trust so that customers are willing to engage with and participate in the program. At this time, SoCalGas is concentrating efforts in ZIP codes with low ESA Program enrollment that are also Disadvantaged Communities (DACs), targeting current CARE customers who have not received ESA Program measures since 2020 in those areas. SoCalGas continued marketing and communication efforts to increase program awareness and reduce barriers that prevent customers from participating. It is anticipated that a customer's current participation in CARE may prompt them to learn more about and participate in the ESA Program.

# 1.2.2. Customer Assistance Marketing, Education and Outreach for the CARE and ESA Programs.

#### Ethnic and Mass Media Campaign

SoCalGas launched a multi-channel targeted mass media umbrella campaign in February. The campaign's objective was to increase visits to the Customer Assistance Program's page and increase awareness among eligible customers. The campaign included a mix of broad channels and targeted strategies to generate awareness and drive actions to the program landing page. The channel mix was broken down into television, radio, and digital such as video, display, social and native platforms. The campaign tag line, "Offering support, in more ways than one," speaks to the support that SoCalGas offers its customers by way of its

Customer Assistance Programs (e.g., ESA Program, CARE, and the Medical Baseline Allowance program) which can be found at the Customer Assistance Program's landing page. The campaign ran for a little over a month, concluding in April. Additional details and results will be shared in the coming months.

#### E- Newsletter

SoCalGas did not participate in any E-Newsletter campaigns related to lowincome programs during the month of May.

#### **Energy Savings Assistance Program - Emails**

SoCalGas sent approximately 27,961 emails in May. A/B testing was launched in May, with two distinct emails sent. The first email was general messaging which included a high-level explanation of the program, shared a list of available measures that customers may qualify for, and encouraged customers to visit the program web page or call the program's direct line to learn more. The second email focused on the program's high-efficiency clothes washer. It also shared a list of available measures that customers may qualify for and encouraged customers to visit the program's webpage. Results of the A/B testing will be shared in the coming months.

#### Energy Saving Assistance Program - Direct Mailings

SoCalGas sent approximately 30,446 direct mail letters in English and Spanish in May. A/B testing was launched in May, with two distinct direct mail letters sent.

The first letter included general messaging: a high-level explanation of the program, shared a list of available measures that customers may qualify for, and encouraged customers to visit the program web page or call the program's direct line to learn more. The second letter focused on the program's high-efficiency clothes washers. It also shared a list of available measures that customers may qualify for and encouraged customers to visit the program's webpage page or call the program's direct line to learn more. Results of the A/B testing will be shared in the coming months.

#### Energy Savings Assistance Program – Text Messaging

SoCalGas sent approximately 25,919 text messages in May. The message focused on how the customer may qualify for home improvements by professional contractors at no cost and encouraged them to learn more using the program's vanity URL (socalgas.com/Improvements).

#### Energy Savings Assistance Program - Bill Inserts

SoCalGas did not send any bill inserts during the month of May.

#### Energy Savings Assistance Program - Web Activities

There were 768 internet-generated leads for the ESA Program during the month of May from all channel activities conducted in previous months. The leads are being pursued by SoCalGas ESA Program contractors.

#### <u>Energy Savings Assistance Program – Social Media Activity</u>

SoCalGas has implemented a new social media strategy. Instead of posting monthly, SoCalGas will now post quarterly. This shift will allow for a more targeted approach to social media outreach and will enable SoCalGas to utilize better analytics. To facilitate this new approach, SoCalGas is partnering with an ad agency to handle its social media posts.

SoCalGas posted an ESA Program social media post to Meta sites (Facebook and Instagram) for Q2 that ran from 4/26 to 5/1. The posts reached 479,743 unique viewers and generated 290 link clicks for the general market and reached 317,337 unique viewers and generated 197 link clicks in the Hispanic market. ESA Program posts were optimized for impressions over clicks, as the goal is to raise program awareness.

#### <u>Community Outreach and Engagement – ESA Program and CARE</u>

SoCalGas provides customer program information regarding its interactions with the community that facilitates participation in its Low-Income Programs. On an ongoing basis, SoCalGas Regional Public Affairs meets with various community groups – representing both the general population and low-income customers.

CARE and ESA Program information is distributed at the events that SoCalGas or its representatives attend. A complete listing of outreach events that SoCalGas participated in during the month of May can be found in Appendix A.

Community Based Organizations (CBOs) and Faith-Based Organizations (FBOs) also constitute a key component of the grassroots tactics. These organizations serve as trusted sources of information on the CARE and ESA Programs and provide the community with information on enrollment. A partial list of the organizations, their primary focus, and the counties and communities they serve follows.

211 LA County is a multilingual referral phone number for Los Angeles County. As a result of SoCalGas' close working relationship with 211, callers learn about the ESA Program and CARE when they are put on hold, and representatives are trained to follow up with callers on these programs, even if utility assistance was not the original purpose of the call. The organization provides monthly reporting on the categories of service calls and ZIP codes of the callers. In addition to operating a crisis-information helpline, 211 also attends community events, and through their relationship with SoCalGas, they discuss low-income programs as part of their outreach. During the month of May, 211 LA made two (2) social media posts promoting customer assistance programs making a total of 363 impressions. The agency also informed 57 callers about the CARE Program and spoke with four callers who were interested in the ESA Program.

In October 2022, SoCalGas Customer Assistance Programs started a collaboration with Chinatown Service Center (CSC). Chinatown Service Center serves Los Angeles County, and has offices in Los Angeles, Alhambra, San Gabriel, and

Monterey Park. Chinatown Service Center focuses on serving the Chinese immigrant community but also serves other community members that need assistance. They provide various help such as: medical, dental, optometry, behavioral health, social services, youth services, and financial help. Chinatown Service Center is assisting Customer Assistance Programs (CAP) outreach team by distributing CAP collateral to their clients and community members.

SoCalGas Customer Assistance Programs continues its collaboration with Walking Shield. Walking Shield's mission is to improve the quality of life for families in Orange and Los Angeles Counties by coordinating programs that provide shelter, healthcare, community development support, educational assistance, employment development, and humanitarian aid. Also, through this partnership, Walking Shield provides SoCalGas Customer Assistance Program information to the community by utilizing social media platforms and newsletters, and via phone and virtual meetings with clients. In the month of May, Walking Shield held 23 one-on-one virtual/phone meetings where they discussed SoCalGas' Customer Assistance Programs, provided brochures, and explained details of the programs. Seven (7) program applications were submitted during these meetings. Walking Shield also emailed a total of 48 participants from their education program with information on SoCalGas' Customer Assistance Programs, as well as a link to apply.

The mission of Catholic Charities of Orange County is to provide service to people in need, to promote their voice in society, and to call on the Church and all people to do the same. Catholic Charities of Orange County works with charitable services such as CalFresh (Food Stamps) Outreach/Applications Program, Camp Re-Creation For Adults and Children with Special Needs, Cantlay Food Distribution Center, Catholic Campaign for Human Development, Catholic Charities Auxiliary, Catholic Charities of Orange County, Inc., Immigration and Citizenship Center, L'arche Wavecrest, Natural Family Planning, New Hope Crisis Counseling Hotline, Snap-Ed (Nutrition Education and Obesity-Prevention Program), Society of St. Vincent De Paul and The Orange Catholic Foundation. Catholic Charities of Orange County promotes SoCalGas' Customer Assistance Programs through all these avenues.

Another partnership in Orange County has been developed with Families

Forward. Families Forward is an organization that has been helping families in

need achieve and maintain self-sufficiency through housing, food, counseling,
education, and other support services. Families Forward holds strong to its

commitment to the values of dignity, empowerment, accountability, community
spirit, and hope since 1984. A key factor for success is Families Forward's

commitment to collaborate with many organizations to end family homelessness
in Orange County, including Orange County United Way, the Commission to End

Homelessness, First 5 Orange County and many other partner agencies and
foundations. In the month of May, 451 families received CARE Program

information during their food distribution. In addition, CAP information was posted on the Families Forward community resource page under their rental and assistance section. This page garnered 192 views in May.

A partnership was established in 2020 with the Center Auxiliary for Recruitment, Education and Service which is the auxiliary for the Los Angeles County + USC Medical Center. This program is also known as CARES. Los Angeles County + USC Medical Center is one of the largest public hospitals in the country ensuring that treatment is available to every member of the community. CARES is a California nonprofit corporation, providing financial support and volunteer services. Its primary mission is to benefit patients by adding comfort to their hospital stay and providing services which help the patients and their families access quality healthcare. Through this partnership, CARES provides SoCalGas CAP information in their senior food distributions, CARES Child and Family Program, Obstetrics department and information stands placed throughout the medical center. In addition, SoCalGas will be invited to speak to staff at the medical centers who provide information to patients about the program. In May, the Los Angeles County + USC Medical Center Chaplin Department sent out 25 emails to their contacts sharing CAP information.

To assist with grassroots outreach, SoCalGas also works with counselors from Worksite Wellness, a CBO in Los Angeles County that provides outreach to low-income working families. Counselors visit workplaces in south Los Angeles and

neighboring communities to deliver wellness seminars and discuss no-cost/lowcost health care services. While informing workers of Medi-Cal eligibility, the counselors also inform the workers of the CARE Program. In May, Worksite Wellness staff offered virtual Health Education presentations, in addition to distributing sanitation care packages, vouchers for food boxes, and supplies to low-income families. These presentations have also been made available inperson at local parks. The presentations reached 1,853 clients while 924 clients attended Community Health classes in-person or online last month. Staff also provided enrollment assistance to 168 families that qualified for Customer Assistance Programs based on Medi-Cal, MyHealthLA, or Covered California participation. Enrollments are still being conducted over the phone, while others are being done in-person as the Worksite Wellness office remains open at 100% capacity. In the month of May, Worksite Wellness also distributed Customer Assistance Program materials to 300 people through their food box delivery services and reached 468 people through their social media outreach.

SoCalGas also collaborates with LIFT-Los Angeles. LIFT partners with community and early childcare organizations who refer parents and caregivers to SoCalGas' services (parents can also contact LIFT directly). While these community institutions are focused on helping children develop and thrive, LIFT concentrates on engaging and supporting their parents. LIFT works to build a strong, trusted relationship with each parent and/or caregiver centering around family goals that include increasing savings and reducing debt, finding high-

quality educational opportunities, and securing jobs that can provide more economic stability. Members and coaches meet at least once a month to make progress towards their goals. LIFT also provides families with funds to meet emergency needs and support long-term goals and connects parents to a broader community of local resources and partnerships such as SoCalGas' Customer Assistance Programs. This month, LIFT worked to provide over 356 members with SoCalGas' CAP information. Due to the COVID-19 emergency, as of March 16, 2020, LIFT switched its programming to virtual coaching so their services to parents could continue uninterrupted. LIFT's ability to be nimble and pivot to virtual has meant that they are able to see more members virtually than the in-person meetings. Since transitioning to virtual coaching, LIFT-LA has seen an increase in one-on-one virtual coaching sessions along with urgent wraparound supports.

In Los Angeles County, Via Care Community Health Center's mission is to support and uphold the community's right to health by providing quality, equitable and comprehensive care. Via Care provides quality medical care to children and adults in East Los Angeles. Services include medical care, pediatrics, women's health, behavioral health, dental, and men's health. Via Care provides Customer Assistance Program information in their community events.

In the Southeast region of Los Angeles County, SoCalGas collaborates with Human Services Association (HSA), which is a private nonprofit agency whose principal mission is to provide families with compassionate and comprehensive care to promote wellness and build strong communities. HSA was founded in Bell Gardens as an outreach effort of the Presbyterian Church USA. Today, HSA serves over 20,000 clients annually on a non-sectarian basis with a range of services that address the unique and shared needs of clients of all ages. During the month of May, 97 people were provided information about SoCalGas Customer Assistance Programs.

As of February 2023, SoCal Gas began a new partnership with NewStart Housing Corporation, an LA County-established Community Housing Development Organization (CHDO). NewStart Housing is driven by a long-term vision to provide quality affordable housing to low-income families and seniors who may otherwise not have many options for adequate shelter. NewStart Housing Corporation's work is unique in that the tenants who reside in their properties have access to numerous social service programs provided by partnered organizations. These programs include nutrition services, health resources, childcare, advocacy, and transportation services. They currently serve an average of 2,500 customers in Los Angeles and San Bernadino Counties, including the cities of South Gate, Huntington Park, Cudahy, Bell, Bell Gardens, Maywood, Walnut Park, Chino, and Fontana. For the month of May, Newstart Housing shared information on Customer Assistance Programs at nine (9) hosted events.

A partnership with St. Barnabas Foundation (SBSS) in Los Angeles County was formed in 2018 to assist with the growing number of older adults in SoCalGas' service territory who lack basic developmental tools. The impacts of COVID-19 have affected most events with the organization. SBSS works with a vulnerable population and provides one-on-one case management phone calls where they can introduce SoCalGas' Customer Assistance Programs to clients directly as well as provide translations and answer common questions about their gas bill. In May, St. Barnabas reached 370 people by sharing information about Customer Assistance Programs on Instagram, Twitter, and Facebook. The "SoCalGas Low-Income Assistance Programs" page of their monthly newsletter, which is posted on their website, received over 1,201 views. In addition, SBSS distributed customer assistance materials to 10 clients through one-on-one phone and in person interactions.

In Santa Barbara County, SoCalGas continues to work with Unity Shoppe, a CBO that serves low-income families, children, seniors, and persons with disabilities. The store-front facility in downtown Santa Barbara serves approximately 17,000 families per year. Each family meets with a counselor providing an opportunity for one-on-one discussion on SoCalGas' low-income programs. Unity Shoppe provides Customer Assistance Programs to their partner agencies that work in referrals of low-income clients or agencies representing schools, infant & children's programs, medical assistance programs, and veteran outreach services.

For the month of May, Unity Shoppe provided information on SoCalGas' Customer Assistance Programs to over 1,447 households.

In Bakersfield, SoCalGas Customer Assistance Programs partners with Radio Campesina. Radio Campesina was founded by César Chávez in 1983 as a way to entertain and create a sense of community for Latinos and working families. The ongoing mission of the network is to advance César's legacy by urging people to take action, motivating them to use available resources, and inspiring them to be active in their own communities. Radio Campesina has more than a million listeners in English and Spanish in rural and urban areas. Radio Campesina, shares customer assistance information through their radio stations, community events and social media platforms.

Also in Ventura County, SoCalGas works with Food Share Ventura County, an organization that provides food for over 75,000 people monthly. Food Share is a member of Feeding America, the nation's largest hunger-relief network of food banks, as well as the California Association of Food Banks. In the month of May, Food Share Ventura County distributed 9095 "Emergency Box Distributions" and "Senior Kit Distributions" with SoCalGas' Customer Assistance Programs materials at various locations throughout Ventura County, as listed individually in Appendix A.

In Oxnard, SoCalGas has partnered with El Concilio, a CBO that is a service center for the rural low-income, limited, or non-English speaking community. El Concilio, transitions low-income families by providing services that integrate them into the community to assist them in becoming self-sufficient, engaged and greater contributors to the community. In May, El Concilio distributed CAP information to 593 attendees that visited their office.

In San Luis Obispo County, a partnership has been established with Center for Family Strengthening – Promotores Collaborative (CFS - Promotores Collaborative). This organization aims to develop a sustainable, diverse, and comprehensive culture that promotes equal access to community resources and services among all members of the Hispanic community in San Luis Obispo County. The Promotores are provided with the tools needed to work as advocates, change agents, and partners with local agencies for positive change. Through this partnership, 20 Promotores located in Paso Robles, San Miguel, Shandon, Atascadero, San Luis Obispo, Los Osos, Five Cities and Nipomo have been trained on the SoCalGas CARE program. The Promotores are actively participating in community events and use that platform to inform customers on SoCalGas Customer Assistance Programs.

A collaboration began with The Link Family Resource Center (The Link) in San Luis Obispo County. The Link provides support to accessing food, housing, clothing, health care, and parent education. The Link also assists with navigating

the social services system for mental health services, disability benefits, drug and alcohol recovery, adoption and guardianship support and family reunification.

The Link is disseminating CAP information to the community members in San Luis Obispo.

In our Southern Desert region, SoCalGas partners with FIND Food Bank. FIND Food Bank is the Desert's regional food bank and is the only regional food bank serving eastern Riverside and southern San Bernardino counties. FIND distributes over 12 million pounds of food assistance annually to an average 90,000 individuals each month across the service area. FIND operates 22 FIND Mobile Market Distributions and a network of over 66 community-based partners whose programs include food pantries, soup kitchens, after-school and summer care, senior centers, Faith-Based Organizations, and homeless shelters. Through its affiliations with Feeding America and the California Association of Food Banks, FIND represents the Desert Community at regional, state, and national levels to advocate for the most vulnerable populations suffering from food insecurity. For the month of May, FIND Foodbank's partnership with SoCalGas led to 5,830 one-on-one outreach opportunities to present SoCalGas' CAP information in six (6) of the coverage areas they serve. This month the following coverage areas were visited: Bermuda Dunes, Cathedral City, Desert Hot Springs, Indio, North Palm Springs, and Palm Springs.

In the Eastern San Fernando Valley, SoCalGas has developed a collaborative effort with El Nido Family Source Centers. El Nido is regarded as a nonprofit leader in Los Angeles – an integral part of the fabric of the communities it serves – providing critical social services in the most disadvantaged and under-resourced neighborhoods of LA County. With more than 90 years of experience and with programs that serve ethnically diverse clients of all ages – from newborns to toddlers to teens and into adulthood – El Nido transforms the lives of tens of thousands of vulnerable individuals across Los Angeles each year. In May, staff distributed information regarding SoCalGas' Customer Assistance Programs to 865 individuals that visited/received assistance at their site for the citywide Emergency Rental Assistance Subsidy Program, Temporary Rent Subsidy for tenants in the City of Los Angeles who are unable to pay rent due to circumstances related to the COVID-19 pandemic.

In the Southeast region of Los Angeles County, SoCalGas partners with Southeast Community Development Corporation (SCDC), a non-profit organization addressing the serious social and economic issues existing in the Southeast's eight member cities of Bell, Bell Gardens, Commerce, Cudahy, Huntington Park, Maywood, South Gate, and Vernon. SCDC was created based on the belief that community problems must be solved by the community itself and is committed to utilizing resources within the community. With local funding sources, SCDC has continued to be a strong investment in the communities it serves. SCDC has a history of managing community projects and producing positive results. It has

organized bus shuttles for the cities of Montebello and Huntington Park, administered a federally funded home renovation project for the city of Huntington Park, administered a 2020 Census Questionnaire Assistance Center, distributed loans through the Small Business Micro Loan Program, administered a business assistance center, formed a Southeast Health Coalition, and co-sponsored a college scholarship program and college conference fair for students in the Southeast area. The organization has since expanded to the rest of the county and works as a resource in many different areas including education and enrollment of customers into SoCalGas' Customer Assistance Programs. For the month of May, SCDC shared information on Customer Assistance Programs with 225 individuals through one-on-one outreach.

Since 1980, Inner City Law Center (ICLC), a non-profit law firm, has provided free legal services to the vulnerable residents of Los Angeles. ICLC promotes access to decent, safe, and fully habitable housing for the enormous number of homeless and working-poor families and individuals residing in Los Angeles' inner city neighborhoods. It is the only full-time provider of legal services headquartered on Skid Row, fighting for justice for low-income tenants, working poor families, immigrants, people who are living with HIV/AIDS or are disabled, and veterans. In May, through their partnership with SoCalGas, information regarding SoCalGas' Customer Assistance Programs was distributed to 74 tenants to new Rent Escrow Account Program (REAP) units and habitability-potential buildings.

This year, SoCalGas has entered into a new partnership with ONEgeneration, a non-profit focused on providing intergenerational care and services. Operating throughout the western San Fernando Valley, ONEgeneration serves a variety of constituents and communities. These range from low-income, homebound, and medically frail senior citizens to developmentally disabled or at-risk youth to infants and children up to six years old. They also service diverse, multiethnic communities, with program participants speaking a number of languages. In May, ONEgeneration hosted or attended seven (7) community events where staff provided collateral materials and information about Customer Assistance Programs to attendees and assisted seven (7) clients with program enrollment. Their bi-monthly newsletter was also distributed electronically to 8,000 households.

In 2021, SoCalGas also began partnering with Veterans Legal Institute. Based in Orange County, Veterans Legal Institute facilitates pro bono legal assistance to homeless, at-risk, disabled, and low-income current and former service members. Through their core values of outreach, compassion, leadership, empowerment, and quality advocacy, their organization aims to overcome barriers for veteran self-sufficiency. In the month of May, a detailed message and link to SoCalGas' Customer Assistance Program's online applications were emailed to 185 Veterans Legal Institute clients.

In partnership with SoCalGas, The Vietnamese Community of the Southern Californians (Viet SoCal) works to promote assistance programs to Vietnamese communities in Orange County and across Southern California. Viet SoCal publishes local Vietnamese news online, advocates for Vietnamese residents, and offers community-based programs. Viet SoCal shares customer assistance programs information at weekly ESL and Citizenship and Social Benefits workshops and at different community events in the Orange County region. In May, Viet SoCal also published information about Customer Assistance Programs daily in their newspapers, Nguoi Viet and VietMy.

SoCalGas Customer Assistance Programs was able to commence a partnership with MEND poverty (MEND). MEND established operations in Pacoima, where it continues to provide food, clothing, one-on-one case management and support services to low-income individuals and families. For 50 years, MEND has continuously served the most vulnerable in the community, including those who are homeless, unemployed/under-employed, very low income, and older adults. They also regularly provide CAP outreach through their Rental Assistance Appointments. In May, MEND staff distributed CAP materials to 861 community members through door-to-door outreach and one-on-one outreach appointments. MEND staff continue to use their social media platforms to share CAP information which has reached 588 viewers this month.

In the month of May, SoCalGas Customer Assistance Programs continued its collaboration with Goodwill Industries of Orange County. Goodwill works to enhance people's dignity and quality of life by strengthening their communities, eliminating their barriers to opportunity, and helping them reach their full potential through learning and the power of work. Local Goodwill organizations are innovative and sustainable social enterprises that create job training programs, employment placement and other community-based programs by selling donated clothing and household items in more than 3,300 Goodwill stores. Goodwill of Orange County is assisting SoCalGas Customer Assistance Programs by displaying CAP information in their stores and resource centers as well as educating their employees on these programs. In the month of May, Goodwill of OC distributed customer assistance information to 83,347 customers.

SoCalGas began a new partnership with PARS Equality Center in May 2022. Originally founded in 2010 in the San Francisco Bay Area, PARS Equality Center opened a second location in Sherman Oaks, CA to help communities in the San Fernando Valley and surrounding areas. The organization primarily serves the Iranian and Persian-speaking population. PARS' multilingual staff include case managers and attorneys who provide a full range of professional social services and legal representation. Social services provided include English as a Second Language classes, citizenship education classes, job search training programs, and financial assistance programs. PARS Equality Center provides SoCalGas

Customer Assistance Programs information at their workshops and clinics held at their Sherman Oaks office.

SoCalGas began a partnership with South County Outreach in July 2022. South County outreach is located in Irvine, CA, and has been helping the Orange County community since 1989. South County Outreach operates with three major tenets in mind: housing, food, and education. The organization provides homeless prevention and rapid re-housing services by offering rental and utility assistance as well as affordable housing to households who are homeless or at risk of being homeless. Their food program distributes over 700,000 pounds of emergency, non-perishable, and fresh food to over 6,000 residents annually. Additionally, the organization's educational programs help clients develop financial literacy and build professional skills to prevent homelessness and increase job opportunities. In the month of May, South County outreach held 67 one-on-one case management meetings where they discussed SoCalGas' Customer Assistance Programs, provided brochures, and explained details of the programs. Six (6) households were assisted in fully completing their Gas Assistance Fund application online and four (4) households were assisted in submitting a CARE application. Additionally, 1,029 food pantry visitors received CAP information.

#### Tribal Outreach Activity

In late 2022, SoCalGas began working with Perez Pacheco Consulting, a Tribal consultant to assist with meeting Decision directives for Tribal Outreach by

coordinating meetings with tribal leadership. Since establishing the partnership, SoCalGas has begun coordinating and meeting with both Federally- and Non-Federally Recognized Tribes, as well as tribal community leaders. There are 21 Federally Recognized Tribes within SoCalGas' service territory, of which only ten have residential gas service meters. SoCalGas' outreach efforts focus on working with tribal organizations and members to help build awareness on SoCalGas' Customer Assistance Programs (ESA Program, CARE, Medical Baseline, etc.) and build trust amongst the community despite the majority not having access to natural gas service.

SoCalGas engages in ongoing collaborative outreach efforts with Southern California Indian Center (SCIC). SCIC is a non-profit organization focused on serving and promoting self-sufficiency in American Indian, Alaskan Native and Native Hawaiian communities across Los Angeles, Orange, and Riverside Counties. Their constituency consists of the largest concentration of American Indian/Native Alaskans in the United States, covering over 350 tribal groups. They are particularly dedicated to supporting community efforts in workforce development, youth education, family support, and multimedia training. Details regarding specific events that took place during the month of May can be found in Appendix A.

Ventura County has a very large population of indigenous speakers (residents who speak neither English nor Spanish, but speak various indigenous languages,

such as Zapoteco or Mixteco). The Mixteco Indigena Community Organizing Project (MICOP) reports that 20,000 indigenous speakers reside in Ventura County. To reach out to these residents and customers – primarily farmworkers and persons with limited English proficiency – SoCalGas collaborates with MICOP to extend awareness of the CARE Program. MICOP provides ongoing awareness, and SoCalGas schedules periodic sponsored events to provide direct outreach. Due to the COVID-19 pandemic, MICOP has leveraged its radio resource and has provided information on customer assistance programs through their radio stations. In May, MICOP informed 41 community members on Customer Assistance Programs via phone calls and provided 12 PSAs on their radio station.

In January 2023, SoCalGas began a partnership with Indigenous Women Rising Orange County. The organization was founded in 2017 and serves the Native American population in Orange County. The organization aims to provide a safe space and resources from trusted grassroots community organizations. Indigenous Women Rising Orange County not only provides resources to address different service needs that indigenous women may need but incorporates Native American cultural perspectives and puts together events that promote Native American identity and wellness. The organization shares information on SoCalGas customer assistance programs at community events which include Pow-Wows, Native family oriented events, Native American Heritage month celebrations and community education workshops.

In February 2023, SoCalGas Customer Assistance Programs began a collaboration with Apanish Foundation in Santa Barbara. Apanish Foundations are the living descendants of the original Chumash people of Santa Barbara and the Gaviota Coast. Apanish Foundation goals is to provide Native American cultural art, sciences and outbound earth stewardship educational programs for the public schools and local communities. Apanish Foundation is assisting SoCalGas by providing CAP information in their community events in Santa Barbara County.

Also in February 2023, SoCalGas Customer Assistance Programs began a collaboration with Fernandeño Tataviam Band of Mission Indians (FTBMI) in San Fernando. The distinct community of the present-day FTBMI originated in the lineages, villages and culture of the pre-Mission period. The FTBMI is an independent nation, exercising its inherent sovereign authority over its tribal citizens and territory. FTMBI is assisting SoCalGas Customer Assistance Programs by providing information in their community events.

#### **Disability Community Outreach**

SoCalGas continues to work with organizations in the disability community such as Fiesta Educativa, an organization that focuses on helping Latino families that have family members with special needs. This organization performs disability outreach and community events in Los Angeles, Riverside, San Bernardino, and

Orange Counties. The areas covered are Los Angeles, Arcadia, Whittier, Monterey Park, and San Gabriel.

SoCalGas also has an ongoing partnership with Blindness Support Services Inc., an organization that has a specialized history of providing direct program services to individuals who are blind or visually impaired on a one-on-one basis. The organization provides assistance in Riverside and San Bernardino counties and works with individuals who have visual impairments to become more independent and adapt to the challenges they face. The counselors have been trained on the CARE and ESA Programs and have a plan in place to provide outreach and enrollment in SoCalGas' programs. Due to the COVID-19 emergency, Blind Support Services has changed its programming to provide one-on-one assistance through mail and phone calls. In May, Blind Support Services provided one-on-one touchpoints to 29 households with seniors and individuals with disabilities, providing them with information on SoCalGas' Customer Assistance Programs.

In addition, SoCalGas works with Southern California Resource Services for Independent Living (SCRS-IL). A cross-disability, non-residential, disability rights organization, SCRS-IL empowers people with any disability to live full and independent lives by committing to building an inclusive community that recognizes the dignity, humanity and worth of all people. Through comprehensive Independent Living and Employment Services provided by well-trained staff, the unified center supports people with disabilities in transforming

their lives through their own choices of how they live, work and participate in their community. SCRS-IL serves community members in Downey, Pasadena, Arcadia, Pomona and San Bernadino. SCRS-IL is committed to the founding principles of independent living, self-advocacy and personal empowerment. During the month of May, SCRS-IL was able to disseminate CAP information to the communities they serve.

Frank D. Lanterman Regional Center (Lanterman) is one of 21 regional centers in the state of California that together serve individuals with, or at risk for developmental disabilities and their families. Lanterman is a private, non-profit, that operates under contract with the State of California through the Departmental of Developmental Services. Lanterman offers lifelong services and supports for approximately 11,500 individuals with developmental disabilities. Lanterman Regional Center works together with client, families, services providers, and communities to provide quality services and supports that address an individual's unique strengths and needs. Lanterman's service area includes Hollywood-Wilshire, Central Los Angeles, Glendale, Burbank, La Cañada-Flintridge, La Crescenta and Pasadena. Lanterman holds training events for the following cultural groups throughout its service area: Korean, Filipino, Armenian and Hispanic. Most of the clients are at or below the national poverty level. Through the SoCalGas partnership, CAP information is provided to all individuals seeking assistance through the Lanterman regional center.

Based in the City of Los Angeles, Disability Community Resource Center (DCRC) partners with SoCalGas to further their mission of supporting peer-led programs and services for people with disabilities. The organization is a Center for Independent Living, imparting to its constituents self-determination, accessible styles of living, and the fullest possible participation in community life. Among its initiatives, DCRC recruits persons with disabilities as staff members, assists with coordinating events and activities for local disability communities, and advocates public policy eliminating discrimination or other barriers for persons with disabilities. In May, DCRC staff distributed Customer Assistance Program information at 8 (eight) weekly food distribution events to 141 individuals with their fresh produce.

In February 2023, SoCalGas Customer Assistance Programs began a collaboration with Deaf Latinos y Familias in Los Angeles. Deaf Latinos y Familias mission is to promote awareness of the Latinx cultures to children who are deaf or hard of hearing, deaf adults, non-verbal, and community members by providing families resources and American Sign Language classes in Spanish to bridge the communication gap. Deaf Latinos y Familias is assisting SoCalGas Customer Assistance Programs by distributing information in their American Sign Languages and community events.

In February 2023, SoCalGas Customer Assistance Programs also began a collaboration with Greater Los Angeles on Deafness (GLAD). GLAD's goal is to

protect the civil rights, and ensure equal access for the deaf, hard of hearing, deafblind, and deaf disabled communities in particular areas of California, including the counties of Los Angeles, Orange, Kern, Ventura, Santa Barbara, San Bernardino, Riverside, and San Luis Obispo, to all of life's opportunities. GLAD is assisting SoCalGas Customer Assistance Programs by providing our information in American Sign Language in their appointments, website, and YouTube channel. They will also post information in their social media outlets.

SoCalGas Customer Assistance Programs collaborates with OC Autism
Foundation (OCAF). OCAF directly impacts the lives of children and adults who are affected by autism spectrum disorder. OCAF's goal is to educate, empower & employ individuals affected by Autism and other related disabilities along with their families. Services include testing for early identification and intervention, direct speech therapy services, education and training for parents, caregivers, and providers, vocational and independent living skills for adults, and advocacy for early intervention, school, medical and community programs and services. The organization promotes awareness of SoCalGas' customer assistance programs through various community events. In the month of May, OCAF was able to distribute CAP information to over 250 contacts through their crisis call line.

Details regarding specific Disability events that took place during the month of May can be found in Appendix A.

#### Outreach by Field Employees

Although some temporary restrictions regarding entering customers' homes due to health and safety concerns remain in place, field service employees continue to distribute CAP brochures to customers when entering customer premises.

Throughout the year, the CAP Outreach Team has distributed supplemental deliveries to individual bases on an as-requested basis. SoCalGas launched an automated system that allows operating bases to request CAP brochures directly which has continued through the month of May. This option is in addition to the regular system-wide semi-annual deployment of CAP brochures to operating bases.

#### 1.2.3. Managing Energy Use

Throughout the ESA Program enrollment and assessment process, program representatives discuss energy use with customers to tailor delivery of energy education to each individual customer. For example, educating the customer on recommended thermostat settings ensures their home remains comfortable, their energy use decreases, and their furnace does not have to work unnecessarily hard. Customers are also provided guidance on various energy industry labels such as EnergyGuide and ENERGY STAR which may assist customers in determining the appropriate appliances for their home. These and many other details and tips are offered through verbal discussions and either a physical Energy Education Guide or an online version of the Energy Education Guide.

#### 1.2.4. Services to Reduce Energy Bill

Prior to ESA Program enrollment, customers are informed of the potential energy and bill savings that they would benefit from by having their home serviced by an ESA Program contractor. As mentioned above, throughout enrollment, assessment, and energy education customers are informed of ways to reduce their energy use and energy bills. In addition to discussing the benefits of the ESA Program, customers are also informed of other customer assistance programs including CARE, which provides a 20% discount on their energy bill. Finally, the principal benefit of installing ESA Program measures is to reduce energy consumption and provide bill savings.

#### 1.3. Leveraging Success Evaluation, Including CSD

In 2022, leveraging opportunities with municipalities and water agencies remains a high priority in providing comprehensive energy savings to joint customers, especially for those customers not in a joint Investor-Owned Utility (IOU) service territory. SoCalGas is able to provide administrative and co-funding opportunities to electric and water providers who might otherwise not offer these energy savings measures.

Water leveraging agreements provide the ability for water agencies to capture water savings through the co-funding opportunities. Year-to-date, \$8,867 has been co-funded to support the installation of High-Efficiency (HE) clothes washer and other related water measures. Some water agencies also co-fund low-flow shower heads, faucet aerators, thermostatic shower valves and tub spouts. The participating water agencies include:

• Eastern Municipal Water District

- Fontana Water Company<sup>2</sup>
- Liberty Utilities, formerly Park Water Company<sup>3</sup>
- Metropolitan Water District (MWD)
- San Gabriel Valley Water Company<sup>4</sup>
- California American Water
- Moulton Niguel Water District
- Elsinore Valley Municipal Water District
- Western Municipal Water District
- Rancho California Water District

For the purpose of helping mitigate the impact of drought in the state, SoCalGas recently entered into an agreement with Metropolitan Water District (MWD) to provide installations of cold-water measures such as premium efficiency toilets and smart irrigation controllers through SoCalGas' ESA Program. These measures will be provided to SoCalGas' customers in MWD's territories until June 30, 2024, or budget exhaustion.

In addition to the water leveraging opportunities, SoCalGas is working with municipal electric providers through the ESA Program. SoCalGas administers programs for the following municipal electric providers:

- Anaheim Public Utilities
- Colton Public Utilities
- Pasadena Water and Power
- Riverside Public Utilities

<sup>&</sup>lt;sup>2</sup> Fontana Water Company serves the following communities: Fontana, Rialto, Rancho Cucamonga, Ontario, and unincorporated areas of San Bernardino County.

<sup>&</sup>lt;sup>3</sup> Liberty Utilities, formerly Park Water Company, serves the Compton/Willowbrook, Lynwood, and Bellflower/Norwalk water systems.

<sup>&</sup>lt;sup>4</sup> San Gabriel Valley Water Company serves the following communities: Arcadia, Baldwin Park, El Monte, Industry, Irwindale, La Puente, Montebello, Monterey Park, Pico Rivera, Rosemead, San Gabriel, Santa Fe Springs, South El Monte, West Covina, Whittier and unincorporated portions of Los Angeles County, in the communities of Bassett, Hacienda Heights, Los Nietos and South San Gabriel.

Providers have reported 2023 activity noted below. Some of the electric measures installed include LEDs, Smart Power Strips, Torchiere Lamps, A/C Tune-ups, Refrigerator Assessment, Duct Testing & Sealing and Room A/C Replacement. Qualifying measures vary per electric provider and availability of funding.

Municipal Electric Provider	Participating Customers
Anaheim Public Utilities	651
Colton Public Utilities	0
Pasadena Water and Power	1
Riverside Public Utilities	100
Total	752

#### Affordable Broadband

California Emerging Technology Fund (CETF) is currently promoted on SoCalGas' website (socalgas.com/Assistance and socalgas.com/Asistencia in Spanish) and via monthly CARE emails to residential customers. In addition to promoting CETF via marketing channels, SoCalGas includes CETF information in ongoing CBO training presentations and has provided CETF promotional flyers in the ESA Program Energy Education kits. SoCalGas will continue to cross-promote affordable broadband messaging when relevant and appropriate.

## 1.3.1. Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What were the results in terms of new enrollments?

SoCalGas continues to explore opportunities to collaborate with various organizations and key stakeholders, including the California Department of Community Services & Development (CSD), to leverage program enrollment. On April 2, 2019, SoCalGas and CSD executed a Low-Income Weatherization

Program (LIWP) cost reimbursement agreement for installation of qualifying ESA Program measures to eligible customers.

#### 1.4. Workforce Education & Training

# 1.4.1. Please summarize efforts to improve and expand ESA Program workforce education and training. Describe steps taken to hire and train low-income workers and how such efforts differ from prior program years.

SoCalGas provides two (2) areas of training: 1) Enrollment and Assessment (E&A); and 2) ESA Program Field Operations. In response to COVID-19 restrictions, SoCalGas completed development of an online E&A curriculum in May 2020. Implementation of the curriculum as well as online testing began in June 2020. SoCalGas began presenting field operations training online in September 2020 and is continuing to address certain challenges due to the technical nature of the subject matter.

The year-to-date training results are as follows.

SoCalGas Enrollment and Assessment Training					
	Q1	April	May	Total	
Attended Class	37	12	12	61	
Tested	35	12	12	59	
Passed	25	5	6	36

#### 1.5. Studies and Pilots

#### 1.5.1. ESA Program Studies

#### 2022 Low Income Needs Assessment (LINA) Study

The Low-Income Needs Assessment (LINA) is a mandated study required to be completed every three (3) years per AB 327 and PUC Sec. 382(d). The 2022 LINA is focused on understanding the energy needs of California's large low-income renter population including those living in single family homes as well as different types of multifamily properties. In particular, the study will (a) identify renter needs (or a lack of needs) addressed or not addressed by the program (b) identify needs among specific sub-groups of renters, (c) outline program, policy and market barriers and potential solutions to serving the rental market, and (d) as appropriate, recommend how ESA Program may better assist renters with the bill savings and/or mediate Health/Comfort/Safety (HCS) hardships. The study is expected to employ multiple methods of data collection and analysis including review of existing research, analysis of existing secondary data, collection, and analysis of survey data with rental customers and interview data with renters and landlords of different types of properties.

The California Investor-Owned Utilities (IOUs) awarded the project to Evergreen Economics in January 2021, through a competitive bidding process. SCE is the lead utility of the study.

Evergreen Economics completed the final report and provided it to the IOUs. The report has been uploaded to the CALMAC website.

#### 2025 Low Income Needs Assessment (LINA) Study

SoCalGas is the Statewide lead for the 2025 study. The 2025 LINA is focused on understanding the energy needs of California's large low-income renter population including those living in single family homes as well as different types of multifamily properties. The statewide team and Energy Division (ED) representative reached out to Low Income Oversight Board (LIOB) and presented the initial research questions for the study and had discussions with the LIOB and ED. The scope of work for the study will be sent to ED for approval in June 2023. SoCalGas is continuing to prepare for the solicitation to select the vendor for the study.

#### Categorical Eligibility Study

The IOUs operate three (3) energy assistance programs for income qualified households. The three (3) programs include two (2) reduced rate programs, the CARE and FERA programs, as well as the direct install ESA Program.

Categorical programs are means-tested low-income assistance programs<sup>5</sup> in which the customer's income is verified by the appropriate state and federal agencies.

All low-income programs allow categorical program participations to be eligibly enrolled.

The purpose of the Categorical Eligibility study is to evaluate relevant categorical programs and analyze how the eligibility requirements and process of the

\_

<sup>&</sup>lt;sup>5</sup> See Public Assistance Programs via: California Alternate Rates for Energy CARE | SoCalGas.

categorical programs align with the income guidelines of the ESA Program, CARE and FERA.

The statewide Study Working Group finalized the Scope of Work for the study. The Request for Proposal (RFP) was published in February 2022. The IOUs and ED scored all proposals and selected Evergreen as the consultant for this project through a competitive bidding process. SDG&E is the lead utility of this study. The study was kicked off in July 2022. Evergreen proposed the work plan to the IOUs on August 31, 2022. The comments on the Categorical Study webinar were addressed in the month of September. Evergreen delivered a first draft to the IOUs in early December. Work continues on the database and program outreach. Program outreach status out of 17 program total: 11 in classification stage; data complete and ready for analysis, four (4) ongoing, two (2) in late outreach stage using alternate paths (one (1) via federal top-down approach; one (1) via a local advocacy organization for veterans).

In January 2023, Evergreen prepared a memorandum that presented the Categorical Eligibility Study preliminary analysis results. This memo provided tentative results and recommendations from an on-going study of categorical eligibility options for the CARE the ESA Programs. Eligibility requirements and verification processes for 17 third-party programs that serve low-income households in California have been examined and compared to CARE and ESA Programs. Evergreen presented the draft report via public webinar on May 23,

2023, and will also present on the report at the next LIOB meeting on June 15,2023. Responses to comments will be posted after the LIOB meeting.

#### **ESA Program CAM Process Evaluation**

The Process Evaluation has two (2) primary interrelated objectives: 1) To assess the relative effectiveness of the IOUs' current Multifamily Common Area Measures (MF-CAM) delivery and implementation strategies, and provide recommendations where improvements could be made and; 2) to identify what data currently exist and may be needed to assess performance and success as defined by the core objectives of the initiative. Results and recommended data collection that are later incorporated into program implementation processes will facilitate more reliable evaluations of the impacts of common area measures installed in multifamily properties. In addition, results of the process evaluation are expected to inform future program designs targeting the low-income MF sector.

The IOUs awarded the project to Resources Innovation (formerly Nexant Inc.) in July 2021, through a competitive bidding process. Pacific Gas & Electric (PG&E) is the lead utility of the study.

To date, Resources Innovation (RI) has completed a project mid-point memo. A public presentation was conducted in February. RI provided the study report to the IOUs EM&V leads for review and comments. RI provided a copy of the

presentation for the third and final workshop to the IOU leads and program managers for review and comments. On September 7, 2022, the final public workshop was held for the Multi-family Common Area Measures (MF CAM) process evaluation project. The draft final report was presented and discussed at the workshop. The final copy of the report was released in November 2022, concluding the evaluation.

#### 1.5.2. ESA Program Pilot

ESA Program Pilot Plus/Deep (also known as ESA Whole Home) is a joint pilot program between SoCalGas and Southern California Edison (SCE), where preselected customers residing in single family homes may opt in to participate. Participants in Pilot Plus/Deep will receive measures that may help them save 5% to 50% of their energy usage. SoCalGas and SCE conducted a competitive solicitation to select a single third-party program implementer to deliver Pilot Plus/Deep gas and electric program services. A contract with the successful bidder was finalized in July. The successful bidder, Maroma, is currently ramping up and beginning to enroll customers. The onboarding process continues for the evaluation vendor, Illume. Initial customer data, as well as the first batch of monthly consumption data, has been sent to Illume.

#### 2. CARE PROGRAM EXECUTIVE SUMMARY

#### 2.1. CARE Program Overview

#### 2.1.1. Please provide CARE Program summary costs.

CARE Budget Categories	Authorized Budget	Actual Expenses to Date	% of Budget Spent
Outreach	\$4,396,184	\$1,386,834	32%
Processing, Certification and			
Verification	\$2,486,726	\$681,793	27%
Information Tech./Programming	\$1,090,222	\$364,346	33%
Pilots		\$59,137	N/A
CHANGES	\$437,502	\$179,674	41%
Studies		\$10,406	N/A
Regulatory Compliance	\$549,966	\$135,947	25%
General Administration	\$1,141,195	\$394,805	43%
CPUC Energy Division Staff	\$79,568	\$18,387	23%
Total Expenses	\$10,181,364	\$3,311,329	33%
Subsidies and Benefits	\$140,801,916	\$175,663,689	125%
Total Program Costs and Discounts	\$150,983,280	\$178,995,018	119%

#### 2.1.2. Provide the CARE Program enrollment rate to date.

CARE Enrollment					
Participants Enrolled	Eligible Participants	Enrollment Rate			
1,871,697	1,673,671	112%			

#### **CARE My Account Activity & Enrollments**

In accordance with D.17-12-009, CARE Program enrollment was integrated within My Account in September of 2017, where applications are now processed in real-time.<sup>6</sup> Once logged into My Account, customers receive message center alerts notifying them that they can apply to the CARE Program if they are eligible, or that they are due for recertification

\_

<sup>&</sup>lt;sup>6</sup> D.17-12-009 at 45-46 and OP 2.

or post-enrollment verification (PEV), depending on their CARE status.

Customers may then visit a dedicated CARE Program page within My

Account where application processes including enrollment, recertification and PEV are available in English and Spanish. CARE customers may also opt-out of the program if they no longer qualify.

This implementation has increased CARE enrollments, reduced manual processing of applications, and improved customer service by providing real-time status updates and application confirmation. Since its inception, there have been 360,132 successful enrollments, 135,343 recertifications, 10,004 post-enrollment verifications and 31,044 opt-outs. Activity for April is as follows:

CARE My Account Activity						
Transactions Approved % Approved						
Self-certification	5,063	3,891	76%			
Re-certification	1,479	1,400	94%			
PEV	710	605	85%			
Customer opt-out	1,042	N/A	N/A			

#### **CARE CSR Enrollment Initiative**

In its PY2015-2017 Application, SoCalGas requested CARE enrollment through Customer Service Representatives (CSRs) when customers call the Customer Contact Center (CCC) to turn-on or back-on service, or to make payment arrangements. D.16-11-022 was issued in November 2016 and in January 2017, SoCalGas' CARE and IT departments began the planning, design, and creation of a CARE template adjacent to both the

turn-on and payment extension templates and used specifically by the CCC. Thorough testing, and training of the CSRs took place during the fourth quarter of 2017. CSRs began taking CARE applications over the phone at midnight on February 23, 2018.

During the month of May 2023, CSRs successfully enrolled 9,177 customers in CARE. An additional 2,036 customers preferred to receive a CARE application in the mail. Through this effort, CARE enrollment from inception via the CCC is at 667,921 with an additional 227,862 mailed applications.

There have been no issues reported; however, SoCalGas' CARE department will continue to obtain feedback from the CCC regarding this process. Any issues or concerns reported by the CSRs will be reviewed, and where needed, process changes will be implemented to ensure an even greater customer experience.

#### **CARE** Recertifications

To encourage recertification onto the CARE Program, SoCalGas mails letters to customers as their recertification date approaches. If the customer does not renew their certification, SoCalGas mails a second letter. Customers are given 90 days to respond and complete the request. During the month of May, SoCalGas processed a total of 1,561 on-line renewals.

#### **CARE Probability Model Updates**

SoCalGas has been continuously monitoring, evaluating and improving its probability model performance. A new probability model was developed and productionized in February 2023. As the product of Machine Learning Model Operations, the model enables continuous learning of historical CARE customer verification outcomes. A variety of automation methods were applied to implement the model for operations.

Compared to the last model implemented in August 2021, the new model features include: 1) 18 factors added covering source channels, payment behaviors, enrolled programs and household information; and 2 factors removed due to statistical insignificance (WIC Program and number of overdue notices); 2) model retrained using the latest complete historical data with 2.1 million historical CARE accounts; 3) a boost in model accuracy from 0.68 to 0.79 (model performance is considered solid when accuracy is above 0.7); 4) model auto refresh enabled to provide best-fitting parameters automatically.

#### **CARE Post Enrollment Verifications**

A larger than normal number of PEV requests were sent to CARE customers beginning in February 2023 due to the unprecedented historically high gas prices combined with extreme cold temperatures in January and February 2023. The resulting high winter gas bills had a

negative impact on CARE probability causing a larger percentile of CARE customers to score low likelihood for CARE eligibility. SoCalGas is currently investigating the issue and looking into negating or removing "average gas usage in the last twelve months" as one of the thirty-seven variables in the model. The January and February high bills caused an unusual peak of newly certified and recertified CARE customers to receive extremely low probability scores until March 2024. SoCalGas has since capped the daily limit of system PEV requests to 100, being mindful of the decision language from D.12-09-044, OP122, "verification rate shall not exceed 200% of the IOU's 2011 post enrollment verification rate," which would approximate SoCalGas annual PEV rate to not exceed 7.2%. Additionally, CARE customers in counties directly impacted by the winter storms are exempt from the recertification and PEV processes for one year. Those that express hardship due to the 2023 winter storms have received customer protections under the emergency customer protections plan outlined in SoCalGas' Advice Letter 6109.

#### 2.2. Marketing & Outreach

## 2.2.1. Discuss utility marketing activities and those undertaken by third parties on the utility's behalf.

#### CARE Emails & Enrollments

Due to the increase in the number of customers with an available email address on file, SoCalGas prioritizes email communication whenever possible to deliver messages in a timely and cost-effective manner. SoCalGas targeted areas with the

lowest CARE enrollment rates that were also in ZIP codes with income less than one hundred percent of the Federal Poverty Guidelines and ZIP codes in Disadvantaged Communities. During the month of May, SoCalGas sent approximately 9,407 emails to new customers with a probability of being eligible for the CARE Program in these ZIP codes. A total of 497 customers enrolled using the link within this email. A total of approximately 17,517 emails were sent to existing SoCalGas customers who may qualify for the CARE Program and 2,031 enrolled using the link within this email.

SoCalGas also sends monthly re-apply emails to recapture customers who have fallen off the CARE Program. SoCalGas sent approximately 1,498 emails encouraging these customers to re-apply in May. 393 customers re-applied online using the link from the email they received.

#### CARE Text Messages & Enrollments

SoCalGas texts the CARE link to customers with valid mobile phone numbers encouraging them to apply online. In May, SoCalGas sent approximately 17,775 text messages to new customers, existing customers not on CARE, and customers needing to recertify to remain on the program. A total of 480 enrollments were generated from text messages sent.

#### **CARE Direct Mail Activity & Enrollments**

During the month of May, SoCalGas sent approximately 13,714 direct mail letters to new customers deemed likely to be eligible for the CARE Program. The letters encouraged customers to enroll online. SoCalGas mailed approximately 25,000 letters directing customers who are not on CARE but who have a high probability of being qualified for CARE, to also enroll online. Additionally, to reach customers who previously participated in the CARE Program but failed to recertify, SoCalGas sends direct mail letters encouraging customers to re-apply online and renew their monthly bill discount. In the month of May, SoCalGas mailed approximately 2,015 letters to customers who failed to renew their CARE eligibility.

As of April 2019, SoCalGas no longer mails paper applications with direct mail letters. Rather, the letters direct customers to apply online and resulted in 1,184 online enrollments processed in May. These online enrollments were generated when a customer organically searched for and visited the CARE homepage.

#### **CARE Bill Inserts**

SoCalGas did not send bill inserts in the month of May. SoCalGas approved 14 bill insert applications from prior months in May.

#### CARE Social & Mass Media Campaign

SoCalGas has implemented a new social media strategy; instead of posting monthly, SoCalGas will now post quarterly. This shift will allow for a more targeted approach to social media outreach and will enable SoCalGas to utilize better analytics. To facilitate this new approach, SoCalGas is partnering with an ad agency to handle its social media posts.

SoCalGas posted a CARE program social media post to Meta sites (Facebook and Instagram) for Q2 that ran from 4/19 to 4/24. The posts reached 176,931 unique viewers and generated 2,741 link clicks for the general market and reached 132,058 unique viewers and generated 1,824 link clicks in the Hispanic market. CARE program posts were optimized for clicks, as the goal is conversions.

SoCalGas also launched a multi-channel targeted mass media umbrella campaign in February. The campaign's objective is to increase visits to the Customer Assistance Program's page and increase awareness among eligible customers. The campaign includes a mix of broad channels and targeted strategies to generate awareness and drive actions to the program landing page. The channel mix is broken down into television, radio, and digital such as video, display, social and native platforms. The campaign tag line, "Offering support, in more ways than one," speaks to the support that SoCalGas offers its customers by way of its customer assistance programs (e.g., ESAP, CARE, and the Medical Baseline Allowance program) which can be found at the Customer Assistance Program's

landing page. The campaign ran for a little over a month, concluding in April.

Additional details and results will be shared in the coming months.

### 2.2.2. Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

#### CARE Third-Party Enrollments & Outreach

SoCalGas employs third-party bilingual (English and Spanish) contractors to canvass targeted neighborhoods to enroll customers in CARE. These canvassers generated 1,231 approved enrollments in May.

In addition to canvassers, CBOs and FBOs constitute a key component of the grassroots tactics. These organizations serve as trusted sources of information on the CARE Program and provide the community with information on enrollment. If a customer is already on the CARE Program, these organizations remind customers to recertify when notified. During the pandemic, these partners have become even more important to help reach customers to obtain information on SoCalGas' assistance programs, and many CBOs have modified their outreach procedures to comply with COVID-19 related recommendations and mandates to continue to serve those in need. For a partial list of the organizations, their primary focus, and the counties and communities they serve, please refer to Section 1.2.2 above.

#### **CARE Data Sharing**

To maximize new CARE enrollments and to retain customers already participating in CARE, SoCalGas shares customer enrollment information with other utilities such as Southern California Edison (SCE) and San Diego Gas & Electric (SDG&E). During the month of May, 4,350 customers were enrolled in SoCalGas' CARE Program as a result of inter-utility data sharing activities. Additionally, CARE shares data with internal programs such as SoCalGas' ESA Program and the Gas Assistance Fund (GAF). Intra-utility efforts in May generated 1,525 CARE enrollments. Coordinating the CARE Program with other related low-income programs not only results in supporting program participation rates, but it also helps increase PEV activities when customer information is shared with programs such as the Low-Income Home Energy Assistance Program (LIHEAP). Since LIHEAP requires upfront proof of income and is a qualifying Categorically Eligible program, once CARE receives LIHEAP customer data, those customers are considered automatically eligible and their "pre-enrollment verification" is used by SoCalGas to meet CARE's PEV requirements. There were 260 customers enrolled through leveraging during the month of May.

#### California Lifeline

On April 14, 2020, SoCalGas received a request from the Energy Division (ED) to incorporate co-marketing of the California Lifeline program as part of increased CARE outreach marketing initiatives responding to COVID-19. Per directive from the ED, where feasible and appropriate, new CARE marketing and

outreach materials promoted discounted phone services and referred SoCalGas customers to California Lifeline <a href="https://www.californialifeline.com/en">https://www.californialifeline.com/en</a> and the pilot program <a href="https://www.boostmobile.com/plans/cpuc-boost-mobile">https://www.boostmobile.com/plans/cpuc-boost-mobile</a> that connected CARE participants with an active Lifeline promotion. Per direction from the Commission, the CPUC/California Lifeline limited-duration pilot program ended as of June 30, 2021. Therefore, SoCalGas continued to promote California Lifeline but removed promotions of the Boost Mobile pilot program.

In May, SoCalGas continued to display the California Lifeline web link provided by the ED on its CARE webpage. SoCalGas CARE outreach and marketing initiatives direct traffic from all media, including social media and print campaigns to the CARE webpage, and is therefore an optimal placement of the California Lifeline information, allowing for broader awareness.

In May, SoCalGas also sent emails to new customers, existing customers not on CARE, and customers needing to re-apply for CARE with information about California LifeLine.

#### 2.3. CARE Recertification Complaints

2.3.1. Report the number of customer complaints received (formal or informal, however and wherever received) about their CARE recertification efforts, with the nature of the complaints and resolution.

There were no recertification complaints in the month of May.

#### 2.4. Studies and Pilots

#### 2.4.1. CARE Program Studies

2022 Low Income Needs Assessment (LINA) Study

See Section 1.5.1 above.

#### Categorical Eligibility Study

See Section 1.5.1 above.

#### **CHANGES Evaluation**

The Community Help and Awareness of Natural Gas and Electricity Services (CHANGES) program was established as a pilot in 2011 to provide in-language energy-related (electric and natural gas) outreach, education, and resolution of needs and disputes, to limited-English proficient (LEP) consumers residing in the four Investor-Owned Utility (IOU) territories<sup>7</sup>.

As per Commission decisions, the CHANGES program is subject to regular evaluations. The following frames the scope of the evaluation.

- "The evaluation will focus on the benefits and cost-effectiveness of CHANGES services delivered to customers, including comparisons to similar initiatives nationwide."
- "On an informational basis, the evaluation will also identify best practices that utilities can adopt to avoid or address the problems CHANGES customers face and identify ways in which customer information can be used to inform CPUC proceedings."
- "The evaluation of CHANGES should also consider whether in the areas served by SMJU (Small Jurisdictional Utilities), CARE funding from the SMJU CARE budget should be provided to support CHANGES activities

<sup>&</sup>lt;sup>7</sup> The Four IOUs include: Pacific Gas and Electric (PG&E), Southern California Edison (SCE), Southern California Gas (SCG) and San Diego Gas & Electric (SDG&E).

in those areas if funding for CHANGES has not been provided "On Budget" in those areas."

• <u>D.21-06-015</u>, OP 21 requires that the evaluation, "...include a determination of the most appropriate funding source for the CHANGES program based on the beneficiaries of the program."

The IOUs and ED selected Opinion Dynamics in January 2022 as the evaluator of this study through a competitive process. PG&E is the lead of this study. The study was kicked off in March 2022 and scheduled to complete in October 2022. Opinion Dynamics presented the final Research Plan at the stakeholder workshop in July 2022. The draft evaluation report was presented in a public webinar format on May 16, 2023, and comments were submitted subsequently. Responses to comments should be posted in June.

#### 2.4.2. CARE PEV Outbound Call Pilot

LI Decision 21-06-015 ordered the joint IOUs to conduct a coordinated sixmonth to one-year PEV Outbound Call Pilot to assist customers in completing the verification process. SoCalGas began tracking the live calls on June 1, 2022 and concluded on April 30, 2023.

SoCalGas is currently analyzing the results of the calls. By the end of July 2023, SoCalGas will submit a Tier 2 advice letter with all information the IOU believes is relevant to evaluation of the pilot.

<sup>[1]</sup> Reflects authorized funding per D.21-06-015 dated June 3, 2021, but does not include authorized budget for Pilot Plus and Deep Pilot program in the amount of \$6,510,545 shown on ESA Summary tab.

M&E funded studies costs are included here in Table 1 and also listed on Table 6.

**Note 1:** In January 2023, a manual adjustment was made to exclude a net accrual/reversal debit amount of \$2,293,475 for contractor costs related to all ESA Program measure categories associated to December 2022 activities. This amount will be incorporated in 2021 costs as reported in the SoCalGas' Annual Report filed May 2023.

Note 2: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

<sup>[2]</sup> Authorized budget for MF CAM PV and LINA study is not included here on Table 1, but funded out of MF CAM unspent funds from previous cycle per AL 5744 and AL 5558. However, actual costs along with all other applicable

Energy Savings Assistance Program Main Table 2 (SF, MH, MF In-Unit)

Note: In-unit included in ESA Main until MFWB is launched, then it will be included in MFWB

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

Note: Any measures noted as 'NEW' have been added during the course of this program year.

Note: Any measures noted as 'REMOVED', are no longer offered by the program but have been kept for tracking purposes.

DNV-GL "Energy Savings Assistance (ESA) Program Impact Evaluation Program Years 2015-2017." April 26, 2019.

[2] Microwave savings are from ECONorthWest Studies received in December of 2011

[3] Includes Faucet Aerators and Low Flow Showerheads

[4] Includes Water Heater Blankets and Water Heater Pipe Insulation

[5] Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping - door, caulking and minor home repairs. Minor home repairs predominantly are door jamb repair / replacement, door repair, and window putty.

[6] Total Savings/Expenditures amount does not include credits, expenses, or required adjustments that are reflected in ESA Program Table 1.

<sup>[7]</sup> Weatherization may consist of attic insulation, attic access weatherization, weatherstripping - door, caulking, & minor home repairs

<< Includes measures costs

- [1] Applicable to Deed-Restricted, government and non-profit owned multi-family buildings described in D.16-11-022 where 65% of tenants are income eligible based on CPUC income requirements of at or below 200% of the Federal Poverty Guidelines.
  [2] Measures are customized by each IOU, see 'Table 2B-1, Eligible Measures List'. Measures list may change based on available information on both costs and
- benefits and may vary across climate zones. Each IOU should fill out Table 2B as it pertains to their program. Table 2B-1 Column A should match Table 2B Column A for eligible (not canceled) measures.
- [3] Commissioning costs, as allowable per the Decision, are included in measures total cost unless otherwise noted. Savings estimates are sourced from the PY2015 to 2017 ESA Impact Evaluation; Energy Division instructed the IOUs to use these results for 2019 and 2020 savings estimates.

  [4] All savings are calculated based on the following sources:

- DNV-GL "Energy Savings Assistance (ESA) Program Impact Evaluation Program Years 2015-2017." April 26, 2019.
- [5] Microwave savings are from ECONorthWest Studies received in December of 2011.
- [6] Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping door, caulking and minor home repairs. Minor home repairs predominantly are door jamb repair / replacement, door repair, and window putty.

[7] Refers to optimizing the installation of the measure installed such as retrofitting pipes, etc.

- [8] Audit costs may be covered by other programs or projects may utilize previous audits. Not all participants will have an audit cost associated with their project. [9] Per D.17-12-009 at p.213, the CPUC imposes a cap of 10% of ESA Program funds for administrative activities and a ceiling of 20% for direct implementation non-incentive costs.
- [10] Multifamily properties are sites with at least five (5) or more dwelling units. The properties may have multiple buildings.
- [11] Multifamily tenant units are the number of dwelling units located within properties treated. This number does not represent the same number of dwellings treated as captured in table 2A.
- [12] NMEC calculations require 12 months prior and 12 months post implementation data.
- [13] Includes expenditures for projects from 2022; partial payment for projects completed in 2022 may have been included in 2021.

Note: Applicable to Deed-Restricted, government and non-profit owned multi-family buildings described in D.16-11-022 where 65% of tenants are income eligible based on CPUC income requirements of at or below 200% of the Federal Poverty Guidelines.

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

Note: Implementation of the MF CAM Initiative AL 3196-E-A\_2654-G-A was approved effective 5/30/2018.

\*\* Note: This represents the unit of measure such as Cap Tons and Cap kBTUh. It is not a count of each measure installed or each home the measure was installed in.

<sup>[1]</sup> All savings are calculated based on the following sources:

Note: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments. Note: Any measures noted as 'NEW' have been added during the course of this program year.

Note: Any measure noted as "REMOVED" are no longer offered by the program but have been kept for tracking purposes.

DNV-GL "Energy Savings Assistance (ESA) Program Impact Evaluation Program Years 2015-2017." April 26, 2019. [2] Microwave savings are from ECONorthWest Studies received in December of 2011.

<sup>[3]</sup> Includes Faucet Aerators and Low Flow Showerheads

<sup>[4]</sup> Includes Water Heater Blankets and Water Heater Pipe Insulation
[5] Envelope and Air Sealing Measures may include outlet cover plate gaskets, attic access weatherization, weatherstripping - door, caulking and minor home repairs. Minor home repairs predominantly are door jamb repair / replacement, door repair, and window putty.

[6] Weatherization may consist of attic insulation, attic access weatherization, weatherstripping - door, caulking, & minor home repairs.

- [1] For IOU low income-related and Energy Efficiency reporting and analysis, the Goldsmith definition is applied.
  [2] Do not currently have Eligible Properties for ESA CAM.
  [3] Beginning July 1, 2022, Senate Bill 756 updated P.U. Code Section 2790 by changing the income limits of ESA Program eligibility from referencing P.U. Code 739.1 (which defined low-income as households with income no greater than 200% FPL) to now establishing the ESA Program's income limits to at or below 250% of FPL.

**Note:** Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.

Pilot Plus/Deep installations to commence Q2 2023.

<sup>\*</sup> Beginning July 1, 2022, Senate Bill 756 updated P.U. Code Section 2790 by changing the income limits of ESA Program eligibility from referencing P.U. Code 739.1 (which defined low-income as households with income no greater than 200% of FPL) to now establishing the ESA Program's income limits to at or below 250% of FPL.

<sup>[1]</sup> Eligible household counts by segment provided by Athens. Segments with no data may be calculated internally at a later date.

- [2] Due to the COVID customer protections, no customers have been disconnected since March 4, 2020.
- [3] Senior defined as age 65 and older as self reported during enrollment.
- [4] Self identified on application form.
- [5] SoCalGas defines Hard to Reach as a customer who either has a language preference other than English or lives in a mobile home or multifamily dwelling unit.
- [6] Vulnerable is defined as Disadvantaged Vulnerable Communities (DVC) which consists of communities in the 25% highest scoring census tracts according to the most current versions of the CalEnviroScreen, as well as all California tribal lands, census tracts that score in the highest 5% of Pollution Burden within CalEnviroScreen, but do not receive an overall CalEnviroScreen score due to unreliable public health and socioeconomic data, and census tracts with median household incomes less than 60% of
- [7] As defined by CalEnviroScreen 4.0.
- [8] SoCalGas uses geographic boundary information to identify federally recognized tribal areas in conjunction with an augment to the ESA application to allow for customer to self-identify as a member of a tribal community.
- [9] Includes Zones 2 and 3 (Tiers 2 and 3) of the CPUC Fire-Threat Map.
- [10] Neighborhoods identified by CARB Air Protection Program that overlap with DAC ZIP codes per CalEnviroScreen.
- [11] SoCalGas defines arrearages as overdue balance greater than 30 days past due.
- [12] SoCalGas defines high usage as at least 200% of baseline for any month within the previous calendar year.
- [13] SoCalGas defines High Energy Burden as customers that have to spend 2% or more of household income on their gas bill.
- [14] The Socioeconomic Vulnerability Index (SEVI) metric represents the relative socioeconomic standing of census tracts, referred to as communities, in terms of poverty, unemployment, educational attainment, linguistic isolation, and percentage of income spent on housing. SoCalGas utilizes the SEVI data provided by the CPUC to map its service territory by SEVI scores.
- [15] Threshold based on CPUC 2019 Annual Affordability Report, utilizing AR20 data.
- [16] SoCalGas utilizes the 'Asthmas' indicator in CalEnviroScreen 4.0 (published by the California Office of Environmental Health Hazard Assessment) as a proxy to identify locations with varying levels of respiratory conditions within its service territory.
- [17] Households Treated data is not additive because customers may be represented in multiple categories.

#### Energy Savings Assistance Program Table - 8 Clean Energy Referral, Leveraging, and Coordination Southern California Gas Company May 2023

Outbound Collaboration Inbound

Partner	Brief Description of Effort	# of Referrals [1]	# of Leveraging Relationships [2]	# of Coordination Efforts [3]	# of Leads [4]	# of Enrollments [5]
CARE	CARE customers who are PEV approved are shared with ESA Program				52,551	1,008
Water Agencies [6]	SoCalGas provides the ability for water agencies to capture water savings through co-funding opportunities		10 Agencies			290
Municipal Electric Providers [7]	SoCalGas provides co-funding opportunities to electric and water providers who might otherwise not offer energy savings measures		3 Providers			864
Project Homekey (Properties)	SoCalGas' ESA Program provides energy efficiency services at no cost to Project Homekey sites.				17	17

- [1] Outbound referrals being given to the Partner Program by ESA Program
- [2] Activities that involve the sharing resources to jointly support program delivery or administration. (Example: Sharing of Lead Lists, Cost Splitting, etc.)
- [3] Activities related to program communication (marketing), collaboration of events, and alignment of activities (outreach events, tradeshows, etc.) to support program awareness and delivery.
- [4] Inbound customer leads or refrerrals to ESA Program from the Partner Program.
- [5] Enrollments that results from the Leads or Referrals supplied by the Partner
- [6] Water Agencies include: Eastern Municipal Water District, Fontana Water Company, Liberty Utilities, Metropolitan Water District, San Gabriel Valley Water Company, California American Water, Moulton Niguel Water District, Elsinore Valley Municipal Water District, Western Municipal Water District and Rancho California Water
- [7] Municipal Electric Providers include: Anaheim Public Utilities, Pasadena Water and Power and Riverside Public Utilities.

# **Energy Savings Assistance Program Table - 9 Tribal Outreach**

## Southern California Gas Company May 2023

Outreach Status	Quantity (Includes CARE, FERA, and ESA Program)	List of Participating Tribes
Tribes completed ESA Program Meet & Confer	10	Apanish Foundation (Chumash), Agua Caliente Band of Cahuilla Indians, Cabazon Band of Cahuilla Indians, Fernandeno Tataviam Band of Mission Indians, Gabrieleno (Tongva) Band of Mission Indians, Juaneno Band of Mission Indians Acjachemen Nation, Pechanga Band of Luiseno Indians, Soboba Band of Luiseno Indians, Torres Martinez Band of Desert Cahuilla Indians, Twenty-Nine Palms Band of Mission Indians
Tribes requested outreach materials or applications	10	Apanish Foundation (Chumash), Agua Caliente Band of Cahuilla Indians, Cabazon Band of Cahuilla Indians, Fernandeno Tataviam Band of Mission Indians, Gabrieleno (Tongva) Band of Mission Indians, Juaneno Band of Mission Indians Acjachemen Nation, Pechanga Band of Luiseno Indians, Soboba Band of Luiseno Indians, Torres Martinez Band of Desert Cahuilla Indians, Twenty-Nine Palms Band of Mission Indians
Tribes who have not accepted offer to Meet and Confer	0	
Non-Federally Recognized Tribes who participated in Meet & Confer	4	Met with 4 Non-Federally Recognized tribes in November 2022 - Juaneno Band of Mission Indians, Acjachemen Nation - Gabrieleno (Tongva) Band of Mission Indians - Fernandeno Tataviam Band of Mission Indians - Chumash
Tribes and Housing Authority sites involved in Focused Project/ESA Program Partnership offer on Tribal Lands	0	No specific Focused Projects or ESA Partnerships in effect.
Housing Authority and Tribal Temporary Assistance for Needy Families (TANF) office who received outreach (this includes email, U.S. mail, and/or phone calls)	12	Pechanga Band of Luiseno Indians, Morongo Band of Mission Indians, Soboba Band of Luiseno Indians, Torres Martinez Band of Desert Cahuilla Indians, Cahuilla Band of Indians, Tejon Indian Tribe, Agua Caliente Band of Cahuilla Indians, Cabazon Band of Mission Indians, Chemhuevi Indian Tribe, Santa Ynez Band of Chumash Indians, Augustine Band of Cahuilla Indians, Tule River Tribe
Housing Authority and TANF offices who participated in Meet and Confer	2	Torres Martinez Band of Desert Cahuilla Indians, Soboba Band of Luiseno Indians
